Your Honor:

This is to officially advise you of the action taken by the membership of Division 1380 of the Amalgamated Association of Street Electric Railway and Motor Coach Employees of America, A. F. of L., at its meeting on Wednesday morning, June 26th.

By secret ballot, the members of our organization voted 1054 to 1 to cease work on the Municipal Railway at 12:01 Sunday morning, June 30, 1946, unless they are guaranteed by the City of San Francisco wage rates of \$1.25 an hour for motormen and conductors, and \$1.30 an hour for bus operators, to be effective July 1, 1946.

As we pointed out to you in our letter of May 29, 1946, we as the officers of Division 1380, and you, as the responsible representatives of the City Government of San Francisco, are faced with an extremely serious situation with regard to the continued operation of the Municipal Railway. This situation has been brought about because of the inequalities that exist between the wage rates proposed for San Francisco Transit Employees for the fiscal year 1946-1947, and the wage rates paid to other transit employees throughout the State of California which range from \$1.20 per hour to \$1.25 per hour with, by and large, far more favorable working conditions and hours than those enjoyed by San Francisco employees. Division 1380 is still of the opinion expressed in its letter to you of May 29, 1946, that it is the responsibility of the City Government to find the ways and means to re-establish parity for San Francisco Transit Employees in accordance with the basic spirit and intent of the City Charter. We furthermore believe that the City has the power and the duty to establish the rates proposed by Division 1380 for the fiscal year 1946-1947. We trust that this responsibility devolving upon the City Government will be carried out.

Yours very truly,

AMALGAMATED ASSOCIATION, etc., Division 1380,

OPINION OF CITY ATTORNEY

June 29, 1946.

Subject: Strike Threat Not an Emergency Under Section 25 of the Charter.

Dear Sir:

You received a letter dated June 26 from the Business Representative of the Amalgamated Association Division No. 1380, A. F. of L., of Street, Electric Railway and Motor Coach Employees. The letter states that at a meeting held by that association in the morning of June 26 the members voted to cease work on the Municipal Railway at 12:01 Sunday morning, June 30, unless the membership is guaranteed by the City that their wage rates shall be \$1.25 an hour for motormen and conductors and \$1.30 an hour for bus operators, to be effective July 1.

The letter goes on to say that the wage rates proposed in the City's 1946-47 budget for this class of employees is less than paid transit employees throughout the State of California, which range from \$1.20 per hour to \$1.25 per hour and under "far more favorable working conditions and hours."

The rate set up under the current (45-46) budget for platform men is 97½ cents per hour, disregarding for the time the beginners' wages; under the budget (46-47) effective Monday, July 1, the rate is \$1.10 per hour for street car operators and for bus operators \$1.15.

In addition to the letter of the representative of the American Federation of Labor Employees, you have been advised by letter that the platform men belonging to the Transport Workers Union No. 250, C.I.O., will vote tonight "for the purpose of taking a strike vote to enforce our organization's demands." This group seeks increases.

Also a letter was received by you from the Track and Maintenance Workers Union, C.I.O., requesting increased wages. This organization, I am informed, last night voted to strike.

After conferences with the representatives of the platform men, it was suggested that you exercise the powers conferred upon you under Section 25 of the Charter, to declare an emergency and to grant the increase in wages requested. You have asked me if you may exercise your emergency powers under the foregoing facts.

The opinion is given with a full appreciation of the chaos that will result if the threatened strike goes into effect. All of San Francisco

is affected, the business and professional man, the housewife, all employees seeking to go to their places of employment, if any places of employment will be able to do business, and the platform men and trackmen themselves. The latter may, if the strike goes into effect, lose valuable pension and retirement rights that they have worked long and hard to acquire.

With these facts in mind I have, within the very limited time allowed, explored the law applicable to the facts presented with a view, if possible, to advise you that you have the right to declare an emergency and pay the men the increased wages. This power would, if it existed, be given you under the following paragraph of Section 25 of the Charter:

"In case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the city and county, the mayor shall have the power, and it shall be his duty, to summon, organize and direct the forces of any department in the city and county in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency."

You are referred to my opinion to the Manager of Utilities dated June 25, 1946, the subject being: "Wages of Platform Men Cannot Be Increased During Coming Fiscal Year." That opinion was based upon the case of *Sullivan v. McKinley*, 14 Cal. (2d) 113, and the various applicable Charter provisions.

We now approach the question of your authority to exercise your emergency powers conferred upon you in Section 25 of the Charter.

On June 26, 1946, the case of *Mullins v. Henderson*, No. 12944, was decided by the District Court of Appeal in this District. That case challenged your right to proclaim an emergency when the operative properties of the Market Street Railway were taken over by the City on September 29, 1944. Employees of the company to the number of 900 signed cards that they would not work for the City unless they were given parity pay of employees of the Municipal Railway. The Court in its opinion found, among other, the following facts to exist:

"The evidence also shows and the trial court found that as the result of the wars in which the United States was engaged, the port of San Francisco had become the greatest naval port in the world, and that the City of San Francisco was the very heart of the multifarious industries involved in the centralization of the tremendous war effort in this locality. The stress and strain caused by the movement of troops, warships, munitions and other supplies through the port of San Francisco to various strategic points in the Pacific area was suggested by the establishment in and about San Francisco of numerous naval, military and other federal emergency agencies, as well as various government and privately owned shipyards and other enterprises engaged in producing and repairing the instruments of war. Most of these numerous war industries located about the bay area had their headquarters in San Francisco. * * *

"Gasoline was rationed, and had the overtaxed street railway system broken down, to any appreciable extent, the war effort would have been dangerously crippled; and certainly the threatened impairment of the war effort actually threatened the lives, property and welfare of the people of the entire bay area, as well as the property of the City of San Francisco. Moreover the federal and state governments, and many of the municipalities were operating under emer-

gency laws. As stated by the trial judge in the oral opinion delivered by him in deciding the case, the failure of the mayor, under the existing circumstances, to declare an emergency and direct a parity of pay so as to prevent the shut down of the Market Street division of the consolidated street railway system would have amounted to a dereliction of duty."

In that case two of the three judges subscribed to the foregoing as being facts that warranted your exercise of your emergency powers. However, there is a marked distinction between the facts as they existed in 1944 when actual warfare was in progress. Technically we are at war, as the President has not as yet repealed the emergency proclamation as made by President Roosevelt nor has Congress passed an act terminating the war. Nevertheless, we cannot overlook the obvious fact that shooting has ceased and industry is no longer called upon to devote its efforts toward production designed for war purposes.

The mere fact that a strike is threatened, or if employees of the City are actually out on strike, I think makes no difference, and in my opinion is not a set of facts that would warrant a court in determining that you would have the right to exercise your emergency powers.

It is to be observed that the employees in the instant case constitute less than one-fourth of all the employees of the City, and logically, the remaining three-fourths of City employees could likewise threaten to strike or actually strike and you would, in the many hundreds of classifications of employees, be called upon to exercise your emergency powers, assuming demands were made for increased wages.

I wholly agree with the majority view of the District Judges in the Mullins case that there was an actual public emergency existing, but feel that the facts presented by your question are different from those presented in that case.

It is to be observed that this case is not as yet final and I am advised that a petition for rehearing in the District Court is to be filed, and a petition for hearing in the Supreme Court will be made if the rehearing is denied.

For the Mayor to exercise his emergency powers under the facts presented, it would mean that he would have to disregard all provisions of the Charter relating to fiscal procedure that would upset the budget, appropriation ordinance, standardization of salary ordinance and the annual salary ordinance, all passed and to be in effect for the fiscal year 1946-47 commencing Monday. Particularly you would have to disregard Section 151 of the Charter that requires changes in salaries to be submitted and adopted by the Board of Supervisors on or before April 1 of any year before they may become effective at the beginning of the next succeeding fiscal year.

It appears to me that to declare an emergency under the facts presented would completely wreck the method prescribed under the Charter for the fixing and levying of a tax rate, as later during the fiscal year you may be called upon to again exercise your emergency powers to meet the requirements of various employees and there would be no money available to meet these requirements.

Another problem that presents itself is that under the Charter the Secretary of the Civil Service Commission must authorize the payment of any salaries paid by the City, and the Controller must audit and authorize their payment. Both these officers, particularly the latter, are under bond and if they were inclined to certify to the correctness of the increase of wages sought and to pay them they would, properly, refuse to either certify or pay, as a taxpayer might

well institute a suit and seek to recover against them individually for having paid out the City's money unlawfully.

Apart from what I have heretofore stated in this opinion concerning the distinction between the Mullins case and the present facts, there is a grave question as to whether employees of the City are legally entitled to exercise the right of strike that persons in private employment may exercise.

There is a case that yesterday our State Supreme Court refused a hearing on after decision by the District Court of Appeal, entitled *Nutter v. City of Santa Monica*, 74 A.C.A. 331, that sustains the above expression of opinion. Bus employees of the City of Santa Monica belonging to the Brotherhood of Railroad Trainmen, endeavored to have that organization declared by the City of Santa Monica as the agency to negotiate a contract between the City and the Brotherhood covering terms and conditions of employment for the bus operators. The District Court upheld the Council of Santa Monica in refusing to recognize the Brotherhood as a bargaining agency, and without burdening this opinion with long quotations from reasoning in that case, it was held there is a distinction between private employment and public service. The Court points out that this principle is provided in the National Labor Relations Act. The case also holds that no distinction is to be made when a municipality acts in either a governmental or proprietary capacity.

The District Court of Harris County, Texas, on February 23, 1946, in the case of *City of Huston v. Duncan*, issued a temporary restraining order preventing a strike by employees of that city. The case was not tried, as the strike terminated, but we find other authority bearing out the view heretofore expressed.

The Civil Service Commission of New Jersey, on December 3, 1942, in *Hatton v. Department of Public Works*, in effect holds that public employees have their rights as do other citizens but in the nature of their employment they must forego some of the practices which private employees may exercise, while they remain as public employees. The reasoning of the Civil Service Commission may be found at page 225 of *Rhyne on Labor Unions and Municipal Employee Law* (1946) that seems applicable to our case. Part of the reasoning is as follows:

"There is no place in the whole scheme of government in this State for the settlement of differences which may arise between groups of departmental employees and the legally constituted officials in charge of such departments by way of strike. The acceptance of the right to strike by civil service employees would nullify the civil service law itself with all of its beneficial effects. The acceptance of the right of public employees to strike would take away the authority of legally constituted public officials to administer government for the people. It would be a constant and impending threat upon the continuity and the authority of government itself."

Another case that somewhat sustains the view expressed is *Miami Waterworks Local No. 654 v. The City of Miami*, decided by the Circuit Court of Florida June 8, 1945, and I think the expression of our late President Roosevelt concerning the relation of governmental employees, in his letter to the National Federation of Federal Employees, August 16, 1937, points out the distinction I am endeavoring to make:

"Particularly, I want to emphasize my conviction that militant tactics have no place in the functions of any organization of Government employees. Upon employees in the Federal service rests the obligation to serve the whole people, whose interests and welfare require orderliness and

continuity in the conduct of Government activities. This obligation is paramount. Since their own services have to do with the functioning of the Government, a strike of public employees manifests nothing less than an intent on their part to prevent or obstruct the operations of Government until their demands are satisfied. Such action, looking toward the paralysis of Government by those who have sworn to support it, is unthinkable and intolerable."

It is, therefore, my conclusion that first of all, there is a grave doubt as to whether the municipal employees have a legal right to strike; secondly, that under the facts presented to you, I am of the opinion, irrespective of how just the claim of the employees may be, the facts presented do not constitute a public emergency as contemplated under section 25 of the Charter. Hence you may not legally declare an emergency.

Respectfully submitted,

JOHN J. O'TOOLE, City Attorney.

RADIO ADDRESS—ROGER D. LAPHAM

Saturday, June 29, 1946, 11:00 a.m.

Fellow San Franciscans:

A city-wide street car strike, which threatens to paralyze Municipal Railway service, and which would result in serious disruption of business, trade, and all normal pursuits of our people, is scheduled to begin at midnight, tonight.

Yesterday both the AFL and CIO labor councils voted to sanction the strike, despite the efforts of myself and other city officials to avert strike action.

This is not a strike against a private employer.

It is a strike against government—against your own government—and the orderly processes of government which you, as voters, have established.

This strike, if it occurs, is foredoomed to failure, because it is a strike against law and order.

It is my considered opinion, supported by the opinion of the City Attorney, that I cannot legally meet the wage demands of the carmen—and I will not meet them illegally.

The issue is not whether the wage increases should be granted—but whether they can be granted without violating the provisions of the City Charter.

As Mayor of your City, I want to make a full report to you. And I still hope reason will prevail—and that the carmen, all of whom are civil service employees, will not quit their jobs.

I want to stress this basic point:

It is one thing for workers to strike against a private employer, using their economic strength in the hope of winning higher wages or better working conditions.

It is a far different thing for City employees to strike against their government—and against the legal processes, laws, checks and bal-

ances set up by the people to control the conduct of their government.

This strike is a strike against the fundamental law which you, as voters, enacted to govern the affairs of our City. It is a strike against the City Charter—not against an employer.

It is a precedent so dangerous that if once it became established, orderly government in San Francisco would be in serious jeopardy.

If the Charter is at fault, all City employees have their legal recourse. They can go before the voters and seek amendment of the Charter. But neither I nor any other City official, sworn to uphold the law, can put aside the law, or bend it to suit the expediency of the moment—no matter how serious the strike threat held over us.

Let me give you a brief résumé of the facts:

Late last Wednesday I received a letter from the Business Agent of the AFL carmen's union, himself a City employee, saying that if the City did not agree to pay its motormen and conductors \$1.25 an hour and its bus operators \$1.30 an hour, a strike would be called, effective at midnight tonight.

Here let me say the present wages paid motormen and conductors is 97½¢ an hour, and bus operators \$1.02½ an hour.

However—and this is most important—the Salary Ordinance adopted last March provides that beginning next Monday, July 1, motormen and conductors will receive \$1.10 an hour, and bus operators \$1.15. And that amounts to \$1.00 a day increase over the wages now being paid.

After receiving this formal notice, I called a conference in my office last Thursday morning, of AFL carmen leaders. They claimed the wage increases asked were justified because other transit employees in other sections of the State had won recent pay increases. They asserted it was the responsibility of City government in San Francisco to find ways and means to give our own platform men and bus operators wages equivalent to what are now being paid in some other California cities.

I pointed out to them, however, that our City Charter provides that City salaries must be fixed by April 1 for the coming fiscal year beginning July 1—that the Charter lays down definite procedures for determining the budget for each fiscal year in order that the Board of Supervisors can fix a tax rate to produce the necessary revenues for the estimated cost of City government.

These are the processes which you, the people, have set up as a guarantee of orderly, businesslike government—and as a safeguard against governmental excesses or loose handling of the public funds.

At the conference, all agreed with the City Attorney that the salary schedule had to be set by April 1 to conform to Charter provisions. There was no dispute on that point.

However, the AFL leaders pointed out that it is the intent of the Charter that wages in city employment should be in accord with generally prevailing rates of wages for like services and working conditions in private employment or in other comparable governmental organizations in this State. They then argued that I, as Mayor, had the authority under the emergency powers granted the Mayor in Section 25 of the Charter, to adjust salaries to meet an emergency, and contended that the present threat of a carmen's strike constituted such an emergency.

That, citizens of San Francisco, is a strange argument—asking the Mayor to use his emergency powers to deal with a man-made emergency—an emergency created by city employees who threaten to strike in the hope that by so doing the Mayor would use his emergency powers to set aside the provisions of our city Charter. If I should bow to such a threat made by one group of city employees,

other groups of city employees would demand of me the same use of emergency powers to meet like created situations.

And you should know the City has already received wage demands from several other groups of city employees who are asking the Mayor to meet wage increases granted in private employment since April 1.

What, then, becomes of our Charter? And where do we get the moneys—after the tax rate has been adjusted for the year—to meet any wage increases which might be granted by the Mayor?

The answer is simple, we would have confusion and chaos in city government. We would have a Fascist dictator Mayor, usurping by emergency decree the wage-fixing powers which properly belong to the Board of Supervisors.

The City Attorney has advised me that it would not be a proper exercise of my emergency powers to grant the wage demands of our carmen, all of whom are Civil Service employees of the City; and the City Attorney is the elected legal advisor of the Mayor's Office.

The Secretary of the Civil Service Commission has advised me he could not certify the wage increases, even if I granted them. And the Controller has likewise told me he could not pay such wage increases without court action to test the legality of such procedure.

So, regardless of any action I might take, our platform men, all Civil Service employees of the City, could not possibly get the wage increases they are demanding without prolonged litigation. And it is doubtful, to say the least, whether they could ever win their case in the courts of the State.

As Mayor of your City, I asked myself two questions with regard to the demand of this particular group of city employees that I exercise emergency powers granted to me under Section 25 of the Charter.

First question—Is it legal? I decided myself it was not, and the City Attorney's opinion confirms this.

Second question—Is it right? I did not need any outside opinion to answer that one, for if I were to give the platform men what they demand, by exercise of my emergency powers, then as an honest public official I would have to grant similar demands to other groups of city employees where the same situation existed—and what a Pandora's box would that open.

During the war, early August, 1944, I exercised my emergency powers to bring the wages of the Market Street Railway men, who were to enter the City employ six weeks later to a parity with the Municipal Railway men. At that time, in my opinion, there was a real emergency justifying the use of those powers. However, the use of these powers was questioned in court and, incidentally, a suit to test the legality of my action was instituted by a group of city carmen who are now represented by CIO spokesmen.

The Superior Court, as well as the State District Court of Appeals, has upheld the use of my emergency powers in that particular case. But this suit started almost two years ago has yet to be passed upon by the Supreme Court of the State, and the monies I authorized payment of to establish parity are still impounded, although such monies were properly budgeted.

And these same CIO spokesmen who instigated this court suit, last Thursday afternoon urged me to use the same emergency powers which they are still attacking in the courts of the State.

Let me repeat what I have said—and I hope that our city carmen and their leaders will heed this statement—this strike, if it occurs, is foredoomed to failure because it is a strike against law and order. I have not questioned the right of the carmen to a raise. As a matter of fact, if the Salary Ordinance were to be enacted today—if it could

be legally enacted today—I know that the carmen would get a higher scale.

But if we disregard the Charter and the laws or the lawful conduct of our city government, we would end up in utter confusion; and any Mayor who would attempt to set aside the law under a strike threat would be guilty of the worst kind of political cowardice.

I was elected Mayor of San Francisco—not its Fascist dictator—and I will not become a party to abuse of the emergency powers fixed by the law regardless of the recall election or any threats which will be used against me.

Let me say one other thing—the people's checks and balances, voted by the people in laws, and charters, and constitutions, are the people's finest and most sacred shield against arbitrary acts of elected public servants. Our carmen or any other group of Civil Service employees should think very seriously before they go on strike against their own people—the people of San Francisco.

If reason prevails, this strike will be called off, even if our own Civil Service carmen will have to wait for the wage increase to which they may be entitled.

I know that if city-wide transit is tied up, it will cause great inconvenience and loss of time and money to our people. I know it will play havoc with trade and business. I appeal to our carmen, all Civil Service employees, and to the responsible leaders of labor—**CALL OFF THIS STRIKE**. If you feel the laws are wrong, seek new laws, in the American manner. **BUT DON'T STRIKE AGAINST LAW AND ORDER**.

If at midnight, tonight, the strike is called as scheduled, then I ask the people of San Francisco to organize share-the-ride auto clubs, and to work together to overcome the inconvenience of the transit tie-up. City parking restrictions will be relaxed and every possible step will be taken to meet the emergency.

But there will be no surrender! The law is still the law in San Francisco—and no minority group, no matter how powerful it may be, can successfully strike against it.

I hope the carmen will reconsider.

STATEMENT BY MAYOR LAPHAM

Released to Press and Radio Sunday, June 30, 1946

In my radio address Saturday, I appealed to our carmen, all of whom are Civil Service employees, and to the responsible leaders of labor, to call off this strike. Then I said: "If you feel the laws are wrong, seek new laws, in the American manner."

It is plain that the only relief open to those employees whose present wages are lower than wages prevailing elsewhere in the State is through the medium of a charter amendment.

Therefore, I will recommend to the Board of Supervisors that the Board, after consultation with all groups of city employees, draft a charter amendment to cover the overall situation. Such an amendment should be submitted to the voters as promptly as possible.

OPINION OF CITY ATTORNEY

June 25, 1946.

SUBJECT: Wages of Platform Men Cannot Be Increased During Coming Fiscal Year.

Dear Sir:

You have forwarded me a copy of letter from Mr. S. W. Douglas, Business Agent of the Carmen's Union Division 1380 A. F. of L. In

this letter Mr. Douglas calls attention to the fact that the wages to be paid the platform men of the Municipal Railway during the coming fiscal year are below wages paid in other California cities for similar work. He points out that it is recognized that living costs in San Francisco are higher than those in Los Angeles, and, finally, that the proposed scale for the fiscal year 1946-47 which is \$1.10 per hour for a 48-hour week compares unfavorably with the privately-owned transit system of Los Angeles, that pays \$1.23 per hour for a 44-hour week with time and a half thereafter.

The letter cites the wages paid platform men in Long Beach and the negotiations that were then pending with Key System in the East Bay, both of which provide wage scales in excess of those set up for San Francisco platform men. Mr. Douglas requests that you raise the base pay of the Municipal Railway platform employees.

You have asked me to advise you if the Public Utilities Commission has the power to grant the request made by Mr. Douglas and, if so, what procedure should be followed.

OPINION

It is not within the province of this office to consider the demerits or merits of the apparently fair request made by the representative of the platform men, and for the purposes of this opinion we will consider that Mr. Douglas has accurately stated the facts of the prevailing wage paid platform men in other communities. This obviously is higher than that proposed to be paid by the City. However just the request of the platform men may be, I must inform you that the Public Utilities Commission is powerless, in view of the Charter provisions that I will hereinafter call to your attention and a decision of our Supreme Court, to do anything toward granting the request.

Section 151 of the Charter provides, in part, as follows:

"The salaries and wages paid to employees whose compensations are subject to the provisions of this section shall be those fixed in the schedule of compensations adopted by the board of supervisors as herein provided and in accord with the provisions of the ordinance of the board of supervisors adopting the said schedule, and the compensations set forth in the budget estimates, and the annual salary ordinance and appropriations therefor shall be in accord therewith.

"Not later than January 15, 1944, and every five years thereafter and more often if in the judgment of the civil service commission or the board of supervisors economic conditions have changed to the extent that revision of existing schedules may be warranted in order to reflect current prevailing conditions, the civil service commission shall prepare and submit to the board of supervisors a schedule of compensations as in this section provided. A schedule of compensations or amendments thereto as provided herein which is adopted by the board of supervisors on or before April 1 of any year shall become effective at the beginning of the next succeeding fiscal year and a schedule of compensations or amendments thereto adopted by the board of supervisors after April 1 of any year shall not become effective until the beginning of the second succeeding fiscal year."

Your attention is directed to the language employed and above quoted that salaries fixed by the Board of Supervisors after April 1 in any year shall not become effective until the succeeding fiscal year. This language is mandatory.

Following the Charter provision above cited, the Board of Super-

visors passed Bill No. 3966, Ordinance No. 3714 (Series of 1939) March 18, 1946. In this ordinance under Section 9, caption "S—STREET RAILWAY SERVICE" the salaries of Municipal Railway platform men are fixed on a graduated scale dependent upon the time employed, and the highest wage is \$1.10 per hour. There is an additional 10 cents per hour allowed when platform men are instructing new employees. Thus it is seen the Board of Supervisors complied with Section 151 of the Charter.

It is true that Section 151 also provides:

"The compensations fixed as herein provided shall be in accord with the general prevailing rates of wages for like service and working conditions in private employment or in other comparable governmental organizations in this state; . . ."

However, this language is merely descriptive of the basis or yardstick to be used in standardizing salaries to be paid by the City. It is to be assumed that in May the Civil Service Commission and the Board of Supervisors for its action, then the section provides with compensations then paid for similar service under like working conditions in private and governmental employment. When this has been observed by the Civil Service Commission and submitted to the Board of Supervisors for its action, then the section provides the time when changes may go into effect. The date for this is on or before April 1 of any year to be effective at the beginning of the succeeding fiscal year.

A case that is decisive of the situation under consideration is *Sullivan v. McKinley*, 14 C. (2d) 113. In the case cited, the wages for auto and car painters for the Municipal Railway were fixed at \$9.00 per day for the fiscal year 1937-8. In the budget estimates of the Public Utilities Commission transmitted to the Mayor, included in the annual budget and appropriation ordinance, the wages were fixed at \$9.00 per day. Thereafter the Board of Supervisors sought to amend the annual salary ordinance and increase the wages from \$9.00 to \$10.00. Payment of these wages was refused and the employees affected sued to recover the difference of \$1.00 per day and were successful in the lower court. The District Court of Appeal reversed the judgment and thereafter the Supreme Court assumed jurisdiction and followed the opinion of the District Court.

The Supreme Court held that as Section 71 of the Charter provides that "all increases in salaries or wages of officers and employees shall be determined at the time of the preparation of the annual budget estimates and the adoption of the annual budget and appropriation ordinances . . .," these ordinances must be adopted by June 1 in any fiscal year.

The opinion then goes on to say that as the salaries of the auto and car painters were not fixed at the rate of \$10 per day "by the budget and annual salary ordinance", as required by Section 71, and clearly, from this language, the salary ordinance must find its support in the items of the budget."

The court earlier in its opinion quoted from Judge Tyler's opinion given in the District Court of Appeal, reading as follows:

"The time for establishing an increase in wage rate of municipal employees, such as the petitioner and his eight companions, is before the passage of the annual salary ordinance. And the instruments within which the increase of the rate of wage is to be expressed are (1) annual budget estimates, (2) annual budget, and (3) appropriation ordinance. Once the budget is approved by the Board of Supervisors, the fiscal terms of the annual appropriation ordinance and the annual salary ordinance are automatically fixed beyond the power of change of any amendment. Any effort

of the Board of Supervisors to increase a wage scale in the annual salary ordinance over the amount provided in the approved budget is void."

The result of the opinion was that the painters were not entitled to recover.

In the case under consideration we find that the wages for platform men were fixed in the annual budget and appropriation ordinance at \$1.10 per hour. Our case presents even stronger facts than those in the *Sullivan v. McKinley* case, as the \$1.10 rate is provided for in the current annual standardization ordinance.

The language adopted by the Supreme Court states any changes made to increase a wage over the amount provided for in the approved budget is void. This leads to but one conclusion, and it is that nothing may be done under our Charter provisions and in view of the *Sullivan v. McKinley* case that would legally permit the increase of platform wages at this time.

It appears that the only way by which an increase may be brought about is by an amendment to the Charter that would permit the Civil Service Commission and the Board of Supervisors to re-standardize wages and salaries when facts develop as are present in the case under consideration and allow appropriate amendments to the budgets.

While the request for the increase in wages is justifiable from the facts contained in Mr. Douglas' letter, I regretfully inform you that you are powerless, likewise the Civil Service Commission or the Board of Supervisors, to grant the increase of wages sought.

Respectfully submitted,

JOHN J. O'TOOLE, City Attorney.

By DION R. HOLM,
Public Utilities Counsel.

To:
Manager of Utilities
DRH

Mayor Lapham explained, on May 31st I received a letter from Mr. Douglas in which he pointed out increases that had been made in carmen's wages elsewhere and asked me to find methods and to find ways and means to increase the wages of the street carmen. At the same time a similar letter was presented to this Board and also to the Public Utilities Commission. There is attached to the file a letter from Mr. O'Toole, dated Tuesday, June 25th, addressed to the Manager of the Public Utilities. That letter said that the salary ordinance, having been adopted, could not be changed. Mr. Davis conferred with Mr. O'Toole and discussed this opinion.

On Wednesday morning, June 26th, I read in the papers that there had been a meeting of the A.F.L. union and that a strike vote had been taken and authorized for midnight last Saturday. I had no official word from Mr. Douglas until he phoned Mr. Turner on this matter.

Later I received information from Mr. Douglas that a strike was going to be held. I asked Mr. Turner to get in touch with Mr. Douglas and arrange a meeting as soon as possible. Meeting was arranged and we met on Thursday morning. Later that same day I met with Mr. Foley and representatives of his union. We went over the situation, there was no disagreement that Mr. O'Toole's opinion was correct in so far as it went, but it was pointed out that under Section 25 of the Charter I could declare an emergency and increase the wages of the carmen. They pointed out that I had used those powers back in August, 1944.

I am informed that this case is being appealed to the State District Court and if denied will carry it to the State Supreme Court for a final hearing. I used my emergency powers at that time, because we had just purchased the Market Street Railroad. In early August the Manager of Utilities came to me and said that unless you do something you will get the equipment of the Market Street Railroad on September 29th, but you will not have the men to run it. The City was paying more money than the Market Street Railroad and it was pointed out that unless I used my powers that the Market Street men would have to enter the employ of the City as beginners. That meant that if a man had worked for the Market Street Railway for ten years he would have to enter the City service as a beginner and get less money. I talked the matter over with the City Attorney, the Controller, the Manager of Utilities and the Chief Administrative Officer and came to the decision that I could use my emergency powers at that time.

I informed men of the Market Street Railroad that when they came into the City service they would get the same pay as if the service was with the Municipal Railroad. I also put in a preference of runs order. This matter had been a question of dispute for some months. The Public Utilities Commission had said to the men, you draft up your own schedules of runs and we will take what you agree upon. The unions could not agree upon it, so I included this in my declaration of emergency.

The Municipal Railroad then went to court, and for ten days or more the case was argued as to whether or not a restraining order should be used. Then the case went to the State Court and I was upheld and also the State District Court upheld me. I was satisfied in my own mind that it was the right and reasonable thing to do at that time.

Last March this Board adopted the Salary Standardization Ordinance. At that time I did not agree with the method by which it was done so I vetoed it and you overrode my veto and the Salary Standardization Ordinance was effective. I am aware that things have changed since that time and other street car companies have given increases to their operators. I am aware that the rates we pay are lower than what other railroad companies are giving. It is true that if you passed a Salary Standardization Ordinance now many employees would receive more, but this is not April 1st and it is the intent of the Charter that City employees should have wages in accord with the prevailing wages and I also state this, that if I had it entirely in my own hands and if I was running the railroad I would meet the salaries given by my competitors. But I am not and I have to follow the rules as laid down by the people. You are aware that each department shall budget its finances for the coming year. Once the Board has acted then the expenses for the coming year have been set and the only way we can get the money is by an ad valorem tax.

I question whether it is legal to use my emergency powers to raise the wages of this particular group of City employees. I asked myself was it the right thing to do? I was convinced, in my own opinion, that it was not legal by the opinion rendered by the City Attorney. I felt that if I used my powers to give one group a raise then I would have to use them to give every group a raise where the wages had been increased in private employment, and I would have to do this whether it was in July, August, September or any month. By doing this I would be the wage fixing body of the City, which is not what the Charter prescribes. I believe that if I raised the salaries you could charge me with being the biggest Hitler out. Under Section 25, the Mayor is the sole one to determine whether or not an emergency is necessary.

There is a remedy. The Charter is the law of the City and County

of San Francisco. It can be changed by the vote of the people. If you want to put on the ballot anything that is your privilege. It is up to the Board to put it on the ballot. It is the only way that this situation can be settled. The amendment will have to be studied but I would like to have a charter amendment that I could support.

I want to emphasize that I do not intend to use my emergency powers to give the carmen an increase in wages and that the only way to correct the situation is by a charter amendment.

Supervisor Mead said, the quickest way in which the situation can be corrected is to go to the people in November with a charter amendment. If the Mayor would declare an emergency it would not solve anything. Neither the Civil Service Commission nor the Controller could authorize the payment of these new salaries because some one would file a suit against it and you would have to go to court, which would mean that you would not get any increase for at least two years. The only way is to submit a charter amendment to the people that will be instituted by three members of this Board. In preparing a charter amendment of this kind it takes a long time and if this amendment were not acceptable, six members of this Board have agreed to go further than that. They will let labor prepare the charter amendment.

As far as I am concerned, when I vote for a charter amendment, I feel that it will be my duty to speak in favor of that amendment. By doing this you would have a charter amendment on the ballot for November. That seems to be a fair offer. If it is approved by the voters it would be ratified by the Legislature in January and you would get your money within a period of seven months compared to a period of about two years in the courts. The Board of Supervisors can do nothing in this matter except submit the amendment to the people in November.

Supervisor Gallagher then presented the following proposal:

**Providing for Submission of Charter Amendment Looking Toward
Solution of Problems Which Have Precipitated Municipal Rail-
way Strike.**

Proposal No. 5832, Resolution No. 5639 (Series of 1939), as follows:

Whereas, notice has been served on City officials by representatives of Municipal Railway employees that unless their demands for wage increases are met immediately, that a general strike would be called for 12:01 a.m. Sunday, June 30th, 1946, which strike is now in effect; and

Whereas, his Honor, Mayor Roger D. Lapham, acting on the advice of the City Attorney, has informed the employees of the Municipal Railway in person and via the radio, that the Charter does not permit him to grant any increases under existing conditions; and

Whereas, continuance of the strike will play havoc with the commercial, economic and social life of the City; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that the proper course to pursue would be the preparation and submission of a charter amendment at a special election or at the regular election in November; and be it

Further Resolved, That the City Attorney be and he is hereby instructed to prepare the proper legislation for a charter amendment; and be it

Further Resolved, That the President of the Board is hereby authorized and directed to appoint a committee, consisting of himself and not more than four other members of the Board, to sit with the City Attorney; and be it

Further Resolved, That the duly accredited representatives of the employees of the Municipal Railway be invited to sit with the City

Attorney and the appointed committee, with a view of assisting in the preparation of the proposed charter amendment; and be it

Further Resolved, That the Committee take such action as will bring the proposed charter amendment before the Board of Supervisors for its consideration at the earliest possible date; and be it

Further Resolved, That in the interest and welfare of the people of the City and County of San Francisco, the representatives of the employees of the Municipal Railway be and are hereby requested to provide for the return of their men to normal working schedules, pending the preparation and submission to the electorate of such a charter amendment as is referred to herein.

Discussion.

Mr. Ward, representing the C.I.O., said, you have considered policy of placing charter amendments on the ballot relative to the wages of the operators and you said that it would be bad for the operators of the streetcars to fix the salary in the Charter; now you want to place them in the Charter. By placing them in the Charter you would be freezing our wages and we would have to present many Charter amendments to the voters.

Today you have an actual emergency facing San Francisco and the Mayor could use his emergency powers to grant the increase. At the meeting with the Mayor, on last Thursday, Mr. Holm said that the opinion rendered by the State District Court gave the Mayor unlimited power with respect to the declaration of an emergency. We believe that the Mayor could declare an emergency.

Under the opinion of the State District Court he has the power to do so. We feel that the question raised by the Mayor as to what might happen if he declared an emergency would then be our matter and we would be willing to face it. The C.I.O. carmen have discussed this matter relative to a charter amendment and they have rejected it. We believe there is a better method to clear up this situation.

Supervisor Gallagher inquired, do I assume from your statement that you will not go along with a proposal such as has been introduced today?

Mr. Ward replied, we are opposed to the charter amendment method of solving this matter. We do not believe that is a solution and if this is all that can be produced by the City administration then the strike will go on as far as the C.I.O. is concerned.

Mayor Lapham stated, as I get your remarks, as far as the C.I.O. group is concerned, it was their intention to stay off the job until the Mayor used his emergency powers.

Mr. Ward answered, if you cannot find any other method of solving this situation we will stay off the job. We are not saying that it is the emergency proclamation or else, but we are saying that unless you can produce something else to satisfy the situation we will stay off the job.

Mr. Lapham remarked, as far as I know, there is no way in which you can get this overnight unless the Mayor used his emergency powers.

Mr. Ward said, if you could sit down with us and work out this emergency proclamation the whole thing could be cleared up in an hour.

Mayor Lapham explained, I cannot see how I could consider it right or legal to use these emergency powers. The decision of the State District Court gave me wide powers but that is all the more reason for not abusing my powers and I would consider it an abuse to declare an emergency as you suggest.

Supervisor Mead asked, if we came to a definite conclusion that this was the only way to clear it up would you still oppose the charter amendment?

Mr. Ward answered, we do not believe that this is the only solution. We could not go along on account of that reason.

Mr. Douglas of the A.F.L. said, I have tried to get the City to meet the demands submitted by the A.F.L. carmen. The A.F.L. carmen have agreed to nothing that has been submitted to them that would settle the strike. Up to this moment the City has not found any ways and means to settle the problem. We take this position, that we will listen to anybody in the City government who might be able to help us. I think that there might be merit in some of the suggestions that have been made and I hope so. We have proceeded on the premise that it was possible to find ways and means to clear up this matter.

We are convinced that it can be done and the carmen can be granted the wages they ask. Some of the Supervisors came to our meeting and addressed the members. No action was taken on any proposal at that meeting. We believe that all officials should come to our meeting and tell us what they can offer us. It is going to be up to the Mayor or the Board of Supervisors to prove to us that the wages cannot be raised before we will believe it. We think that it can be done.

Mr. Foley, of the C.I.O., was granted the floor.

Supervisor Mead said, Mr. Foley, on account of his actions at a previous meeting, was asked to leave these chambers. Mr. Foley was asked to do something and unless he does it I will refuse him the privilege of the floor.

Mr. Foley remarked, I apologize to the Board for my previous action.

It was necessary for our group to ask an audience with the Mayor to clear up a pending strike. We were not invited to attend a meeting the Mayor had with other groups of railroad men. The Mayor said that we instituted court action against his emergency proclamation of 1944, we did not institute proceedings in that case, it was instituted by a taxpayer.

A real emergency is now in effect and the Mayor should issue a proclamation under Section 25 of the Charter.

Last November we voted a charter amendment with respect to wages for carmen and the Mayor opposed it because he did not want wages frozen in the Charter. With the raise in rents and living costs, the Mayor should use his emergency powers and grant the street carmen a raise. The salaries for the carmen come out of the revenues of the Municipal Railway and not out of taxes. We have the present condition because the Mayor refuses to do something to relieve the problem. A real emergency exists and I appeal to you to do something and do it now.

Mr. Lapham stated, the meeting on Thursday morning was called because I had received notice from Mr. Douglas notifying me that he was going to call a strike at midnight on Saturday. When you phoned me I made a date with you for that same evening.

It has been my understanding that Mr. Purcell received his financial compensation from the old A.F.L. and the present C.I.O. that you now head.

Supervisor Mead explained, it has been pointed out by the representatives of the C.I.O. that they came before the Board with a charter amendment and we opposed it because it would freeze the wages. It is apparent that some of these men have forgotten a por-

tion of the discussion of the meeting that was held on Sunday that would incorporate the language that would do away with the freezing of wages. That has not been brought out at this time.

Mr. Fitzsimon, representing the International Transportation Union of America, C.I.O., stated, I am sorry to hear the Mayor say definitely that he will not declare an emergency in this situation. It comes with very poor grace from a representative elected by the people and charged with the responsibility of maintaining transit service and other services necessary for the operation of the City. It is poor grace that with transportation paralyzed that he refused to declare an emergency. I believe that in the near future the people of San Francisco may decide to get along without the Mayor rather than without the streetcars.

Point of Order.

Supervisor Christopher raised a point of order. This is not a political meeting.

The Chair ruled the point of order well taken.

Mr. Fitzsimon continued, one of the remarks made by the Mayor made it thoroughly clear as to why he refused to declare the emergency. He says he is responsible to only one man, I say he is responsible to the people of San Francisco.

This emergency could have been avoided. The responsibility of the emergency does not rest with the striking carmen, the emergency is here. In our opinion the way to settle the situation is to declare an emergency and grant the just demands of the carmen. We will take our chances, we will wait until the courts decide the case. If an emergency is granted, inside of two or three hours all of our employees will be back at work.

Supervisor Christopher stated, in view of the fact that we have been spending sometime on the resolution I was engaged in conferences with the representatives of the railroad with the thought to clear up this matter.

The Mayor has indicated to each of us that he is willing to grant this raise but he wants to find the legal grounds for doing it. I have had requests for an explanation of Section 16 of the Charter. The City Attorney informs me that the Board is precluded from taking emergency action to give the street carmen an increase. I want to bring out the statement made by Mr. Ward and Mr. Foley and Mr. Fitzsimon, that they will not accept anything but a declaration of emergency by the Mayor.

I believe that there has been misrepresentation of the issues. I feel that all involved have not acted promptly on this matter because we are all waiting for the other person to act first. I believe that if the Mayor and the Union sit down together they will be able to work something out.

I am in accord with the resolution. We have discussed it and if it is acceptable to the A.F.L. and C.I.O. we should adopt it. When this meeting is terminated tonight, I want to recess until tomorrow morning to discuss this matter so that we can do everything possible to settle the strike.

I respectfully urge that Mr. Gladstein contact the City Attorney's Office this afternoon to see whether or not they can iron out the difficulties in this matter. If nothing can be done, if this resolution will not avail us anything then we must meet every day until it is settled. We cannot let it go on. I do not think that this resolution will bring about what we are trying to accomplish. If it does not, we will have to meet tomorrow and hash this matter out.

I hope that the Mayor will attend the meetings of the A.F.L. and the C.I.O. and talk to the members of the unions.

Mr. McRobbie of the A.F.L. said, the adoption of this resolution will not end this strike, but one thing will end this strike and that is the granting of the raise. One way that it might be ironed out is to have meetings on this matter. Let us sit down and try to settle this matter. We will meet with anybody but we are not going to give up or call off the strike to sit down with anybody.

Supervisor Mead explained, this is not calling off the strike but it sets up further mechanics to settle the matter. If the Mayor declared an emergency you would not get your money for a couple of years but we are offering a charter amendment that would expedite your receiving an increase.

Mr. John P. Waring, member of the Carmen's Union, C.I.O., remarked, we are willing to go back to work but we want our demands. We will sit down with the members of the Board of Supervisors and the Mayor. Let the Board and the Mayor come to a joint meeting of the combined Municipal Railway men, both A.F.L. and C.I.O.

Supervisor Gallagher stated, when I introduced this resolution I did so after many conferences with reference to the ability of the Mayor to declare an emergency. I know that an emergency could not be called at this time. When I introduced it I did so that the Board iron out the difficulties as they saw it at this time.

Labor has been treated very fairly in the past. There has not been a time that labor hasn't been granted their just wages. There is no reason to believe that we cannot iron this matter out over a table. The representatives of the carmen will try to protect their members. I ask the men to be fair, that we sit down and try to work out a proposition, a proposition that will try to iron out a bad situation. We do not want to set up machinery that will impair the advantages coming to the labor people, but we feel that we have a job to perform and that the labor people also have a job to perform.

We feel that the Mayor cannot use his emergency powers and we are trying to settle this matter. We can sit down this evening and try to bring it to a conclusion. There is no reason for the carmen to say that we want to appeal to the judicial body and have them settle it. The right way is to submit the matter to the people.

In the past we met with the carmen on matter of increase in wages. I believe that we should pass the legislation and see if we can sit down and work it out over the table.

Supervisor McMurray said, we are friends of the carmen and we are also representing 850,000 people of San Francisco and I am very much concerned whether or not those people will be able to get to work tomorrow morning and earn their day's pay. This body has gone all the way with all of the City employees. If there was any way to solve this problem at this time, the majority of the Board would solve it. You have been told that if the Mayor did declare an emergency the Controller would not sign the checks.

The people of San Francisco would approve a charter amendment on this matter. We are wasting a lot of time. Both your union representatives do not sit down and get together, they do not even speak to each other. We are trying to help you and you should not have any doubts in your mind about it.

Supervisor MacPhee explained, the question of the Mayor using his emergency powers has been suggested as a means for the settling of this problem. When he used his emergency powers before the City Attorney instructed him that he was right. This time the City Attorney has informed him that he could not use his emergency powers. If it is against the law to do it, it is incumbent upon us to

find some other way to solve the problem. The only other way is to submit a charter amendment to the people.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Colman, Lewis—2.

Supervisor Christopher said, I ask the Mayor and the representatives of the A.F.L. and C.I.O. to get together and discuss this matter. I would suggest that we have a meeting tonight of both unions and the Mayor address them in the Opera House and try to iron this matter out. I would like to ask if the A.F.L. and C.I.O. will agree to that proposal.

Mr. Foley replied, we will agree to that proposition.

Mr. Douglas answered, I cannot agree to that. We have our own meeting scheduled for tonight. I cannot agree to it until I ask my membership.

Supervisor Christopher inquired, would you be willing, before you leave here this afternoon, to discuss this matter with your associates, would you be willing to consider this matter and possibly recommend to your membership that they can meet with the C.I.O. this evening?

Mr. Douglas said, we have representatives from the A.F.L. who sit in with us and I would have to be guided by their opinion. I will have to sit with them and find out about it.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,
BILLS AND COMMUNICATIONS NOT CONSIDERED OR
REPORTED UPON BY A COMMITTEE.

Requesting Governor to Call Special Session of Legislature for
Purpose of Enacting Legislation to Prevent Unwarranted Evic-
tions From Residential Properties and Unreasonable Increases
in Rent.

Supervisor Gallagher presented:

Proposal No. 5836, Resolution No. (Series of 1939), as follows

Whereas, that function of the Office of Price Administration deal-
ing with rent control is no longer effective by reason of the fact that
the Federal law which formerly made provision therefor has been
abrogated; and

Whereas, it appears to the Board of Supervisors of the City and
County of San Francisco that the transition from war to normal
conditions requires the exercise of some type of control over rentals
to prevent unwarranted evictions and unreasonable increases in
rentals; now, therefore, be it

Resolved, That his Excellency Governor Warren be and is hereby
respectfully requested to call a special session of the legislature for
the purpose of enacting such legislation as, during the balance of
the emergency, will prevent unwarranted evictions from residential
properties and unreasonable increases in rent therefor.

Discussion.

Supervisor Brown said, there is a division of opinion on this
matter. The landlord would feel one way and the tenant would feel
another way. I believe that this matter should be referred to com-
mittee.

Referred to the County, State and National Affairs Committee.

Maintaining Rental Ceilings in All Hotels, Apartment Buildings,
Flats, Private Residences and Other Dwellings Within the City

private residences and other dwellings within the City and County
of San Francisco at or below those levels prescribed by the Office of
Price Administration regulations which expired at midnight on the

Be it ordained by the People of the City and County of San Fran-
cisco, as follows:

ment buildings, flats, private residences and other dwellings within
the City and County of San Francisco, previously bound by regula-
tions of the Office of Price Administration, such regulations having
been promulgated by and under the authority of the Government
of the United States of America, are hereby prohibited from increas-
ing the rental for occupancy of such premises above the ceilings,
levels or limitations prescribed by such regulations in effect on and
before the thirtieth day of June, 1946.

Section 2. Each and every violation of this ordinance shall be punishable by imprisonment in the County Jail of the City and County of San Francisco for a period not to exceed six months, or by a fine not to exceed \$500, or both.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of the emergency being that failing its passage many thousands of citizens of the City and County of San Francisco will suffer great irreparable hardship unless rent control provisions similar to those in effect under the aforesaid regulations of the Office of Price Administration are continued in effect.

Referred to Judiciary Committee.

Pooling of Cars During the Street Car Strike.

Supervisor MacPhee said, Mayor Lapham has asked all department heads to form a car pool in his office. I believe that the Board should take cognizance of that and, if the strike should continue, that we request all firms in San Francisco to form car pools to take their employees to and from work.

Board to take under consideration if strike continues.

Report on County Supervisors Convention in Eureka.

San Francisco will be host to the Convention in 1947.

Supervisor Mancuso moved, that we recess until 10:00 a.m. Tuesday.

Seconded by Supervisor Sullivan.

Supervisor Brown moved, as a substitute motion, that we recess at the call of the Chair.

Seconded by Supervisor Mancuso.

Thereupon the roll was called and the substitute motion was defeated by the following vote:

Ayes: Supervisors Brown, MacPhee, Mancuso, Sullivan—4.

Noes: Supervisors Christopher, Gallagher, McMurray, Mead, Meyer—5.

Absent: Supervisors Colman, Lewis—2.

Supervisor Mancuso moved, that we change the hour until 11:00 a.m.

Seconded by Supervisor MacPhee.

No objections and motion carried.

RECESS.

DAVID A. BARRY, *Clerk.*

TUESDAY, JULY 2, 1946—11:00 A.M.

In Board of Supervisors, San Francisco, Tuesday, July 2, 1946, 11:00 a.m. The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—8.

Absent: Supervisors Brown, Colman, Lewis—3.

Quorum present.

President Dan Gallagher presiding.

Supervisor Lewis excused from attendance.

Supervisor MacPhee said, there was submitted to the Judiciary Committee a bill relative to rent control. We desired to hold a meeting so that all of the interested parties could be present. We did not know whether or not we could hold a meeting this week and we thought that early next week would be time enough to give this matter consideration. I have been informed by my office help that the landlords have been in requesting us to prepare rent increases up to 150 per cent. The thing is running out of control, people are trying to take advantage of a situation that exists for their own gains. In view of these and other facts that have come to my attention, the Judiciary Committee will meet tomorrow afternoon to consider the matter and if the Board is willing to recess this meeting until tomorrow I believe we can adopt some legislation to protect the tenants. If the Federal Government takes some action there will be no reason for the Judiciary Committee to meet tomorrow but if the Government does not act today the Judiciary Committee will meet tomorrow afternoon. I ask the press to give this matter proper notice in the papers.

Communications.

The Clerk read a telegram from the San Francisco Hotel Association, transmitting a resolution adopted by that organization relative to rent control.

Referred to Judiciary Committee.

Supervisor MacPhee stated, we recessed our meeting yesterday for the purpose of coming here today to see what could be done with the street car strike. We presented our proposal to the meeting of the street car operators last night and they rejected it. I do not know what we can do in this matter now. I believe each one of us has the same thought, we would like to see this thing end, we would like to do everything possible. If there is a solution to this thing we want it as badly as you who are away from your jobs.

Supervisor Mead remarked, I do not know what this Board can do. We have been advised by the property authorities as to what we can do. The C.I.O. and the A.F.L. do not believe that they want the

Mayor to use his emergency powers. Some authorized members of the union have told me that they are willing to take their chance on a court action. They believe, that under the circumstances, the Mayor could use his emergency powers. I do not know what this Board can do unless the labor associations themselves offer some solution to the problem. They have not suggested anything but to ask the Mayor to declare an emergency.

This Board went all the way yesterday afternoon when they offered to try to do something. I do not see any point in the Board meeting for the purpose of waiting for somebody to tell them something. Unless the labor representatives have definite plans to tell us, I cannot see any reason for this meeting.

Supervisor Christopher said, this meeting was called this morning for the express purpose of receiving what we thought might be a favorable answer to our action of yesterday. I felt that this strike could be solved if the Mayor would take a hand in knocking on the door of labor and if labor would knock on the door of the Mayor and each member of the Board.

I have found, in my own dealings with labor, that by sitting down with them and talking it over that any matter might be ironed out to the satisfaction of both parties. I have deliberately put the question to both sides involved in this strike and they inform me that all they are trying to do is to get an increase in wages. I would not like to believe that there was anything else included in the matter.

I have full confidence in both sides and I would urge that we cast no further aspersions as to the good point of one question or the other, that we resolve here and now that when we adjourn that the main matter is to solve the strike.

Supervisor Mead stated, it is very easy for a member of this Board to get up and make a heroic speech. I could stand here and make a speech and everybody would praise me.

Point of Order.

Supervisor Christopher raised a point of order. I am not trying to make like a hero. I am here trying to do a job as a supervisor.

The Chair ruled the point of order well taken and that no aspersions should be cast at any other supervisor.

Discussion.

Supervisor Mead explained, it was hard for me, as a member of labor, to say what I said. All I am trying to do is to tell the people what I think.

The members of this Board have worked hard trying to settle this strike, but the unions will not listen to us, they do not trust us. I do not believe their position is fair.

I do not believe that all of the people who are out on strike know all the facts of the case. I do not believe that they know the 1,300 limited tenure employees will be automatically laid off at the end of five days. I do not believe that they were informed of this condition.

Mayor Lapham said, as far as I am concerned the men and women who have quit their jobs are civil service employees. It does not make any difference to me whether their affiliations are C.I.O., A.F.L., X.Y.Z. or whatever it might be, to me they are civil service employees of the City and we, the Mayor and Board, have our duty to the people of the City. I am perfectly willing to appear before any group of employees of the City because, I am still the elected head of the City, and to state my views and position.

I am not going to request appearance before certain groups, the

door of my office has been open since January 8, 1944, to any group of employees or citizens who want to come in and talk to me. I am not ignorant of the fact that I am running for election again on July 16th.

When I considered the use of these emergency powers, as I have been urged to use them, I did so with the greatest care. There is a campaign on to get me to change my mind. That campaign has even gone so far as to keep telephoning my house, telephone the Mayor's office, send him wires until he changes his mind. I can see no justification to use my emergency powers to increase wages of any group of city employees that have been fixed by the duly constituted authorities, and that is your own Board of Supervisors. That is the law of the City as stated in our charter. Whether we like it or not we have to live up to it. I want to make it plain again that any communications or telephone calls or wires asking me to use my emergency powers to grant the increase in wages will not influence me at all. I have made that very plain on different occasions. I can see no other way out of this problem but by a charter amendment.

The Board has made it plain that if any group wants to introduce a charter amendment of their own draft the Board will permit it. Any charter amendment must be submitted to the people.

Supervisor MacPhee stated, I believe we would like to have this matter settled as soon as possible. The office of the City Attorney is elected by the people and he is told to tell the Board of Supervisors what is legal. He told us that to follow the course that is required here is illegal. I do not want this job so much that I have to do what is wrong. I do not need the money that it pays or the honor that it gives me to do something this wrong. I do not want to fool the rank and file. Somebody is being made a fool of in this deal, I hope that it isn't me.

Mr. Fitzsimon, C.I.O., remarked, Supervisor MacPhee was present at the meeting last night and he heard our attorney answer the Mayor and the City Attorney with respect to the use of the Mayor's emergency powers. Supervisor Mead came in late and he does not know just what happened at the meeting prior to his arrival. He made a statement that the members of the union are not fully informed about the situation. The C.I.O. has explained all of the matter to the members in detail. We explained how the Mayor could use his emergency powers and why he should use the emergency powers.

Supervisor Christopher inquired, did you explain to the members about their civil service status?

Mr. Fitzsimon replied, we explained all of that to them. I told the members about this and so did Mr. Foley. He dealt with the civil service angle and with the particular rules of the Civil Service Commission. I told them that in this particular instance the City was the employer and no different from any other employer.

Supervisor Christopher asked, when did you advise your membership about the condition in our charter with respect to the limited tenure employments?

Mr. Fitzsimon answered, we constantly do it.

With respect to the document that was sent to the union yesterday. I say that document and in my opinion that offer was not made in good faith.

Supervisor MacPhee said, we met with the A.F.L. on Sunday night and we decided to prepare a charter amendment. We met with the Civil Service Commission for the purpose of drafting a tentative

proposal. It was drawn by Mr. Rolm and Mr. Ross and it was submitted in good faith.

Supervisor Gallagher remarked, when I offered the resolution yesterday I did so in good faith. After consultation with the City Attorney and others I felt that the only way we could solve this matter was to submit a charter amendment to the people. The letter that was prepared was a draft to Section 151.3 of the Charter. This was the only way that we could do it so that it could be considered by the A.F.L. and C.I.O. unions.

Supervisor MacMurray stated, I was glad to see the rank and file get together at the meetings of the union. I would still like to see the A.F.L. and C.I.O. get together. I do not sign anything in bad faith and I signed the statement that went out to the unions. The Mayor will not use his emergency powers so you are going to sit and let people walk to work. If that is your intention I am not for you.

Mr. Kenneth Scott of the A.F.L. explained, last night the stage was set for the settlement of this matter. An attempt was made to exclude the members of the C.I.O. I made an attempt to hold the A.F.L. and sit down with the committee from the C.I.O. and try to settle this matter. The rank and file of the union are fully informed that we will have to wait for a couple of years before we receive our money. Once the emergency is declared and the cars are rolling we will carry on from there.

We do not question the sincerity of the offer of the Board of Supervisors. You offer a charter amendment but we do not believe that this is the solution to the problem. We believe that the Mayor should declare an emergency.

Mr. Foley of the C.I.O. said, all of our members were informed about the rules and regulations of the Civil Service Commission. We told the limited tenure employees that they would be laid off at the end of five days, but they could apply for a job again without prejudice. The permanent employees were informed that they were subject to dismissal but if they were dismissed that they would be able to go to the Retirement Board and draw out all of the money they had contributed.

I hope that this strike can be settled in the near future but I do wish that you would refrain from trying to cast fears in the minds of our workers and work for a settlement of the strike.

Mr. Ward of the C.I.O. stated, there has been talk about some political motive behind this strike. The C.I.O. did not call the strike, they went out in sympathy with the A.F.L. This strike was started by the A.F.L. and if there is any political motive in this strike they cannot be laid to the C.I.O. We are not concerned with any political tricks in this matter, we are trying to settle the strike.

Motion to Recess.

Supervisor MacPhee moved, that we recess until 4:00 p.m., Wednesday, July 3, 1946.

Seconded by Supervisor Sullivan.

No objections and motion carried.

RECESS.

There being no further business, the Board at the hour of 1:15 p.m., recessed until 4:00 p.m. on Wednesday, July 3, 1946.

DAVID A. BARRY, Clerk.

WEDNESDAY, JULY 3, 1946—4:00 P.M.

In Board of Supervisors, San Francisco, Wednesday, July 3, 1946, 4:00 p.m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—8.

Absent: Supervisors Brown, Colman, Lewis—3.

Quorum present.

President Dan Gallagher presiding.

Supervisor Colman noted present at 4:30 p.m.

Supervisor Lewis excused from attendance.

Presentation of Guests.

The Chair presented Mayor William O'Dwyer of New York City.

Mayor O'Dwyer said, I just came to town in time to buy a trolley ride in San Francisco and to bring the congratulations of the country to the administration in the settlement of this transit strike. I came to renew an old friendship and to enjoy the charm of your City and to bring back to New York memories of the visit.

I hope that in the post war period you will have patience with the problems, as people in large communities must have patience. I believe we need much more patience in New York than in San Francisco.

Mayor Lapham remarked, this is an unusual pleasure to greet the Mayor of the city in which I was born and raised. We are glad to have the Mayor here. I am glad he arrived at the right time and, if necessary, we can assign him a trolley bus tonight.

Supervisor Gallagher stated, Mayor O'Dwyer, we are happy to have you present today.

Supervisor Gallagher then presented the following resolution:

✦ **Commending Certain Officials of the City and County of San Francisco for Their Efforts in Ending the Municipal Railway Street Car Strike.**

Proposal No. 5854, Resolution No. 5646 (Series of 1939), as follows:

Whereas, since 12:01 Sunday morning, June 30, 1946, there has been in progress in the City and County of San Francisco a strike for increased wages by the employees of the Municipal Railway, members of the two street car operators' unions, and

Whereas, while only one legal solution to the problem appeared available and was agreed to by the Board of Supervisors, namely the presentation to the electorate of a charter amendment next November under the provisions of which wages commensurate with prevailing wages in other jurisdictions in California would be provided, it appeared that an impasse had been reached and that the strike was destined to continue, thus further inconveniencing the people and interrupting the normal course of affairs in the community, and

Whereas, through the persistent, intelligent and industrious efforts of certain public officials of the City and County of San Francisco, a settlement of the street car strike which has paralyzed San Francisco for the past three days has been accomplished and service will

be resumed at 12:01 a.m., Thursday, July 4, 1946; now, therefore, be it

Resolved, That this Board of Supervisors cognizant of the untiring efforts and devotion to the interests and welfare of the people of the City and County of San Francisco on the part of those public officials through whose ministrations the strike was concluded, takes this opportunity to express to those public officials its heartfelt gratitude and to present for public approbation and commendation the names:

Roger D. Lapham, Mayor, City and County of San Francisco; George Christopher, Member of the Board of Supervisors; Chester R. MacPhee, Member of the Board of Supervisors; Patrick J. MacMurray, Member of the Board of Supervisors; Dewey Mead, Member of the Board of Supervisors; Dion Helm, Public Utilities Counsel; Harry D. Ross, Controller; William L. Henderson, Personnel Director and Secretary, Civil Service Commission; James H. Turner, Manager of Utilities.

and be it

Further Resolved: That this Board of Supervisors does hereby commend and express its gratitude to the members of the Police Department for the splendid work which was accomplished by those men under most trying and difficult conditions.

Discussion.

Supervisor Mead said, I have no particular objection but it is rather embarrassing to ask this Board to congratulate itself for doing a job that was their duty to do. We can congratulate the other departments but we should not congratulate ourselves.

Supervisor Gallagher explained, while all of the Supervisors assisted in trying to formulate plans that would settle the strike, the officials I named worked hard and credit is due them. I know that Mr. Mead, Mr. Christopher, Mr. McMurray and Mr. MacPhee do not wish that this Board should praise them, but I do believe that when something has been accomplished for the benefit of the City that the Board should recognize the fact and put the facts before the people of San Francisco to show that this Board was working to settle the strike. I believe it should become a part of the record to show that we have men who will go out and give service to the people.

Privilege of the Floor.

Supervisor Gallagher moved the privilege of the floor for Mr. Rotel, Acting President of the Labor Council.

Seconded by Supervisor Mead.

No objections and motion carried.

Mr. Rotel stated, I wish to express my thanks on behalf of the San Francisco Labor Council to the City Fathers who worked so hard to settle this strike. It wasn't an easy thing to do. There were certain commitments made by the Supervisors that they will aid labor in putting over the charter amendment that is going on the November ballot. I am going to make the first request for labor; my request is, that in taking you up on your pledge that you will support us, that this proposition will be No. 1 on the ballot.

Motion to Amend.

Supervisor Gallagher moved, that the name of Mayor Lapham be included in the resolution.

Seconded by Supervisor Christopher.

No objections and motion carried.

Discussion.

Supervisor Christopher remarked, I hope that I can be considered worthy of being mentioned in the resolution. I do not have to remind the members of the Board who went out to settle this strike, that we made many commitments and we promised these men that the commitments were not idle statements. If it is the wish of the Labor Council, and if they want to be No. 1 on the ballot, then I say that we should place that measure first on the ballot. I would like to see the proper legislation prepared to make certain that this charter amendment be placed No. 1 on the ballot.

Motion to Amend.

Supervisor Gallagher moved, that the name of James H. Turner, Manager of Utilities, be included in the resolution.

Seconded by Supervisor Mead.

No objections and motion carried.

Adoption of Resolution.

Thereupon the roll was called and the foregoing resolution, amended and reading as printed above, was adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Lewis—2.

Discussion.

Supervisor McMurray said, I want to give the greatest praise to Supervisor Christopher for the work that he did on this matter.

Privilege of the Floor.

Supervisor MacPhee moved the privilege of the floor for the various representatives of labor.

Seconded by Supervisor Mead.

No objections and motion carried.

Mr. John O'Connel, Secretary of the San Francisco Labor Council, stated, all of the members of the Board should be commended for their action on this matter. Everybody who was in on this matter should be commended. Cars will be rolling at midnight and I want to thank everybody who helped in this matter.

Mr. Ward, of the C.I.O., explained, the C.I.O. is heartily in accord with the purpose of the resolution. Everybody tried to settle this matter and on behalf of the C.I.O. I thank you all.

Motion to Number Charter Amendment No. 1.

Supervisor Mead moved, that the Clerk of the Board be and he is hereby directed to number the charter amendment for the street car operators No. 1 on the November ballot.

Seconded by Supervisor Gallagher.

No objections and motion carried.

Appointment of Committee for Preparation of Charter Amendment.

Supervisor Gallagher said, in line with the resolution I presented last Monday, for the appointment of a committee to draft the proposed charter amendment, I hereby appoint Supervisors Christopher, McMurray, Mead and MacPhee.

Discussion.

Supervisor Mead remarked, I will waive my appointment on the committee in favor of Supervisor MacPhee.

Supervisor Gallagher explained, Supervisor MacPhee is also a member of the committee.

Maintaining Rental Ceilings in All Hotels, Apartment Buildings, Flats, Private Residences and Other Dwellings Within the City and County of San Francisco at Those Levels Not Exceeding 15 Per Cent Above Those Prescribed by the Office of Price Administration Regulations Which Were in Effect on the Thirtieth Day of June, 1946; an Emergency Ordinance, and Providing Penalties for the Violation of This Ordinance.

Presented by Supervisor MacPhee, Judiciary Committee Recommendation:

Bill No. 4188, Ordinance No. 3921 (Series of 1939), as follows:

Maintaining rental ceilings in all hotels, apartment buildings, flats, private residences and other dwellings within the City and County of San Francisco at those levels not exceeding 15 per cent above those prescribed by the Office of Price Administration regulations which were in effect on the thirtieth day of June, 1946; an emergency ordinance, and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm, corporation, partnership, association, owner, lessor, sublessor, assignee, or other person receiving or entitled to receive rent for the use or occupancy of any dwelling or housing accommodation, including hotels, apartment buildings, flats, private residences and other dwellings within the City and County of San Francisco, previously bound by regulations of the Office of Price Administration, such regulations having been promulgated by and under the authority of the Government of the United States of America, to increase the rental for occupancy of such premises more than 15 per cent above the ceilings, levels or limitations prescribed by such regulations, in effect on the thirtieth day of June, 1946.

Section 2. Violations of this ordinance shall constitute a misdemeanor and shall be punishable by imprisonment in the county jail for a period not to exceed six months or by a fine not in excess of five hundred dollars (\$500) or by both such fine and imprisonment, and it shall constitute a new and separate violation for each day that a rental or other consideration is charged or permitted to be charged, for such premises as are hereinbefore designated, which rental or other consideration is more than 15 per cent over the ceilings, levels or limitations designated in section 1 of this ordinance.

Section 3. This ordinance is enacted as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being that there is a serious and extreme shortage of housing for human habitation in the City and County of San Francisco and as a result thereof, unless this ordinance becomes effective at once, in many instances rents will become inflated and extortionate and the residents of San Francisco will be evicted from their dwelling places and will be unable to find other places of habitation and therefore the enactment of said ordinance as an emergency measure is necessary for the preservation of public peace, health and safety.

Section 4. This ordinance shall remain effective for a period of

180 days after its passage, unless sooner repealed.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Lewis—2.

Discussion.

Supervisor Gallagher said, we all know that the O.P.A., as of June 30th, went out of existence, but, according to the papers, the Federal Government will pass legislation limiting rents. This legislation, before us today, is more or less stop gap legislation.

I have received many telephone calls and wires on this matter and it is the duty of San Francisco to protect its citizens. This legislation is a piece of legislation that can be followed without hurting anybody. Wages and costs have increased and the property owner is entitled to some relief.

Supervisor Mead stated, I would like to know what the effect would be with respect to where they have already raised the rents by 50 or 100 per cent.

Supervisor Gallagher replied, under the law, before you can raise the rent, you have to give the tenant 30 days' notice. If this ordinance is passed today, and signed by the Mayor, it becomes effective immediately.

Supervisor Mead asked, what happens to the individuals who have already paid an increase?

Supervisor Mancuso replied, a landlord cannot legally collect the increased rate.

Privilege of the Floor.

Supervisor Christopher moved the privilege of the floor for all interested parties.

Seconded by Supervisor Mead.

No objections and motion carried.

Mr. Christin, representing the Apartment House Owners and Lessees Assn., said, we requested our members not to raise the rents. By passing this ordinance you are not increasing the rents 15 per cent but are saying that no rent should be increased more than 15 per cent.

Mr. McKevitt, representing the Northern California Hotel Assn., stated, we advised our members not to send out notices increasing the rents. We are waiting until some legislation is passed on this matter. I believe that this ordinance should be passed.

Mr. Thompson, representing himself, explained, since 1942 the wages we have had to pay have doubled, but our rents did not increase. This increase would help the small property owner. I believe that the landlords should be protected against double occupancy and undesirable tenants.

Miss Burnett, representing herself, remarked, this ordinance will not equalize the values in the building. I believe that something should be placed in the legislation relative to eviction.

Mr. Mahoney, representing himself, said, this legislation is necessary for the property owner of San Francisco.

Mr. Peterson, President of the San Francisco Hotel Association, explained, we are in favor of a 15 per cent increase in rents at this time.

Mr. Burns, representing the Hotel Employees Association said, transient rates should be eliminated from the provisions of this

ordinance. Our costs have increased more than 100 per cent, while our rates have not been increased since 1938. Hotels should be exempt from this ordinance.

Mr. Walton, representing himself, remarked, it is not my position to accept a 15 per cent increase in rents as a permanent measure. I would like to add an amendment to provide for further negotiations in case Congress takes some action. The City of San Francisco is setting a standard for the whole State.

Mr. Finn, representing himself, explained, yesterday my landlord increased my rent 60 per cent. They should not be allowed to increase the rents at the present time because it is an opening for a higher increase in rents.

Miss Whaler, representing the Miscellaneous Employees Union, Local 110, A.F.L., stated, my union went on record as opposing this increase in rents. It is our position that rent control is absolutely necessary to protect the little people. If you give an increase now it will only lead to inflation.

Mr. Ward, representing the C.I.O., explained, by raising the rent 15 per cent you are paying the way for more increases in rents. Congress is now attempting to make up its mind as to what it should do. By passing this, you are asking Congress to increase the rents more. We are not in favor of an ordinance that will increase the rents. The ordinance does not take up the case of evictions. I request that you amend the ordinance and keep the rents as they were on June 30th.

Mr. Cameron, a member of Miscellaneous Employees Union, Local 110, A.F.L., remarked, by passing this ordinance you are going to give a 15 per cent increase that is not necessary at this time. The workers are not in a position to pay a 15 per cent increase in rents and many of them will have to move out of their places.

Motion to Take Matter Into Hands of Board.

Supervisor Christopher moved, that the matter be taken into the hands of the Board.

Seconded by Supervisor MacPhee.

No objections and motion carried.

Discussion.

Supervisor Mancuso said, the Judiciary Committee will consider the matter of eviction at its meeting on next Wednesday and also the matter of sub-leasing of rooms and inequities in apartment house values. I believe that the ordinance before us is an immediate solution to an emergency that does exist at the present time.

Supervisor MacPhee explained, many matters can be taken up by the Judiciary Committee and submitted to the Board for action. Unfortunately we cannot have a perfect bill; on both sides there are people who are causing trouble. We are trying to help all of the people of San Francisco. We believe that by adopting this legislation we will be doing something for the people. All of the landlords will not raise their rents 15 per cent. We ask the people of San Francisco to consider the emergency that exists and bear with us on this matter. I ask that the members of the Board approve this matter.

Supervisor Mead stated, I am not against this legislation, but I would like to know what becomes of the people who have been procuring more rent than they should have. What will stop these people from adding 15 per cent to their rents.

Mr. Holm explained there is nothing in this ordinance that will correct an existing condition. If one of these so-called "chislers" adds on a 15 per cent increase, I believe he can be reached by the

language that says he shall not charge more than 15 per cent of the legal rents in effect as of June 30th.

Supervisor Mead inquired, how is this proposed legislation to be enforced?

Mr. Holm answered, it is wholly a penal ordinance and whenever there is an infraction of it, the person making a complaint will have to go to the District Attorney and make the complaint.

Supervisor Mead asked, what happens to the tenant who is being taken advantage of and knows that he will be thrown out of his house if he does make a complaint?

I feel that legislation of this type should be passed, but I feel that there should be enough teeth in it to enforce it. I realize labor has received a good increase in wages, but I feel that if we adopt any legislation it should have sufficient amount of teeth in it to make it effective. If San Francisco adopts legislation like this, what happens to the rest of the counties in the Bay Area. Have they acted on anything like this?

Mr. Holm stated, this ordinance was gathered together hurriedly. It is not, by any stretch of the imagination, a complete scheme. San Francisco might have to make a program similar to the program of the O.P.A. The only practical thing that you can do is to pass an ordinance similar to this which is to stop any abuses. It will not stop the abuses but if you do pass it today, you will stop some of the abuses.

Thereupon the roll was called and the foregoing bill was passed as an emergency, by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Lewis—2.

Communication.

The Clerk read the following communication from Supervisor Marvin E. Lewis.

Dan Gallagher, President of the Board, and members:

Congratulations to the members of the Board of Supervisors for their equitable solution of the transit strike and also congratulations to the fair-minded leaders of both unions and the City Officials who worked so hard to effect this fair settlement. I pledge my full support to the charter amendment proposal and I will campaign for its acceptance by the voters. I regret my inability to get plane in time to return to help on rent crisis. Also you may add my vote in favor of any rent control measure that you may act on this afternoon.

Ordered filed.

Requesting Governor Warren to Call a Special Session of the Legislature With a View to Enacting Legislation That Will Stop Evictions and Unreasonable Increases in Rents.

Supervisor Mancuso presented as a recommendation of the County, State and National Affairs Committee:

Proposal No. 5836, Resolution No. 5645 (Series of 1939), as follows:

Whereas, that function of the Office of Price Administration dealing with rent control is no longer effective by reason of the fact that the Federal law which formerly made provision therefor has been abrogated, and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that the transition from war to normal conditions requires the exercise of some type of control over rentals to prevent unwarranted evictions and unreasonable increases in rentals; now, therefore, be it

Resolved, That his Excellency Governor Warren be and is hereby respectfully requested to call a special session of the Legislature for the purpose of enacting such legislation as, during the balance of the emergency, will prevent unwarranted evictions from residential properties and unreasonable increases in rent therefor.

Discussion.

Supervisor Gallagher said, I introduced this resolution because I believe that the Governor should call a special session of the Legislature on this matter and that San Francisco should bring to his attention the fact that San Francisco has acted on this matter.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Lewis—2.

City Planning Commission Overruled.

Appeal From Decision of City Planning Commission.

Hearing of appeal from decision of City Planning Commission, by its Resolution No. 3079, dated May 9, 1946, denying application to rezone property located on the southwest corner of Lombard and Webster Streets, from Second Residential District to Commercial District.

July 1, 1946—Consideration continued until July 8, 1946.

Discussion.

Mr. J. A. Bardini, representing the appellant, said, this property was acquired in 1910 by the father of the present owner. When Lombard Street was extended, 33 feet was taken away and the building was torn down. Nothing has been constructed since.

Some years ago the southwest corner of Chestnut and Lombard Streets was rezoned to a commercial district. The same situation is present at this corner. Lombard Street is no longer a residential street, it is commercial. Nothing can be built on the street but commercial establishments. Business is moving out to the street.

If the rezoning is permitted we will not put it to a low commercial use. Since we filed our petition, the entire block on the north side of Lombard Street between Webster and Fillmore Streets has applied for rezoning from first residential to commercial district.

Although we are not able to build at the present time, we would like to be able to go ahead as soon as materials are available.

Supervisor MacPhee inquired, what do you propose to use the lot for?

Mr. Bardini replied, we intend to build a store. It will be a store that will lend itself to that district.

Mr. Paul Lepori stated, we opposed the rezoning of this property because we thought that it was going to be a used car lot, but if they put a nice building on the property we will not oppose the rezoning.

Mr. Tilton, of the City Planning Commission, explained, the issue before you goes quite a bit beyond the mere matter of rezoning the lot. The Planning Commission is concerned with getting the traffic across the Golden Gate Bridge and into San Francisco with a minimum of traffic delay. We need a free movement on Lombard Street.

If we grant a rezoning on this property, and also across the street, you will not have a free, smooth channel, but a badly congested up traffic situation. The City Planning Commission denied this applica-

tion because they said that they were going to put in a used car lot. We did this in the belief that we were serving the best interests of San Francisco so that Lombard Street could remain a free arterial of traffic into San Francisco.

Mr. Mead remarked, Mr. Bardini said that they were not going to put in a parking lot. If that information was presented at the meeting of the City Planning Commission would your attitude still be the same?

Mr. Tilton answered, I am not certain just what the attitude of the Commission would have been if that had been brought forth at the Commission's meeting.

Supervisor Colman stated, it seems to me we had this same discussion some years ago when the street was widened and because of this we rezoned Chestnut Street. Is there a shortage of commercial property in that district?

Mr. Tilton replied, there seems to be a shortage of commercial property in that district because we received a number of applications for the rezoning of property.

Supervisor Colman said, your contention is that on account of the additional parking of machines that it would interfere with the flow of traffic on Lombard Street and it is better for homes.

Mr. Tilton answered, that is correct.

Supervisor Christopher remarked, if these people will use this property for the construction of a building, I will go along with them.

Mr. Bardini stated, there will be no used car lot or parking lot on this property.

Supervisor Colman remarked, the representative of the Planning Commission said that you did apply for a parking lot. I believe that the Board should have protection with respect to that regard. I believe that some assurance should be given.

Mr. Bardini replied, we will make any assurance that you desire.

Supervisor Brown said, as I understand it, these rezonings can be made conditional. The City Planning Commission can place some conditions in the resolution.

Supervisor MacPhee asked, would the Commission oppose the change if these people changed their application so that a used car lot would not be put on the property?

Mr. Tilton replied, I cannot pledge the action of the Commission on these matters.

Motion for Temporary Postponement.

Supervisor Meyer moved, that the matter be temporarily postponed.

Seconded by Supervisor Christopher.

Discussion.

Supervisor Mead stated, it can be stipulated in the resolution that no used car or parking lot can be constructed on this property.

Motion to Amend.

Supervisor Mead moved, that the resolution be amended by inserting therein "that no used car or parking lot will be installed without making a new application to the Commission."

Lost for want of a second.

Discussion.

Supervisor Lewis reexplained, the City has no right to make spot zoning on particular pieces of property. I have always been opposed

to spot zoning because I believe that it violates the zoning ordinance. We cannot take one lot and say what it is to be. I believe that all of Lombard Street should be a commercial district. I think that we should ask the advice of the City Attorney on this matter.

Thereupon the roll was called and the motion to temporarily postpone was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Subsequent in the meeting the Board again considered the matter of the rezoning of the southwest corner of Lombard and Webster Streets.

Supervisor Mancuso said, I would like to ask Mr. Tilton a question. I know that the Planning Commission has rezoned property with the stipulation that it be used for a certain business and if it is not used accordingly it goes back to what it was before. If this lot is rezoned, can it automatically refer back to the zoning classification it was before the rezoning?

Mr. Tilton answered, that would be referred back to the Board of Permit Appeals. This matter is something new. It is the first time that we have ever tried to work out a matter of this kind with the appellant.

Supervisor Mancuso remarked, you know that if this lot is rezoned and then the property is transferred, the stipulation will not mean a thing. What about the property at Nineteenth and Sloat Boulevard? That did not go into the Board of Permit Appeals, that went to the Planning Commission.

Mr. Tilton explained, if the property is not used for the express purpose then the Planning Commission takes steps to see that it is.

Supervisor MacPhee said, it was my intention before not to vote for this matter because I believe that the Planning Commission was correct in this matter. With this proposal there is a possible basis on which we can go ahead with it. It is still my opinion that you should withdraw your appeal and a year from now go back to the City Planning Commission and make a new application on this matter. We can't overlook the fact that we can't overcrowd Lombard Street.

Would you be willing to make a statement that under no circumstances would you construct a building there to which the Planning Commission would not approve?

Mr. Bardini replied, I would be willing to sit down with the Planning Commission and discuss this matter with them and do what they want. We will not apply for any permit to build on this property without applying to the Planning Commission so that they will know what we are going to do.

Supervisor Meyer inquired, does the City Planning Commission keep a record of these commitments. If it was recorded, then the people would have to live up to their statements.

Mr. Tilton replied, if it was recorded then it would be all right.

Supervisor Lewis stated, I believe that this property should be commercial and I do not believe that we should tell these people what kind of an establishment should be constructed there. Mr. Tilton, is this spot zoning?

Mr. Tilton answered, this is spot zoning.

Supervisor Lewis inquired, in the opinion of the Commission, do you believe that it will be for the best interest of San Francisco that this entire block should be commercial or remain residential.

Mr. Tilton replied, if you zone this corner you have established a basis on which the other properties could be rezoned to commercial.

Supervisor Lewis asked, if we sustain your appeal does it mean that this particular lot is going to be commercial and the rest of it residential.

Mr. Tilton remarked, this piece of property is adjoining a school yard.

The Clerk then presented the following proposal.

Disapproving Action of City Planning Commission in Denying Application to Rezone Property Located on the Southwest Corner of Lombard and Webster Streets From Second Residential District to Commercial District.

Proposal No. 5859, Resolution No. 5667 (Series of 1939), as follows:

Resolved, That the action of the City Planning Commission, by its Resolution No. 3079, dated May 9, 1946, denying application to rezone property located on the southwest corner of Lombard and Webster Streets from Second Residential District to Commercial District, is hereby disapproved.

Discussion.

Supervisor Colman explained, I am going to vote to sustain the City Planning Commission. They make the point that Lombard Street was built to carry the traffic to and from the Golden Gate Bridge. If we make this property commercial the rest of the people will come in and ask that their property be zoned commercial. If we do this, it will clutter up the street and it will not be able to handle all of the traffic on it.

The Planning Commission says that they could make Chestnut Street a commercial district to handle the commercial establishments that desire to go into that neighborhood.

Mr. Tilton said, there are certain pieces of property on Chestnut Street that could be made commercial to take care of these establishments.

Supervisor Christopher remarked, this piece of property cannot be used for anything but a commercial business. This property is located adjacent to school property. I do not want to prohibit a man from improving his property by denying him to build on it. This property cannot be used for an apartment house because it is next to a school yard. I feel that if we preclude this man from using this property as a commercial establishment then we are hurting this man. I do not feel that it can be used for residential property, accordingly I am going to vote to overrule the City Planning Commission.

Supervisor Brown stated, I believe that perhaps the Board is not taking into account what, to my way of thinking, is the major question. What will the people do with Lombard Street?

All we have to do is to look at Van Ness Avenue. This used to be a residential street but now all the building that is going to be done, on Van Ness Avenue, is for commercial businesses. Lombard Street is going to be commercial for its full length. It might not happen right away, but it will be done in the future.

Supervisor Lewis explained, I agree with Supervisors Christopher and Brown on this matter, but it is the opinion of the Planning Commission that we should have our streets free for traffic. While I would normally vote against spot zoning, because I do not believe in it, I am going to vote to override the Commission.

Supervisor MacPhee asked, did any off-street parking enter into this matter when it was before the Commission?

Mr. Tilton answered, not when it came to us, but that is what we are trying to keep our hands on.

Adopted.

The Chair then stated the question: A "No" vote sustains the Commission, an "Aye" vote overrules the Commission. It takes eight votes to overrule the Commission.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, Lewis, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Noes: Supervisors Colman, MacPhee—2.

SPECIAL ORDER—3:00 P. M.**City Planning Commission Sustained.****Appeal From Decision of City Planning Commission.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 3068, dated May 9, 1946, denying application to rezone property located on the east line of Thirty-ninth Avenue, 93 feet south of Noriega Street, from First Residential District to Commercial District.

July 1, 1946—Consideration continued until July 8, 1946.

Discussion.

Mr. George Sullivan, representing the appellant, said, this is an application to rezone property located on Thirty-ninth Avenue.

Noriega Street between Thirty-eighth and Thirty-ninth Avenues is now rezoned for commercial uses and it has been for some time. Mr. Costello owns the whole block on Noriega between Thirty-eighth and Thirty-ninth Avenues, and also two lots on Thirty-ninth Avenue. Mr. Costello plans to construct stores on this property.

The purpose of the rezoning is this. Mr. Costello thought of the idea of getting rid of the commercial vehicles and delivery trucks that come to load and unload their merchandise. He wants to construct a driveway so that the trucks can go in there and unload. This will do away with double parking and will relieve traffic congestion in this vicinity. The driveway will be closed at all times and it will have a roof on it. This driveway will be constructed under the supervision of the Department of Public Works. This is a plan for the future, it is a plan for the modern handling of traffic. It is in the interest of the development of this community to get the commercial vehicles off of Noriega Street.

Supervisor Christopher asked, how close is this driveway to presently constructed homes?

Mr. Sullivan answered, this block is not fully constructed as yet. Instead of getting only 20 per cent of the property owners to sign the petition, Mr. Costello got 70 per cent. There are only about four houses in this area.

Mr. Carl H. Allen, representing the protestants, stated, the people living in this neighborhood cannot see where this project would be of benefit to them. The neighborhood, when they signed the petition for appeal, did so with the thought that Mr. Costello should have the privilege of appealing. We did not know what Mr. Costello had in mind. Now we find that he is going to close the driveway. He forgets that no truck driver will close and open doors. The trucks will not use the driveway, they will park in front of the store and load and unload their merchandise.

This is an attempt to convert an additional 25 feet of residential property to commercial property. If Mr. Costello gets away with this, other owners of property will try to do the same thing.

Supervisor Colman said, the attorney said that 70 per cent of the people in the 300 feet radius were in favor of the appeal. I understood you to say that they favored him to take the appeal but that they did not favor the decision of the City Planning Commission being overruled.

Mr. Sullivan replied, that is what some of the people told me. The people in the close proximity of the property are not in favor of the rezoning. Mr. Costello told the people that unless they signed the petition that a bowling alley would be installed. We feel that there is going to be a definite traffic hazard out there. There will be children on the street and it is possible that some of them might be hit.

Another objection is that the driveway is going to be a "catch all." All of the merchants will be dumping their refuse in that driveway.

Mr. Russell Powell, representing the Sunset Community Club, opposing the rezoning, stated, we are in favor of the City Planning Commission's decision on this matter. We believe that the Commission should be sustained in this matter.

Mr. Sullivan stated, Mr. Costello is not here because he is in the hospital, so I am not in a position to answer the charges made by Mr. Allen because I do not know whether or not he did make these statements.

Mr. Costello is sacrificing two pieces of property on which he could build homes so that he could construct this driveway.

Mr. Tilton, of the City Planning Commission, remarked, the Planning Commission felt that they were disposed to support the views of the people in the neighborhood who had to live right up against this development. The Commission feels that the whole scheme was too tight, too overloaded and not sufficient provision for circulation and movement. The situation gets back again to the matter of parking, loading and unloading. The Commission felt that if the scheme had been presented to the neighbors before it came to the Planning Commission, the Commission might have been able to go along with it.

Supervisor Lewis asked, isn't it bad planning to spot zone?

Mr. Tilton answered, it is very bad and we are trying to get away from that.

Supervisor Lewis inquired, isn't it true in planning that you must have an entire district zoned one way or the other?

Mr. Tilton replied, that is true.

Supervisor Lewis remarked, in looking at this matter, where they are trying to take one piece of property and zone it, it violates all rules of planning. This is not for the best interest of San Francisco. We have a Planning Commission which is supposed to make a plan for the future of San Francisco. That is why I am going to vote against all spot zoning.

The Clerk then presented the following proposal:

Refused Adoption.

Disapproving Action of City Planning Commission in Denying Application to Rezone Property Located on Thirty-ninth Avenue, 93 Feet South of Noriega Street, From First Residential District to Commercial District.

Proposal No. 5867, Resolution No. . . . (Series of 1939), as follows:

Resolved, That the action of the City Planning Commission by its Resolution No. 3068, dated May 9, 1946, denying application to rezone property located on Thirty-ninth Avenue, 93 feet south of Noriega Street, from First Residential District to Commercial District, is hereby disapproved.

The Chair then stated the question: An "Aye" vote overrules the City Planning Commission and a "No" vote sustains the Commission. It takes eight votes to overrule the Commission.

Thereupon the roll was called and the foregoing proposal was *refused adoption* by the following vote:

Noes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

NEW BUSINESS.

Adopted.

The following recommendations of Finance Committee were taken up:

Electing Gerald P. Haggerty as Director of the Golden Gate Bridge and Highway District.

Proposal No. 5778, Resolution No. 5647 (Series of 1939), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby elect Gerald P. Haggerty as a Director of the Golden Gate Bridge and Highway District for the City and County of San Francisco, for the unexpired portion of the term of Hugo D. Newhouse, deceased.

Motion to Amend.

Supervisor Colman said, I would like to offer an amendment to this resolution.

Supervisor Colman moved, that the name of Rene Vayssie be substituted for Gerald P. Haggerty.

Seconded by Supervisor Brown.

Discussion.

Supervisor Colman stated, it isn't that I have anything against Mr. Haggerty. I am placing before you a well known man in San Francisco. His name has appeared before you in the past and it was my impression that the members of this Board, who were here then, went on record as favoring the appointment of Mr. Vayssie to the next vacancy on the Board of Directors of the Golden Gate Bridge.

I recommend that he be appointed and fulfill a pledge that was made to Mr. Vayssie.

Supervisor Brown remarked, I know Mr. Haggerty and it is a matter of some embarrassment to be placed in the position I am. This Board, on the occasion of its last two fillings of the vacancy on the Bridge, considered the name of Mr. Vayssie. The first time he was assured that he would be given the next vacancy, but when the vacancy came up it was given to another man but Mr. Vayssie was definitely assured that he would be given the next vacancy on the Golden Gate Bridge. Six of the members who are on this present Board said that they would vote for Mr. Vayssie and we should follow through with our commitments.

Supervisor Gallagher said, I introduced the resolution for the appointment of Mr. Haggerty and, although the Board had made a commitment to Mr. Vayssie, I believe that a man has a right to change his mind whenever he feels like it. I believe that Mr. Haggerty will fulfill the duties as a Director of the Golden Gate Bridge District. I think that Mr. Haggerty is a choice and a representative that this Board should appoint to the Golden Gate Bridge.

Supervisor Meyer explained, I would like to vote for Mr. Vayssie, but Mr. Haggerty did untold good for us up in the Legislature. I worked with him on many bills that interested the City and I believe that we should vote for Mr. Haggerty.

Supervisor MacPhee said, I would like to be able to vote for both of these men.

Supervisor Mead remarked, the original matter before this Board came from Committee. I am wondering if we are following the proper procedure, inasmuch as the original matter did come from Committee, by permitting an amendment to this resolution.

Supervisor Gallagher said, after I introduced this resolution, Mr. Colman introduced one with the name of Mr. Vayssie and these two resolutions were referred to the Finance Committee. The matter before the Board, at this time, is Mr. Haggerty. I read that Mr. Vayssie's resolution was tabled in the Committee.

Supervisor Mead explained, both names were submitted to Committee; Mr. Haggerty's came out with a "Do Pass" recommendation, and Mr. Vayssie's was tabled.

Supervisor Brown said, I believe if you read Rule 19 of the Board that it will throw some light on the subject. It says that it shall be the right of the Board to amend any proposal that is referred to the Board by Committee and which is adopted on the day of such amendment.

Supervisor Gallagher stated, I believe that the motion made by Supervisor Colman is in order.

Supervisor Mead remarked, I know both of these men. I was contacted and I did commit myself to vote for Mr. Haggerty.

Thereupon the roll was called and the motion to amend was defeated by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee, Sullivan—4.

Noes: Supervisors Christopher, Gallagher, Lewis, Mancuso, McMurray, Mead, Meyer—7.

Discussion.

Supervisor Colman explained, although I am keenly disappointed that the Board did not see fit to carry out what I considered an obligation on its part to do so, and as long as my desire to have Mr. Vayssie elected was not fulfilled, I will vote for Mr. Haggerty and wish him every success in his new position.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—11.

Adopted.

Resolved, In accordance with the recommendation of the Recreation Department, that the Mayor and the Clerk of the Board of Supervisors, on behalf of the City and County of San Francisco, a municipal corporation, as lessee, be and they are hereby authorized and directed to execute a lease with Kohler & Chase, a California corporation, as lessors, of the second floor in that certain building located at 1254 Market Street, San Francisco.

Said premises are required by the Recreation Department.

The form of lease shall be approved by the City Attorney.

Recommended by the Recreation Department.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Discussion.

Supervisor Lewis said, I do not understand what this means, a lease month to month beginning July, 1946, to September, 1946. Do you know for what it is being used?

Supervisor MacPhee explained, it is to be used for the photographic department of the Recreation Department.

Supervisor Lewis stated, I am opposed to the Recreation Department getting into the adult field of educational activity. It is all right if it is for the children but if it is for adults I am against it.

Motion to Postpone.

Supervisor Lewis moved that this matter be postponed for one week.

Seconded by Supervisor McMurray.

No objections and motion *carried*.

Motion to Re-refer to Committee.

Supervisor Mead moved, that this matter be re-referred to committee. The Associated Home Builders were not given an opportunity to be heard in committee.

Seconded by Supervisor MacPhee.

Privilege of the Floor.

Supervisor MacPhee said, before we do that, I would like to hear from Mr. Morris. This is the land where we plan to construct the Sunset Community Center.

Supervisor MacPhee moved the privilege of the floor for Mr. Morris of the Associated Home Builders.

Seconded by Supervisor Mancuso.

No objections and motion carried.

Mr. Morris stated, my organization heard of this matter only a little while ago. We are on record with the City Planning Commission opposing the proposed program for this property. We have let several contracts on this property and before the City goes ahead and purchases the property it should hear from the people who have the contracts.

Supervisor MacPhee remarked, by the same token, the City does not want to have any more contracts entered into so that it will cost the City more money. If you will assure us that no further contracts will be made I will be willing to let this matter go back to committee.

Mr. Morris replied, no more contracts will be let.

Thereupon the roll was called and the motion to re-refer to committee was *carried* by the following vote:

Whereas, the Public Welfare Department has transmitted to this Board of Supervisors a list, dated July 2, 1946, of persons who have been found to be dependent non-residents of the City and County of San Francisco and to whom emergency assistance has been granted in accordance with Ordinance No. 121 (Series of 1939); now, therefore, be it

Discussion.

Supervisor Brown said, this is the first time that this came up. I would like to go on record and I want to know how many people are involved and what the cost will be.

Supervisor Gallagher stated, we have a list here. Do you believe that we should publish the list on the Calendar?

Supervisor Brown remarked, all I want to know is how many people there are and how much money it will cost. I believe it will be interesting to the Board and we will be able to keep a record of how things are progressing and how much it is costing.

The Clerk was directed to forward a letter to Mr. Born and explain just what the Board desired on these matters in the future.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Refused Adoption.**Waiving Residential Requirements of the Charter for Class B245, Actuarial Statistician.**

Proposal No. 5848, Resolution No. . . . (Series of 1939), as follows:

Resolved, That pursuant to the provisions of Section 7 of the Charter of the City and County of San Francisco, and on the recommendation of his Honor the Mayor, the Civil Service Commission, and the Retirement Board, Class B245, Actuarial Statistician, is hereby exempted from the residential requirements of said Charter.

Discussion.

Supervisor Gallagher inquired, why are we going out of San Francisco to get an Actuarial Statistician.

Mr. Harry Albert, of the Civil Service Commission, said, this is a permanent job. This is one of the jobs that we are making to take over the position of Mr. Nelson and we received only one application.

Supervisor Gallagher stated, I cannot believe that out of 800,000 or 900,000 people that we have to go out of town to fill the job. I am going to vote against it.

Supervisor MacPhee remarked, I have always voted to waive residential qualifications to fill a limited tenure position. I believe that we should not go out of town to fill a permanent position.

Supervisor Colman asked, just what has been done?

Mr. Albert replied, a position was established and the announcement of an examination was published. We notified every place where we thought we could get applicants. Several employee groups appeared before the Commission and requested that it be made a promotional position. The Commission said that it could not be made a promotional examination.

Supervisor Christopher stated, if the Civil Service Commission cannot find any help they should come to me. I always can get help. I believe that we should fill this job from the residents of San Francisco.

Supervisor Gallagher explained, I believe that we should turn it down. I think that the Civil Service Commission should try to find a man from San Francisco.

Privilege of the Floor.

Supervisor Lewis moved the privilege of the floor for Mrs. Minudri.

Seconded by Supervisor MacPhee.

No objections and motion carried.

Mrs. Minudri said, several of the employee groups requested the Civil Service Commission to make this a promotional examination, but the Civil Service Commission said that they could not. We believe that this examination did not receive sufficient publication. We do not believe that you should go out of San Francisco to get a man for this job.

Discussion.

Supervisor Colman remarked, I believe that we should waive the residential qualifications for this job. If we cannot get a good man for this job we should go outside of the city to get him. Mr. Nelson must know what he is doing if he makes the recommendation that we go out of the city and get the man. I am going to support him.

Supervisor Christopher stated, perhaps one of the reasons that they cannot get the men for the job is because they do not pay

enough money. Maybe they should go back and see if they can up the salary a bit.

Thereupon the roll was called and the foregoing proposal was *refused adoption* by the following vote:

Discussion.

Supervisor Mancuso said, this is the matter that was on the Calendar before. This comes about as the Saturday morning meeting on June 1, when we deleted these two positions from the Annual Salary Ordinance. I voted for it then because I thought it was the thing to do. After an explanation by the Sheriff, I realize that we did not do the right thing.

Supervisor Brown stated, I am prepared to vote on this matter today, and I believe that it should be acted upon now.

Supervisor Mancuso remarked, this is to put the two D66, Superintendent of Jails, back in the list authorized to work more than 40 hours a week with time off for the work performed after 40 hours. The Sheriff has explained that this is a six-days-a-week job.

Supervisor Gallagher explained, all the Superintendent of Jails requests is that he be given time off if he works more than 40 hours a week.

Sheriff Murphy said, the fact is that if you do not put this classification back into that category you will have to give the time off in the same or during the following week, and it will mean that these men will work only 40 hours in any week and if they work more than that they must be compensated, for that time worked, at time and one-half. This is to take these men out of this classification and put them on a 40-hour week without reduction in pay.

Supervisor Brown said, as I understand it, Sheriff, you are in favor of the ordinance as it appears before us.

Sheriff Murphy replied, I am in favor of putting them back into the ordinance.

Supervisor Brown stated, you, then, are asking us to vote in favor of this ordinance on the Calendar.

Sheriff Murphy answered, that is correct.

Supervisor Colman inquired, you request a "Yes" vote on this particular number, is that correct?

Supervisor Murphy said, that is correct.

Privilege of the Floor.

Supervisor Sullivan moved the privilege of the floor for Mrs. Minudri.

Seconded by Supervisor MacPhee.

No objections and motion carried.

Mrs. Minudri explained, we brought this matter to you before because we felt that these men were being forced to work in excess of what you prescribed. You voted for a 40-hour week. We contend that these salaries are based on a 40-hour week and that these men should receive time off for time worked in excess of 40 hours a week. These two men have regularly worked the extra eight hours a week without time off. If you delete these men from this provision, you are not giving them any increase, you are merely putting them back to what they were receiving before.

It is unfair to ask these men to work eight hours a week extra without time off. The issue is plain, it is a 40-hour week and the salary is based upon a 40-hour week. The City Attorney told us that it could not be done any other way.

Mr. Hollingberry, Under Sheriff, stated, the issue has been clouded. It has been said that these two Superintendents have been treated unfairly.

They have been raised from \$235 per month to \$460 per month, their present salary. If they were to be placed on a 40-hour week they would have received less pay than they are receiving now.

I was told by a member of the Civil Service Commission that the fact-finding body of the Civil Service Commission submitted \$360 per month, with 20 per cent additional for Saturday. The Civil Service Commission said that these men work 49 hours a week so we should fix the salary on a 48-hour week, and they could receive time off at the discretion of the Sheriff.

It has been said that these men have not received time off for the time worked. The Sheriff has always looked after the interest of the working people and these Jail Superintendents, who were getting \$235 per month, are now making \$460, have had time off continuously. They have been off at 1:00 in the afternoon; they have had personal business in Fresno. The Superintendent of Jail No. 2 arrives at 9:00 o'clock in the morning to put in his eight hours. We have never refused time off when a reasonable request was made.

Mr. John O'Connell, secretary of the San Francisco Labor Council, remarked, I support the statements made by Mrs. Minudri. It is a clear case of discrimination. These men should be given the same rights that are given to everybody else. The word "may" should not be in the ordinance. Why should it be left up to the discretion of the head of the department? These men should have the time off of the money should be paid to them. The question of money has nothing to do with these changes. If these men have to work more than 40 hours, why shouldn't they be given time off?

Mr. Albert, representing the Civil Service Commission, said, Mr. Hollingberry stated the case pretty well. When the Commission set the rate of \$460 they knew that these people were working regularly a 6-day week, and to take them out of this particular section would add another 20 per cent to the \$460. The Civil Service Commission know that the time they set \$460 per month, that these people were working this time and if they work overtime they would not be paid for it but they would receive time off if the head of the department saw fit.

Supervisor Christopher asked, just prior to this last raise, were these men receiving \$400 per month?

Mr. Albert replied, they were receiving \$400 and were in this section.

Mrs. Minudri remarked, in the case of the Assistant Superintendent of Sewer Repair, he was raised to the same salary as the Superintendent of Jails, and he received an additional 10 per cent for the four hours he works on Saturdays.

The statement was made that the Superintendent of Jail No. 2 did not arrive until 9:00 a.m. The reason for this is because the

Superintendent of Jails has to take the station wagon back to the jail and he takes no lunch hour at all.

Mr. Hollingberry answered, it is true that the Superintendent of Jails brings the car later. We have other automobiles and he could come out in one of those. It is not a question of cars, we have plenty of them. These men are the Superintendents of Jails and they should be there to supervise the jails. These men have received much time off.

Mr. Dan Scannell said, I know that these men do not have to work 48 hours a week. On holidays they are away, on both night shifts they are not in the jail. These jobs can be filled on a 5-days-a-week basis. In Seattle county jails the Superintendent gets \$480 per month for a 40-hour week. This is discrimination against the employees of the Sheriff's department.

Consideration Continued.

The following, from Public Health and Welfare Committee without recommendation, was taken up:

Present: Supervisors Christopher, Sullivan.

Urging the Housing Authority to Adopt a Policy of Non-Discrimination and Non-Segregation in Consideration of Veteran Applicants for Units in Housing Projects.

Proposal No. 5718, Resolution No. . . . (Series of 1939), as follows:

Whereas, the gravity of the housing problem facing veterans has been recognized officially by various acts of the Board of Supervisors and city administration, including establishment of the Veterans' Housing Bureau and appropriation of funds for conversion of federal structures to emergency apartments for veterans and their families; and

Whereas, men and women of all races, colors, creeds, and ancestries served honorably in our armed forces during the war, many with heroism and outstanding devotion to duty; and

Whereas, it is the policy of the Board of Supervisors of the City and County of San Francisco that there shall be no discrimination by reason of race, creed, color, or ancestry in the administration of public funds or of programs entailing tax exemption or other forms of contribution; and

Whereas, it is found that the practice of separation or segregation of tenants according to color by the Housing Authority of the City and County of San Francisco means that it is impossible for a fair and impartial "first come, first served" principle to govern the distribution of available public housing units to applicants, and therefore that this practice of segregation actually involves discrimination; and,

Whereas, in comparison with the relative numbers of white and non-white veterans registered at the Housing Bureau, the discrimination against colored veterans resulting from the practice of segregation has reached serious proportions in recent months, both as to numbers and quality of public housing units made available; and,

Whereas, it is both a matter of record and of widespread agreement among experts in interracial relations that trouble between white and non-whites invariably occurs in those communities or sections of cities where segregation is the basic pattern of housing occupancy, and that such trouble does not occur in so-called mixed sections where people live as neighbors; and

Whereas, there is ample evidence in California, notably in Marin City and Los Angeles, of the ability of Americans of many backgrounds, including Negroes and southern whites, to live in harmony as neighbors under enlightened public housing management; now, therefore, be it

Resolved, That this Board of Supervisors reaffirms the rights of all veterans, regardless of race, color, creed, or ancestry, to equal treatment at the hands of all public agencies of this City and County, and therefore, other factors being equal, to equal access, on a basis of "first come, first served," to all public housing for veterans operated by the Housing Authority of the City and County of San Francisco, and be it

Further Resolved, That this Board of Supervisors hereby urges upon said Housing Authority immediate adoption of a policy of non-discrimination and non-segregation, and of any and all procedures, in cooperation with the Veterans' Housing Bureau, which will eliminate existing injustices and guarantee to all veteran applicants for

housing that they will be housed solely according to their seniority on one master waiting list, without regard to race, color, creed, or ancestry.

June 10, 1946—Consideration continued until July 8, 1946.

Discussion.

Supervisor Christopher said, the Committee took this matter up in great detail and heard both sides of the story. I believe that this matter should be adopted today.

This matter comes to the Board "without recommendation" because there were only two members present and one was for and one against the proposition.

Motion to Postpone.

Supervisor Sullivan moved that the matter be postponed for one week.

Seconded by Supervisor McMurray.

Discussion.

Supervisor Mead stated, I would like to ask a question. Were the people who are requesting a postponement given an opportunity to speak in Committee with respect to this matter.

Supervisor Sullivan explained, the Adjutant General of the American Legion and other members of the American Legion were present at the meetings.

Supervisor Mead inquired, were there a series of meetings on this matter in Committee?

Supervisor Sullivan, replied, there were two meetings on this proposal.

Supervisor Mead remarked, I would like to ask Mr. Sullivan if these people would be able to present anything new on this matter.

Supervisor Sullivan answered, they might have, I do not know for certain.

Supervisor Mead asked, was Mr. Beard present at the meetings.

Supervisor Christopher said, he was invited to attend the meetings, but he did not come to any of them.

Supervisor Colman stated, when the matter was first heard in Committee, at the request of Mr. Beard, the matter was postponed for one week. Then at the following meeting the veterans were heard on this matter. They made their protest and as far as I am concerned we gave them a courteous hearing and I feel that their protests were not as strong as the people in favor of this matter. I will oppose any further delay after today.

Thereupon the roll was called and the motion to postpone was carried by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—10.

Absent: Supervisor Brown—1.

Motion to Set as Special Order.

Supervisor Christopher moved that this matter be made a special order of business on next Monday at 2:30 p. m.

Seconded by Supervisor Colman.

No objections and motion carried.

Supervisor Sullivan said, I believe that Mr. Beard should be here.

Supervisor Sullivan moved that the Board go on record and insist that Mr. Beard be here on next Monday.

Seconded by Supervisor Christopher.

No objections and motion carried.

The Clerk was directed to send telegram to Mr. Beard inviting him to attend next Monday's meeting.

Leave of Absence—Dan S. Hewitt, Member of the Board of Trustees of the War Memorial.

The following recommendation of his Honor, the Mayor, was taken up:

Proposal No. 5864, Resolution No. 5673 (Series of 1936), as follows:

Resolved, That in accordance with the recommendation of his Honor, the Mayor, Mr. Dan S. Hewitt, Trustee of the War Memorial, is hereby granted a leave of absence for the period June 29 to July 15, 1946, both dates inclusive, with permission to leave the State; and be it

Further Resolved, That Resolution No. 5642, adopted July 1, 1946, is hereby rescinded.

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—10.

Confirming Appointment of Frank A. Flynn to Board of Trustees, War Memorial.

The Clerk presented:

Proposal No. 5862, Resolution No. 5671 (Series of 1931), as follows:

Whereas, pursuant to the provisions of Section 44 of the Charter, his Honor, the Mayor, has appointed Frank A. Flynn as a member of the Board of Trustees of the War Memorial of San Francisco, vice E. Lawrence George, resigned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in meeting assembled, does hereby approve and confirm the appointment of Frank A. Flynn as a member of the Board of Trustees of the San Francisco War Memorial.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Condemning Use of Recall Procedure in Cases Where There Is No Dishonesty, Corruption, Malfeasance, Misfeasance or Incapacity.

Supervisor Gallagher presented:

Proposal No. 5863, Resolution No. 5672 (Series of 1936), as follows:

Whereas, the Charter of the City and County of San Francisco provides a method for the recall of public officials; and

Whereas, recall proceedings pursuant to the Charter have been initiated for the purpose of recalling Roger Lapham, Mayor of the City and County of San Francisco; and

Whereas, the fundamental purpose of recall proceedings as they have historically developed in our government has been to recall from their positions only such office holders as have been dishonest and corrupt, or those who have shown an utter incapacity due to

illness or otherwise to properly handle public affairs entrusted to them, or those who have been guilty of malfeasance or misfeasance in office; and

Whereas, there is no place in American government for the recall of an office on the basis of policy or difference of opinion; and

Whereas, a recall movement predicated entirely upon a difference of opinion or policy or the use of judgment leads to the destruction of the whole recall principle; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that the recall of a public official who has not been dishonest or corrupt or guilty of malfeasance or misfeasance in office, and who has shown no incapacity to perform his duties, should not take place, and that it is further the sense of this Board of Supervisors that only in cases where there is dishonesty, corruption, malfeasance or misfeasance in office, or utter incapacity to perform public services should recall proceedings be initiated.

Discussion.

Supervisor Gallagher said, I am a friend of Mayor Lapham. It is true that on much of the legislation that has come before the Board the Mayor and I have not agreed. Next Tuesday is the day for the recall election and there has been no proof that Mayor Lapham has been derelict. I believe any man who is in public office has the fear that if such a recall is successful he can be recalled for any reason at all.

Supervisor Sullivan stated, I feel that any recall is an insult to this Board of Supervisors.

Privilege of the Floor.

Supervisor Gallagher moved the privilege of the floor to Mr. Bernard Freed.

Discussion.

Supervisor Brown remarked, I object to the privilege of the floor. This is a matter that concerns the Board and we do not need any outside advice.

Supervisor MacPhee explained, I feel that I have a very fair right to express my opinion in this matter. Had I been elected the Mayor instead of Mayor Lapham, I feel that the people would have the right to recall me at any time they desired. I feel that Mayor Lapham should be allowed to finish his term and until it can be proven that he has done something wrong, that cannot be righted, then he should be permitted to finish his term.

Supervisor Mead said, I do not believe that Mayor Lapham should be recalled because I believe it is an attempt, by certain groups in San Francisco, to recall the Mayor because they do not like his opinions.

If anybody is to be recalled because they expressed an opinion, then everyone who opposed the Mayor should also be recalled because they too expressed an opinion. The worst war in the history of the world has just been concluded and the major issue of the war was just to give the people an opportunity to express an opinion.

I consider it a privilege and an honor to vote for this resolution.

Supervisor Gallagher explained, Mayor Lapham did not give me this resolution.

Supervisor Colman stated, this did not come from the Mayor. I concur in everything that has been said. An honest difference of opinion is not the reason for a recall. Suppose the recall was successful, then the election of a new Mayor would be left to the decision

of the Board of Supervisors, and that is not the true democratic form of government.

On his record, the Mayor has fulfilled his office. He brought about the consolidation of the railroads. He tackled the sewer bonds and the airport bonds, and he was successful in both of these. The Mayor has not done politics in his office. I am proud to vote for this resolution.

Supervisor Brown remarked, I want to subscribe to everything that has been said. The people of San Francisco have an opportunity, now, to officially determine whether or not they want a man in public office who will express himself and put his expressions into action. If the recall is successful, it will mean that the people of San Francisco do not want this type of man and they would not get that type of man to run for the office of Mayor. We need that type of man in that office. The people of San Francisco must subscribe to the fact that they want in responsible positions, in this City, men who will and do assume the responsibility of the office.

Thereupon, the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—11.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Construction of Four-lane Highway From San Francisco to Sacramento.

Supervisor Brown said, I am going to again bring up the matter of the highway between here and Sacramento. I drove down this highway this morning and the situation has not improved. The situation will be relieved somewhat because they are going to open up a highway between Vacaville and Sacramento, but from Vacaville down it is a country road, only two lanes.

We can't do anything this year because the highway funds are all budgeted and will be spent the way the Commission feels will do the most good; but unless we start making a noise now, we will be left out in the cold next year.

I am going to urge that the Streets Committee take this matter up to see that the four-lane highway be made the first order of business.

Supervisor Meyer remarked, the Division of Highways will meet in Sacramento on July 18th. Will you be able to attend the meeting with the Streets Committee?

Supervisor Brown replied, I will be able to go with you.

The Chair then authorized the Streets Committee and Supervisor Brown to attend the meeting in Sacramento.

Calling From Committee: Declaration of Policy re Farmers' Market.

Supervisor Christopher stated, I would like to call out of Committee the matter of the Farmers' Market relative to the placing of this matter on the ballot.

The reason I asked for this is because I understand that this matter is coming to the Board again and I would like to suggest to Mr. Brooks that if he is going to request an appropriation that he include the amount necessary for the continuation of the Farmers' Market. We have had a number of figures on this matter and they have all been different. I would like to know just how much it would cost

to operate the Market. In my computation, the total amount necessary would be in the neighborhood of \$100,000 and, if that is correct, that is the amount that should be specified.

Motion to Set as Special Order.

Supervisor Brown moved that the matter be set as a special order of business at 3:30 p. m.

Seconded by Supervisor Mancuso.

No objections and motion carried.

Adopted.

Supervisor Christopher presented:

Proposal No. 5860, Resolution No. 5669 (Series of 1939), as follows:

Whereas, platform men, bus operators and other employees of the Municipal Railway heretofore refused to perform their duties until provision was made for the payment of wages in excess of those provided for under the current Budget, Appropriation Ordinance, Standardization of Salaries Ordinance and Annual Salary Ordinance; and

Whereas, the said employees struck and discontinued operation of street cars and buses for the period commencing at 12:01 a. m., June 30, 1946, and ending at 12:01 a. m., July 4, 1946, during which time members of this Board, the Mayor and other City officials conferred and negotiated with the employees, who agreed to return to work and operate the street cars and buses providing a Charter amendment would be submitted to the voters at the next General Election to be held November 5, 1946. This Charter amendment shall provide for the fixing of wages of platform men and bus operators, by the Board of Supervisors, at rates which shall be the average of the two highest rates paid by street railway systems in the State of California as of July 1 in any year and that the current wages paid platform men and bus operators shall be retroactively fixed as of July 1, 1946, with the additive provision that the minimum wage to be paid shall not be less than the currently prevailing wage effective July 1, 1946. That platform employees and bus operators are to be paid one and one-half times the usual rate of pay for all work done on six specified holidays, and that all employees of the City and County engaged in crafts now subject to section 151.3 of the Charter shall, upon the passage of the amendment, have their wages increased in accordance with contracts existing as of July 1, 1946, between crafts and employers, and wages paid from July 1, 1946, in accordance therewith for the current fiscal year; and

Whereas, it was further agreed that the wage scale paid platform men shall provide that instructors shall receive 20 cents an hour in addition to their regular pay retroactive to July 1, 1946, and that the Manager of Utilities shall provide for allowing ten minutes additional time for turn-in and report-in for bus operators working regular schedules and a pro rata time increase for those working less than a regular shift; now, therefore, be it

Resolved, That this Board of Supervisors, by the passage of this resolution, hereby determines and declares that it will, in time for the next General Election to be held on November 5, 1946, submit to the voters of the City and County, an amendment to the Charter to provide for the foregoing increases of wages and improved working conditions and if adopted by the voters and ratified by the State

Legislature, this Board will pass the necessary legislation to put into operation the terms of the Charter amendment; and be it

Further Resolved, That the Public Utilities Commission and the Controller shall, out of revenues to be realized from the operation of the Municipal Railway, impound, set aside and earmark funds sufficient to pay the increased wages that may become effective from July 1, 1946, upon the passage of the Charter amendment described.

Discussion.

Supervisor Mead inquired, was this prepared by the City Attorney? Supervisor Christopher replied, it was.

Supervisor Mead asked, did representatives of both of the Street Car Unions have a chance to study this?

Mr. Holm answered, before the meeting I submitted this to Mr. Ward and Mr. Foley and Mr. Davis and they said that it was alright.

Supervisor Christopher said, this resolution met with the approval of the Mayor and it was part and parcel of the agreement when this controversy was settled.

Mayor Lapham stated, I have not read the resolution, but if it carries out the intent of our thoughts I am in favor of it.

Supervisor Gallagher inquired, are we empowered to freeze money by resolution or do we have to do it by ordinance?

Mr. Holm answered, it is merely a direction to the Controller and the Public Utilities Commission that they take into consideration the fact that the people may pass this Charter amendment that will make wages retroactive. It is a formal calling to their attention the agreement entered into between the City and the labor unions. It would not make any difference whether it was by resolution or ordinance.

Supervisor Colman remarked, we have asked the unions as to whether they approve of this and they do. The Mayor and the Public Utilities Commission have not had an opportunity to read it. I believe it would be advisable to give the Mayor and the Utilities Commission an opportunity to read it and then we will know that it has their approval, and then we can vote upon it.

Supervisor MacPhee explained, this was prepared by Mr. Holm, who is attorney for the Public Utilities. I believe that we can depend upon the Mayor's fairness that if there is anything wrong with it he will veto it and if he is in favor of it he will sign it.

Mayor Lapham said, if it carries out the intent, I will sign it.

Mr. Holm stated, it does. It merely stated what you authorized me to do. We can amend it if we find that there are errors in it.

Thereupon, the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Adopted.

Commending First Annual Fishermen's Fiesta, Fishermen's Wharf,
July 27-28.

Supervisor Colman presented:

Proposal No. 5865, Resolution No. 5674 (Series of 1939), as follows:

Whereas, the romance and color of San Francisco's Fishermen's Wharf have contributed in large measure to the national affection and esteem in which San Francisco is held; and

Whereas, Fishermen's Wharf has become an international attraction to tourists and a beloved landmark to the City's residents; and

Whereas, the fishermen and the fishing industry have drawn up plans for a Fishermen's Fiesta to be held at the wharf July 27 and 28, celebrating the traditions and festivities of this ancient craft and demonstrating its growth into a billion-dollar industry on the Pacific Coast; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco herewith extend greetings to the fishermen and the fishing industry of San Francisco, and that it commends this first annual Fishermen's Fiesta to the people of San Francisco and to visitors in our City.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—10.

Absent: Supervisor Mead—1.

Meeting of the Public Buildings, Lands and City Planning Committee to Consider Urban Redevelopment and Post War Planning Report.

Supervisor Colman said, the Public Buildings, Lands and City Planning Committee will meet on Thursday at 2 p. m.

There are matters of importance to come up; one is the consideration of the report of the City Planning Commission relative to Urban Redevelopment, also the size of lots; the builders should be notified on this matter.

Supervisor Mancuso asked, Supervisor Colman, are you going to go into the other aspects of the Post War Planning Report?

Supervisor Colman replied, the Committee has tentatively agreed upon two projects; one is the solution of Market Street. The Mayor has appointed a committee to meet with the Board and make a report.

Eviction Legislation.

Supervisor Lewis said, I want to personally congratulate each member of the Board for the splendid work that they did on the street car strike.

I notice that the Board was considering certain ordinances that are very urgent. I notice that there were contemplated meetings of the County, State and National Affairs Committee and the Judiciary Committee and I saw fit to cut my vacation short by one week and appear before your Committee and see what I could do to help. I believe we should do something with respect to evictions. It may well be for a special meeting to be called so that the Board can enact this legislation. I understand that it is a very serious situation in San Francisco as to the number of evictions that are taking place.

Supervisor Brown stated, I understand that the body politic that has jurisdiction over this matter is the State and that no lower body can pass any legislation like this.

Supervisor Mancuso remarked, the City Attorney also called attention to the fact that in New York City they passed legislation relative to eviction and it was declared legal.

Supervisor Lewis explained, I would say that if such an ordinance is to be prepared time is of the essence and it should be passed as soon as possible.

Referred to Judiciary Committee.

Monies Due From the State.

Supervisor Mancuso said, at the meeting of the convention of the County Supervisors Association there was a matter brought to the attention of the Association, with respect to the \$10,000,000 that the

State had set up for the programs of the cities throughout the State. They brought out the fact that there was only \$3,500,000 applied for and if we did not apply that the money would go back to the State.

I inquired as to what San Francisco had done with respect to applying for its portion of the money, and I was informed that San Francisco has applied for all of the money allocated to it for sites and with respect to plans we have applied for approximately 50 per cent. There is a balance of \$250,000.

I believe we should commend Mr. Brooks for the manner in which he has handled this job.

Adopted.

Supervisor McMurray, joined by all members of the Board, presented:

In Memoriam—Frank J. McGovern.

Proposal No. 5866, Resolution No. 5675 (Series of 1939), as follows:

Whereas, Frank J. McGovern has been summoned by his Maker; and

Whereas, Mr. McGovern served as a member of the Board of Supervisors from 1927 to 1931; and

Whereas, prior to his election to the City's legislative panel, Mr. McGovern was Secretary of the San Francisco Milk Producers Association and was, for many years, Business Agent for the Milk Wagon Drivers' Union; and

Whereas, Mr. McGovern's passing will not only be deeply mourned by his anguished family, his wife, four sons and two daughters, but will be keenly felt by fraternal, social and business circles, where his friends were legion; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns this day, it does so out of respect to the memory of Frank J. McGovern, loving father and respected citizen; and be it further

Resolved, That the Clerk be directed, as an indication of the Board's esteem, to transmit suitably engrossed copies of this resolution to the family of the late Frank J. McGovern.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—10.

Absent: Supervisor Mead—1.

Final Passage.

Supervisor MacPhee presented as a Judiciary Committee recommendation:

An Ordinance Declaring the Existence of an Emergency and Regulating the Possession of Property and Evictions of Tenants from Property Used for Human Habitation and Providing Penalties for Violation Thereof; an Emergency Ordinance.

Bill No. 4205, Ordinance No. 3936 (Series of 1939), as follows:

An ordinance declaring the existence of an emergency and regulating the possession of property and evictions of tenants from property used for human habitation and providing penalties for violation thereof; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors hereby finds and determines that an emergency exists in respect to housing within the City and County of San Francisco. For several years last past there has been a dearth of housing accommodations in this City and County. During the war period, the influx of population to this area has resulted in additional and serious housing shortages. The demand for accommodations has so far exceeded the supply that in the absence of rent control laws it is apparent that great numbers of persons will be evicted and unable to obtain dwellings. The expiration of Federal rental controls has already resulted in service of many notices of termination of tenancy, with the prospect of widespread eviction of citizens at the end of the notice period. If evicted, neither this community nor the surrounding area has housing capacity to take care of such persons in a shift in accommodations, which inevitably will lead to much human suffering.

The Legislature of the State of California is not in session and cannot legislate to meet the emergency. It is probable that the

Congress of the United States will not be able to revive preexisting legislation or to provide substitutes therefor for several weeks, during which period the tenancy of large numbers of persons will terminate and evictions commence. Under the circumstances, this Board of Supervisors finds that it is likely that many tenants to be evicted will resist efforts at such eviction, and thereby promote public disorder, and that any extensive shift in accommodations for families within this City and County will result in increased demands made of public authorities to provide temporary shelter and accommodations at the public charge. This Board of Supervisors therefore finds that the immediate preservation of the public peace, health, welfare and safety require the passage of this ordinance.

Section 2. The term "housing accommodations" shall include any house, flat, apartment, room, boarding house, lodging house, hotel, inn, auto court, motel or trailer; and any building, structure or part thereof or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

The term "landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations.

The phrase "person, firm or corporation" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing.

The term "Emergency Price Control Act of 1942" includes its amendments such as the "Stabilization Act of 1942" and the "Stabilization Extension Act of 1944."

Section 3. (a) No landlord or other person shall remove any tenant so long as the tenant continues to pay the rent to which the landlord is entitled, not in excess of the fair and reasonable rent herein described, from any housing accommodations, by action to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any landlord or other person attempt, by service upon any tenant of notice of eviction or otherwise, such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, and regardless of any contract, lease, agreement obligation heretofore or hereafter entered into, which provides for entry of judgment upon the tenant's confession for breach of the covenants thereof or which otherwise provides contrary hereto, unless:

(1) **Tenant's refusal to renew lease.** The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year, or if the lease was for a term of more than three months and was nonseasonal in character, for a term of not more than one year, for a rent not in excess of the maximum rent, but otherwise on the same terms and conditions as the previous lease or agreement, except insofar as such terms and conditions are inconsistent with this provision; or

(2) **Tenant's refusal of access of landlord.** The tenant has unreasonably refused the landlord access to the housing accommodations for the purpose of inspection or of showing the accommodations to a prospective purchaser, mortgagee, or prospective mortgagee, or other person having a legitimate interest therein; provided, however, that such refusal shall not be ground for removal or eviction if such inspection or showing of the accommodations is contrary to the provisions of the tenant's lease or other rental agreement; or

(3) **Violating obligation of tenancy or committing nuisance.** The tenant (i) has violated a substantial obligation of his tenancy, other

than an obligation to pay rent and has continued, or failed to cure, such violation after written notice by the landlord that the violation cease, or (ii) is committing or permitting a nuisance or is using or permitting a use of the housing accommodations for an immoral or illegal purpose; or

(4) **Subtenants on expiration of tenant's lease.** The tenant's lease or other rental agreement has expired or otherwise terminated, and at the time of termination the occupants of the housing accommodations are subtenants or other persons who occupied under rental agreement with the tenant, and no part of the accommodations is used by the tenant as his own dwelling; or

(5) **Occupancy by landlord.** The landlord owned, or acquired an enforceable right to buy or the right to possession of, the housing accommodations prior to October 20, 1942, and has an immediate compelling necessity to recover possession of such accommodations for use and occupancy as a dwelling for himself, or has served during the period of the war emergency in the armed forces of the United States and in good faith seeks possession for his own occupancy.

(b) No landlord or other person shall remove or evict any tenant or commence any action therefor on grounds or conditions existing other than those stated hereinabove, except upon a written notice given to said tenant in manner and form as provided herein and by the laws of California at least six months before such removal, eviction or commencement of action; provided that as to any landlord who was honorably discharged or honorably released from military service during World War II in the Army, Navy, Coast Guard or Marine Corps of the United States such period shall be three months; and further provided that in any case such action may be taken on any such grounds only for the purpose of securing adequate housing accommodations for such landlord or his family. Any action for possession of housing accommodations shall be taken in accordance with the laws of the State of California except as herein otherwise provided.

(c) The provisions of this ordinance do not apply to a subtenant or other person who occupied under a rental agreement with the tenant, where removal or eviction of the subtenant or other such occupant is sought by the landlord of the tenant, unless there is a tenancy relationship between the landlord and the subtenant or other such occupant, nor to an occupant of a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord rents to not more than two occupants within such residence, nor to a family which on or after August 1, 1943, moves into a furnished room or rooms not constituting an apartment, located within the residence occupied by the landlord or his immediate family, where such landlord does not rent to any persons within such residence other than those in the one family, nor to a guest or tenant of a hotel having a right of occupancy of housing accommodations therein on a day to day or transient week to week basis only, nor to any action for the possession of housing accommodations pending on June 30, 1946, in which compliance with laws then in effect is proved by plaintiff on the trial thereof, nor to any such action whenever commenced in regard to the property which is the subject whereof the Administrator of said Federal housing laws and regulations has issued, on or before June 30, 1946, a certificate that the landlord may pursue his remedies in accordance with the requirements of local law.

(d) Every notice to a tenant to vacate or surrender possession of housing accommodations shall state the ground under this section upon which the landlord relies for removal or eviction of the tenant and the facts necessary to establish the existence of such ground.

Where the ground for removal or eviction of a tenant is non-payment of rent, every notice for eviction of a tenant of rent shall

state the rent for the housing accommodations, the amount of rent due, the rental period or periods for which such rent is due and the amount of the ceiling rental limitation in effect for said housing accommodations on June 30, 1946, under the Federal laws herein referred to.

Section 4. It shall be unlawful for any landlord to diminish, withdraw, impair, or discontinue the services, furniture, furnishings, or equipment furnished a tenant as part of the consideration for the rental, in effect as of June 30, 1946, or for a rental permitted by the provisions of Section 1 of Ordinance No. 3921 of said City and County and finally passed by this Board on July 3, 1946.

Section 5. The term "fair and reasonable rent" is the rent authorized and permitted under and by virtue of the Emergency Price Control Act of 1942, 56 Stats. 23, enacted by the Congress of the United States, together with the rules and regulations thereunder including the Rent Regulation for Housing, and Rent Regulation for Hotels and Rooming Houses, as the same existed and were applicable to the City and County of San Francisco as a part of the San Francisco Defense Rental Area, on June 30, 1946; to which may be added an increase of fifteen (15%) per cent, which this Board of Supervisors finds and determines to be a fair and equitable increase over and above the rentals so prevailing on June 30, 1946, under the Act and Regulations aforesaid.

Section 6. Any person convicted of violating any of the provisions of this ordinance shall be punishable by a fine of not more than \$500 or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Any violation of this ordinance shall constitute a misdemeanor.

Section 7. If any section, subsection, sentence, clause, phrase, or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase or portion thereof irrespective of the fact that any other portion thereof is declared invalid or unconstitutional.

Section 8. This ordinance is enacted as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being that there is a serious and extreme shortage of housing for human habitation in the City and County of San Francisco and as a result thereof, unless this ordinance becomes effective at once, in many instances rents will become inflated and extortionate and the residents of San Francisco will be evicted from their dwelling places and will be unable to find other places of habitation and therefore the enactment of said ordinance as an emergency measure is necessary for the preservation of public peace, health, and safety.

Section 9. This ordinance shall remain in effect for a period of ninety (90) days, after its passage, or until the effective date, if it occurs prior to the expiration of such ninety (90) day period, of any legislation of the State of California or of the United States enacted for the purpose of regulating evictions of tenants from housing accommodations during the emergency herein described.

Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee said, this ordinance provides for the same regulations, relative to evictions, as provided for by the O. P. A.

Mr. Holm, Assistant City Attorney, remarked it is the same as the O. P. A. From Section 3 on it will cover the provisions of the O. P. A.

Supervisor MacPhee stated, on Thursday afternoon the representatives of the various groups met with Mr. Holm, in the City Attorney's office, and went into the matter of drafting the legislation itself. I would suggest, at this time, that the Chair allow anyone who is interested in this matter to have the privilege of the floor to discuss the legislation.

Mr. Holm explained, in section 3C, eviction notices would not apply to the buildings stated herein. It provides that legislation pending on June 30th would not be affected by this ordinance. Those are the two outstanding things that the hotel people asked to be inserted.

This ordinance contains the outstanding provisions that the O. P. A. had in effect when it was discontinued. The penalty is \$500 or six months in the County Jail.

Supervisor Mead said, as I understand it, the only matter that it can enforce is when, and if, a tenant makes a complaint to the District Attorney's office.

Mr. Holm replied, that is correct. We do not have the machinery to carry on an investigation of all buildings. We would have to have a number of deputies to run around and check all of the buildings and follow through with court proceedings. It would require a tremendous bureau to do all of these.

Supervisor Mead stated, this is just about as far as we can go under the circumstances but, in my own opinion, I do not believe that it solves the problem at all.

Supervisor Lewis remarked, I believe that the answer to Supervisor Mead's question should be no. This ordinance could be enforced in a civil court. If a tenant is put out for reasons other than the exemptions, as set forth in the ordinance, he could come in and file a complaint. The judge in the civil court would examine the ordinance and see if the tenant could be put out.

Mr. Holm explained, if a landlord should increase the rents in excess of the ordinance that we have passed and then goes out and sues the tenant for the rent, then the tenant could use the ordinance against the landlord.

Privilege of the Floor.

Supervisor MacPhee moved the privilege of the floor for anyone interested in the ordinance and desiring to speak on it.

Seconded by Supervisor Mead.

No objections and motion carried.

Mr. Charles Christin, representing the Apartment House Owners and Lessees Association, said, you are going, in this ordinance, so far afield in the general principles of Americanism that it is void, it will never be able to be enforced in the courts. You are disturbing, by legislation, property rights. No one has been thrown out as yet. The landlord must give 30 days' notice. There is no hurry on this matter, we should wait until the Federal Government acts on this matter. You are going to have every tenant suing every landlord and every landlord suing every tenant. You have no emergency here today. You should wait on this matter.

Mr. Meyer Simon of the Lawyers' Guild, stated, I believe that this law will be upheld by the courts. A municipality may pass legislation on this matter because the State has not passed any legislation on it. This is an emergency and the Board not only has the right, but it has its duty, to pass legislation to protect its citizens. I urge that this piece of legislation be passed today.

Point of Order.

Supervisor Sullivan raised a point of order. We have a special order at 2:30 p. m. and we have a great number of people here.

The Chair ruled the point of order well taken.

Subsequent in the meeting the Board again considered the Eviction Ordinance.

Privilege of the Floor.

Supervisor MacPhee moved the privilege of the floor for any interested citizens.

Seconded by Supervisor Mancuso.

No objections and motion carried.

Miss Gertrude Barnett, representing herself, said, this legislation should not be passed by the Board. You should permit the landlords to operate their apartment houses in the manner that they see fit. The landlords should be given protection. By passing this law you are not permitting the landlord to evict people who should be evicted.

Mr. J. Ozamick, member of the Apartment House Association, remarked, this law should not be passed today. The tenants have protection by the laws of the State of California. By passing this law you will be isolating the property owner.

Mr. Joseph Burns, representing the American Legion, explained, this ordinance should be passed by the Board. It is a protection to the veterans who are returning from overseas service. The State and Federal Government might pass some law on this, but San Francisco should go right ahead and pass legislation on this matter without any delay.

Mr. Estolvo Ward, representing the C. I. O., stated, this matter was considered in committee and a meeting was held in the City Attorney's office. All difficulties were ironed out and this is as close to the O. P. A. as is possible. While we are waiting for Congress to act, San Francisco should go ahead and pass legislation to protect the people. This ordinance should be passed today by this Board.

Mr. Ben Rothbard, representing himself, said, I do not believe that this ordinance should be passed. No landlord will go out and spend the money necessary to evict a tenant. Landlords now are trying to get rid of the nuisances that they have had to put up with for four years. No landlord will evict a tenant that has been fair with him in the past. If you do not pass this legislation, you will find that the number of evictions will not increase.

Discussion.

Supervisor Lewis remarked, the City tried to be more than fair in the drafting of this ordinance. We invited renting groups, who would be interested in the drafting of this ordinance, to sit with us in the City Attorney's office. We prepared this ordinance for a period of 90 days or until the Federal Government acts upon the matter. If the Government does not act, then we can do something about it in 90 days.

I believe that this Board will pass this ordinance. Something must be done to stop the landlords from evicting people indiscriminately.

Mr. Christin was in favor of this ordinance when he appeared at the City Attorney's office.

Thereupon the roll was called and the foregoing bill was passed as an emergency, by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—10.

Absent: Supervisor Brown—1.

SPECIAL ORDER—2:30 P. M.**Board of Supervisors to Sit as Board of Equalization.**

SPECIAL ORDER—2:30 P. M.

The following, from Public Health and Welfare Committee without recommendation, was taken up:

Present: Supervisors Christopher, Sullivan.

Urging the Housing Authority to Adopt a Policy of Non-Discrimination and Non-Segregation in Consideration of Veteran Applicants for Units in Housing Projects.

Proposal No. 5718, Resolution No. 5693 (Series of 1939), as follows:

Whereas, the gravity of the housing problem facing veterans has been recognized officially by various acts of the Board of Supervisors and city administration, including establishment of the Veterans' Housing Bureau and appropriation of funds for conversion of federal structures to emergency apartments for veterans and their families; and

Whereas, men and women of all races, colors, creeds, and ancestries served honorably in our armed forces during the war, many with heroism and outstanding devotion to duty; and

Whereas, it is the policy of the Board of Supervisors of the City and County of San Francisco that there shall be no discrimination by reason of race, creed, color, or ancestry in the administration of public funds or of programs entailing tax exemption or other forms of contribution; and

Whereas, it is found that the practice of separation or segregation of tenants according to color by the Housing Authority of the City and County of San Francisco means that it is impossible for a fair and impartial "first come, first served" principle to govern the distribution of available public housing units to applicants, and therefore that this practice of segregation actually involves discrimination; and

Whereas, in comparison with the relative number of white and non-white veterans registered at the Housing Bureau, the discrimination against colored veterans resulting from the practice of segrega-

tion has reached serious proportions in recent months, both as to numbers and quality of public housing units made available; and

Whereas, it is both a matter of record and of widespread agreement among experts in interracial relations that trouble between white and non-whites invariably occurs in those communities or sections of cities where segregation is the basic pattern of housing occupancy, and that such trouble does not occur in so-called mixed sections where people live as neighbors; and

Whereas, there is ample evidence in California, notably in Marin City and Los Angeles, of the ability of Americans of many backgrounds, including Negroes and southern whites, to live in harmony as neighbors under enlightened public housing management; now, therefore, be it

Resolved, That this Board of Supervisors reaffirms the rights of all veterans, regardless of race, color, creed, or ancestry, to equal treatment at the hands of all public agencies of this City and County, and therefore, other factors being equal, to equal access, on a basis of "first come, first served," to all public housing for veterans operated by the Housing Authority of the City and County of San Francisco; and be it

Further Resolved, That this Board of Supervisors hereby urges upon said Housing Authority immediate adoption of a policy of non-discrimination and non-segregation, and of any and all procedures, in cooperation with the Veterans' Housing Bureau, which will eliminate existing injustices and guarantee to all veteran applicants for housing that they will be housed solely according to their seniority on one master waiting list, without regard to race, color, creed, or ancestry.

June 10, 1946—Consideration continued until July 8, 1946.

July 8, 1946—Consideration continued until July 15, 1946.

Privilege of the Floor.

Supervisor Sullivan moved the privilege of the floor for Mr. Newhall.

Seconded by Supervisor McMurray.

No objections and motion carried.

Mr. Newhall said, the Housing Authority has jurisdiction over this matter and the Board of Supervisors does not have any. If the Board passes this resolution the Housing Authority will have to request the Board to amend the agreement between the City and the Housing Authority. If the Board does not approve the resolution, then the Housing Authority will pass on matters of this type to a committee consisting of representatives of the Housing Authority.

I request that this Board turn this resolution over to the Housing Authority to permit them to appoint a veterans' committee and let them take care of it.

Supervisor Sullivan moved the privilege of the floor for Sam Herman.

Seconded by Supervisor McMurray.

No objections and motion carried.

Mr. Herman stated, I feel this matter should have been sent to the Housing Authority and not to the Board. This resolution was designed to attack Federal housing.

In six months' time, were a program of non-segregation to avail, there would be no vacancies for white veterans. I ask that this matter be referred to the Housing Authority.

Supervisor Colman moved the privilege of the floor for Mr. Edward Howden.

Seconded by Supervisor Christopher.

No objections and motion carried.

Mr. Howden remarked, it is entirely in order for the Board to consider a recommendation on this matter concerning policy. It is not a mandatory resolution. The Board of Supervisors are eminently qualified to recommend to the Housing Authority on this policy.

I wish to point out that under the present system of segregation, in public housing, there are two waiting lists among veteran applicants. This means that first come first served cannot operate as a principle of selection as to who shall get the first vacancy. It means that somebody will have to wait longer than he should to get a vacancy.

Segregation means discrimination. The question is whether or not public housing is going to be based upon first come first served for veterans. This proposal has a broad base of community support.

Supervisor Colman explained, this resolution was presented to the Board of Supervisors by Supervisor Christopher and myself. It came to us from the Central Council for Civic Unity. In the committee meetings all of the associations were present and spoke in favor of the resolution.

This housing is done with the public funds, the taxpayer's money, either by direct contribution or by the granting of land, which takes the land off of the tax roll. These projects are supported by the taxpayer's money. We have many negro taxpayers as well as white taxpayers. It is not right to take the taxpayer's money and then discriminate against the colored taxpayer.

As to segregation. I claim segregation is discrimination. If there was no discrimination there would not be any segregation.

It was stated that where there is no segregation there is apt to be trouble, but experience has shown the direct opposite. Where there is trouble there is segregation and discrimination.

Mr. Post, of the Federal Public Housing Authority, states that such an agreement would not meet with any opposition from the Federal Housing Authority. Non-segregation and non-discrimination is a sound policy. I believe that the ground has been very well covered.

According to the records available to the public 900,000 negroes served in the armed forces and acquitted themselves creditably and won for themselves the praise of their superior officer. I think it is our duty to afford them the privilege of first come first served in those projects that are carried on by the taxpayer's money. By passing this we will be going on record as favoring the things for which we fought in the last war.

Supervisor Christopher remarked, I concur in everything that Supervisor Colman said. I want to say that we endeavored to secure the counsel of the Housing Authority. We held meetings and asked them to attend but we could not get them to appear before us. On account of this, I would be reluctant to postpone this matter and send it back to the Housing Authority. I am ready to vote on this matter at this time.

Motion to Refer to Housing Authority.

Supervisor Sullivan moved, that this matter be referred to the Housing Authority.

Lost for want of a second.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—9.

Noes: Supervisor Sullivan—1.

Absent: Supervisor Brown—1.

SPECIAL ORDER—3:30 P.M.

The following, from Commercial and Industrial Development Committee, called out by Supervisor Christopher, was taken up:

Favoring Submission to Voters at General Election, November, 1946, of Declaration of Policy Concerning Operation of Farmers' Market.

Proposal No. 5717, Resolution No. . . . (Series of 1939), as follows:

Whereas, the lease of the site on which the Farmers' Market is at present located expires on June 30, 1946, and

Whereas, at the November, 1945, election, the people by a substantial majority, voted to continue the operation of the Farmers' Market, and

Whereas, efforts have been made to have the city finance the cost of a permanent Farmers' Market, the outlay estimated to range between seventy-five thousand and one hundred thousand dollars, and

Whereas, records indicate that during the past two years, the market has been barely able to meet its operating expenses, and

Whereas, while the Board of Supervisors does not wish to contravene the edict of the people, at the same time it does not desire to place the cost of such a venture on the shoulders of the taxpayers, without specific authority; now, therefore, be it

Resolved, In order to determine the wishes of the people with respect to financing the cost of a new and permanent Farmers' Market, this Board of Supervisors does hereby go on record as being in favor of submitting a declaration of policy to the electorate at the November, 1946, election, setting forth in detail the following:

1. Location of the proposed site.
2. Cost of proposed site.
3. Cost of appurtenances necessary for the operation of the Market.
4. Probable amount of revenue that may be expected to accrue, based on past experiences of the Market.
5. Probable length of time over which amortization of the amount advanced by the city, may be expected to run, based on past revenues and costs.
6. Any other information that may be pertinent to the subject.

Further Resolved, That the City Attorney and the Registrar of Voters be and are hereby requested, respectively, to prepare such a declaration of policy as is outlined herein and to take such procedural steps as are necessary for the submission of such policy at the General Election to be held in November, 1946.

Substitute Bill Presented.

Supervisor Colman presented the following bill as a substitute for the matter printed on the Calendar.

Appropriating the Sum of \$62,000 Out of the Surplus Existing in the Land Purchase Fund—Chief Administrative Officer, to Provide Funds for the Acquisition of a New Site for the Farmers' Market.

Bill No. 4206, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$62,000 out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to provide funds for the acquisition of a new site for the Farmers' Market.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The sum of \$62,000 is hereby appropriated out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to the credit of Appropriation No. 558,600.50, to provide funds for the acquisition of a new site for the Farmers' Market.

Recommended by the Chief Administrative Officer.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Approved by the Mayor.

Discussion.

Supervisor Mead said, I believe that the Board should consider the bill as presented by Supervisor Colman.

Supervisor Gallagher stated, this matter cannot be considered, this bill will have to go to committee.

Supervisor Mead inquired, if we vote down the proposal to submit this matter to the people then what happens.

Supervisor Gallagher explained, then four members of the Board could submit the matter to the people.

The Chair then referred the foregoing bill to the Finance Committee.

Point of Order.

Supervisor McMurray raised a point of order. What is before the Board?

The Chair ruled the point of order well taken. The Special Order is before the Board now.

Discussion.

Supervisor Colman said, last week Supervisor Christopher asked for this information. Today Mr. Brooks sent the information to us and it is before us now.

Supervisor Gallagher answered, the only thing before us now is the Special Order at 3:30 p. m.

Point of Order.

Supervisor Colman raised a point of order. You referred the bill to committee but no motion was made for the suspension of the rules.

The Chair ruled Supervisor Colman out of order. The matter before us is the Special Order at 3:30 p.m. We are not considering anything else but the Special Order.

Discussion.

Supervisor Colman said, you cannot refer a matter to committee without suspension of the rules.

Supervisor Gallagher stated, the matter has been *referred to the Finance Committee*. We will now discuss the Special Order at 3:30 p. m.

Supervisor Mead asked, is it possible to move temporary postponement for the purpose of considering the suggestion as made by Mr. Brooks?

Supervisor Gallagher replied, you can do that.

Motion to Temporarily Postpone.

Supervisor Mead moved, temporary postpone on the Special Order. Seconded by Supervisor Colman.

Motion to Re-refer to Committee.

Supervisor Christopher moved, as a substitute that the matter be re-referred to committee.

Lost for want of a second.

Thereupon the roll was called and the motion to temporarily postpone was *carried* by the following vote:

Ayes: Supervisors Colman, Lewis, MacPhee, Mead, Meyer, Sullivan—6.

Noes: Supervisors Christopher, Gallagher, Mancuso, McMurray—4.

Absent: Supervisor Brown—1.

Discussion.

Supervisor Mead, speaking on the bill that was referred to committee, said, I would like to ascertain from Mr. Brooks whether or not this is almost identical with what the Board turned down some months ago.

Mr. Brooks replied, that is correct.

Supervisor Mead inquired, if the Board passed this matter today, then we would not have to submit the declaration of policy to the people?

Mr. Brooks answered, that is correct. If it was passed today we would start looking for a site so that we could purchase it. If we want to wait until after November, I do not believe that we would have a new site before next June and we would have to close down the Farmers' Market at its peak season.

Supervisor Christopher stated, I would like a point of information. Mr. Brooks, why did you ask us for \$10,000 last April so that we could move the market by June 30th?

Mr. Brooks answered, I wanted to get the money in the budget so that we could move the market as soon as possible.

Supervisor Mead asked, if the legislation was passed today, do you know if there is a possibility of any legal action on this by any of the proponents?

Mr. Brooks answered, I have consulted with the City Attorney and there is a difference of opinion as to whether or not the City could secure this land by eminent domain proceedings. I do not believe that there would be any legal action on this matter.

Supervisor MacPhee remarked, since the proposal as submitted by Supervisor Colman has been referred to the Finance Committee, I believe that this whole matter should go over until next Monday so that we could consider both matters at the same time.

Motion to Reconsider Special Order.

Supervisor MacPhee moved, that we take up the Special Order at this time.

Seconded by Supervisor Christopher.

No objections and motion carried.

Motion to Postpone.

Supervisor MacPhee moved, that the Special Order at 3:30 be laid over for one week.

Seconded by Supervisor Sullivan.

Discussion.

Supervisor Christopher said, the reason why I made the request of Mr. Brooks to put the matter down in sum total was to see just how much it would cost to operate a Farmers' Market.

Supervisor Mead stated, we might be able to eliminate this matter from going on the ballot if we consider the other matter first.

Supervisor Christopher remarked, if Mr. Brooks can find a way to secure \$90,000 Mr. Mead feels that we will not have to submit this to the people. I believe that this matter should go to the people for their approval. I can see no reason for this matter not to be referred to the people.

When this matter came to the Board for a \$10,000 appropriation it was voted down by a 7 to 4 vote. I believe that the people of San Francisco want a Farmers' Market but I am not convinced, at the present time, that they want to pay \$100,000 for it. I introduced the resolution on this matter. If the Finance Committee does not bring in a recommendation on this matter I believe it will be a violation of the trust that I have placed in the Board.

Thereupon the roll was called and the motion to postpone was carried by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Brown, MacPhee, Sullivan—3.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Sections 4200 to 4204 of the Health and Safety Code of the State of California, an exclusive franchise for the disposal of garbage and refuse collected in the City and County of San Francisco is hereby granted to the Sanitary Fill Company, a corporation, for the period of Twenty (20) years from and after the effective date of this franchise ordinance. Any time from and after Ten (10) years from the effective date of this franchise ordinance, either Sanitary Fill Company or the City and County of San Francisco may terminate such franchise by one year's written notice of termination delivered to the other party. Sanitary Fill Company is herein referred to as "Grantee."

Section 2. For the disposal of the garbage and refuse of the City and County of San Francisco delivered at the ramp at Sixth and Sixteenth Streets in the Southern Pacific Company's yard, San Francisco, the Grantee shall charge the sum of \$1.10 per ton, or such sum as may be agreed upon by the Grantee and the licensed collectors of garbage and refuse. In the event the Grantee and the licensed collectors of garbage and refuse cannot agree upon such sum, then the Grantee shall charge such sum as may be fixed by this Board of Supervisors under and by virtue of the power conferred on it by the "Refuse Collection and Disposal Ordinance,"

adopted by the voters at the general election held on November 8, 1932. In the event the Southern Pacific Company cancels or withdraws permission for the use of the ramp at Sixth and Sixteenth Streets, San Francisco, or in the event the Southern Pacific Company fails to furnish or discontinues adequate railroad car service between the ramp at Sixth and Sixteenth Streets, San Francisco, and the garbage disposal site in the Bayshore Sanitary District, County of San Mateo, then the Grantee shall charge for the disposal of garbage and refuse delivered to the garbage disposal site in Bayshore Sanitary District, San Mateo County, the sum of \$0.90 Dollars per ton, or such sum as may be agreed upon between the Grantee and the licensed collectors of such garbage and refuse; or failing such agreement, then such sum as may be fixed by the Board of Supervisors under the power conferred by the "Refuse Collection and Disposal Ordinance."

Section 3. So long as the Southern Pacific Company allows the use of the ramp in its yard at Sixth and Sixteenth Streets, San Francisco, and so long as the Southern Pacific Company continues to furnish adequate railroad car service between the ramp and the garbage disposal site in the Bayshore Sanitary District, San Mateo County, the Grantee shall receive at the ramp for disposal all garbage and refuse lawfully collected in the City and County, and shall cause said garbage and refuse to be transported by railroad cars to the garbage disposal site in the Bayshore Sanitary District. No garbage or refuse shall be kept at the ramp for a longer period than twenty-four hours after receipt.

Section 4. Garbage and refuse shall be accepted as delivered by licensed garbage and refuse collectors and no segregation shall be required prior to delivery.

Section 5. So long as the Southern Pacific Company allows the use of the ramp in the yard at Sixth and Sixteenth Streets, San Francisco, and so long as the Southern Pacific Company continues to furnish adequate railroad car service between the ramp and the garbage disposal site in the Bayshore Sanitary District, the Grantee shall transport the garbage and refuse, when the cars are filled, over the line of the Southern Pacific Company to the garbage disposal site situate in the Bayshore Sanitary District in the County of San Mateo, and more particularly described as follows, to-wit: The tidelands of the Southern Pacific Company situated immediately south of and adjacent to the southerly boundary of the City and County of San Francisco and immediately easterly and adjacent to the main tracks of the right of way of the Southern Pacific Company, where said tracks traversed said County of San Mateo immediately upon leaving the City and County of San Francisco.

Section 6. The method of disposal to be employed is the Fill and Cover Method. In the event Southern Pacific Company refuses to allow the use of the ramp at its yard at Sixth and Sixteenth Streets, San Francisco, or fails or refuses to furnish adequate railroad car service between the ramp and the garbage disposal site in Bayshore Sanitary District, San Mateo County, Grantee shall then receive for disposal at the garbage disposal site in Bayshore Sanitary District, San Mateo County, all garbage and refuse lawfully collected in the City and County of San Francisco.

Section 7. Grantee shall deposit the garbage and refuse at the garbage disposal site and forthwith cover the same with earth, rock, sand and gravel, as provided in this ordinance

Section 8. In all matters and operations connected with this franchise and the work to be done thereunder, the Grantee shall respect and strictly comply with the Charter and all ordinances of the City and County of San Francisco, all the laws of the United States and of the State of California, and all ordinances, rules or regulations of any municipal, sanitary or other public district or corporation, which are or shall be or become applicable to and control or limit in anyway the actions of those engaged hereunder in any way as principal or agent.

Section 9. Grantee shall handle such garbage and refuse so that no nuisance of any nature will result from the deposit of garbage on said tidelands, nor from the disposition of ashes, residue or reject materials which may accumulate at the place of final disposal.

Section 10. Grantee shall forthwith, upon the final passage of this ordinance, execute an agreement in writing by which Grantee shall agree to all of the terms and conditions of this ordinance, and shall forthwith file and maintain with this Board of Supervisors a surety company bond running to the City and County of San Francisco, to be approved by the Board of Supervisors, in the penal sum of \$50,000, said bond to be conditioned that Grantee shall faithfully fulfill the terms and conditions of its franchise, and shall well and truthfully observe, fulfill and perform each and every term and condition thereof, so that no nuisance of any nature will result from the deposit of garbage nor from the disposition of ashes, residue or reject materials which may accumulate at the place of final disposal, and that, in case of any breach of condition of such bond, damages shall be recoverable from the principal and sureties on said bond.

Section 11. A substitute bond, under the same terms and conditions, may be filed by the grantee from time to time provided it meets with the approval of the Board of Supervisors. In the event that the Board of Supervisors shall demand a change in the surety company furnishing the bonds, Grantee shall provide a surety company which shall be agreeable to the Board of Supervisors.

Section 12. The grantee, Sanitary Fill Company, shall fulfill sanitary fill requirements as follows:

(a) After delivery of garbage and refuse to the garbage disposal site in the Bayshore Sanitary District, whether by railroad cars of Southern Pacific Company or by trucks of licensed collectors, Sanitary Fill Company shall dispose of such garbage in accordance with sound engineering practice by placing, spreading and covering it with earth, rock or sand. The depth and shape of the garbage and refuse so placed and covered shall depend upon the elevation, grade and location of the particular part of the site being filled. At the end of each day all garbage and refuse so placed and spread shall be covered with earth, rock or sand to a depth which is in accordance with sound engineering practice and the prior experience of Grantee. Any departure from such procedure must be in accordance with sound engineering practice as determined by the City Engineer of San Francisco. A seal shall be made each day, and shall be maintained. If such seal is not maintained, the City Engineer may order additional work and materials to obtain such seal.

(b) No open fires shall be allowed to burn on the site, and a sufficient supply of water through adequate lines, hydrants, or other methods shall be provided to extinguish any fires which may occur in the garbage disposal site. Mud from the bay shall not be used for cover material unless it can be proved to the satisfaction of the health authorities that no nuisance shall be created.

(c) Pools of water containing large amounts of organic material which may putrefy or cause obnoxious conditions shall not be allowed to collect around the edge of the fill or elsewhere, and all water shall be drained into regulated channels which shall discharge into adequate bodies of diluting water. Every reasonable effort shall be made to keep down the number of rodents. If visible signs of increased rate population are noticeable, the Director of Public Health of San Francisco may order that proper means shall be instituted at once to diminish such rat population.

(d) If it becomes necessary to dump garbage and refuse in water, then a suitable boom shall be placed adjacent to the outer face of the fill, of sufficient length and strength to provide against any floating material escaping into the bay.

(e) Railroad cars, after being unloaded, shall be swept clean inside, and, if necessary outside.

(f) The disposal site is to be under the constant inspection of the City Engineer or his authorized agents to the end that the requirements herein set forth shall faithfully be kept.

(g) A suitable trash burner shall be provided if it is desired to burn at the disposal site boxes, wood or other combustible materials which will not yield offensive odors.

(h) Operations at the disposal site shall be conducted in such a manner that there will be no rats, flies, larvae, noxious odors or nuisances resulting from the disposal of garbage or refuse.

Section 13. The City and County of San Francisco shall have the right at any time to make such inspections and tests as may be necessary to determine whether or not the Grantee is complying with its obligations under this ordinance

Section 14. The Grantee shall construct, maintain and operate all facilities used in the disposal process and shall make no charge or claim against the City and County of San Francisco for construction, maintenance, or operation of such facilities.

Section 15. Grantee shall pay to the City and County of San Francisco the sum of \$4,800 per annum to be applied on the salary of an inspector to be assigned to garbage disposal operations by the City and County.

Section 16. Grantee shall receive and dispose of all refuse collected by the Street Cleaning Division of the San Francisco Department of Public Works and of all sand collected in the City sewage treatment plants, when delivered at the receiving point, without charge or cost of any kind to the City and County of San Francisco.

Section 17. Grantee shall furnish to the Controller of the City and County of San Francisco a detailed statement of operations under oath at the end of each calendar year.

Section 18. As used in this ordinance, "garbage" and "refuse" means garbage and refuse as defined in the Refuse Collection and Disposal Ordinance adopted by the voters of the City and County of San Francisco at the general election held on November 8, 1932, and includes all waste and discarded materials from dwelling places, households, apartment houses, stores, office buildings and the like, including waste or discarded food, animal and vegetable matter, from all kitchens thereof, waste papers, cans, glass, ashes, boxes and cuttings from trees, lawns, and gardens. "Garbage" and "refuse" as used in this ordinance does not include the disposal of kitchen waste and other refuse having a commercial value which hotels and restaurants dispose of without utilizing the refuse collectors licensed by the Director of Public Health.

Approved as to form by the City Attorney.

Discussion.

Supervisor Christopher inquired, am I to understand that this is to be for 20 years and not for 10 years?

Mr. Brooks replied, they will not come down at all. This is a result of bids made by two companies and this was the better bid.

Supervisor Christopher stated, I am of the opinion that we might be entering into a contract whereby we might be paying top costs for 10 or 20 years.

Mr. Brooks remarked, the City will not be affected by the cost. It will have to be borne by the collecting company. It is not likely that they will pass it on to the consumer. The collecting company cannot increase the charge to residential homes but they could pass it on to the business houses.

Supervisor Christopher said, it might not be the right thing to do, to enter into a contract for 20 years at this time. We might be at the inflationary period.

Supervisor Gallagher explained, the Sanitary Fill and Cover receive the garbage from the collection agency and they receive the \$1.10 per ton.

Thereupon the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ties shall be spaced and set so they do not encroach on any portion of the manhole structure.

2. Ties shall be 10 feet in length where the track encroaches upon and crosses the existing sewers in Greenwich Street and the crossing of Sansome Street from a line approximately 50 feet easterly from Sansome Street to a line approximately 10 feet westerly from the center line of Sansome Street.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Repair of Mission Street, from The Embarcadero to South Van Ness Avenue.

Supervisor Christopher said, I would like to have the Director of Public Works submit, in writing, to the Board what he intends to do with the money that was appropriated in the 1946-1947 budget, index 40, sheet 5, line 8, \$210,000, which was stated to be for the repair of Mission Street. I would like to have an expression of opinion from him on this matter.

I listened to him when he spoke on the matter, before the Board, and he said that he intended to repair Mission Street, but it looks as if he is going to use it to widen Mission Street.

Recall Election.

Supervisor Christopher stated, we are on the eve of an election, and while I have made my position clear before I believe that I should restate my position to this effect; that I am emphatically opposed to a recall based on the charges that have brought this matter about. In this instance no malfeasance or misfeasance has been perpetrated against the City and so I believe that this recall is not warranted.

Requesting Appointment of Citizens' Committee for Observance of Admission Day, September 9, 1946.

Presented jointly by Supervisors Gallagher and Colman:

Proposal No. 5883, Resolution No. . . (Series of 1939), as follows:

Whereas, September 9, 1946 is the 96th birthday of the State of California, a legal holiday, and

Whereas, the celebration of this great event has always been an outstanding event throughout the State; now, therefore, be it

Resolved, That the City and County of San Francisco appropriately arrange for a celebration and a Citizens' Committee of 25 be appointed to arrange for the proper observance of this date.

Adopted by the following votes

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Brown, MacPhee, Sullivan—3.

Requesting Mayor to Designate August, 1946, as Irwin Memorial Blood Bank Month, and Urging Citizens to Donate Blood.

The Clerk presented for Supervisor MacPhee:

Proposal 5884, Resolution No. 5694 (Series of 1939), as follows:

Whereas, the Red Cross Blood Procurement Center having ceased operations after V-J Day, the only remaining source of whole blood for patients in civilian and some military hospitals in this area is the Irwin Memorial Blood Bank of the San Francisco County Medical Society, and

Whereas, Through an arrangement with donors, blood needed for transfusions to civilians can be obtained at actual cost of processing, and

Whereas, Replacement of blood used is made by donors or stored up by individuals and organizations for future use by relatives and friends at only actual cost of processing, and

Whereas, Military hospitals in this area are furnished whole blood as needed without cost to such hospitals, and

Whereas, Through publicity released from Washington and misinterpreted locally, there exists the belief that because plasma has been given to some civilian hospitals by the Red Cross, whole blood is no longer needed, and

Whereas, Through dropping off of contributions of blood by civilians of San Francisco there exists today a tragic shortage of certain types of whole blood and because of this shortage, hospitals, both military and civil, appeal in vain for whole blood to be used in transfusions for men, women and children whose lives are endangered through such lack, and

Whereas, to fill the requirements of those who must have transfusions to preserve their lives, it is necessary that at least 80 persons daily donate whole blood at San Francisco's only remaining community blood bank; therefore, be it

Resolved, That the Mayor be requested to designate the month of August, 1946 as Irwin Memorial Blood Bank Month, during which period all individuals and organizations be urged to make appointments at the Irwin Memorial Blood Bank for the purpose of donating blood, such blood to be furnished the civilian hospitals at actual cost of processing and military hospitals without cost, and be it further understood that all activities herein be at no monetary profit to any individual or group.

Adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, Manuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Brown, MacPhee, Sullivan—3.

SPECIAL ORDER—2:30 P. M.

Board of Supervisors to Sit as Board of Equalization.

Pursuant to Resolution No. 5670 (Series of 1939), Board of Supervisors to meet as a Board of Equalization to examine the assessment books for the fiscal year 1946-1947 and equalize the assessment of property in the City and County of San Francisco and to continue in session for that purpose from time to time until the business of equalization is disposed of but not later than Monday, July 29, 1946.

July 15, 1946—Consideration continued until July 22, 1946.

See Board of Equalization Journal, Volume 41, No. 30.

SPECIAL ORDER—3:30 P. M.

The following, from Commercial and Industrial Development Committee, called out by Supervisor Christopher, was taken up:

Favoring Submission to Voters at General Election, November, 1946, of Declaration of Policy Concerning Operation of Farmers' Market.

Proposal No. 5717, Resolution No. . . . (Series of 1939), as follows:

Whereas, the lease of the site on which the Farmers' Market is at present located expires on June 30, 1946, and

Whereas, at the November, 1945, election, the people by a substantial majority, voted to continue the operation of the Farmers' Market, and

Whereas, efforts have been made to have the city finance the cost of a permanent Farmers' Market, the outlay estimated to range between seventy-five thousand and one hundred thousand dollars, and

Whereas, records indicate that during the past two years, the market has been barely able to meet its operating expenses, and

Whereas, while the Board of Supervisors does not wish to contravene the edict of the people, at the same time it does not desire to place the cost of such a venture on the shoulders of the taxpayers, without specific authority; now, therefore, be it

Resolved, In order to determine the wishes of the people with respect to financing the cost of a new and permanent Farmers' Market, this Board of Supervisors does hereby go on record as being in favor of submitting a declaration of policy to the electorate at the November, 1946, election, setting forth in detail the following:

1. Location of the proposed site.
2. Cost of proposed site.
3. Cost of appurtenances necessary for the operation of the Market.
4. Probable amount of revenue that may be expected to accrue, based on past experiences of the Market.
5. Probable length of time over which amortization of the amount advanced by the city, may be expected to run, based on past revenues and costs.
6. Any other information that may be pertinent to the subject.

Further Resolved, That the City Attorney and the Registrar of Voters be and are hereby requested, respectively, to prepare such a declaration of policy as is outlined herein and to take such procedural steps as are necessary for the submission of such policy at the General Election to be held in November, 1946.

July 15, 1946—Consideration continued until July 22, 1946.

Motion to Postpone.

Supervisor Colman moved, that this matter be postponed for one week and made a special order of business at 2:00 p.m.

Seconded by Supervisor Mead.

Discussion.

Supervisor Colman said, the reason I made this motion was because Supervisor Sullivan is absent, and I believe that every member of the Board should be given the opportunity to vote on this matter.

Supervisor Christopher remarked, within the next month or two, there will be a supervisor missing at almost every meeting. I do not feel that Supervisor Colman is right in wanting to have Supervisor Sullivan to vote on this matter. I do not believe that the matter should be postponed and if Mr. Sullivan's vote is needed, on this matter today, I will move for rescinding of action and postponement until next Monday.

Supervisor Brown stated, I believe that Supervisor Christopher has the right idea. If there are not six votes for this measure it will fail, and if Supervisor Sullivan's vote is needed then we can rescind our action and postpone the matter.

Supervisor Mancuso explained, the matter should also be considered with the next item and since we have kept people waiting today. I believe that these matters should be disposed of today. I would like to see the motion voted down because I do not believe that Supervisor Sullivan's vote will be needed one way or the other.

Thereupon the roll was called and the motion to postpone was defeated by the following vote:

Ayes: Supervisors Colman, Lewis, MacPhee, Mead—4.

Noes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Absent: Supervisor Sullivan—1.

Discussion.

Supervisor Christopher said, we have gone into this matter in quite some detail and I am not going to prolong this matter with any arguments. My thoughts in this matter have been misconstrued.

I cannot convince myself that I would be doing the proper thing in reversing my position. I believe that if the people are given the opportunity to vote on this in November, they will again tell us that they want the Farmers' Market. The one important matter is that we have a group of retailers, a group of wholesalers and a group of men who are working for these retailers and wholesalers.

Mr. Brooks is asking for an appropriation of \$62,000 for the express purpose of setting up a Farmers' Market and that resolves itself around to this: we are taxing one group of people to start a competitive enterprise to compete with this group of taxpayers. If we do this we are going to have people coming in and asking that we put up various industries to compete with the industries that are already in existence.

When the people voted on this matter before, we did not tell them that it would cost \$100,000. We did not tell them that we were going to subsidize the Market. All we are asking is to let the people determine that establishment of a precedent. That is what we are doing, establishing a precedent as to whether or not we are going to subsidize the Farmers' Market.

I feel certain that, eventually, in November, it will receive the approval of the people once again, but that should not enter into consideration at this time. The only thing we should consider is the establishment of a precedent that can become very dangerous. That is the sole essence of my argument and that is why I am going to vote for the submission of this matter and against the appropriation.

Supervisor Mead remarked, I think for the benefit of all parties concerned that we should learn just what Supervisor Christopher proposes to submit to the people. There are six matters on the declaration of policy.

Supervisor Christopher explained, I believe that the people are entitled to know these things. I do not believe that any member of the Board knows the contemplated location of the Market. I have asked Mr. Brooks and he said that he could not divulge the exact location.

Mr. Brooks replied, that is correct. We do not know the lots that we can acquire at this time. We know the approximate location, but we have not tried to purchase and we should not let people know until we try to purchase the lot.

Supervisor Christopher said, I have no objections to putting up a couple of thousand dollars as a binder, and if we do not purchase the land then we can lose the money we put up.

Privilege of the Floor.

Supervisor Mead moved the privilege of the floor for both the proponents and the opponents of this matter.

Seconded by Supervisor Lewis.

No objections and motion carried.

Mr. J. C. Simpson, attorney for the Wholesale Fruit and Produce Dealer's Association, stated, this matter was before you about two months ago. There was \$10,000 for the grading of the land. At that time seven members of the Board voted that we should not appropriate \$10,000 to start a permanent Farmers' Market. No supervisors were in favor of the establishment of a Farmers' Market on a permanent basis. The declaration of policy that was passed last November just asked whether or not the Farmers' Market should continue longer than as set up in the ordinance.

We said that the Market would be back for more money, and it is true. They are now asking for \$100,000 and it will continue to grow. By giving this money you are just subsidizing a Farmers' Market. We do not believe that the people of San Francisco will vote for this type of a Market.

The Farmers' Market is losing favor with the people of San Francisco. The income in the last fiscal year was approximately \$9,000 and the present ordinance calls for an appropriation of \$8,800 for the operation of the Farmers' Market. You will not be able to amortize the outstanding money on this type of operation.

Some wild remarks have been made as to how much money we have spent to defeat the Farmers' Market. That is not true and you can come down and investigate our books and find out that it is not correct.

We would like to see this matter go before the people.

Discussion.

Supervisor Lewis said, I would like to point out the language of the resolution before us. There is no language of a declaration of policy in this resolution. It is setting forth, from 1 to 6, information that is supposed to be given to the people so that they can intelligently vote on a declaration of policy, but nowhere in the resolution can I find any language that a declaration should have. The resolution is completely void of any declaration of policy. You are telling the Registrar and the City Attorney to prepare something, but there is nothing in the resolution about a declaration. I oppose the consideration of this matter because it does not set forth a declaration of policy.

Supervisor Christopher remarked, Supervisor Lewis voted for this matter at one time and then submitted to the pressure that was put on him. This matter was in committee for a couple of months and the City Attorney has looked at it and said that there was nothing wrong with it.

Supervisor Lewis explained, I voted for this before, but I believe that I voted incorrectly. I do not know what pressure Supervisor Christopher believes that I have been put to. I changed my views because of what I believe in this matter. Originally I believe that submitting this matter to the people would be a good thing, but when the Chief Administrative Officer said that there would be a danger of losing the site, I realized that I was wrong and now I am in a position to vote for the \$62,000 appropriation for the continuation of a Farmers' Market on a permanent basis.

I am sorry if anybody feels that I have submitted to pressure. It means much to me to have this Board feel that I vote the way that I feel is correct.

Point of Order.

Supervisor Mead raised a point of order. All of these discussions are out of order. It isn't a question of who put pressure on who.

The Chair ruled the point of order well taken.

Discussion.

Supervisor Lewis said, I rose to a question that the matter before us is illegal.

The Chair ruled Supervisor Lewis out of order. The matter is properly before us.

Privilege of the Floor.

Mrs. Rose Walker, representing the Greater Mission Improvement Association, remarked, I am in favor of a Farmers' Market, but I am not sure that the majority of the people of San Francisco know what a Farmers' Market is, or how much it is going to cost, or how it is going to be maintained. I am in favor of submitting a declaration of policy to the people. I believe that a declaration of policy should give a definite location and a definite outline as to how much it is going to be managed.

Mr. John Brucato, representing the Farmers' Market Advisory Board, stated, I agree with the arguments that this proposal is not in proper shape to be presented to the people. It would create so much confusion that the people would not know for what they were voting. If this was to go on the ballot in November it would mean that the land would not be able to be purchased, and ready for occupancy, for about 11 months. That would take us beyond the June 30th date as set forth in our present lease.

A Farmers' Market in the wholesale district would not be able to survive.

Supervisor Christopher states on one hand that he is in favor of the Farmers' Market, and on the other hand he insists upon putting through a proposition as set forth on the calendar today.

Mr. Allen M. Brodke, Secretary, Retail Fruit & Vegetable Clerks Union, Local 1017, A.F.L., remarked, a lot of stress has been laid on the majority of the people voting for the Farmers' Market. The opposition to the Farmers' Market was not organized. The people did not know the true story.

I have observed the operations of the Farmers' Market. I see a lot of good produce up there and I have seen a lot of inferior produce up there. There are a number of farmers that buy produce in the commission market and take it up to the Farmers' Market and dispose of it there.

I am for the Market in the way in which it was organized, but up there we have people who rent space all the year around and sell their produce to the public. Most of the produce is sold at about the same price as the stores sell it.

A few of the merchants came to me and said that the Farmers' Market has hurt their business. The regular merchants have to pay a license and pay taxes, while the people come into the Farmers' Market and do not have to pay licenses and taxes. By permitting the Farmers' Market to operate in its present form the people are paying more for their fruits and vegetables than they would have to pay if the Market were not in operation. I believe that the measure should go before the people.

Mr. Don Fazackerley, member of the Famine Emergency Committee, stated, the interest of the Famine Emergency Committee is an obvious one. We are still fighting the war against famine. The products that are sold at the Farmers' Market represent a method of meeting the famine that is going on over seas. We are interested in getting more fruits and vegetables into the hands of the buying public. We want to see more and more of the surplus crops put into the fight against the famine over seas.

Mrs. Kirk Whitehead, member of the Advisory Board of the Farmers' Market, remarked, the question is how to put the operation of the Farmers' Market on a permanent basis. The Board passed an ordinance, by a unanimous vote, authorizing the Chief Administrative Officer to establish and maintain a Farmers' Market. How is the

Chief Administrative Officer going to operate a Farmers' Market if you do not give him the money? The Farmers' Market is a very honorable institution.

San Francisco is one of two cities that does not have a Farmers' Market that is free from the hands of the people who want to kill it. By permitting the operation of the Farmers' Market it will improve the quality of the produce that the wholesalers will offer for sale.

Mr. George W. Gerhardt, Secretary, Civil League of Improvement Clubs, said, I wish to call to the attention of the Board one item in this proposal with respect to the location of the Farmers' Market. If you put that information to the people, in your declaration of policy, the land will all be purchased by the real estate men and then the land will cost an exorbitant price to the City.

Mr. John O'Connell, Secretary, San Francisco Labor Council, stated, this market is no longer a Farmers' Market. Anybody can come into it and sell produce. The Market was originally started to permit the sale of surplus produce. If the city wants to go into business we expect it to be on the same competitive basis as any other merchant in San Francisco, otherwise it will not be right.

Mrs. Annie Scanlan, representing the Women's Civic Center Association, remarked, San Francisco should have the Farmers' Market. It is a help to the people because it permits them to purchase surplus produce that would otherwise go to waste. There is no use to put this matter on the ballot, the people elected the Board of Supervisors to decide matters like this.

Mr. Russell Power, representing the Central Council of Civic Clubs, explained, about five years ago the Central Council of Civic Clubs introduced a resolution requesting an investigation of the wholesale district in San Francisco and the Board adopted it. For 40 years attempts have been made to clean up the wholesale district. Since the investigation of the Government, the commission men said that they would give us a new wholesale district, but they have not done so.

Mr. O'Connell said that anybody could hire a truck and sell the produce at the Market. That is not true, whenever we find anybody violating the ordinance we tell him to stay out of the Market.

This matter should not be put on the November ballot.

Mr. Carroll Newburg, member of the Advisory Board of the Farmers' Market, remarked, this Board should investigate every member of the Farmers' Advisory Board. If they investigate every name on that list they will find that they are good San Franciscans and that the organization that they represent represents the greatest number of improvement organizations in the City. In that group there is no one of a mind to be socialist, communistic or opposed to the continued right of a private merchant.

The Central Council of Civic Clubs is in favor of the continuance of the Farmers' Market. If the wholesalers can show that the Farmers' Market has caused a great curtailment of the local merchants' business then we should do something about it.

When the people voted for the Farmers' Market they knew that the Market was being operated by the City, they knew that it was being operated for the farmers' benefit, as well as their own, and they knew that certain money was being spent. You are doing a favor to the people of San Francisco and to the people of the surrounding areas by permitting this Farmers' Market to operate.

Mr. Ralph Button, representing the Grain and Farm Bureau, stated, this Board set out to improve its relations with its neighboring areas. In this respect they could do nothing better than to permit the con-

tinued operation of the Farmers' Market. I believe that this Board would be taking a great step ahead in the promotion of public relations with the areas around the Bay by permitting this Market to continue.

We had to bring produce to the Farmers' Market because our other market fell through, and we sold the produce at wholesale prices to the people of San Francisco.

The resolution before you today is but an attempt to prolong the issue to a point where it will become so involved that it will become lost. The Board has a mandate to provide a Farmers' Market. I am opposed to the passage of this resolution.

Motion to Take Matter into Hands of Board.

Supervisor Mead moved, that the matter be taken into the hands of the Board.

Second by Supervisor Mancuso.

No objections and motion carried.

Discussion.

Supervisor Mead remarked, at first I did not have any real objections to submitting this to the people, but when it was pointed out that time is of the essence then I changed my mind. I have been misquoted a number of times and I would like to have my position made clear.

In connection with Proposal No. 5717, by Supervisor Christopher, "Favoring Submission to Voters at General Election, November, 1946, of Declaration of Policy Concerning Operation of Farmers' Market," I should like to point out to the members of the Board that the proposal is ambiguous and incapable of intelligent response by the voters.

Does Supervisor Christopher intend to present as *questions* to the voters, all those items listed as numbers in the Proposal and if so, how, on voting machines does he expect responses thereto and how does he hope to get a composite expression of opinion from the voters. Certain voters may prefer one site and other voters would prefer a different location. With respect to certain of the other items, particularly items of cost, the electorate has no information thereon.

If these items are *not* intended by Supervisor Christopher as questions to be answered by the electorate, who, officially, is to decide upon and supply the information necessary to be contained in such items and when is that to be done?

I certainly hope, inasmuch as some of these items provide for proposed expenditures, that Supervisor Christopher does not intend to suggest that such authority be delegated, thus having the effect of the issuance of a blank check by this Board of Supervisors. Furthermore, if these items numbered 1 to 6 are intended by Supervisor Christopher as information incident to some question which it is intended to propound to the voters, what is that question and where does it appear in Proposal No. 5717? To say the least, Supervisor Christopher's proposal is ambiguous and some considerable time would be necessary to come to an agreement as to its features so that, in intelligent form, it might be submitted to the voters.

But all of this seems to me entirely unnecessary. There was submitted to the electorate on November 6, 1945, a declaration of policy as follows: "The Farmers Market shall be continued beyond the time limitation now established by ordinance." Inasmuch as no time limitation is prescribed in the declaration of policy, indicating the duration for which it is proposed that the Farmers' Market shall

continue, the only fair inference is that it was the intention of the voters that it should continue *indefinitely* or on a *permanent* basis.

Section 179 of the Charter provides in part, as follows:

"Any declaration of policy may be submitted to the electors in the manner provided for the submission of ordinances; and when approved by a majority of the qualified electors voting on said declaration, it shall thereupon be the *duty* of the board of supervisors to enact an ordinance or ordinances to carry such policies or principles into effect, subject to the referendum provisions of this charter."

The declaration of policy referred to has been approved by the following vote: "Yes"—141,581. "No"—24,142. That vote is decisive and the people knew what they were voting for,—a Farmers' Market on a permanent basis. All of the plans and estimates necessary to provide for a Farmers' Market on a permanent basis have been presented to this Board by the Chief Administrative Officer and it seems to me that, rather than insult the intelligence of the voters by submitting to them a question which in effect asks: "Did you really mean what you said," the thing for this Board of Supervisors to do is to comply with the plain mandate of the Charter, contained in Section 179, and immediately to pass the necessary legislation to carry out the very plain and emphatic edict of the people.

I suggest that the members of the Board vote down the proposal as submitted by Supervisor Christopher. It seems to me that it is a deliberate attempt to stall this matter so that we will end up with no Farmers' Market at all. I hope that you will vote this down and vote in favor of appropriation for \$62,000 for the purchase of land for the Farmers' Market.

Supervisor Christopher said, at the time that the original \$10,000 appropriation was killed, I said that there was some kind of a mandate from the people and that we should introduce two resolutions on this matter. At first you were in favor of this and now I am sorry that you have changed your mind on this matter.

Privilege of the Floor.

Supervisor Mancuso moved the privilege of the floor for Mrs. Dipple.

Seconded by Supervisor Mead.

No objection and motion carried.

Mrs. Dipple stated, the people of San Francisco are in favor of the Farmers' Market and it should be continued on a permanent basis. There has been no supervisor who has yielded to pressure, that is, at least on our side, although it might have been so on the other side.

Point of Order.

Supervisor Christopher raised to a point of order. Either the lady retract her statement or else she will have to give up the floor.

The Chair requested Mrs. Dipple to retract her statement.

Mrs. Dipple continued, this matter should not go before the people because the people have already signified that they want the Farmers' Market.

Discussion.

Supervisor Colman explained, I am in accord with Mr. Mead's position and also in accord with Mr. Christopher's position when he said that he was in favor of the Market.

I am in favor of appropriating the \$62,000 for the purchase of land.

At last November's election, in the 8th Assembly District, the vote was the same. In other words, it was carried by about the same ratio in all of the Assembly Districts. This is the most decisive vote ever taken on a proposition in the history of the new charter.

The people knew what they were voting for. It went before all of the organizations in San Francisco and was studied. The Market was in operation and they knew about it and their vote was the result.

I do not believe that we should go back to the people now and ask them to vote on this matter again. They knew that they would not get the Market free, they knew that it would cost some money.

The money that we are going to advance will be paid back in the years to come. In the last budget we made very many capital expenditures without going to the voters, but on this matter they want to go back to the people twice and ask them if they want the Farmers' Market.

It is the little fellow who uses this Market and it is the people who need it badly. Since the death of O.P.A. prices have gone up and the little people need the savings in their budget that they can get by purchasing produce at the Farmers' Market. The people want the Market.

Mr. Brooks has come to us with an appropriation for \$62,000 to permit him to go ahead and purchase the land for the permanent site of the Farmers' Market. The Mayor approved the request for the appropriation, the City Attorney said that it was legal and the Controller said that the money was available.

It is wrong to take this away from the people who need it the most. Other cities have Farmers' Markets and it is what San Francisco has expressed itself for last November, and it is what San Francisco wants.

Supervisor McMurray stated, I do not know anybody who is for this Market that represents one little storekeeper in San Francisco that has to make a living by buying produce down at the wholesale district. The people should vote on this matter again so that the people will know where the Farmers' Market is going to be constructed. If this Market is going to put one little businessman out of business in San Francisco, I do not care much about the farmers who are bringing produce into San Francisco. The small storekeeper is my friend, and I am going to fight for him.

Supervisor MacPhee remarked, I believe that there is room for the Farmers' Market in San Francisco without putting the small storekeeper out of business. If it comes to that, then we will take action to remove the Farmers' Market.

Mr. Brooks has recommended an appropriation of \$62,000 for the purchase of land and I believe that he isn't in favor of the proposition that is before us.

Supervisor Brown said, it has been said that San Francisco is derelict in its duty because it is the only city that does not have a free market. That is incorrect because we have had a Farmers' Market for a number of years.

When the matter came up during budget time, I pointed out that the Market could be continued at its present site for another year, at the same rent. I am opposed to that but the lease was renewed and the Market is going to continue until June 30th of next year.

In other cities the Markets are not subsidized by the city. In Fresno they have stalls that they rent and the rent from these stalls bring in quite a bit of money to the city.

The small store owner is charged license taxes and other fees and it amounts to quite a sum. The City now proposes to start a

Farmers' Market and not charge any taxes or fees that are being charged the store owners and, on top of that, they will not even have to pay stall rent. The City should not tax a business in this community and then go into competition on a basis that is unfair. I do not believe that the City should have any part of it. I believe that the City should provide the site and then the operators of the Farmers' Market should go on from there, subject to the same taxes as the small business.

The issue here is very clear, the issue is whether or not the City should go into competition with those people it is taxing to support the City Government.

Supervisor Lewis explained, I do not believe that the issue as stated by Supervisor Brown is correct. You can't ask the people to again vote on this matter. The people have stated what they wanted and you have to go along with how the people feel on this matter. The only point of the resolution is, did the people know what they were voting on, did they know whether or not there was money involved. The question is not whether or not there should be a Farmers' Market.

Why should we take the chance of losing something that the people have already said that they want. I was wrong before, but this time I am going to vote against this proposal. If we feel that we might lose the Farmers' Market, we should appropriate the money and try to purchase the land now.

There is no declaration of policy stated today. The resolution has no declaration of policy. Who is going to word it and what is it going to say? If you vote for this proposal you will be voting for a meaningless thing.

Supervisor Brown said, Supervisor Lewis said that this matter had already been submitted to the people. We did submit something to the people. It was, 'should the Farmers' Market be continued?' and they voted for it.

Now we are proposing to spend \$100,000 of the taxpayers' money and a lot of people will think twice before they vote to spend money on the Market.

Another thing, when we started the Market it was to be for a surplus produce and now there are no surpluses to be disposed.

Thereupon the roll was called and the vote on the foregoing proposal was recorded as follows:

Ayes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Noes: Supervisors Colman, Lewis, MacPhee, Mead—4.

Absent: Supervisor Sullivan—1.

Before the vote was announced Supervisor Mead said, I change my vote from "No" to "Aye" and service notice for reconsideration.

Thereupon the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Mead, Meyer—7.

Noes: Supervisors Colman, Lewis, MacPhee—3.

Absent: Supervisor Sullivan—1.

**Memorializing State Legislature to Enact Legislation to Provide
Increased Payments to Recipients of Old Age Pensions.**

Proposal No. 5785, Resolution No. . . . (Series of 1939), as follows:

Whereas, economic conditions throughout the country have particularly distressed recipients of old-age security benefits by virtue of the rising costs of living, and

Whereas, the minimum costs of personal sustenance continue on the incline, thus rendering the status of old-age security payments inadequate and not conducive to the accepted minimum standards of living, especially affecting the 10,000 such cases in San Francisco, and

Whereas, the McFarland Amendment recently passed in Congress, provides for a federal increase in such old-age pension benefits in the amount of \$5 per month, but specifically exempts compulsory action on the part of the respective states to match said increase as has heretofore been the generally accepted practice; now, therefore, be it

Resolved, That it be the consensus of this Board of Supervisors that the California State Legislature immediately enact legislation conforming to the principles of the said McFarland amendment and match the increased federal payments with sufficient state payments so as to assure the recipients of old-age pensions, a sum commensurate with the increased costs of living; and be it further

Resolved, That this Board of Supervisors does hereby memorialize the State Legislature to enact legislation as requested hereinabove and that copies of this resolution be transmitted to the San Francisco delegation in the State Legislature and to Donald W. Cleary, Legislative Representative for the City and County of San Francisco.

Supervisor Brown remarked, with the consent of my second, I will withdraw my motion.

Supervisor Lewis said, I can stay here for about an hour and then I will have to be excused.

The Chair ruled that the motion was withdrawn.

Privilege of the Floor.

Supervisor Brown moved the privilege of the floor for both sides on this matter.

Mr. Milton Morris, representing the Associated Home Builders of San Francisco, stated, we originally proposed this ordinance, but on account of the amendments that were put into it we have to be opposed to it. We merely asked that an ordinance be passed designating this district an underground district. We did not ask that anybody be authorized to pay for the underground construction.

The Fire Department, the Planning Commission, the Director of Public Works and the Chief Administrative Officer have voiced their approval of the original ordinance as proposed. At the second meeting of the Streets Committee, the City Attorney came in with an amendment to the ordinance. That amendment is Section 2 of the ordinance.

The money involved in these two sites will amount to approximately \$80,000. This cost should not be added to the property. If

the installations were a part of the improvement you might be in a position to say that it was a good idea, but you are asking the property owner to pay for these improvements and the utilities companies will secure the profit. We are going to install the wires from our property lines into the houses and we are also installing the street lights and deeding them to the City, free.

If the original ordinance was passed, then we could get together with the utility companies and discuss the matter.

Supervisor Christopher asked, in the event we did what you said, who would pay for the additional cost?

Mr. Morris replied, then the parties responsible for the installation would have to pay for the cost. Each one would take his respective responsibilities. At this moment the utility companies are obligated to only put in the overhead cost.

Supervisor Meyer explained, we had this before our Committee and we found that other subdivisions installed their underground and added it to the cost of the property. We took under consideration that the power companies are required to do a certain amount of work underground each year and they are way ahead of schedule.

Mr. Elmer Hutchinson, engineer for the Mayfair Heights Corporation, said, this goes back something in last September when these subdivisions were first planned. We had a plan all worked out and the City Planning Commission immediately said that there was a great number of benefits needed for the City. Land was required for various schools and land was also required for the widening of Geary Street. We have given the City a great portion of our land.

Supervisor Christopher stated, in view of the fact that this can be an important matter, I suggest that it be postponed for one week.

Motion to Postpone.

Supervisor Meyer moved, that the matter be postponed for one week.

Seconded by Supervisor Mead.

No objections and motion carried.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,
BILLS AND COMMUNICATIONS NOT CONSIDERED OR
REPORTED UPON BY A COMMITTEE.**

Petitioning Governor and State Legislature to Include in Any Legislation Enacted by the State Legislature Relative to Rent Control and Evictions, to Include Provisions Similar to the Ordinances Enacted by San Francisco.

Supervisor Christopher presented:

Proposal No. 5890, Resolution No. . . . (Series of 1939), as follows:

Whereas, on July 3, 1946, this Board of Supervisors did adopt a resolution memorializing His Excellency the Governor to call a special session of the Legislature for the purpose of enacting such legislation as, during the balance of the Emergency will prevent unwarranted evictions from residential properties and unreasonable increases in rent therefor; and

Whereas, it appears to this Board of Supervisors desirable that such legislation as may be enacted by the State of California on this subject should contain conditions as well as provisions for its enforcement similar to those provided in the San Francisco Board of Supervisors' ordinance and the rules and regulations thereof; now, therefore, be it

Resolved, That this Board of Supervisors hereby respectfully petitions His Excellency the Governor and the Members of the State Legislature, and does urge that such legislation as may be enacted on the subject of rent control and evictions contain conditions and restrictions similar to the ordinance adopted by the San Francisco Board of Supervisors; and be it

Further Resolved, That copies of this resolution be sent to His Honor the Mayor with the request that they be transmitted to Mr. Don Cleary, Legislative Representative of the City and County of San Francisco, together with a request that Mr. Cleary exert his best

efforts to the end that such legislation as is herein suggested may be enacted into law.

Discussion.

Supervisor Christopher said, yesterday I talked with Mr. Cleary and he is desirous of receiving this resolution today. Mr. Cleary indicated it would be well to receive such a resolution as this.

Supervisor Gallagher explained, the call is on today. Just the same, a resolution like this, I do not know what it would accomplish.

Supervisor Mancuso stated, we went on record as requesting that this matter be taken care of.

Supervisor Christopher remarked, we went on record as favoring the calling of a special session, but Mr. Cleary said that we should pass a resolution such as this.

Supervisor Mead said, I feel that this is repetitious, but I do not believe that we can do any harm by passing this resolution.

Supervisor Colman inquired, if Congress reenacts legislation dealing with rents that would supersede any action by the Legislature?

Supervisor Gallagher replied, that is correct.

Supervisor Colman said, it seems to me that by passing this we would be doing something that we have already done but I will not object to it.

Supervisor MacPhee explained, this resolution seems to be different from the legislation that we have passed. We have not asked to have any legislation prepared. I suggest that it be redrafted in accordance with the legislation that we have passed.

Motion to Temporarily Postpone.

Supervisor MacPhee moved that the matter be temporarily postponed.

Seconded by Supervisor Colman.

No objections and motion carried.

Referred to Committee.

Subsequent in the meeting the foregoing proposal was again taken up.

Supervisor Brown said, I object to the suspension of the rules for the consideration of this proposal.

Thereupon the Chair *referred the foregoing proposal to the County, State and National Affairs Committee.*

Extending Welcome to Visiting Shrines and Expressing San Francisco's Appreciation as Host to Such a Great Organization.

Supervisor Christopher presented:

Proposal No. 5891, Resolution No. 5702 (Series of 1939), as follows:

Whereas, the City of San Francisco will play host to the Shriners' Convention which is scheduled to open this morning; and

Whereas, the revelry, pomp, music and marching patrols so reminiscent of the last great Shriners' Conclave in 1932, will again hold sway; and

Whereas, the Shriners' Victory Convention, as it is aptly called, will provide this City with more merriment and fun than it has ever experienced since the lights were blacked out five years ago; and

Whereas, amidst such scenes of good-natured mirth and comradeship, three monster parades will be staged, the first to start at 9:30

a.m., July 23, to mark the opening of the Imperial Council Sessions at the Civic Auditorium; the second, a night parade, on July 24, in which not only will the Shriners' uniformed men participate, but which will witness the appearance of Army, Navy and Marine Corps units as well as units from other fraternal organizations and a third parade will be held in Oakland on Thursday, July 25, at 10 a.m.; now, therefore, be it

Resolved, That this Board of Supervisors, in keeping with its world-famed tradition of western hospitality, does hereby extend to Imperial Potentate William H. Woodfield, Jr., to the Shriners of North America, Hawaiian Islands, Mexico and Canada, its hand of welcome, with the sincere hope that their stay in San Francisco will be a most happy and memorable one; and be it

Further Resolved, That copies of this resolution, suitably engrossed, be transmitted to the Imperial Potentate, William H. Woodfield, Jr., by the Clerk of the Board, as a means of expressing San Francisco's appreciation of being host to one of America's greatest fraternal, charitable and religious organizations.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, MacPhee, McMurray, Mead, Meyer—7.

Absent: Supervisors Colman, Lewis, Mancuso, Sullivan—4.

Fishermen's Fiesta.

Supervisor Colman said, the holding of the Fishermen's Fiesta is to bring to the people of San Francisco a clear insight as to what the fishing industry means to San Francisco. The fishing industry provides employment to a great many people and it is important to San Francisco, as a seaport, because it brings much business to San Francisco. They are going to try to glamorize what is a tremendous tourist attraction. It is an important industry to San Francisco and I am calling it to the attention of the Board.

Charter Amendment—Fire Department.

Supervisor Gallagher presented an amendment to Section 36 of the Charter, relative to the salaries, working conditions and holidays for the uniformed members of the Fire Department.

Referred to Judiciary Committee.

Adopted.

Appointing John R. McGrath, Clerk of the Board, Effective Upon the Retirement of David A. Barry, November 1, 1946.

Supervisor Gallagher presented:

Proposal No. 5892, Resolution No. 5703 (Series of 1939), as follows:

Resolved, That John R. McGrath be and is hereby designated and appointed Clerk of the Board of Supervisors of the City and County of San Francisco, said appointment to take effect and be in force from and after the retirement of David A. Barry, present Clerk of the Board of Supervisors, on November 1, 1946.

Approved as to form by the City Attorney.

Discussion.

Supervisor Brown said, I believe it would be well to say a few words on behalf of Mr. McGrath. Mr. McGrath has been, unofficially, the legal advisor of the Board. He has been a great help to the Board and I wish him a long and successful term in office.

Supervisor Gallagher stated, this was brought about by the illness of Mr. Barry, and I believe that Mr. McGrath should be appointed.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, MacPhee, McMurray, Mead, Meyer—7.

An Ordinance in Relation to the Regulation, Control and Stabilization of Rents and Rental Agreements, and to Proceedings for Recovery of Possession of Business Space in the City and County of San Francisco and to Actions, Proceedings and Related Matters Involving Unjust, Unreasonable and Oppressive Rents or Agreements for Rent with Regard to Premises Used or Occupied as Business Space, providing for the Establishment of Rent Control Committees, Declaring a Public Emergency, and Providing Penalties for the Violation of This Ordinance.

Supervisor Lewis presented:

Bill No. 4213, Ordinance No. . . . (Series of 1939), as follows:

An Ordinance in relation to the regulation, control and stabilization of rents and rental agreements, and to proceedings for recovery of possession of business space in the City and County of San Francisco and to actions, proceedings and related matters involving unjust, unreasonable and oppressive rents or agreements for rent with regard to premises used or occupied as business space, providing for the establishment of rent control committees, declaring a public emergency, and providing penalties for the violation of this ordinance.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. Unjust, unreasonable, and oppressive leases and agreements for the payment of rent for business space in the City and County of San Francisco having been and now being exacted by landlords under stress of prevailing conditions accelerated by the war, numerous eviction proceedings against tenants having been commenced or threatened by landlords, whereby breakdown has taken place in normal processes of bargaining and freedom of contract has become an illusory concept, and whereby there have come into existence conditions threatening to obstruct the production and distribution of essential commodities, and the rendition of essential services, professional and otherwise, and to divert essential manpower, materials and transportation facilities, and to cause inflation, and all of the foregoing situations and conditions being a threat to essential civilian activities, and to the public safety, health, and general welfare of the people of the City and County of San Francisco, it is hereby declared that a public emergency exists which is increasing in intensity without slackening and without promise of relief; and that legislative action by the board of supervisors in regard thereto is imperative and will not admit of delay. It is hereby found, therefore, as a matter of legislative determination, that for the duration of such emergency, the establishment of the maximum rent for business space at a level of . . . , or at a level otherwise determined as hereinafter provided, will curb the evils arising from such emergency and will accomplish the purposes hereof. This ordinance is declared to be a measure designed to protect and promote the public health, safety and general welfare, to aid essential civilian activities, and to conserve manpower, essential materials and transportation facilities and to prevent inflation, and is made necessary by an existing emergency.

Section 2. Unless expressly otherwise provided, whenever used in this ordinance, the following terms shall mean or include:

(a) "Business Space." All rental space in said City and County other than: (1) dwelling space and meeting rooms in hotels, and dwelling space in rooming houses, apartment houses, dwelling and other housing accommodations; and, (2) piers, docks and wharf properties.

(b) "Emergency Rent." The rent reserved or payable under any lease, agreement or tenancy of business space in force on provided that, if the business space was not used or occupied as business space on such date, the emergency rent shall be the reasonable rent therefor as business space on such date, , to be fixed by agreement or by a Rent Control Committee as hereinafter provided upon the basis of the rent charged on such date for the most nearly comparable business space in the same building or other satisfactory evidence.

(c) "Rent Control Committee." A committee of not less than three members of the Board of Supervisors of the City and County shall be appointed by the President of said Board, or a committee of not less than three citizens of the City and County, not members of said Board, shall be appointed by the Mayor of said City and County. A sufficient number of committees of either type to perform the services herein set forth shall be appointed, but no such committees shall be appointed by the Mayor unless no committee of members of said Board is appointed hereunder within ten days after the effective date hereof. Such committees shall be called Rent Control Committees. A majority thereof shall constitute a quorum for the transaction of business. Written notice of at least one day shall be given by the Chairman of such committee to each member thereof of each meeting, the time and place for which has not been fixed by previous action of such committee. Such committee shall act by a majority of the members present at any meeting thereof. A written record shall be kept of all proceedings of such committee. All meetings thereof shall be open to the public. Clerical service, supplies and other expenses thereof shall be as provided by appropriation ordinance. The members thereof shall serve without compensation. Action in any proceeding before said committee shall be taken only after at least five days written notice to the parties thereto and full opportunity to said parties to be heard at the time and place set forth in said notice. If more than one committee is appointed by the President of the Board or the Mayor, he may in his discretion confine the jurisdiction of each such committee to a portion of the City and County, dividing the City and County geographically for the purposes thereof as he may deem best. Vacancies on any committee shall be filled by the officer making the prior appointment thereto.

(d) "Landlord." An owner, lessor, sublessor, receiver, trustee, executor, assignee, or other person receiving or entitled to receive rent for the use or occupancy of the whole or a part of any business space.

(e) "Tenant." A lessee, sublessee, licensee, or other person entitled to the possession or to the use or occupancy of the whole or a part of any business space.

(f) "Rent." The consideration, including any bonus, benefit, or gratuity, charged or received by the landlord, his agents, or other representatives for the use or occupancy of the whole or any part of any business space.

(g) "Services." Repairs, decorating and maintenance, the furnishing of light, heat, steam, hot and cold water, telephone, elevator

service, cleaning service, linen service, janitor service, the removal of refuse and any other facility or privilege connected with and furnished by the landlord for the use or occupancy of the business space.

(h) "Person." An individual, corporation, partnership, association, or any other organized group of individuals or the legal successor or representative of any of the foregoing.

Section 3. Except as herein otherwise provided, from and after the effective date of this ordinance and during the continuance of the emergency as defined in section fourteen, any rent which exceeds the emergency rent shall be presumed to be unjust, unreasonable and oppressive. Every landlord within twenty days after the effective date of this ordinance shall furnish each tenant with an accurate statement of the amount of his emergency rent, and in the case of business space not used or occupied on, such statement shall be furnished within twenty days after such rent shall be fixed or determined pursuant to subdivisions (b) and (c) of section two hereof; and if a landlord shall fail, refuse or neglect to furnish any tenant with such statement within the time specified, no rent accruing shall be collectible by such landlord during the period he is in default. Acceptance by a landlord of payment of the emergency rent by a tenant shall not be construed to be a waiver by such landlord of his right to seek increased rent from such tenant as hereinafter provided.

Section 4. A rent, exceeding in amount the emergency rent, may within the limitations specified by this section, be fixed by a Rent Control Committee. The rent to be so fixed shall be a reasonable rent based on the fair rental value of the tenant's business space as of the date the application to the Rent Control Committee is made. In the determination of the amount of such reasonable rent: (a) due consideration shall be given to the cost of maintenance and operation of the entire property (including land and building in which such business space is located) including amount paid for taxes assessed against such property, and to the kind, quality and quantity of services furnished, but excluding amortization or interest paid or accrued on any incumbrances thereon; (b) such rent shall be fixed in such manner that it shall not exceed a fair and reasonable proportion of the gross rentals from all the business space in the entire building, giving due consideration to the amount and character of the business space used or occupied by such tenant, provided, however, that the gross rentals from all such business space shall not exceed a fair and reasonable proportion of the gross rentals from the entire building.

A net annual return of per centum on the fair value of the entire property including the land plus two per centum of principal for amortization of any mortgages thereon shall be presumed to be a reasonable return. Twice the assessed valuation of the entire property, including land and building, as shown by the latest completed assessment roll of the city and county, shall be presumed to be the fair value of the premises, but other lawful evidence of the fair value may be offered and received. In any proceeding under this section, the landlord within five days after written demand by the tenant or within such time as the Committee upon good cause shown may determine, shall serve upon the tenant a verified bill of particulars, setting forth the gross income derived from the entire building during the preceding year, the names and addresses of all tenants, the rental charged each tenant and how payable, the consideration paid by the landlord for the entire property including the land, if he be the owner thereof, or if he be a lessee the name and address of the lessor and the rent agreed to be paid; the assessed valuation of the property as shown by the latest completed assessment-roll of the city,

separately showing the amount of the assessment on the building and the amount of the assessment on the land; the cost of maintenance and operation of the building during the preceding year, the kind, quality and quantity of services furnished during such year; and such other facts as the landlord claims affect the net income of the entire building, or the reasonableness of the rent to be charged. Issue shall not be deemed to be joined in any proceeding under this section until the bill of particulars is served upon the tenant. Upon failure to serve the bill of particulars upon the tenant within the time limited, the proceeding shall be dismissed upon motion of the tenant. As a condition precedent to being heard in any proceeding under this section, the tenant must pay to the landlord the emergency rent on each date when the rent is due under the terms of his lease, rental agreement or tenancy. Any landlord who shall wilfully demand or accept a rent in excess of the emergency rent, or a rent fixed pursuant to section four of this ordinance, shall forfeit the succeeding month's rent.

In lieu of the provisions contained elsewhere in this section for determining and fixing rent, the tenant and the landlord may fix a reasonable rent by written agreement, signed by both the tenant and the landlord, provided:

(a) that such tenant used or occupied the same space on the effective date of this ordinance; and

(b) that such written agreement contains a statement setting forth:

(I) the amount of the emergency rent for the tenant's space;

(II) a statement that the landlord has advised the tenant prior to the making of such agreement of his right to continue payment of the emergency rent until modified by the Rent Control Committee pursuant to section four of this act; and

(III) a statement that the tenant, within sixty days after the effective date of such agreement, may cancel such agreement by notice to the landlord by registered mail enclosed in a securely sealed post-paid wrapper, addressed to the other party at his last known address and requiring a return receipt.

Section 5. Nothing contained in this ordinance shall authorize a landlord to seek, demand or receive increased rent, (a) under any lease or rental agreement made prior to the effective date of this ordinance wherein the rent reserved does not exceed the emergency rent; or, (b) under any lease or rental agreement made after the effective date of this ordinance wherein the rent reserved is less than the emergency rent.

Section 6. No proceeding shall be instituted or maintained, during the continuance of the emergency declared by this ordinance, to recover possession of any business space for or on account of a default in payment of rent, unless the petitioner shall allege in the petition and prove to the satisfaction of the court: (a) that the rent charged is not greater than the emergency rent for such business space or such greater rent therefor as may have been fixed pursuant to section four of this ordinance; and (b) that the services furnished by the landlord to the tenant have not been unreasonably diminished since the effective date of the existing lease, rental agreement or tenancy. To the extent that the rent charged is in excess of the emergency rent, or such greater rent as may have been fixed pursuant to section four of this ordinance, the tenant may interpose the defense that the rent charged is unjust, unreasonable and oppressive and, if such defense be interposed, the rent charged, to the extent of such excess, shall be uncollectible.

Section 7. In any action to recover rent for business space accruing during the period of the emergency, it shall be a defense that

such rent is unjust, unreasonable and oppressive if such rent is in excess of the emergency rent or any rent which may be fixed pursuant to section four of this ordinance, and to the extent of such excess the same shall be uncollectible. The tenant may interpose the defense that the rental value of the business space has been reduced by reason of an unreasonable diminution of services, and to the extent that the court shall find that such services have been so diminished, the value thereof shall be allowed in reduction of the rent charged and shall be uncollectible; or, in the alternative, the tenant shall be entitled to a cause of action to recover a proportionate amount of the rent paid.

Section 8. So long as the tenant continues to pay the rent to which the landlord is entitled, under the provisions of this act, no tenant shall be removed from any business space, by action or proceeding to evict or to recover possession, by exclusion from possession, or otherwise, nor shall any person attempt such removal or exclusion from possession, notwithstanding that such tenant has no lease or that his lease or other rental agreement has expired or otherwise terminated, and notwithstanding the issuance of any order to dispossess, warrant or process prior to the effective date of this ordinance, and regardless of any contract, lease, agreement or obligation heretofore or hereafter entered into which is inconsistent with any of the provisions of this ordinance, unless:

(a) The tenant has unreasonably refused the landlord access to any part of the business space for the purpose of inspection or of showing such space to a prospective purchaser, mortgagee, or prospective mortgagee, or other person having a legitimate interest therein; provided, however, that such refusal shall not be ground for removal or eviction if such inspection or showing of the business space is contrary to the provisions of the tenant's lease or other rental agreement; or

(b) The tenant (1) has violated a substantial obligation of his lease, rental agreement or tenancy, other than an obligation to pay rent, and has continued or failed to cure such violation after written notice by the landlord that the violation cease, or (2) is committing or permitting a nuisance or is using or permitting a use of the business space for illegal purposes; or

(c) The landlord seeks in good faith to recover possession for the immediate purpose of demolishing the building with the intention of constructing a new building, and the plans for such construction have been approved by the proper authorities, if such approval is required by law. If the landlord shall fail to start the demolition of the building within ninety days after the removal of the tenant, or if after having commenced the demolition of such building, shall fail or neglect to prosecute the work with reasonable diligence, he shall, unless for good cause shown, be liable to the tenant for all damage sustained on account of such removal. In addition to any other damage sustained, the cost of removal of plant and property shall be a lawful measure of damage; or

(d) The landlord owned or acquired an enforceable right to buy or take possession of the building on or before the effective date of this ordinance and seeks in good faith to recover possession of the business space for his immediate and personal use; or possession is sought by a person who acquires title to the building subsequent to the effective date of this ordinance, and who likewise seeks in good faith to recover possession of the business space for his immediate and personal use; provided, however, that in either such event, such person shall have an equity in the property of not less than twenty-five per centum of the purchase price; and provided, further, that nothing in this subdivision contained shall authorize the dispossession

of a tenant during the term of his lease by his landlord or by any such subsequent purchaser unless by the terms of the lease the privilege is reserved to terminate the lease upon sale of the building; and provided further that no landlord shall be entitled to invoke the provisions of this subdivision unless he shall possess an interest of not less than fifty per centum of the whole investment in the business which he proposes to carry on in such space. If the landlord shall fail, after ninety days after dispossessing a tenant under the provisions of this subdivision, to occupy such space and actively to conduct such business therein, or if the landlord shall lease or rent such space to or permit occupancy thereof by a third person within a period of six months after such dispossession, he shall be liable to the tenant for all damages sustained on account of such removal. In addition to any other damage, the cost of removal of plant and property shall be a lawful measure of damage; or

(e) The tenant, whose lease or rental agreement has expired or shall hereafter expire during the continuance of the emergency declared by this ordinance, has refused, subsequent to the date this ordinance takes effect and within a period of six months prior to such expiration, to execute, upon demand of the landlord, a renewal of the prior lease or rental agreement for a further term of like duration or for such shorter term as the landlord may elect, on substantially similar terms and conditions as are contained in such prior lease or rental agreement, provided that the terms and conditions of such renewed lease or rental agreement are not inconsistent with any of the provisions of this ordinance, and provided further that the rent reserved in such renewed lease or rental agreement may be any amount not in excess of the emergency rent for such tenant's business space. The landlord shall not be entitled to seek a fixation of rent pursuant to section four of this ordinance where the rent reserved in any such renewed lease or rental agreement is less than the emergency rent; or

(f) The tenant occupies business space in a building required to be demolished in order to carry out a housing or rehabilitation project instituted under any public housing or slum clearance law, or instituted by a corporation organized under any law for housing project purposes.

Section 9. In the case of any lease or rental agreement for use or occupancy of business space, which lease or rental agreement was entered into for a term commencing subsequent to the effective date of this ordinance by a tenant who occupied such space under a prior lease or rental agreement, the expiration date of which immediately precedes the date of commencement of the subsequent lease or rental agreement, and the term of which subsequent lease or rental agreement exceeds the term of such prior lease or rental agreement, the Rent Control Committee, upon application made by the tenant within sixty days after the effective date of this ordinance, may abridge the term of such subsequent lease or rental agreement, as justice shall require, but in no event so that such term shall be less than that of the prior lease or rental agreement, provided that the tenant shall establish that such subsequent lease or rental agreement was, on the date of its execution, unjust, unreasonable, and oppressive as to any of the terms and provisions thereof other than the rent reserved therein.

Section 10. No landlord shall be answerable in damages or otherwise for failure to give possession to a new tenant not in possession where the tenant in possession is permitted to hold over by virtue of any of the provisions of this ordinance.

Section 11. Rents are frozen and stabilized as of the effective date hereof in the manner provided herein, and nothing contained in this

ordinance shall create any claim or cause of action in favor of a tenant against a landlord to recover moneys paid as rent for business space prior to the effective date of this ordinance.

Section 12. Any waiver of any of the provisions of this ordinance shall be unenforceable and void.

Section 13. Any lease wherein the specified rent or any part thereof is variable according to volume or other criteria of volume of the tenant's business shall continue without change, but where such lease provides for the payment of a fixed, basic or minimum rent, such fixed amount shall be subject to the provisions of this ordinance. If any provision of this act or the application thereof to any person or circumstance is held invalid the remainder of the act and the application of such provisions to other persons or circumstances shall not be affected thereby.

Section 14. The emergency herein described is hereby declared to continue until
This ordinance shall remain in effect until said date or until the effective date, if it occurs prior to said date, of any legislation of the State of California, of the United States, enacted in relation to the regulation, control and stabilization of rents and rental agreements in regard to premises used or occupied as business space during the emergency herein described.

Section 15. Violation of any provision of this ordinance shall constitute a misdemeanor and shall be punishable by imprisonment in the County Jail for a period not to exceed six months and by fine not in excess of \$500.00, or by both, such fine and imprisonment, and it shall constitute a new and separate violation for each day that a rental or other consideration is charged or permitted to be charged, for such premises as are herein before designated which rental or other consideration is more than, the ceilings, levels or limitations designated in this ordinance or is in any other respect in violation thereof.

Referred to Judiciary Committee.

Excused From Attendance.

Supervisor MacPhee asked to be excused from the matter of August 5th.

Permission granted.

Child Welfare Program.

Supervisor MacPhee said, I have read an article in the City and County Record that states that when we cut the budget we also cut down the Child Welfare Budget. It says that the Community Chest tried to have meetings with the Board of Supervisors and the Mayor, but it was impossible to contact either one.

If you recall, I said that we should sit down with these people and go over this matter and come out with something.

I would like the Clerk of the Board, again to contact the Community Chest and have them agree to sit down with us and discuss the matter about where the Community Chest's budget begins with respect to the Child Welfare Program.

I would also request that a committee be appointed by the Chairman to meet with the Community Chest on this matter.

Referred to Finance and Public Health and Welfare Committee.

Demonstration of the Mono-Rail.

Supervisor MacPhee stated, the Mono-Rail people were here today and would like to put on a special demonstration at next Monday's

meeting, at 3:00 p.m. I suggest that we permit them to put on their demonstration and that we invite the members of the Public Utilities Commission to be present.

Demonstration set for Monday at 3:00 p.m. and members of Utilities Commission invited to attend.

Purchase of Land Near Camp Mather for a Camp Site.

Supervisor MacPhee remarked, I would like to take up a matter with the Public Utilities Commission.

Miss Randall of the Recreation Commission and the District Attorney's Office and the Coordinating Council have been trying to secure some land near Camp Mather for a camp site.

Supervisor Gallagher remarked, I have also received a letter on that matter and I have referred it to the Finance Committee. They will bring back a report on it.

Supervisor MacPhee asked the Finance Committee to bring in a report on this matter by next Monday.

ADJOURNMENT.

There being no further business, the Board at the hour of 7:20 p.m., adjourned.

SPECIAL ORDER—3:00 P.M.

Demonstration of Model of Monorail System.

Mr. Bilger, representing the Monorail System, conducted the demonstration and explained to the Board that this type of transportation is not only quicker but that it is cheaper. It could be oper-

ated on a 5-cent fare and the bonds could be amortized without any increase in the tax rate.

Mr. MacPhee said, Mr. Bilger has made a statement that should be investigated. He says that this type of transportation could be put into effect and could be done on a 5-cent fare without any increase in the tax rate. I believe it should be investigated. I think that this matter should be studied by the Public Utilities' engineers and let us have their views and if these statements are true we should be informed of their findings. I believe that we should establish a policy on this matter.

Supervisor MacPhee then moved, that this matter be referred to the Public Utilities Commission for a comprehensive study and report back to this Board.

Seconded by Supervisor Brown.

Supervisor Mead stated, I believe that we should follow through with the suggestion made by Supervisor MacPhee with respect to this matter only.

Thereupon the roll was called and the foregoing motion was carried by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Refused Reconsideration.

SPECIAL ORDER—3:30 P.M.

Reconsideration.

On Monday, July 22, 1946, the following matter, Proposal No. 5717, was voted on as follows:

Ayes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Noes: Supervisors Colman, Lewis, MacPhee, Mead—4.

Absent: Supervisor Sullivan.

Before the roll call was announced, Supervisor Mead changed his vote from No to Aye and served notice that on Monday, July 29, 1946, he would move for reconsideration. The vote by which Proposal 5717 was adopted was then recorded as follows:

Ayes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Mead, Meyer—7.

Noes: Supervisors Colman, Lewis, MacPhee—3.

Absent: Supervisor Sullivan.

From Commercial and Industrial Development Committee, called out by Supervisor Christopher:

Favoring Submission to Voters at General Election, November, 1946, of Declaration of Policy Concerning Operation of Farmers' Market.

Proposal No. 5717, Resolution No. 5704 (Series of 1939), as follows:

Whereas, the lease of the site on which the Farmers' Market is at present located expires on June 30, 1946, and

Whereas, at the November, 1945, election, the people by a substantial majority, voted to continue the operation of the Farmers' Market, and

Whereas, efforts have been made to have the city finance the cost of a permanent Farmers' Market, the outlay estimated to range between seventy-five thousand and one hundred thousand dollars, and

Whereas, records indicate that during the past two years, the market has been barely able to meet its operating expenses, and

Whereas, while the Board of Supervisors does not wish to contravene the edict of the people, at the same time it does not desire to place the cost of such a venture on the shoulders of the taxpayers, without specific authority; now, therefore, be it

Resolved, In order to determine the wishes of the people with respect to financing the cost of a new and permanent Farmers' Market, this Board of Supervisors does hereby go on record as being in favor of submitting a declaration of policy to the electorate at the November, 1946, election, setting forth in detail the following:

1. Location of the proposed site.
2. Cost of proposed site.
3. Cost of appurtenances necessary for the operation of the Market.
4. Probable amount of revenue that may be expected to accrue, based on past experiences of the Market.
5. Probable length of time over which amortization of the amount advanced by the city, may be expected to run, based on past revenues and costs.
6. Any other information that may be pertinent to the subject.

Further Resolved, That the City Attorney and the Registrar of Voters be and are hereby requested, respectively, to prepare such a declaration of policy as is outlined herein and to take such procedural steps as are necessary for the submission of such policy at the General Election to be held in November, 1946.

July 15, 1946—Consideration continued until July 22, 1946.

Motion to Reconsider.

Supervisor Mead moved, that we reconsider action with respect to Proposal 5717, adopted last week.

Seconded by Supervisor Sullivan.

Discussion.

Supervisor Mead said, I would like to know whether or not I could present some communications to be read at this time.

Point of Order.

Supervisor Brown raised a point of order. The matter before us is shall we consider the vote by which this matter was passed. The discussion of the main question is not in order.

The Chair ruled the point of order well taken.

Discussion.

Supervisor Mead stated, I was offering that suggestion for the purpose of expediting the matter.

Supervisor Colman remarked, the question before us is whether or not we should reconsider our action. The Communications referred to by Mr. Mead may have a bearing on the question as to whether or not the Board should reconsider its action, and I believe that they should be considered at this time.

Supervisor Gallagher explained, if the Clerk has any communications with respect to reconsideration they would be in order.

Supervisor Colman stated, if anybody writes a letter, that would mean that they wanted us to reconsider our action. If any of the people of San Francisco writes a letter it should be read.

Supervisor Gallagher replied, the Chair is not biased in any way, but if these are not from people in San Francisco should we read them anyway.

Supervisor Mead remarked, any communications that come into the Board become public property and every Supervisor is entitled to know what they are. I believe that the communications should be read.

The Chair ruled that the communications should be read.

Communications.

The Clerk then read telegrams favoring the continuation of the Farmers' Market, from the following:

Assemblyman Ralph Brown of Modesto; Assemblyman Raup Miller of Palo Alto; Jack Thompson, Assemblyman from Santa Clara; Herbert W. Slater, State Senator from Santa Rosa; O. E. Bremmner, Agricultural Commissioner from Santa Rosa; Bernell Harlan, President, Yolo County Farm Bureau from Woodland, and Lloyd Lowrey, Assemblyman from Woodland.

Supervisor Mead remarked, I hope that you will adopt the motion to reconsider this matter this afternoon.

By a vote of better than 5½ to 1, this matter was carried by the People of San Francisco. There has been a poll taken and more than 74 per cent are in favor of the continuation of the Farmers' Market. I feel that the Market should continue because the people of San Francisco have told us that it should continue. I do not want to see the small market operators harmed, and I do not believe that they will be harmed.

Much has been said, over a period of a month, about this matter and anything I say will be a repetition of what has been said. I wish to point out that labor is not opposed to the continuation of the Market. The San Francisco Building Trades Council are on record as favoring the continuation of this market. The San Francisco Labor Council is also on record as favoring the continuation of this market. The only ones who have opposed it are the members of the Retail Clerks.

By sending this matter back to the People you are trying to do away with the market completely. You would delay the purchase of the property for about six or seven months and it would increase the cost of the property. This matter should not be sent back to the People. We should reconsider it this afternoon and vote it down.

Supervisor Colman stated, if any citizen wants to be heard on this matter I will move the privilege of the floor for him.

Supervisor Brown said, I can see no purpose to be gained by listening to these people at this time and I will oppose the privilege of the floor for the purpose of hearing from interested parties.

Supervisor Colman explained, never in 25 years have I seen the wishes of the voters so flagrantly disregarded. The voters approved the continuation of the Farmers' Market by a vote of 5½ to 1. At the same election some Supervisors were elected to the Board, not by any vote like that, yet it was legal. I believe that the People expressed their wishes intelligently. We were told that they did not realize that an expenditure of money might be needed for the operation of the Market. I have seen some of the posters that were put out by the opposition which brought out the fact that the market would need money for operation, and yet the People voted to continue the market. These same people who voted to continue the market also voted to elect the members of the Board.

Mr. McMurray said that he was the champion of the little people, but now I find out that he is not the champion of the little people but of the big people.

Point of Personal Privilege.

Supervisor McMurray said, I raise to a point of personal privilege. I read in the newspaper where Supervisor Colman said that I said that I was the champion of the little people.

Point of Order.

Supervisor Mead raised a point of order. Mr. McMurray is out of order, he is stating something that was in the newspapers last week.

The Chair ruled that Supervisor Colman has the floor.

Supervisor McMurray continued, Mr. Colman has made another mistake, I have not withdrawn the remarks that I am the champion of the little people.

Supervisor Colman said, I am sorry I offended Mr. McMurray and I withdraw the whole thing.

We have a responsibility to the people of San Francisco and they are in favor of the Farmers' Market. The Central Council of Civic Clubs and the Civic League of Improvement Clubs are in favor of the market, and they represent just about every organization in San Francisco.

Point of Order.

Supervisor McMurray raised to a point of order. All of these statements made by the Supervisor were made last week.

The Chair ruled the point of order not well taken.

Discussion.

Supervisor Colman continued, every American city has a farmers' market, yet there has been no socialism, or communism on these markets.

A poll was taken as to whether or not the people would be willing to operate a farmers' market with an appropriation of \$65,000. I would like to ask Mr. Kellogg a few questions about this poll.

Supervisor McMurray remarked, I object to the privilege of the floor.

Supervisor Mead inquired, if any member of the Board wants information, do I understand that if one member of this Board objects that the information cannot be secured.

The Chair explained, Mr. McMurray has objected and if you had objected the same ruling would apply.

Supervisor Colman asked, am I in order to ask Mr. Kellogg a question.

The Chair answered, Mr. McMurray has objected and so I say that Mr. Kellogg cannot answer the question. I do not know whether it would be pertinent to reconsideration.

Supervisor Colman said, I would like to know how many people were interviewed.

Mr. Kellogg answered, Seven hundred.

Mr. Colman inquired, how did you conduct your interview.

Supervisor McMurray stated, I object, this man is being allowed the privilege of the floor.

The Chair ruled, this man does not have the privilege of the floor.

Supervisor Mead asked, I would like to know whether or not you have informed the members of the Board that this survey was taken with respect to the reconsideration of this matter.

Supervisor Colman replied, no, I did not, but if the Board will accept that statement I will let it stand as mine.

Supervisor Brown inquired of Mr. Kellogg, who gave you the question.

Mr. Kellogg answered, you and I worked out this question together. Supervisor Brown remarked, that is not the question that I gave you.

Mr. Kellogg explained, it is the same except for the last few words.

In order to make the survey we split the City into areas and place a couple of interviewers in each section. When the results were turned in they were tabulated for stability. Then the work of each interviewer was spot checked. I believe that just about explains the procedure.

Supervisor Sullivan said, when this matter came up two years ago, I was one of the four to sign the Declaration of Policy. The people voted for the Farmers' Market and I have to be guided by their wishes. They want a Farmers' Market and they should have it.

Supervisor Christopher stated, I was happy to receive the remarks about the poll but I do not believe that we need a poll on this matter. We know that there was a mandate of some kind that we should have a Farmers' Market. The people have never expressed themselves that we should appropriate money to operate the market.

The first request was for \$10,000 and we were informed that that was only the beginning. The \$65,000 for the land is not the full amount, more money will be needed. I resent very much that as a member of the Board that we are not told the exact amount of money needed. I believe that we are being made fools of in this matter. I am going to demand the truth from now on on matters of this kind.

I do not question the figures in the last election, they are the true figures, but there is only one salient point in this matter. We are opening the doors to permit other industries in San Francisco to compete with existing industries.

Point of Order.

Supervisor Sullivan raised a point of order. Mr. Christopher is out of order, he is not talking about reconsideration.

The Chair ruled the point of order well taken.

Discussion.

Supervisor Christopher continued, the only question today is whether we should establish a precedent whereby any person can go into business by a vote of the Board of Supervisors.

Supervisor Lewis remarked, the only opposition seems to be about the matter of money. It has been said that if the matter should go on the ballot again with the money angle in it that it would be approved by the people again. If that is the way they feel, why do they want to put it back on the ballot in November.

I would like to have that question answered, and that is why I believe that the matter should be reconsidered.

Supervisor Christopher replied, the answer has been given a number of times. Those who are against it do not want to see the answer. I believe that we should go on the ballot on matters of this type every time. When we want to start a competitive business, then we should go to the people.

Privilege of the Floor.

Supervisor Mead stated, I see our State Senator present, Mr. O'Gara, and he wants to talk on the matter. I move the privilege of the floor for Mr. O'Gara.

Seconded by Supervisor Sullivan.

Discussion.

Supervisor Christopher said, I object to the privilege of the floor.

The Chair ruled the objection well taken.

Supervisor Colman remarked, I would like to ask Mr. O'Gara some questions. Are you not in favor of appropriating the money for the continuation of the market?

Point of Order.

Supervisor Mancuso raised a point of order. Supervisor Colman is trying to circumvent the Rules of the Board by asking Mr. O'Gara that question.

The Chair ruled the point of order well taken.

Mr. O'Gara said, as a former supervisor, I am entitled to the privilege of the floor.

The Chair stated, the rules do not say that.

Supervisor Christopher said, I withdraw my objections.

Supervisor Brown remarked, until Mr. O'Gara has taken office in the State Senate he still is a citizen of San Francisco and my objection goes for him as well as all people of San Francisco. If and when the main question is before us I will not object to the privilege of the floor.

The Chair ruled the objection well taken.

Discussion.

Supervisor Brown explained, it seems to me that a great deal of confusion has been thrown around a number of different angles in this situation. I believe that a lot of that confusion has been on purpose. It has been said that the Board of Supervisors have killed the Farmers' Market.

That is not so. What we are considering is whether or not we should ask the people if they want to spend upward to \$100,000 for a free market. No one has made any point to the fact that the Farmers' Market is still going on and will continue to next July at the present location. That will give us a lot of time to decide what we are going to do with it then.

It has been said that this matter has to be referred to the State Legislature for ratification. That is not true. This is merely a declaration of policy and when the people vote on it that is all there is to it.

Mr. Colman has made a great deal about the vote. It is true that there was nothing in that declaration of policy that said that there was going to be an expenditure of money. That question has never been submitted to the people. When we decide to float a bond issue for a capital expenditure, we do submit that to the people.

Mr. Kellogg came in and asked me to write the question, which I did, but that was not the question that was submitted to the people for the poll. He added a little phrase to my sentence. I would like to ask who is going to guarantee that there will be a profit that will be able to pay for the Market? Can the Farmers' Market produce the money necessary, I do not think so.

The small storekeeper will be hurt by this. The Daily News says that 50,000 people visit the Farmers' Market each Saturday. I believe that the little storekeeper would like to have that purchasing power. I do not believe that the storekeeper wants to see the market operate when it does not have to pay taxes or licenses.

We are not, in any way, impairing the operation of the free market by what we do today. The market will continue until July of next year. What we are trying to do is to find out whether or not the people want us to appropriate some money for the operation of the Farmers' Market. Until we have their approval, I believe that we will be derelict in our duty to go ahead.

Supervisor Colman inquired, Mr. Brooks, it is your opinion that if the Board appropriated \$100,000 that it can be amortized out of revenues over a period of years?

Mr. Brooks replied, I have a letter before the Board that stated that over a period of 20 years the money would be paid back to the City.

Supervisor Christopher asked, Mr. Brooks, if we appropriate this money can you say that you will not be back at some future time for more money?

Mr. Brooks answered, I believe that my letter should be read.

The Clerk then read the following communication:

**Communication From the Chief Administrative Officer Relative to the
Farmers' Market.**

CITY AND COUNTY OF SAN FRANCISCO

Office of

Chief Administrative Officer

July 15, 1946.

The Honorable, The Board of Supervisors, San Francisco.

Gentlemen:

In accordance with an authorization contained in Resolution No. 5599, adopted by your Honorable Board on June 17, 1946, the city's lease on the Duboce Avenue and Market Street site of the Farmers' Market has been renewed for a period of one year from July 1 at a rental of \$50 a month.

The market is being operated in accordance with the ordinance Bill No. 3916, passed by your Honorable Board on April 8, 1946. This ordinance was adopted following approval by the voters by a five and a half to one majority of a policy declaration which read:

"Farmers' Market. 'The Farmers' Market shall be continued beyond the time limitation now established by ordinance.' "

At the time this policy declaration was approved by the voters the Farmers' Market was being operated under authorization which limited its life to the duration of the war and six months thereafter.

In order to continue the market in accordance with the vote of the people it will be necessary to acquire a new site and prepare it for occupancy by June 30, 1947. The site now occupied has been selected as the location of an amusement center to cost, according to report, in the neighborhood of a million dollars. Construction is to begin as soon as materials are available, probably within the next six to eight months.

Thus, while it is essential that a new site be available for occupancy by June 30, 1947, it is desirable and in the public interest that it be ready months before that date. Otherwise, continued occupancy of the present site will stand in the way of an important development that would add measurably to the local tax roll and will deprive the owners of the present site of the right to greatly increased earnings. The \$50 a month rental paid by the city is a nominal amount which reflects the public spirit of the owners rather than value.

Acquisition of real property and its improvement in accordance with technical provisions of law involve such time elements that if an appropriation for land purchase (the first requirement) were approved by your Honorable Board now a new site probably would not be ready for occupancy before next spring. If there should be a delay of several months in providing funds for land acquisition a new site would not be prepared by June 30, 1947, and the voters' decision that the market be continued could not be carried out.

I should also call your attention to the fact that the present lease, although renewed for a year, will expire six months after the formal end of the war. Under this clause there is no assurance that the site can be used until the end of this fiscal year.

A delegation of growers appeared in my office after adoption of the 1946-47 budget to ask assurance that the Farmers' Market would continue. They were well representative of northern and central California agricultural areas, and they assured me that they spoke for the 500 to 600 farmers who have made frequent use of the market's facilities. They were unanimous on these points:

1. They expect the market to be completely self-supporting, repaying the city for any capital expenditures made, even if fees have to be adjusted upward.
2. Indecision regarding permanence, which they thought had been voted by the people, was hurting the market.
3. Many growers come to San Francisco to transact other business, including retail shopping, because the farmers' market brings them here.
4. They want strict, impartial inspection and enforcement of quality standards at the market.
5. Most of the commodities sold at the market would otherwise go to waste.

The reaction of our own citizens, as consumers, was similar to that of the growers when the continuance of the market appeared to be in doubt. They were apprehensive and concerned.

During the calendar year 1945 revenues of the market totaled \$8,741, expenditures \$5,775.42. The excess of revenues over expenditures was \$2,965.58. For the fiscal year which ended last June 30 revenues amount to \$9,337.50, expenditures \$6,308.86. Revenues exceeded expenditures by \$3,028.64.

The market up to the recent passage of the new enabling ordinance operated under an enactment which required it to repay the city for any capital expenditures within two years. At the end of the two-year period it had repaid the city for all construction work and there was an overall excess of revenues over expenditures (including capital expenditures) of \$812. Besides this financial gain, the city owns at the present site an administration building and public convenience stations which cost \$2,700 and market sheds which cost about \$5,000.

These sheds were financed by growers under authorization adopted by your Honorable Board, and the growers who paid for their construction have been repaid by being given free use of the shelters. They now are the property of the city.

Revenues available to reimburse the city for capital expenditures for a permanent market are indicated by the following figures for one year:

Excess of revenues over operating and maintenance costs	\$3,000
Rents paid	600

Value of rent-free sheds furnished growers who financed their construction (estimated on basis of sheds rentals by growers who did not participate in financing) 2,000

Total earned in excess of operating and maintenance costs exclusive of rent \$5,600

That is the amount that would have been available for reimbursement of the city for capital expenditures during the last fiscal year had the city completely provided market facilities. It is the estimated net earning power of the market under the present fee schedule, which fee schedule the growers using the market have asserted they would be quite willing to have increased if necessary to keep the market self-supporting.

At budget time I requested an appropriation of \$10,000 to put a new site in shape for operation as an open air market. I stated that I later would recommend a \$60,000 appropriation from available funds for purchase of a new site. It was naturally contemplated that still later, when plans were completed, I would ask for funds to build permanent improvements.

There has been a request that I furnish an overall estimate of the cost of the proposed new market.

The following estimate is based upon continuing with a physical set-up like that of the present market, but on a larger site that will provide more parking space for buyers' cars and will allow expansion in the future if justified:

Paving ½ of new site	\$12,000
Drainage and water lines	3,770
Sheds (30)	6,000
Administration Building	3,200
Plans and Specifications	1,000
Miscellaneous	2,030
	<hr/>
Total Improvements	\$28,000
Land	60,000
Land Acquisition Costs	2,000
	<hr/>
TOTAL	\$90,000

A contract for moving the buildings now existing and paid for at Market and Duboce, or utilizing the materials in those buildings for construction at a new site, should reduce the cost of improving a new location considerably, but no account of such a saving has been taken in the foregoing estimate.

Revenues from the present fee schedule, it is estimated, would be sufficient to pay all operating and maintenance costs and repay the city for even a \$90,000 investment in less than 20 years. It is to be remembered in this connection, also, that the growers who use the market's facilities are desirous that fees be adjusted upward if necessary to make the market completely self-supporting.

In view of the foregoing, I herewith submit and recommend an appropriation of \$62,000 from the land purchase reserve fund to acquire a permanent site for the Farmers' Market. This money was obtained from the sale of city-owned real property and is earmarked for purchase of land as needed. The money is available.

I am making this recommendation at this time so that you may consider it as an alternative to the proposed submission of a policy declaration to the voters. I believe that both the growers and San

Francisco consumers will appreciate definite action toward continuing the market on a permanent basis.

Very truly yours,
T. A. BROOKS,
Chief Administrative Officer.

Supervisor Brown said, I believe that a question calling for a capital expenditure in this amount should be submitted to the people for their action.

There are many properties that are exempt from the tax roll and it is hard on the tax rate. If we purchase this land, for the Farmers' Market, we will also be taking it off of the tax roll and add it on to the people.

The net profit, from the operation for the last year, was \$500 and in 20 years that would add up to only \$10,000.

Supervisor Colman replied, that \$500 is after the money had been amortized.

Supervisor MacPhee remarked, what Mr. Brown states is a half truth in that the actual profits of the market represents some \$532. The expense of paying for the building has been paid before the \$532 profit accrues. I would ask Mr. Brooks if that is correct.

Mr. Brooks replied, I refer you back to my letter.

Supervisor MacPhee asked, Mr. Brooks, is the surplus of \$532 a result after the amortization of the market itself?

Mr. Brooks answered, for the fiscal year, ending June, 1946, the revenue exceeded expenditures by over \$3,000. The market, up to the present, operated under an enactment that obligated it to repay the City for any capital expenditure. At the end of two years they had repaid the capital expenditures and there was a profit of \$812.

Supervisor Brown stated, we made \$812 for two years' operation. Take that and multiply that by 20 and see where we get. Let us take the figure before the amortization and multiply that by 20 and you will see that we are still about \$40,000 short.

Mr. Brooks said, I believe that the money would be repaid to the City within 20 years.

Mr. Brown remarked, I still make out that \$3,000 times 20 will be only \$60,000.

Supervisor Mead explained, I want to point out that an ordinance was adopted by this Board to purchase a site for this market. Some of the present members of the Board voted for this ordinance. Some of the members of the Board are of the opinion that if we appropriate the money that we will bring about a condition whereby we will have to sponsor a number of other industries. That is not correct and every member of the Board knows it.

Some members of the Board said that there was no profit. I did not know that we were operating the Farmers' Market to make a profit. I understand that we are to operate a Farmers' Market and that the money was to be returned to the City.

We are trying to create a good neighbor policy with out sister counties. I believe that by continuing the Farmers' Market we are doing a great deal to foster the idea of a good neighbor policy.

I can see no reason for this matter being submitted to the people for their action and I hope that there are six members of this Board who will see fit to vote for the reconsideration of this proposal.

Supervisor Meyer stated, my idea of this is this, we will always have a Farmers' Market as long as it lasts. The Farmers' Market has 28 counties in which it could be located and continue its business. I do not believe that we should appropriate money out of the Treasury and provide for the operation of the Farmers' Market.

Point of Order.

Supervisor Mead raised a point of order. Will I be permitted to close again.

The Chair ruled that Supervisor Mead would not be able to close again.

Discussion.

Mr. Brooks explained, I merely attempt to follow out the provisions of an ordinance that this Board passed. It is not my market, it is your market. I have been directed to conduct a Farmers' Market and I wish to point out that I have grave doubts as to whether or not I can continue a Farmers' Market after June 30th, if you do not appropriate the money.

Supervisor Brown inquired, Mr. Brooks, what is the terminal clause in the ordinance?

Mr. Brooks replied, the market might be discontinued in the event that the Congress states that the last war is terminated. It ends six months after the termination of the war.

Thereupon the roll was called and the foregoing motion for reconsideration was defeated by the following vote:

Ayes: Supervisors Colman, Lewis, MacPhee, Mead, Sullivan—5.

Noes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Refused Passage.

The following recommendation of Finance Committee was taken up:

Present: Supervisors Mancuso, Lewis, Mead.

X **Appropriating \$62,000, Chief Administrative Officer, for Acquisition of New Site for Farmers' Market.**

Bill No. 4206, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$62,000 out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to provide funds for the acquisition of a new site for the Farmers' Market.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$62,000 is hereby appropriated out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to the credit of Appropriation No. 558.600.50, to provide funds for the acquisition of a new site for the Farmers' Market.

Recommended by the Chief Administrative Officer.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Approved by the Mayor.

July 22, 1946—*Consideration continued until July 29, 1946.*

Discussion.

Supervisor Colman moved passage of ordinance appropriating \$62,000 for acquisition of land for the Farmers' Market.

Seconded by Supervisor Mead.

Discussion.

Supervisor Christopher inquired, is that the total sum required?

Mr. Brooks replied, that is only for the purchase of the land. The total cost is mentioned in my letter.

Supervisor Christopher asked, why isn't the total mentioned in the bill?

Mr. Brooks answered, it is necessary for you to get a budget item before you can set up the entire amount.

Motion to Re-refer to Committee.

Supervisor McMurray moved, that the matter be re-referred to Committee. *Lost* for want of a second.

Discussion.

Supervisor Brown said, there is no purpose in voting on this measure now. I believe that the vote will be the same as on the last matter.

Motion to Postpone.

Supervisor Brown moved, as a substitute motion, that the matter be postponed until November 12, 1946.

Seconded by Supervisor Christopher.

Thereupon the roll was called and the foregoing motion was *defeated* by the following vote:

Ayes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray—5.

Noes: Supervisors Colman, Lewis, MacPhee, Mead, Meyer, Sullivan—6.

Motion to Rescind.

Supervisor Mancuso moved, that we rescind action.

Seconded by Supervisor Christopher.

Discussion.

Supervisor Mead inquired, is that a proper parliamentary motion? We voted on a substitute motion and we have to vote on the original motion now.

The Chair ruled the point well taken.

Mr. Brooks explained, I do not believe that the \$62,000 will mean anything because if you wait until next November you will need more money than the \$62,000.

Thereupon the roll was called and the foregoing bill was *Refused Passage for Second Reading* by the following vote:

Ayes: Supervisors Colman, Lewis, MacPhee, Mead, Sullivan—5.

Noes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Privilege of the Floor.

Supervisor MacPhee moved the privilege of the floor for Mr. O'Gara.

Seconded by Supervisor Mead.

No objections and motion *carried*.

Mr. O'Gara stated, I came here today in response to two telegrams with respect to the continuation of the Farmers' Market. I came here for this reason. We are in August now, and the farmers are asking us for some help. We should give them the help that they need

now. We should have the farmer on our side, we should help them so that they can help us.

I want to say to the members of the Board, that I am grateful for this opportunity and I hope that when I am in Sacramento that I will be able to convince the State Senators that San Francisco will be willing to help the farmers, when we need their help.

Motion to Rescind Action.

Supervisor Mead moved, that we rescind action in refusing to pass the appropriation for \$62,000.

Seconded by Supervisor Sullivan.

Thereupon the roll was called and the foregoing motion was defeated by the following vote:

Ayes: Supervisors Colman, Lewis, MacPhee, Mead, Sullivan—5.

Noes: Supervisors Brown, Christopher, Gallagher, Mancuso, McMurray, Meyer—6.

Discussion.

Supervisor Mancuso said, before we passed the Annual Salary Ordinance, we deleted the D66, Superintendent of Jails. On July 1st, we reinstated these classifications in Section 1.7 of the Annual Salary Ordinance.

The D66, Superintendent of Jails, are paid on a 48-hour week because they work 48 hours each week, and they are classified as executives. Time off is permitted at the discretion of the department head. There was no money set up in the budget for extra compensation for time worked over 40 hours a week. If they were paid for working over 40 hours a week, they would receive more money than the Under Sheriff.

Privilege of the Floor.

Supervisor Mead moved the privilege of the floor for Mrs. Molly Minudri, representing the A.F.L., Local 747, City and County Employees.

Seconded by Supervisor McMurray.

No objections and motion carried.

Mrs. Minudri stated, these employees are not allowed time off and they work in excess of 40 hours a week. We would not have brought the matter before you if they were allowed time off for work performed over 40 hours a week.

The statements made that these employees are paid on a 48-hour work week are incorrect, because Section 1.6 of the Annual Salary Ordinance states that salaries are based on a 40-hour week. The Civil Service Commission has stated that all salaries are based on a 40-hour week and if they work in excess of 40 hours a week they should be paid or given time off.

The men do not want the overtime, they merely want to be treated as other executives are in the City service, and allowed time off. The department head does not allow time off. We ask that you reject this ordinance.

Supervisor Colman moved the privilege of the floor for Mr. Hollingberry, the Under Sheriff.

Seconded by Supervisor MacPhee.

No objections and motion carried.

Mr. Hollinberry remarked, this matter was considered before, and the statements that were made then are being made today. Time has been allowed these men. When they ask for time, the Sheriff allows it to them.

It was mentioned that the Civil Service Commission said that salaries for these men were set up on a 40-hour basis. It has always been understood that the Superintendent, as well as the rest of the **members of our jail**, work on a 48-hour basis. The schedules have been set up accordingly.

When the fact-finding committee of the Civil Service set up the salaries for these men for the current year, they set up \$360 for 40 hours, plus 20 per cent, which would make that \$420 per month. When the amount was sent to the Commission they made the statement that they knew that these men were working a 48-hour week, and that we will give them the \$460 now; so they receive the \$460 on a 48-hour week. Then they came to you and said that they should be put on a 40-hour basis and hold the \$460 salary. The Sheriff feels that these men should be kept in the executive classification, as they have over the years.

These men are given time off and have never been refused time off. This ordinance should be passed today.

Supervisor Christopher inquired, these men were receiving \$360 prior to the increase, then they were granted an increase up to \$460, is that correct?

Mr. Hollingberry answered, they were receiving \$400 prior to the survey. The fact-finding committee set the salaries at \$400 and recommended 20 per cent for the Saturday work. The Civil Service Commission said that we know that these men are working 48 hours a week and have always worked it, so we will give them the \$460 now. The Sheriff did not object to that because if that was what the Civil Service Commission wanted, it was alright with the Sheriff.

Supervisor Christopher remarked, the period of time between 40 and 48 hours does not compare with the increase granted. The increase from \$432 to \$460 does not compare, in ratio, with the hours worked.

Mr. Hollingberry replied, the Civil Service Commission gave them a 15 per cent increase based on \$400 per month. The Sheriff is willing to give them time off for work performed over 40 hours a week.

Mr. Colman moved the privilege of the floor for Mr. Albert, representing the Civil Service Commission.

Seconded by Supervisor Brown.

No objections and motion carried.

Mr. Albert explained, as far as the Civil Service Commission is concerned, everything that has been said before is being said today. At the time the Civil Service Commission established the salary at \$460, the Commission knew that these men were working 48 hours a week and based their pay on that number of hours. The Commission does not want to take these men out of the executive classification.

Thereupon the roll was called and the foregoing bill was *Refused Final Passage* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mancuso—5.

Noes: Supervisors Christopher, Lewis, McMurray, Mead, Meyer, Sullivan—6.

NEW BUSINESS.

Consideration Continued.

The following recommendations of the Finance Committee were taken up:

Present: Supervisors Mancuso, Lewis, Mead.

Directing Civil Service Commission to Conduct Salary Standardization Survey.

Proposal No. 5887, Resolution No. . . . (Series of 1939), as follows:

Resolved, That the Civil Service Commission be and it is hereby authorized and directed to conduct a salary standardization survey in order that any existing inequalities in salaries of City employees may be corrected in the 1947-1948 budget.

July 22, 1946—Consideration continued until July 29, 1946.

Privilege of the Floor.

Supervisor Mead moved the privilege of the floor for Mr. John Jeffrey, representing the C. I. O.

Seconded by Supervisor Sullivan.

No objections and motion carried.

Mr. Jeffrey said, we feel that this matter is very important to the employees of the City, for two reasons:

1. The Salary Standardization Ordinance, as passed by the Board this year, did not take care of the employees in the lower classifications. They did not get a big enough increase in salaries, and they are not receiving a salary that is comparable to work done throughout the State. There should be a salary survey to take care of these people.

2. The economic situation is changing so fast that by next year the salaries that are being paid City employees will be inadequate for them to purchase the required necessities of life.

Discussion.

Supervisor Colman stated, I would like to receive a little more information. I did not know this was pending and I am not aware of any change in the situation since July 1st. I would like to have Mr. Henderson here.

Motion to Temporarily Postpone.

Supervisor Colman moved that the matter be temporarily postponed.

Seconded by Supervisor Mead.

No objections and motion carried.

Subsequent in the meeting the Board again considered the foregoing matter, and Supervisor Mancuso moved that the matter be postponed for one week.

Seconded by Supervisor Mead.

No objections and motion carried.

Adopted.

Approved by the Public Utilities Commission, Resolution No. 7561.

Unencumbered balance available by the Controller.

Approved by the Mayor.

Discussion.

Supervisor Mancuso explained, the payment of this amount means that the amount owing the Market Street Railway will be \$2,500,000.

Supervisor MacPhee inquired, can you tell us whether or not this provides money for the removal of the rails on Market Street?

Supervisor Mancuso replied, the money is taken out of those funds that were set up for the doing of the work. Nothing is being paid for the taking up of the rails.

Supervisor MacPhee remarked, I am not sure of my position. I do not know if I want to vote the \$410,000 in an attempt to replace those tracks. I question whether or not we should replace the street car tracks in Market Street. I think, before we appropriate the money, we should consider it more fully. I do not want to impair very important programs, but if it is all right I would like to lay it over for a week. If the Manager of Public Utilities would come in and say that we should appropriate the money, but before we use the money we will come in and talk it over with you again, then I would be for it.

Motion to Postpone.

Supervisor MacPhee moved that the matter be postponed for one week.

Seconded by Supervisor Sullivan.

No objections and motion carried.

Supervisor Christopher asked, what is the exact amount of the appropriation?

Supervisor Mancuso replied, it is \$4,400 for the year.

Consideration Continued.

The following recommendation of County, State and National Affairs Committee was taken up:

Present: Supervisors Lewis, Mancuso, McMurray, Sullivan.

Memorializing State Legislature to Enact Legislation to Provide Increased Payments to Recipients of Old Age Pensions.

Proposal No. 5785, Resolution No. . . . (Series of 1939), as follows:

Whereas, economic conditions throughout the country have particularly distressed recipients of old-age security benefits by virtue of the rising costs of living, and

Whereas, the minimum costs of personal sustenance continue on the incline, thus rendering the status of old-age security payments inadequate and not conducive to the accepted minimum standards of living, especially affecting the 10,000 such cases in San Francisco, and

Whereas, the McFarland Amendment recently passed in Congress, provides for a federal increase in such old-age pension benefits in the amount of \$5 per month, but specifically exempts compulsory action on the part of the respective states to match said increase as has heretofore been the generally accepted practice; now, therefore, be it

Resolved, That it be the consensus of this Board of Supervisors that the California State Legislature immediately enact legislation conforming to the principles of the said McFarland amendment and match the increased federal payments with sufficient state payments so as to assure the recipients of old-age pensions, a sum commensurate with the increased costs of living; and be it further

Resolved, That this Board of Supervisors does hereby memorialize the State Legislature to enact legislation as requested hereinabove and that copies of this resolution be transmitted to the San Francisco delegation in the State Legislature and to Donald W. Cleary, Legislative Representative for the City and County of San Francisco.

July 22, 1946—Consideration continued until July 29, 1946.

Discussion.

Supervisor Christopher said, this matter was due to legislation that was pending in Congress. The so-called McFarland Bill provided that an increase in pensions be allowed. It was my thought that the State should take some action to increase the pensions to the people who receive old-age assistance. The amount given to the people would be up to the State Legislature.

Motion to Postpone.

Supervisor Colman moved that the matter be postponed for period of one week.

Seconded by Supervisor Mead.

No objections and motion carried.

Tabled.

The following recommendations of Streets Committee were taken up:

Present: Supervisors Meyer, McMurray, Sullivan.

Amending Municipal Code by Adding Thereto Underground District No. 116, "Anzavista"; Providing for Payment of Difference in Cost Between Overhead and Underground Construction.

Bill No. 4171, Ordinance No. . . . (Series of 1939), as follows:

Amending San Francisco Municipal Code, Part II, Chapter III, Article 6, Section 251, by adding thereto an additional underground district, No. 116, "Anzavista" being a subdivision of the area formerly known as Calvary Cemetery; providing for payment of cost of underground utility construction over the cost of overhead construction.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 251, Article 6, Chapter III, Part II, of the San Francisco Municipal Code is hereby amended by creating and adding thereto an additional district in which it shall be unlawful to install or maintain poles and overhead wires in the streets to be constructed and dedicated for public use in "Anzavista" formerly Calvary Cemetery, to-wit:

Underground District No. 116, Streets in "Anzavista" between the easterly line of St. Joseph's Avenue, the southerly line of Geary Street and Geary Boulevard, the easterly line of Masonic Avenue and the northerly line of Turk Street.

Section 2. The subdividers or property owners of the real property described in Section 1 shall assume the excess cost of underground utility construction over the cost of overhead construction, in accordance with the regular filed tariffs, rules and regulations governing the utilities involved, and which said tariffs, rules and regulations are in effect and on file with the Railroad Commission of the State of California, to which specific reference is hereby made and to be considered as set forth herein in detail.

Approved as to form by the City Attorney.

July 22, 1946—*Consideration continued until July 29, 1946.*

Privilege of the Floor.

Supervisor Mead moved the privilege of the floor for Mr. Elmer Hutchinson, representing the May Fair Heights Corporation.

Seconded by Supervisor Sullivan.

No objections and motion carried.

Mr. Hutchinson said, I believe we have a solution to this matter. During the past week we have entered into a contract to have this work done and I request that this matter be sent back to committee because we will do the work.

Mr. Lyle Brown, of the Telephone Company, stated, we have always been in favor of going underground but our rules state that we must be reimbursed by the contractor. We never believed that an ordinance was necessary. Mr. Hutchinson made a statement in the Streets Committee that if this ordinance was passed ordering us to go underground his organization had already passed a motion ordering us to go overhead. Has that motion been withdrawn?

Mr. Hutchinson replied, that motion has been withdrawn.

Motion to Re-refer to Committee.

Supervisor Mead moved that the matter be re-referred to committee.

Seconded by Supervisor Sullivan.

Discussion.

Supervisor MacPhee remarked, I believe that the City certainly has an interest and I do not want to see the matter go back to committee. I would like to see it stay on the calendar for a period of about two months. This ordinance will serve as a guide for future subdivisions. I am afraid that if it goes back to committee it might die.

Motion to Postpone.

Supervisor MacPhee moved, as a substitute, that the matter remain on the calendar for a period of 60 days.

Seconded by Supervisor McMurray.

Motion to Table.

Supervisor Brown moved that the matter be tabled.

Seconded by Supervisor Mead.

Thereupon the roll was called and the motion to table was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, McMurray, Meyer, Sullivan—8.

Noes: Supervisors MacPhee, Mancuso, Mead—3.

Authorizing Employment of Counsel to Represent City in Henry K. S. Williams Trust Before Supreme Court, State of New York, County of New York, and Fixing Compensation.

The Clerk presented a recommendation of the Finance Committee:

Proposal No 5907, Resolution No 5716 (Series of 1939), as follows:

Whereas, Henry K. S. Williams executed a trust November 28, 1928, under the terms of which he transferred to National Bank of Commerce of New York, as trustee, which latter concern was merged with Guaranty Trust Company of New York, securities consisting of stocks and bonds totaling \$983,546.69, and after reserving life estates in himself and for his wife, Mildred Anna Williams, the income from the trust estate is to be used for the period of thirty years after the death of the last surviving life tenant for purchasing works of art consisting of paintings, tapestries and bronzes by certain European artists who died prior to 1900, and at the end of the thirty-year period and within five years thereafter the entire corpus is to be used for a similar purpose and all objects of art purchased out of income and from the corpus shall become the property of The California Palace of the Legion of Honor. Mildred Anna Williams predeceased Henry K. S. Williams, who died May 16, 1944; and

Whereas, the Guaranty Trust Company of New York has filed an intermediate account of proceedings which shows a total on hand of cash and securities of \$733,982.94 subject to a deduction for com-

missions, and has also filed a petition for interpretation of the terms of the trust and for an approval of the account. The interpretation of the trust relates to the investment of funds as they pertain to the right of the trustee to invest and reinvest after the death of Henry K. S. Williams and during the continuance of the trust. An order to show cause has been served upon the Board of Trustees of The California Palace of the Legion of Honor and the Attorney General of the State of New York, returnable at 10 a. m., August 7, 1946, in the County Courthouse of New York, N. Y.; now, therefore, be it

Resolved, In order that the City and County may be represented at a special term of the Supreme Court of the State of New York for the County of New York, in the Borough of Manhattan, on August 7, 1946, that the City Attorney be, and he is hereby, authorized to enter into a contract with the law firm of Bigham, Englar, Jones & Houston, of 99 John Street, New York, to appear in behalf of the City Attorney and the City and County of San Francisco in the matter of the trust indenture dated November 28, 1928, made by Henry K. S. Williams with Guaranty Trust Company of New York, for the purpose of obtaining a proper interpretation from the Court of the terms of the trust referred to and for the settlement of the intermediate account of proceedings; and be it

Further Resolved, That the maximum fee and court costs to be paid Bigham, Englar, Jones & Houston shall be \$500, payable from Appropriation No. 617.200.00.

Approved by Thomas C. Howe, Jr., Director, California Palace of the Legion of Honor.

Approved by W. M. Srother, Secretary, Board of Trustees, California Palace of the Legion of Honor.

Approved as to funds available by the Controller.

Approved as to form by the Assistant City Attorney.

Discussion.

Mr. Holm, Assistant City Attorney, explained, Mr. Williams is the gentleman who was made an Honorary Citizen of San Francisco.

We felt that it is not right to allow this matter to be submitted to the court without representation. It would cost us much more for one of us to go back to New York, and we do not feel that it is necessary. We do not feel that it is right to allow this vast sum of money to go unrepresented, especially when it comes to the power of trustee, so we suggested that you permit us to enter into a contract with the firm mentioned in the proposal.

Thereupon the roll was called and the foregoing proposal was adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Lewis—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Congratulating Mr. McGrath on His Appointment to Clerk of the Board.

Supervisor Colman said, last Monday I had to leave before the meeting was over and I found out that, when I came back, the Board had appointed Mr. McGrath as Chief Clerk of the Board. I am satisfied with the action of the Board and I heartily concur in it.

Mr. McGrath is well qualified for this job and I know that he will carry on and do a good job.

Had I been present at the meeting, I would have voted for Mr. McGrath.

Supervisor Sullivan remarked, had I been present I would have voted for Mr. McGrath.

Requesting Federal Government to Declare Certain Property Surplus.

Supervisor Christopher said, I wrote to the Federal Government about the property that they are holding downtown. We might not be able to induce them to move out but we might be able to induce the people in Washington to move from the downtown area to areas that are not quite so valuable.

We have the building at Fifth and Mission Streets, the old Mint Building. I talked with the people in Washington and they said that this property is not surplus at this time. I believe that it should be declared surplus and go onto the tax roll. I believe we should follow this matter through and see if we can have the Federal Government release the property in the important part of town. We should try to formulate a program of this type and try to convince the people in Washington that we do have a tax problem in San Francisco and we need help on it.

I believe Mr. Brooks should look into this matter.

The Board did not take any action on the foregoing.

Re Reopening of Streets in Fisherman's Wharf Area.

Supervisor Lewis remarked, there has been a great deal of discussion about building up Fisherman's Wharf. A good many of the property owners in Fisherman's Wharf feel that their property is being injured by not having the streets that were closed for the Federal Government reopened.

Some action should be taken to try and have the Federal Government release the streets and give them back to the City.

Referred to County, State and National Affairs Committee.

Requesting His Honor the Mayor to Appoint a Committee to Prepare a Master Plan for Youth in San Francisco.

Supervisor MacPhee presented:

Proposal No. 5912, Resolution No. 5720 (Series of 1939), as follows:

Whereas, the aftermath of war, readjustment difficulties and generally changed conditions, present the necessity for a long-range, carefully considered comprehensive and effective plan looking to a satisfactory solution of the problems of youth,—educational, economic, social and otherwise,—not only from the points of view of corrective and preventive action for the benefit of the community as a whole and the conservation of its assets and resources, but particularly for the development and future welfare of the youth of the City and County of San Francisco; and

Whereas, although the various agencies in San Francisco, now devoting their energies to youth welfare, are striving very hard to cope with the problem and to do a good job in connection therewith, it is apparent that under present circumstances and conditions of organization, their endeavors cannot cope with the situation and that the fundamental reason therefor lies in the lack of complete cooperation and coordination of effort, lack of adequate facilities and principally the absence of a comprehensive plan, designed, and acquiesced in, by all those agencies and authorities having an interest

therein, and carefully thought out in light of existing and future conditions; and

Whereas, it is upon the youth of San Francisco that we must rely for our progress and future welfare; now, therefore, be it

Resolved, That cognizant of the pressing need for full and immediate attention to the solution of youth problems, this Board of Supervisors does hereby petition his Honor the Mayor and does respectfully urge that there be created a committee composed of members from official agencies, as well as members from religious, fraternal, educational, and civic organizations, charged with responsibility over youth activities and welfare, or interested in any manner therein, the function and duty of which committee it shall be, as soon as possible, to prepare and arrange for the execution of an intelligent and comprehensive Master Plan for Youth in San Francisco.

Adopted by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Colman—2.

Requesting City Attorney to Prepare Legislation for the Regulation of Riding Saddle Horses and the Rental Thereof.

Supervisor MacPhee presented:

Proposal No. 5911, Resolution No. (Series of 1939), as follows:

Whereas, it has come to public attention that recently there have been observed an increasing number of incidents involving abuses of horses, rented for riding purposes from stables located in the City and County of San Francisco, and its environs; and

Whereas, such a situation is intolerable, unnecessary and reflects discredit upon the whole populace of San Francisco, the people of which city are renowned for fair and humane tendencies and for genteel and considerate action in the field of sports; and

Whereas, it is apparent that legislation is immediately required which will prohibit further abuses of this kind and render immune from criticism and curtailment of their privileges those true lovers of sport, among whom no such practices are found to exist; now, therefore, be it

Resolved, That the City Attorney, in collaboration with interested City departments and representatives of the Horsemen's Association and the Society for the Prevention of Cruelty to Animals be and is hereby requested, as soon as possible, to prepare and present to this Board of Supervisors such legislation for the regulation of riding saddle horses and the rental thereof as will prevent such incidents as are heretofore referred to and will assure humane treatment of horses used for such purposes while preventing injuries to riders as well as other members of the public.

Referred to Judiciary Committee.

City and County License and Retail Sales Tax.

Supervisor presented:

Whereas, it appears to this Board of Supervisors that the City and County of San Francisco is in need of additional sources of revenue to finance necessary improvements; and

Whereas, it also appears to this Board that relief should be granted to the ad valorem taxpayers of the City and County of San Francisco; and

Whereas, in order that this Board may have the following proposed methods of securing such additional revenue properly before it for its consideration; and

Whereas, it appears to this Board that additional revenue could be secured by providing a City sales (use) tax at the rate of one-half of one per cent on retail sales made in the City and County of San Francisco and by the reinstating of license taxes on business and professions operating in San Francisco at the rate or rates which were in effect in 1933;

Now, therefore, I move that the Clerk of the Board of Supervisors be instructed and he is hereby instructed to request that the City Attorney draw the necessary legislation on this subject for the consideration of this Board.

Referred to Finance Committee.

In Memoriam—Frank J. Burke.

Supervisor Mead presented:

Proposal No. 5913, Resolution No. 5778 (Series of 1939), as follows:

Whereas, the Almighty has summoned to eternal rest Frank J. Burke, who for the past thirteen years was Secretary of the Industrial Accident Commission of the State of California; and

Whereas, Frank J. Burke, in addition to most capably and efficiently discharging the exacting duties of his important State position, was a long-time and distinguished member of the California State Bar, as well as past President of San Francisco Chapter Number Three of the California State Employees' Association; and

Whereas, the countless friends of Frank J. Burke in the City and County of San Francisco join his grieving family and his host of admirers throughout the State in sadly mourning the loss of one whose unflinching courtesy, constant readiness to help those less fortunate, and kindly, gentle demeanor enshrined him in the hearts of those who were fortunate enough to know him; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns its meeting this day, it does so out of respect to the beloved memory of the late Frank J. Burke; and, be it

Further Resolved, That the Clerk of the Board of Supervisors be and he is hereby directed to forward to Mrs. Anne S. Burke, the bereaved widow of the late Frank J. Burke, a suitably engrossed copy of this resolution as an expression of the deep sympathy and heartfelt condolence felt by the Board at his passing.

Adopted by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Brown, Colman—2.

Discussion.

Mr. James Turner, Manager of Utilities, explained in detail the need for the foregoing appropriations.

Supervisor Lewis stated that he was not satisfied with the explanation. He felt, too, that the expenditure of funds for replacement of the inner car tracks on Market Street was not warranted. The tracks should be removed entirely, he believed.

Mr. Turner, in reply, stated that the Public Utilities Commission was following the report of Mr. Leonard V. Newton; that report did not contemplate the removal of all tracks on Market Street. Even were the tracks to be removed, the cost of repair and maintenance, during the next two years or so, would be equal to or more than the amount of the requested appropriation for track replacement.

Thereupon, there being no further discussion, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Appropriating \$150,000 From Bond Interest and Redemption Appropriation, to Credit of 1944 Juvenile Home and Court Bond Fund, and Directing Cancellation of \$150,000 of Said Bonds.

Bill No. 4235, Ordinance No. (Series of 1939), as follows:

Appropriating the sum of \$150,000 from the surplus existing in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944

Juvenile Home and Court Bonds, to the credit of the 1944 Juvenile Home and Court Bond Fund and authorizing and directing the cancellation of \$150,000 of said bonds.

Whereas, at the special election held November 7, 1944, bonds in the amount of \$1,250,000 were authorized for the construction of buildings for uses of a Juvenile Detention Home, with meeting, court rooms and offices and necessary lands therefor; and

Whereas, construction of said authorized improvement has been delayed because of court action relative to the validity of engineering contracts and difficulty of procuring necessary construction materials and such delay has extended to a time when sale of bonds in the amount as anticipated to fall due during the fiscal year 1946-1947 would cause the City to incur needless bond sale costs and interest; and

Whereas, the Annual Appropriation Ordinance for the fiscal year 1946-1947 provided for bond interest and redemption in the sum of \$150,000 in anticipation of sale of said bonds within the fiscal year aforesaid; and

Whereas, it is essential that the project for which the bonds aforesaid were voted be prosecuted to completion in the full amount as authorized, namely, \$1,250,000; and

Whereas, it is not now economical to sell the lot of bonds in the amount as anticipated to fall due during 1946-1947, and in such circumstance there exists a surplus in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944 Juvenile Home and Court Bonds, by virtue of such nonsale; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$150,000 is hereby appropriated from the surplus existing in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944 Juvenile Home and Court Bonds, to the credit of the 1944 Juvenile Home and Court Bond Fund, in order to provide that sufficient funds shall be available, either through cash on hand or bonds still remaining to be sold, to enable the completion of the project for which the 1944 Juvenile Home and Court Bonds were voted.

Section 2. The Treasurer is hereby authorized and directed to cancel bonds of the 1944 Juvenile Home and Court Bond Issue in the amount of \$150,000.

The following recommendation of County, State and National Affairs Committee was taken up:

Memorializing State Legislature to Enact Legislation to Provide Increased Payments to Recipients of Old Age Pensions.

Proposal No. 5785, Resolution No. . . . (Series of 1939), as follows:

Whereas, economic conditions throughout the country have particularly distressed recipients of old-age security benefits by virtue of the rising costs of living, and

Whereas, the minimum costs of personal sustenance continue on the incline, thus rendering the status of old-age security payments inadequate and not conducive to the accepted minimum standards of living, especially affecting the 10,000 such cases in San Francisco, and

Whereas, the McFarland Amendment recently passed in Congress, provides for a federal increase in such old-age pension benefits in the amount of \$5 per month, but specifically exempts compulsory action on the part of the respective states to match said increase as has heretofore been the generally accepted practice; now, therefore, be it

Resolved, That it be the consensus of this Board of Supervisors that the California State Legislature immediately enact legislation conforming to the principles of the said McFarland amendment and match the increased federal payments with sufficient state payments so as to assure the recipients of old-age pensions, a sum commensurate with the increased costs of living; and be it further

Resolved, That this Board of Supervisors does hereby memorialize the State Legislature to enact legislation as requested hereinabove and that copies of this resolution be transmitted to the San Francisco delegation in the State Legislature and to Donald W. Cleary, Legislative Representative for the City and County of San Francisco.

July 29, 1946—Consideration continued until August 5, 1946.

**Memorializing the Royal Netherlands Indies Airlines to Reconsider
Its Decision to Base Its West Coast Airlines in Southern Cali-
fornia and to Select San Francisco as Its Operational Base.**

Supervisor Christopher presented:

Proposal No. 5932, Resolution No. . . . (Series of 1939), as follows:

Whereas, it has come to our attention that the Royal Netherlands Indies Airlines—KNILM, authorized to fly from Australia to the West Coast, has decided to base its West Coast operations in Southern California, and

Whereas, it is our belief that this decision has been based partly on the assumption that this Airline Company will be using Douglas aircraft and that Southern California offers closer proximity to the Douglas Aircraft Company in Los Angeles, and

Whereas, we believe that San Francisco is unquestionably the most logical terminal for this operation and that the needs for repair and maintenance can be as readily met here as elsewhere and this is illustrated by the action taken by the United Airlines in moving the repair and maintenance work on Douglas aircraft for the entire United System, to its base at the San Francisco Airport, and

Whereas, the operating efficiency of the San Francisco Airport in terms of performance is unparalleled and certainly supports every reason for KNILM to base its operations here; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as memorializing KNILM—the Royal Netherlands Indies Airlines to reconsider its decision to base its West Coast operations in Southern California and select San Francisco as its operational base; and be it further

Resolved, That copies of this resolution be immediately transmitted to Miss Julie G. Lynch, Acting Director, Netherlands Information Bureau, to Mr. E. A. L. De Jonge, United States Representative of KNILM and to TH. de Bruyn, Commanding Officer, 19th Squadron, Berry Park, Brisbane, Australia.

Referred to Public Utilities Commission.

**Mayor to Appoint Citizens' Committee to Determine Ways and
Means of Raising Funds to Aid Families of the Late Lieutenant
John Borman and Firemen Albert Hudson, Charles P. Lynch and
Walter V. Elvitsky.**

Supervisor Christopher presented:

Proposal No. 5933, Resolution No. . . . (Series of 1939), as follows:

Whereas, in the early morning of July 30, 1946, while fighting the blazing inferno raging at the Herbert Hotel, four members of our San Francisco Fire Department, i. e. Lieutenant John Borman, Fireman Albert Hudson, Fireman Walter Elvitsky and Fireman Charles

P. Lynch sacrificed their lives in an attempt to save the lives and property of their fellowmen; and

Whereas, these courageous men leave behind their beloved families and children whose sole support was dependent upon the earnings that these firemen received; and

Whereas, although the families will receive a small measure of compensation through the established pension system, in these days of soaring prices and emergency demands of sickness and extra living expenses, it is hardly enough to feed and clothe a growing family; and

Whereas, a grateful and loving San Francisco can help to relieve in some way the burden so suddenly and unexpectedly thrust upon these families; now, therefore, be it

Resolved, That his Honor, the Mayor, be and he is respectfully requested to appoint a citizens committee whose duty it shall be to determine ways and means of raising funds to aid the families of the late Lieutenant John Borman, Fireman Albert Hudson, Fireman Walter Elvitsky and Fireman Charles P. Lynch.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, Mancuso, McMurray, Meyer, Sullivan—9.

Absent: Supervisors MacPhee, Mead—2.

Following the presentation of the foregoing proposal, Supervisor Christopher stated that he felt that the *San Francisco News* should be commended for its interest in raising funds for the firemen who lost their lives while fighting the recent Hotel Herbert fire. He believed that the present pension system should be studied; the compensation furnished at present is far from adequate to support families of victims of such tragedies.

Supervisor Christopher, after reading from an editorial printed in the *San Francisco Chronicle* relating to the recent Hotel Herbert fire, suggested that there be a revision of San Francisco's inspection laws, and that there be a more rigid enforcement of such laws. His remarks were to be construed as constructive criticism, rather than complaint, for he recognized that due to war conditions, a lack of sufficient inspection personnel, and the necessary substitution, in some cases, of materials which did not meet the ordinary pre-war standards, were responsible in some degree for the lowering of high standards heretofore demanded.

Supervisor Brown added to the statements by Supervisor Christopher, with which he was in full accord, commenting on the situation in general. The Fire Prevention Bureau, he held, should be restored to its pre-war efficiency.

Suggestions referred to Police Committee.

In Memoriam, Lieutenant John Borman and Firemen Albert Hudson, Charles P. Lynch and Walter V. Elvitsky.

Supervisor Christopher, joined with all members of the Board, presented:

Proposal No. 5934, Resolution No. 5733 (Series of 1939), as follows:

Whereas, Almighty God, in His wisdom, has seen fit to claim as His own the souls of Lieutenant John Borman, Albert Hudson, Charles P. Lynch and Walter V. Elvitsky, members of the uniformed forces of the San Francisco Fire Department; and

Whereas, in the line of duty these heroic men made the supreme sacrifice in an effort to save the lives and property of their fellowmen; and

Whereas, all of San Francisco is sorrowed by the sudden and untimely death of these brave men and will forever remember their courageous action; and

Whereas, to the widows and families, in this hour of trial and tribulation, goes the heartfelt sympathy of the citizenry of San Francisco; now, therefore, be it

Resolved, That, on behalf of the People of the City and County of San Francisco, this Board of Supervisors does extend to the bereaved widows and families of the late Lieutenant John Borman, Fireman Albert Hudson, Fireman Charles P. Lynch and Fireman Walter V. Elvitsky its heartfelt condolence and sympathy; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Lieutenant John Borman, Fireman Albert Hudson, Fireman Charles P. Lynch and Fireman Walter V. Elvitsky; and be it

Further Resolved, That the Clerk be and he is hereby directed to forward suitably engrossed copies of this Resolution to Mrs. Alyce Borman, Mrs. Eleanor Hudson, Mr. Daniel Lynch, Mrs. Lydia Elvitsky, the Fire Commission of the City and County of San Francisco and to the David Scannell Club.

Unanimously adopted by rising vote.

Reduction of Sidewalk Widths, Mission Street.

Supervisor Christopher, under his name on roll call, referred to an item of \$210,000. This item, he understood, was part of an appropriation for the repair of Mission Street. He had since learned, however, it was intended for the reduction of sidewalk widths on Mission Street. He believed that there should be a budget bureau for investigating budget items before the Board was called on to pass them. He was not implying that there was any misrepresentation or any withholding of information. During budget consideration he had not thought to inquire if any part of the budget item was for street widening.

The Chief Administrator, answering statements by Supervisor Christopher, reminded him that during budget consideration, he had been present, as well as Mr. Vensano and Mr. Hester, representing the Department of Public Works. They were all ready to answer any questions or make any explanations desired. There was no desire to fool any of the Supervisors.

Mr. Vensano stated that the \$210,000 in question was one section of a \$380,000 project. The original budget carried the \$210,000 item, but perhaps it did not reach the Board in that manner.

Supervisor Mancuso reported on proceedings heretofore had for consideration of the widening of Mission Street, pointing out that such widening was no new proposal.

Master Plan for Airports.

Supervisor Lewis reported briefly on a meeting which he had attended during the past week, at which was considered a master plan for airports. Each county must approve a master plan in order to get any portion of a \$30,000,000 federal appropriation. He hoped that the matter would receive the Board's careful attention.

The President announced that the matter would be before the Public Utilities Committee for hearing on August 8, 1946.

Additional Bay Crossing.

Supervisor Lewis, referring to the consideration of the need for a second bay crossing, announced that he had sent out cards inviting the opinion of interested parties on the type of bridge needed for San Francisco. He also stressed the need for bringing trains directly into San Francisco.

Memorializing State Legislature to Enact Legislation Exempting From Sales and Use Tax Provisions of Revenue and Taxation Code, Certain Personal Property Acquired by Political Subdivisions of the State.

Supervisor Lewis presented:

Proposal No. 5935, Resolution No. 5734 (Series of 1939), as follows:

Whereas, the provisions of the Revenue and Taxation Code of the State of California impose a 2½ per cent sales tax and use tax on purchases of personal property, which is applicable to political subdivisions of the State; and

Whereas, the State Board of Equalization has ruled that said taxes are applicable to all departments of municipalities, including museums and other educational institutions; and

Whereas, an apparent inequity exists due to the operation of said law in so far as it affects certain municipal departments, as illustrated by the fact that the City and County of San Francisco is required to pay the 2½ per cent sales tax or use tax on all purchases made by its M. H. deYoung Memorial Museum, including paintings, statuary and other items of purely educational and cultural interest; and

Whereas, the City and County of San Francisco does not realize any revenue from the display by its non-profit subdivisions of said objects of educational and cultural interest, and it appears to this Board of Supervisors that it would be consistent with the policies of good government, and to the best interests of the political subdivisions of the State, for the State of California to exempt from payment of such taxes, political subdivisions of the State, their departments and agencies; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby go on record as favoring the enactment of such legislation by the Legislature of the State of California at its next regular session, as will exempt from the sales tax and use tax provisions of the Revenue and Taxation Code items of personal property acquired by non-profit departments of political subdivisions of the State for non-revenue producing purposes of an educational or cultural nature, and does hereby memorialize the Legislature of the State of California to enact such legislation; and be it

Further Resolved, That copies of this resolution be forwarded to his Honor, Mayor Roger D. Lapham, for transmittal to and the prosecution of all necessary action by the Legislative Representative of the City and County of San Francisco.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, Mancuso, McMurray, Meyer, Sullivan—9.

Absent: Supervisors MacPhee, Mead—2.

Requesting the Mayor to Commend the Police Commission and Officers and Members of the Police Department and the San Francisco Police Reserve for Their Fine Work During the Convention of the Ancient Arabic Order of Nobles of the Mystic Shrine.

Supervisor Lewis presented for Supervisor MacPhee:

Proposal No. 5936, Resolution No. 5735 (Series of 1939), as follows:

Whereas, San Francisco was recently honored by delegates to the national convention of the Ancient Arabic Order of Nobles of the Mystic Shrine; and

Whereas, these delegates and their friends held many affairs which were outstanding in the field of color and entertainment; and

Whereas, two parades were held during the convention period which caused the assemblage of more than one-half million spectators along the lines of march; and

Whereas, San Francisco in order to preserve its fine reputation of being a city of fun and good fellowship, was compelled to call upon the Police Department in order that every facility would be afforded our visitors and guests in making their stay pleasant; and

Whereas, the Police Department did carry out its assignment with courtesy, efficiency, and dispatch, and did effectively police the lines of parade and all other points of activity during said convention; and

Whereas, our police officers did forego their normal watches off and their ordinary working hours so that the fullest cooperation possible would be given to the convention delegates and their friends; and

Whereas, not only did the regular members of said Police Department do a splendid job during the said convention, but that fine organization known as the San Francisco Police Reserve did join with the regular police officers in performing an outstanding service for San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors hereby requests his Honor, the Mayor, Roger D. Lapham, to commend the Police Commission, the Chief of Police, and the members of the Police Department, including the members of the San Francisco Police Reserve, for the splendid contribution made by them in preserving and enhancing the reputation of San Francisco as being the world's greatest convention city.

Adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, Mancuso, McMurray, Meyer, Sullivan—9.

Absent: Supervisors MacPhee, Mead—2.

Requesting the Mayor to Proclaim as "Youth Leadership Week" Week of September 10 to 17, Inclusive, 1946, and to Appoint Committee for Proper Observance Thereof.

Supervisor Lewis presented, for Supervisor MacPhee:

Proposal No. 5937, Resolution No. . . . (Series of 1939), as follows:

Whereas, there is a special need for leadership in our youth organizations, and

Whereas, many more clubs and groups could be organized among our boys and girls to guide their interests and enthusiasms if leadership were available, and

Whereas, youth is our greatest concern and our greatest asset and there is no more important phase of community life than giving instruction, leadership and understanding to future citizens of our city; now, therefore, be it

Resolved, That this Board of Supervisors, duly cognizant of the untold benefits of leadership of youth, and in an endeavor to interest the citizens of San Francisco in the need for and the opportunity of giving volunteer leadership to the boys and girls of San Francisco, through our recognized youth-serving organizations affiliated with the Community Chest, does hereby respectfully request his Honor the Mayor to proclaim the week of September 10 through September 17, 1946, as "Youth Leadership Week" and to appoint a committee for its proper observance.

Purchase of Site for Farmers' Market.

Supervisor Mancuso called attention to Bill appropriating \$62,000 to provide funds for the acquisition of a new site for the Farmers' Market, which was refused passage at the previous meeting of the Board. He stated that it was his opinion that the \$62,000 could be appropriated with the understanding that if the people should vote against the Farmers' Market at the next election, the money need not be used. Supervisor Mancuso, in continuing his remarks, stated that he felt the Board had previously made a mistake in refusing to approve Bill 4206. He had voted against approval of the appropriation, but he was now going to reintroduce the matter and would vote in favor thereof when it came before the Board. Thereupon he presented the following:

Appropriating \$62,000 From Surplus in Land Purchase Fund—Chief Administrative Officer, to Provide Funds for the Acquisition of a New Site for the Farmers' Market.

Bill No. 4246, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$62,000 out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to provide funds for the acquisition of a new site for the Farmers' Market.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The sum of \$62,000 is hereby appropriated out of the surplus existing in the Land Purchase Fund—Chief Administrative Officer, to the credit of Appropriation No. 558.600.50, to provide funds for the acquisition of a new site for the Farmers' Market.

Referred to Finance Committee.

Additional Sources of Revenue.

Supervisor Mancuso announced that during the week just passed, the Finance Committee reported that it would make no further study of the question of additional revenues, although that report was not in accord with his own views. He believed the Board should have done something to get relief for the ad valorem taxpayers.

Supervisor Lewis rose to a question of personal privilege, declaring that the statement by the previous speaker was not correct.

Point of Order.

After a further brief discussion and explanation of his statement by Supervisor Mancuso, Supervisor Colman raised the point of order that the entire discussion was out of order.

The President ruled that the entire discussion was out of order, and that the question of personal privilege raised by Supervisor Lewis was not well taken.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:45 p. m., adjourned.

JOHN R. McGRATH,
Acting Clerk.

Mayor's Veto.

The following communication was presented and read by the Clerk:
August 9, 1946.

To the Honorable
The Board of Supervisors,
City and County of San Francisco,
San Francisco 2.

Gentlemen:

It is with regret that I return herewith Proposal 5933, disapproved. The last thing I want to do is to discourage voluntary raising of funds to aid the families of the four firemen who lost their lives in the Herbert Hotel fire.

However, it seems to me that appointing an official City committee to raise funds for the families of these four men creates a precedent which, viewed objectively, is questionable. Unfortunately other employees of the City have lost their lives in line of duty and in all likelihood, that will happen again and will not necessarily be confined to the Fire Department.

I would be glad to sign a resolution commending the action of a newspaper or any group of citizens who wanted, on their own initiative, to raise funds to aid the families of the late Lieutenant John Borman, Fireman Albert Hudson, Fireman Walter Elvitsky, and Fireman Charles P. Lynch.

Sincerely,
R. D. LAPHAM, Mayor.

Discussion.

Supervisor Christopher, who had presented the proposal disapproved by his Honor, the Mayor, announced that to some extent he had to agree with the Mayor's thought. He would not want to ask the Board, at the present time, to override the Mayor's veto, for several reasons. He outlined briefly the results of his efforts in behalf of the families of the four firemen who lost their lives, and stated that a monster benefit to be held on September 18, was being planned.

Communication and vetoed proposal *referred to Public Health and Welfare Committee.*

Mayor's Veto.

The following communication was presented and read by the Clerk:
August 9, 1946.

The Honorable
The Board of Supervisors,
City Hall,
San Francisco, California.

Gentlemen:

I return Proposal 5785 without prejudice because I understand the proposal does not accurately set forth the conditions with respect to old age pensions benefits in California.

Further, I am informed that Mr. Ronald E. Born, Director of Public Welfare, has discussed this matter with Supervisor Christopher, who introduced Proposal 5785, and that Supervisor Christopher is agreeable to reconsideration of the proposal.

Sincerely,
R. D. LAPHAM, Mayor.

Supervisor Christopher, seconded by Supervisor Meyer, moved that the proposal be tabled.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, MacPhee, McMurray, Mead, Meyer, Sullivan—8.

No: Supervisor Mancuso—1.

Absent: Supervisors Brown, Lewis—2.

Request of the Mayor for Reconsideration of Bill No. 4168.

The Clerk presented and read communication from his Honor, the Mayor, requesting the Board to reconsider its action taken on July 29, 1946, whereby it had refused final passage to Bill No. 4168, which would have amended the Annual Salary Ordinance, Ordinance No. 3882, by adding to Section 1.7, thereof, "Exceptions to Normal Work Schedule for Which Extra Compensation Is Not Authorized," the classification D66, Superintendent of Jail.

Supervisor Colman, seconded by Supervisor Mancuso, moved that the Board rescind its action taken on July 29, 1946, whereby it had refused final passage to Bill No. 4168.

His Honor, the Mayor, announced that he thought the matter was fully covered in the communication just read by the Clerk, together with enclosures from the Civil Service Commission.

Supervisor Mead objected to rescinding action unless some good reason were given him as to why he should change his previous vote.

Supervisor Meyer also objected to rescinding action.

Thereupon, the roll was called and the motion to rescind action *failed* by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Mancuso—4.

Noes: Supervisors Christopher, McMurray, Mead, Meyer, Sullivan—5.

Absent: Supervisors Brown, Lewis—2.

L. Harney, as described in Declaration of Intention, Order No. 23073 of November 2, 1945, of the Department of Public Works.

Discussion.

Supervisor Mancuso objected to the foregoing bill, declaring that if it were passed, as written, it would be in effect giving the Municipal Railway a blank check for payment of whatever dues might be charged. The dues for the next year might be at a much higher figure, possibly \$10,000, and the Mayor and the Board of Supervisors would have nothing to say as to payment.

Mr. James Turner, Manager of Utilities, explained the benefits to be derived from membership in the American Transit Association. He also pointed out that neither the Mayor nor the Board of Supervisors would lose any control over the amount of appropriation necessary for membership fee, in view of the following paragraph written into the bill:

"The annual expense of said membership shall be allowed and paid out of such funds as may be annually appropriated or set aside for such purpose."

Thereupon Supervisor Mancuso suggested that there be added to the paragraph quoted above, the words "out of the earnings of the

Municipal Railway." However, he did not press his suggestion for the amendment.

There being no further discussion, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Privilege of the Floor.

On being granted the privilege of the floor, Mr. Russel A. Powell, representing the Central Council of Civic Clubs, opposed the adoption of the foregoing proposal, and requested postponement thereof until the proposal for a tunnel under Twin Peaks, which is before the City Planning Commission, can come before the Board.

Supervisor Mancuso stated that residents of districts west of Twin Peaks wanted the project. However, he would not object to a week's postponement, and he would so move in order to find out where the land, whose purchase was contemplated, was located.

Mr. Powell suggested that another item on the Board's Calendar had a bearing on the same matter and should also be postponed.

The Chair ruled that the additional item was not before the Board at the time; action would be taken thereon when it was reached in the regular order of business.

Thereupon, there being no objection, *further consideration was postponed until Monday, August 19, 1946.*

Section 701. Permits. (a) **Application, etc.** Any person, firm or corporation engaged in any business or calling, or who may here-

after engage in any business or calling, and who may desire to continue in said business or calling, where hydrocyanic acid gas, cyanogen or chloropicrin or any other poisonous, noxious or dangerous gases or fumes dangerous to the life or health of human beings are used shall make written application to the Director of Public Health; shall provide and shall set forth the name of the person, firm or corporation engaged in the use of or who is desirous of using said gas; the particular character of gas used or to be used, the purposes and place where the same is used and the probable amount thereof which will be used during the existence of said permit, and the name of the person or persons who will have direct charge of the use of said gas. Before issuing any permit for the use of said gas, the Director of Public Health shall himself or through such person or persons as he may designate for that purpose, inquire into the training, experience, character, reputation and general character of the applicant for said permit and of the person or persons who are to have direct charge of the use of said gas; and for the purpose of ascertaining the training, experience, character, reputation and qualification of either said applicant or said person who has, or is to have, direct charge of the use of said gas, the Director of Public Health, or his representatives, may cause said applicant or said persons to appear before him, or them, and propound to said applicant, or to said persons, such questions as will show the training, experience, qualifications, character and reputation of said applicant, or of said persons, in regard to the use of said gas, and the regulations governing said use. The Director of Public Health shall have full power and authority to refuse to grant any permit for the use of said above-mentioned gas should he ascertain or determine that the manner in which said gas is to be used, or the place where it is to be used, is dangerous to life or health, or the person under whose direction it is to be used has not sufficient training, experience, character and reputation so that the use of said gas can be entrusted to said person without danger, or probability of danger, to the lives of human beings.

Every permit issued under authority of this section shall state the place where said gas is to be used, the character thereof and the probable amount thereof to be used, and the name or names of the person, firm or corporation authorized to use the same, and the name or names of the person or persons in direct charge of said use; provided, however, that when a permit is issued to any person, firm or corporation engaged in the general business of fumigating at places other than a fixed place of business, said permit need not specify the various places where said gas is to be used. Any permit so issued shall remain in force for a period not exceeding one (1) year from the date thereof; provided, however, that the Director of Public Health may issue a permit for a shorter period if the same is requested in said application for said permit.

(b) **Fees for Permits.** Every person, firm or corporation making application for a permit under the provisions of this section shall accompany said application with a fee of Ten (\$10.00) Dollars, and every person, firm or corporation making application for the renewal of any such permit shall accompany said application with a fee of Five (\$5.00) Dollars, which said fees are hereby fixed as the cost of investigating the matter of the issuing or renewing of said permits, and shall not be returnable in the event that said permits are not issued or renewed. All applications for a renewal of any permit shall contain all of the information required for an original permit.

(c) **Special Permits.** Any person, firm or corporation engaged in the business of fumigation, which said fumigation is to take place at any place other than the place of business of the person, firm or corporation holding a permit under this section, shall, at least twelve (12) hours before generating or releasing any of the gases mentioned in Sections 700 and 701 of this Article for fumigation purposes

outside of his, or its, fixed place of business, make application to the Director of Public Health for a permit to so do, which said application shall state the location of the building or enclosed space to be fumigated and the day and hour when such fumigation shall be commenced, and the name of the person or persons who will be in direct charge of said fumigation. If the person, firm or corporation making application for said permit provided for in this section has already received a permit under the provisions of this section, which will authorize him to carry on the business of fumigation outside of a fixed place of business, and the person or persons in charge of said fumigation have been approved by the said Director of Public Health, a special permit to generate or release said gas for fumigation purposes at the place indicated in said application shall be issued by the said Director of Public Health upon the payment of a fee of Ten (\$10.00) Dollars upon the payment of a fee to be computed as follows: At the rate of Two and 20/100 (\$2.20) Dollars per hour of inspector's time or fraction thereof incident to each inspection. Upon filing the application a deposit of Ten (\$10.00) Dollars shall be made by the applicant with the Director of Public Health. Upon completion of the work for which a permit has been issued, there shall be an additional charge against or a refund to the permittee, dependent on the work actually done, inspected and approved. Such permit shall be kept on the premises to be fumigated, and should the applicant therefor be unable to do the work on the day and hour set forth in said permit, he shall notify the Director of Public Health at least six (6) hours prior to said time, and thereupon the Director of Public Health shall specify a new time for the fumigation of the premises or space specified in said permit.

(d) **Rules and Regulations.** The Director of Public Health shall have power to make and enforce all reasonable rules and regulations for carrying out the purposes of this section which are not in conflict therewith.

Bill No. 4246, Ordinance No. . . . (Series of 1939), as follows:

Discussion.

Supervisor Christopher announced that he wanted to go along with the foregoing proposed land purchase in view of the fact that the entire question is going on the ballot for the peoples' decision. However, he was not changing his opinion at all, notwithstanding false statements made by Mr. Brucato and others. He was adhering to his principle of having the people decide what they want to do and how they want to do it. Thereupon, Supervisor Christopher questioned the Chief Administrative Officer, asking him if he contemplated in the future requesting additional funds.

The Chief Administrative Officer, in reply, stated that he did not so contemplate. He could not, of course, see into the future. The Market could develop to be a much larger undertaking than was now planned, but he could not look five, ten or fifteen years into the future. It could be that the popularity of the Market might develop to such an extent that the Chief Administrative Officer, whoever he might be at that time, might have to ask for additional funds.

Supervisor Christopher, in continuing to question the Chief Administrative Officer, asked that if he did have to ask for more funds, if the Board could rely on his previous statement that he would increase the amount charged the members of the Market.

The Chief Administrative Officer replied that his statement applied to the members of the present Market. Representatives of some 600 farmers had called on him and had assured him that they desired the Market to be self-supporting, and that if present funds were not sufficient, they would agree to additional fees. However, if there were need for additional funds from the City and County he would come to the Board of Supervisors and present the fact, and he would abide by the Board's decision as to further support or not. He knew of no reason, though, why he should come to the Board in the future for more money to support the Market.

Supervisor Mead stated that if more money should be needed, that would not necessarily mean that it would be forthcoming. That would be determined by the Board of Supervisors.

Supervisor Christopher called attention to a circular distributed by the Farmers' Market Advisory Board, over the signature of Mr. Brucato. He resented the insinuations contained therein, and he condemned them. He then asked the Chief Administrative Officer what was the official capacity of the Farmers' Market Advisory Board.

The Chief Administrative Officer replied that as far as the City was concerned it had no official capacity. It had not been created by him; it was not an official body.

Thereupon, Supervisor Christopher complained about insinuations made as to monetary influence. He believed there should be a Grand Jury investigation made of the Farmers' Market and all those connected with it, on both sides, and also the Board of Supervisors. He would call that to the attention of the President. Supervisor Christopher then inquired whether Mr. Brucato was receiving compensation from the farmers or from any other group.

The Chief Administrative Officer had no information.

Supervisor Christopher then inquired if Mr. Brucato, in the past, had ever received any compensation.

The Chief Administrative Officer reported that sometime ago some money had reached Mr. Brucato, and he had then recommended or

suggested that the Board of Supervisors ask for essays on the Market. That was done and the winners appeared in the Chambers of the Board and were presented with bonds, which, the Chief Administrative Officer understood, were purchased by that money which Mr. Brucato had received.

Supervisor Colman then objected to the line of questioning by Supervisor Christopher. It was, he held, an attack on Mr. Brucato's reputation; the questions were of a derogatory character. Mr. Brucato should be present before such questions were asked. Mr. Brucato, as far as he knew, was doing a public service.

Supervisor Christopher then reminded the Board that he had previously requested the presence of Mr. Brucato in order that he might question him.

Supervisor Mead then rose to a question of personal privilege. Supervisor Christopher, he stated, had referred to a statement which he had made at the meeting of July 29, 1946. He insisted on being quoted correctly. He had made the statement that money was talking, and that monied people were talking. He wanted, when being quoted, to be quoted correctly.

Supervisor Christopher declared that at no time had he ever attacked the reputation of anyone. However, members of the Board of Supervisors had had their character impeached. He believed he should refute statements made against him and any other member of the Board of Supervisors. He thought it time for a Grand Jury investigation. He stated that he was voting for the measure before the Board, not because he had been browbeaten by Mr. Brucato or any of his fellows, but because the matter had reached the state where it could be brought before the people for their decision as to what they want to do.

Supervisor Mead stated that he thought Supervisor Christopher was unduly alarmed. He had just received a copy of the circular about which Supervisor Christopher had complained, and he wondered why he was getting so excited. In regard to the Grand Jury investigation, he would, himself, ask for such investigation, including the Supervisors. He had been contacted by no one from either side, and he presumed the same was true of everyone else on the Board. As to his statements previously made, he had no intention of apologizing to anyone. He believed his statements were true.

Supervisor Meyer stated that the smaller merchants, who were also taxpayers, felt that the Farmers' Market was well organized and well established. They had no objections to a Farmers' Market, but felt it should not be subsidized by the taxpayers' money. That, too, had been his policy. The small merchants feel that the Farmers' Market should go into business as they did, furnish their own site and not have the market subsidized by San Francisco. He did not intend to vote for the appropriation.

Supervisor McMurray objected to statement made by Supervisor Mead at the meeting of July 29th. It was bad enough, he stated, for outsiders to make such statements but he did not like them from his colleagues. He would not vote for the appropriation, because the entire matter would not be put on the ballot in November. He wanted the people to be told the entire truth about the situation. He was opposed to the Farmers' Market. Many people go there and peddle, paying no license fees, no taxes, nor union wages to anybody. He might be wrong, he admitted, but he believed he was right. A small minority sometimes proves to be correct.

Supervisor Mancuso called Supervisor McMurray's attention to the fact that the matter would be on the ballot. The whole question of policy will be submitted to the people. The location of the Market will also be submitted to the people.

Supervisor Colman held that those who favored the Market and believed that the people voted for the Market felt that it meant giving the authority to appropriate the necessary money. He did not doubt the results of the next election at all. Now, he thought, a real solution had been reached. However, if the people vote against the Market, the City will have property which it can either use or dispose of without any loss. The purchase of the property is a well-advised step, and he was glad that the Board has come to that conclusion in the matter.

Supervisor Christopher stated that he was voting for the appropriation on the one condition that he receive from Mr. Brooks assurance that no money would be spent on this particular site, for grading or any other expense, and that the matter on the ballot will take in the full amount necessary to support the market, including the \$62,000 for land purchase.

The Chair announced that the \$62,000 would be passed with the proviso that the Chief Administrative Officer would buy the property. If the people vote against the Market, the City would have the property. The Board has already adopted a resolution, he continued, which would empower the City Attorney to draft the necessary legislation for submission to the voters. It will be submitted if the Board of Supervisors want it.

The Chief Administrative Officer stated that he would draw up the suggested question of policy any way the Board desired it to be drawn.

The Chair announced that the amount was included in the resolution already adopted.

Supervisor Christopher then inquired if Supervisors Mead and Colman would object to the inclusion of the \$62,000 in the question of policy to be submitted to the people.

Supervisor Sullivan questioned the advisability or need for including that amount in the question to be voted on. If the Board approves the appropriation, it will be finished.

Supervisor Mead saw no point in submitting it to the people, assuming the Board should pass the matter.

Supervisor Christopher felt that if the Board should vote the \$62,000, and then ask the people to vote for a \$30,000 or \$35,000 appropriation, it would be misleading the people. He wanted the people to vote on approval of the entire amount of \$100,000 or so, for the Market. The whole truth should be told to the people.

Supervisor Mead again stated that he did not think it necessary to submit the matter of property purchase to the people. He saw no point in the Board's passing the matter and then re-submitting it to the people. He was not opposed to giving the people the entire truth, but he would be opposed to the Board's appropriating the \$62,000 and then resubmitting it to the people. The people already know about the \$62,000.

Supervisor Christopher declared that if the entire amount were not submitted to the people, they would not be given the entire story and he would vote "No."

After the reading by the Clerk of the resolution heretofore adopted by the Board, Supervisor Mancuso stated that he felt the matter should be submitted to the people and the full amount of the purchase price of the land should be included therein. He believed the land should be tied up in case the people should vote the Market.

Supervisor Mead held that the appropriation was being made to enable the Chief Administrative Officer to purchase the property. If the people should not vote for the Farmers' Market, the land would be sold or used for some other purpose.

Supervisor Christopher stated that his only desire was to submit to the people the full amount. He could see nothing unreasonable or unfair in that.

Supervisor Colman said that in the coming election he agreed that the people should be told the whole truth. They should be told that the amount of \$100,000 or so would be amortized, at the rate of, according to the experience of the Market, \$3,000 to \$5,000 per year.

Thereupon, the roll was called and Bill No. 4246 was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—10.

Absent: Supervisor Brown—1.

Grand Jury Investigation.

Supervisor Mead, immediately following Passage for Second Reading of the foregoing bill, moved that the Board of Supervisors go on record requesting the Grand Jury to make a full, thorough and complete investigation in connection with the Farmers' Market of any one and everybody, including the Board of Supervisors, who have had anything to do with the Market.

Supervisor Christopher objected to the motion. He had brought the matter up, he stated, and he intended to present it himself under his name on Roll Call.

Thereupon, Supervisor Mead withdrew the motion.

Finally Passed.

Requesting Civil Aeronautics Board to Reconsider Certain Proposed Restrictions Affecting Independent Operators of Air Transport Business and to Grant Them Full Operational Rights, Thus Encouraging Development of Aviation and Air Techniques for Both Economic and National Security.

Proposal No. 5944, Resolution No. 5737 (Series of 1939), as follows:

Whereas, approximately 7,000 returned war pilots, honorably discharged from the services of the United States, are now engaged in independent aircraft transportation operation in competition with seventeen major air lines of this country; and

Whereas, more than 20,000 returned veterans are engaged as ground crew members to service these independently operated air transport lines throughout the nation; and

Whereas, the officials of these independent air transport companies are returned servicemen and veteran pilots who, believing in freedom of enterprise have invested their lives savings in former war aircraft with which to engage in the air transport business; and

Whereas, these air transport companies and personnel are available as a reserve force for the future air protection of our national security, and are necessary for the maintenance of these United States as an air power second to none; and

Whereas, the Civil Aeronautics Board in Washington, D. C., has indicated that restrictions will be put into effect on August 1, 1946, which would confine these independent operators—referred to as "non-scheduled" or "fixed base air carriers"—to limited schedules and possible bankruptcy; and

Whereas, the Civil Aeronautics Board is duty bound to "encourage and foster the development of civil aeronautics in the United States and abroad"; and

Whereas, there exists a current need of supplemental air service for passengers and freight to take up the backlog of unserved passengers and freight; and

Whereas, any further restrictions on independent operators would encourage monopoly and deprive returned veterans of their right to engage in an equitable competitive business for which they have been trained; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, State of California, urges the Civil Aeronautics Board to reconsider its proposed restrictive measures and instead grant full operational rights to independent operators and encourage the development of aviation and air techniques for both economic and national security; and be it

Further Resolved, That a copy of this resolution be forwarded to the Civil Aeronautics Board in Washington, D. C.

Urging KNILM—The Royal Netherlands Indies Airlines—to Base Its West Coast Operations in San Francisco.

Proposal No. 5932, Resolution No. 5745 (Series of 1939), as follows:

Whereas, it has come to attention of this Board of Supervisors that the Royal Netherlands Indies Airlines—KNILM—authorized to engage in air transportation from Australia to the West Coast, has decided to base its West Coast operations in Southern California; and

Whereas, it is the belief of this Board of Supervisors that said decision has been based partly on the assumption that KNILM, by locating in Southern California, will be closer to maintenance and repair facilities; and

Whereas, San Francisco is unquestionably the most logical terminal for this operation, and the needs for repair and maintenance can be as readily met here as elsewhere, which is illustrated by the action taken by the United Airlines in moving the repair and maintenance work for the entire United System to its base at the San Francisco Airport; and

Whereas, the operating efficiency of the San Francisco Airport in terms of performance is unparalleled and certainly supports every reason for KNILM to base its operations here; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as urging KNILM—the Royal Netherlands Indies Airlines—to reconsider its decision to base its West Coast operations in Southern California, and to select San Francisco as its operational base; and, be it

Further Resolved, That copies of this resolution be immediately transmitted to Miss Julie G. Lynch, Acting Director, Netherlands Information Bureau, to Mr. E. A. L. De Jonge, United States Representative of KNILM, to TH. de Bruyn, Commanding Officer, 19th Squadron, Berry Park, Brisbane, Australia, and to the Honorable F. C. Aronstein, Commissioner, Economic and Financial Affairs Board for The Netherlands Indies, Surinam and Curacao, 10 Rockefeller Plaza, New York City.

Concurring in Appointment of L. V. Newton to Represent San Francisco on Committee Formed to Study Transit Problems of Bay Area Communities Served by the Key System.

Proposal No. 5947, Resolution No. 5754 (Series of 1939), as follows:

Whereas, the Bay Area is at the present time in a critical period of its development, and, with the tremendous increase in its population complicating the problems of traffic congestion on streets and overcrowding of streetcars and buses, there is a pressing demand for the

provision of an adequate, well planned transit system for the present needs and future growth of the Bay Area; and

Whereas, the Key System serves eleven cities in the Bay Area, and the suggestion has been advanced by the Honorable Fitch Robertson, Mayor of the City of Berkeley, that a committee be formed of representation from each of said cities to plan with Inter City Lines, Inc., operators of the Key System, on their contemplated changes in service and the communities' present needs and future developments of transportation, said representation being desirable due to the necessity for proper transit planning to be on a Bay-wide area basis; and

Whereas, Mr. Leonard V. Newton, Consultant of the Public Utilities Commission, has been named by Mayor Roger D. Lapham and Manager of Utilities James H. Turner to serve as a member of said Bay Area transit planning committee; now, therefore, be it

Resolved, That this Board of Supervisors, cognizant of the need for a well planned transit system to properly and adequately service the present and future needs of the Bay Area communities, does hereby endorse the formation of said planning committee, and does hereby concur in the appointment of Mr. Leonard V. Newton, Consultant of the Public Utilities Commission, as the representative of the City and County of San Francisco on said committee; and, be it

Further Resolved, That a copy of this resolution be transmitted to the Honorable Fitch Robertson, Mayor of the City of Berkeley.

Requesting City Planning Commission and Public Utilities Commission to Report as to Feasibility of Developing Master Airport Plan for San Francisco to Determine Airport Facility Requirements and Economic Methods of Meeting Such Requirements.

Proposal No. 5948, Resolution No. 5738 (Series of 1939), as follows:

Whereas, the City and County of San Francisco does not at present have a Master Airport Plan embracing construction of a sufficient number of airports adequate to meet the present and future needs of San Francisco users of both commercial and private airplanes; and

Whereas, it is desirable at this time to ascertain the need for such a Master Airport Plan for the determination of San Francisco's airport facility requirements and methods of meeting such requirements; now, therefore, be it

Resolved, That the City Planning Commission and the Public Utilities Commission of the City and County of San Francisco be and they are hereby requested jointly to consider the desirability and feasibility of the development of said Master Airport Plan for San Francisco, in order to determine the present and future airport needs of both commercial and private users of aircraft and to determine the most practical and economic method of meeting those needs; and be it

Further Resolved, That the City Planning Commission and the Public Utilities Commission be and they are hereby requested to report their conclusions to this Board of Supervisors, together with report as to the effect, if any, which the existence of such a Master Airport Plan would have on possible participation by the City and County of San Francisco in any program for contributions of Federal Government funds to municipal airport projects.

Discussion.

Pursuant to request by the Chief Administrative Officer, who desired a change in the foregoing proposal, Supervisor Meyer, seconded by Supervisor Mancuso, moved re-reference to committee.

Supervisor MacPhee objected to re-reference to committee. Many people, he stated, have requested the adoption of the proposal. He urged that the matter remain on the Calendar and the desired amendment be submitted for consideration at the next meeting of the Board.

The Chief Administrative Officer then suggested that the matter might be handled without delay by the elimination of reference to Junipero Serra Boulevard, which should not be in the proposal at all.

Thereupon, Supervisor MacPhee, seconded by Supervisor Sullivan, moved that all reference to Junipero Serra Boulevard be eliminated.

Before the motion was put, Supervisor MacPhee changed his motion, moving that consideration be postponed for one week, and in the meantime the Chief Administrative Officer draft the amendment desired. Motion seconded by Supervisor Sullivan.

3. A detail schedule of items for capital outlay.
4. The aforementioned consolidated estimates and schedules shall also include by items contained therein the following information:
 - (a) Expenditures for the last complete fiscal year.
 - (b) Estimated expenditures for the current fiscal year.
 - (c) Proposed increases or decreases as compared with the budget allowances for the current fiscal year.

The board of supervisors shall provide printed copies of the mayor's budget message and proposed budget thus prepared, including comparative expenditures and revenues for the current and preceding fiscal years and other information transmitted therewith, for official use and public demand as requested.

The board of supervisors shall fix the date or dates, not less than five days after publication as in this section provided, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance.

The board of supervisors may decrease or reject any item contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements.

After public hearing, and not earlier than the 15th day of May, nor later than the 1st day of June, the board shall adopt the proposed budget as submitted or as amended and shall pass the necessary appropriation ordinance. If the appropriation ordinance as submitted by the mayor is amended by the supervisors, the appropriation ordinance shall be readvertised prior to final reading or passage, in the manner required for ordinances.

Any item in such appropriation ordinance except for bond interest, redemption or other fixed charges, may be vetoed in whole or in part by the mayor within ten days of receipt by him from the clerk of the board of supervisors of the ordinance as passed by the board, and the board of supervisors shall act on such veto not later than the 20th day of June.

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department. The controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to section 86 of this charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established unless an additional allotment is made, as herein provided.

Subject to the restrictions hereinbefore in this section included, the several amounts of estimated revenue and proposed expenditures contained in the annual appropriation ordinance as adopted by the board of supervisors shall be and become appropriated for the ensuing fiscal year to and for the several departments, bureaus, offices, utilities, boards or commissions, and for the purposes specified, and each department for which an expenditure appropriation has been made shall be authorized to use the money so appropriated for the purposes specified in the appropriation ordinance, and within the limits of the appropriation. The appropriation ordinance shall constitute the authority for the controller to set up the required revenue and expenditure accounts. Appropriation items for bond interest, bond redemption, fixed charges and other purposes not appropriated to a specific department shall be subject to the administration of and expenditure by the chief administrative officer for the respective purposes for which such appropriations are made.

Referred to Judiciary Committee.

Bond Election in Los Angeles.

Supervisor MacPhee, who had been in Los Angeles during the past week, reported on bond election held there. On Tuesday, August 6, a special election was held at which the people were asked to vote on a number of bond issues. Less than 15 per cent of the voters went to the polls. All bond measures were defeated. In closing his report, Supervisor MacPhee called attention to the fact that San Francisco never has had such a record.

Report on Bridge Hearings.

Supervisor Lewis, when requested by Supervisor Colman to report on the bridge hearings held in Polk Hall, Civic Auditorium, stated that there was little he could say at the time. San Francisco's presentation, he thought, would be made on Tuesday, August 13, 1946, and he would welcome the presence of the Supervisors at that time.

Consideration of Bond Measures.

Supervisor Colman, chairman of the Public Buildings, Lands and City Planning Committee, in reply to questioning by Supervisor Mancuso, stated that his committee had requested the City Planning Commission to advise the committee as to the most urgent needs on which bond issues would be proposed, stated that on receipt of the requested information he would be glad to meet with Supervisor Mancuso's committee to consider the program.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:30 p. m., adjourned.

JOHN R. McGRATH, Acting Clerk.

Approved by the Board of Supervisors September 23, 1946.

I, John R. McGrath, Acting Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Bill No. 4222, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$398,318 from the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway Operating Fund, and the sum of \$1,101,682 from the surplus existing in the Unappropriated Balance of Fund of the Municipal Railway—Market Street Extension Fund, to provide funds for additions and betterments, replacements and reconstruction, and purchase payment to the Market Street Railway during the current fiscal year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$398,318 is hereby appropriated from the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway Operating Fund, and the sum of \$1,101,682 is hereby appropriated from the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway—Market Street Extension Fund, to the credit of the following appropriations of the Municipal Railway to provide funds for additions and betterments, replacements and reconstruction, and purchase payment to the Market Street Railway during the current fiscal year:

Appropriation No.

665.500.00	Additions and Betterments	\$371,893
665.925.00	Replacements and Reconstruction	26,425
665.925.50	Replacements and Reconstruction, Market Street Extension	750,000
665.551.50	Purchase Payment and Interest	351,682

Recommended by the Manager of Utilities.

Approved as to form by the City Attorney.

Approved by the Public Utilities Commission, Resolution No. 7561.
Unencumbered balance available by the Controller.

Approved by the Mayor.

July 29, 1946—Consideration continued until August 5, 1946.

Supervisor Lewis urged the Board to give the foregoing matter very serious consideration. "The Public Utilities Commission is asking approximately \$400,000 for new street car tracks on Market Street," he said. "I think before appropriating such funds the Commission should come forth with some definite plan and tell us where they are going. This means we are more or less bound to street car service on Market Street for some time. Definite plans have not been advanced." Supervisor Lewis objected to spending \$400,000 for one street and \$300,000 for another street. We do not know where we are going and it is pretty bad business. Supervisor Lewis called attention to statement made by the Utilities Commission on April 18, 1946, that the widest possible use would be made of modern motor coaches and trolley buses, etc., and that the Commission contemplated no expenditure to maintain street cars beyond a suitable length of time.

Supervisor Mead objected to the proposed appropriations, stating that there were several items to be considered: one for additions and betterments; another for replacements and reconstructions; replacements and reconstruction, Market Street Extension, etc. "I would want to vote for at least one of these matters," Supervisor Mead stated, "and I ask to take them up seriatim."

Thereupon, the Chair announced: "Supervisor Mead asks for division of the question on each item."

No objection, and so ordered.

First Item—Additions and Betterments, \$371,893.

Supervisor Mancuso suggested that before voting on the above item, the Board should hear from the Manager of Utilities, who had stated that it was absolutely necessary to take care of the car tracks. More money would be spent for the repair of equipment than for the replacement of the tracks. In the absence of Mr. Turner, Manager of Utilities, the Board should hear from Mr. L. V. Newton, who was present at the meeting.

Mr. Newton declared that regardless of the ultimate plan, it would be so far in the future that this \$400,000, if approved by the Board, would not be lost. In any case, he did not believe necessary repairs could be made before next spring. However, in order to obtain ties, rails, etc., in time for their use in the spring, orders must be placed in the very near future, and before placing the order, the funds therefor must be on hand.

Supervisor Mead announced his intention to vote against all items in the foregoing bill except that for Purchase Payment and Interest. This was a tremendous amount of money which the Board was being asked to appropriate for something which could not be obtained before next spring.

Mr. Lloyd Taylor, of the Market Street Association, on being granted the privilege of the floor, stated that in 1944, before the consolidation of the Market Street Railway and the Municipal Railway, it was pledged not to perpetuate the street car. He desired to know if the tracks on Market Street were to be temporary or permanent. Assurance had been given that the greatest possible use of motor buses would be made.

Supervisor Mancuso objected to the statement by Mr. Taylor. Mass transportation, he held, must be handled by street cars or by subway. A subway was a long way off. The appropriation being discussed was required to keep up the two tracks on Market Street.

Mr. Newton, in answer to Mr. Taylor, claimed that Mr. Taylor had not given all the facts to the Board. The Public Utilities Commission had made qualifying statements in regard to street cars. It had never contemplated the removal of all tracks from Market Street.

Thereupon, the roll was called and the first appropriation item, *Appropriation No. 665.500.00, Additions and Betterments, \$371,893*, was *Approved* by the following vote:

Ayes: Supervisors Brown, Gallagher, MacPhee, Mancuso, McMurray, Meyer, Sullivan—7.

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisors Christopher, Colman—2.

Second Item — Appropriation No. 665.925.00, Replacements and Reconstruction, \$26,425.

Item Approved by the following vote:

Ayes: Supervisors Brown, Gallagher, MacPhee, Mancuso, McMurray, Meyer, Sullivan—7.

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisors Christopher, Colman—2.

Third Item — Appropriation No. 665.925.00, Replacements and Reconstruction, Market Street Extension, \$750,000.

Item Approved by the following vote:

Ayes: Supervisors Brown, Gallagher, Mancuso, McMurray, Meyer, Sullivan—6.

Noes: Supervisors Lewis, MacPhee, Mead—3.

Absent: Supervisors Christopher, Colman—2.

Fourth Item—Appropriation No. 665.551.50, Purchase Payment and Interest, \$351,682.

Item Approved by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Christopher, Colman—2.

Thereupon, the President rapped the gavel, indicating the foregoing bill was *Finally Passed*.

In reply to question by Supervisor MacPhee as to the necessity of voting on the foregoing bill, as a whole, on Final Passage, the President stated that was unnecessary.

Appropriating \$4.56, for Purpose of Reimbursing Public Welfare Department Revolving Fund in Same Amount Covering Disbursement Made on Emergency Order for Cash on Which Signatures Were Forged.

Bill No. 4223, Ordinance No. 3986 (Series of 1939), as follows:

Appropriating the sum of \$4.56 out of the surplus existing in Appropriation No. 656.840.05 (Indigent Aid) for the purpose of reimbursing the Public Welfare Department Revolving Fund in the same amount covering disbursement made on emergency order for cash on which signatures were forged.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$4.56 is hereby appropriated from the surplus existing in Appropriation No. 656.840.05—Indigent Aid—to the credit of the Public Welfare Department Revolving Fund.

Section 2. This appropriation is made necessary because of an unauthorized disbursement made by the Public Welfare Department in the amount of \$4.56 representing an emergency authorization for cash in like amount on which the signature of both the social service worker and recipient were forged and for which the department is unable to determine responsibility.

The Controller is hereby directed to draw his warrant to reimburse the Public Welfare Department Revolving Fund in the amount of \$4.56 from the appropriation herein indicated, and to make the necessary entries on the books of the Public Welfare Department and the Controller to reflect this loss of \$4.56.

Recommended by the Director of Public Welfare.

Approved as to form by the City Attorney.

Approved by the Public Welfare Commission.

Approved as to funds available by the Controller.

Approved by the Mayor.

Finally Passed by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Christopher, Colman—2.

Appropriating \$150,000 From Bond Interest and Redemption Appropriation, to Credit of 1944 Juvenile Home and Court Bond Fund, and Directing Cancellation of \$150,000 of Said Bonds.

Bill No. 4235, Ordinance No. 3992 (Series of 1939), as follows:

Appropriating the sum of \$150,000 from the surplus existing in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944 Juvenile Home and Court Bonds, to the credit of the 1944 Juvenile Home and Court Bond Fund and authorizing and directing the cancellation of \$150,000 of said bonds.

Whereas, at the special election held November 7, 1944, bonds in the amount of \$1,250,000 were authorized for the construction of buildings for uses of a Juvenile Detention Home, with meeting, court rooms and offices and necessary lands therefor; and

Whereas, construction of said authorized improvement has been delayed because of court action relative to the validity of engineering contracts and difficulty of procuring necessary construction materials and such delay has extended to a time when sale of bonds in the amount as anticipated to fall due during the fiscal year 1946-1947 would cause the City to incur needless bond sale costs and interest; and

Whereas, the Annual Appropriation Ordinance for the fiscal year 1946-1947 provided for bond interest and redemption in the sum of \$150,000 in anticipation of sale of said bonds within the fiscal year aforesaid; and

Whereas, it is essential that the project for which the bonds aforesaid were voted be prosecuted to completion in the full amount as authorized, namely, \$1,250,000; and

Whereas, it is not now economical to sell the lot of bonds in the amount as anticipated to fall due during 1946-1947, and in such circumstance there exists a surplus in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944 Juvenile Home and Court Bonds, by virtue of such nonsale; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$150,000 is hereby appropriated from the surplus existing in Appropriation No. 626.800.01, Bond Interest and Redemption, 1944 Juvenile Home and Court Bonds, to the credit of the 1944 Juvenile Home and Court Bond Fund, in order to provide that sufficient funds shall be available, either through cash on hand or bonds still remaining to be sold, to enable the completion of the project for which the 1944 Juvenile Home and Court Bonds were voted.

Section 2. The Treasurer is hereby authorized and directed to cancel bonds of the 1944 Juvenile Home and Court Bond Issue in the amount of \$150,000.

Recommended by the Chief Juvenile Probation Officer.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

Approved by the Mayor.

Directing Civil Service Commission to Conduct Salary Standardization Survey.

Proposal No. 5887, Resolution No. 5763 (Series of 1939), as follows:

Resolved, That the Civil Service Commission be and it is hereby authorized and directed to conduct a salary standardization survey in order that any existing inequalities in salaries of City employees may be corrected in the 1947-1948 budget.

July 22, 1946—Consideration continued until July 29, 1946.

July 29, 1946—Consideration continued until August 5, 1946.

August 5, 1946—Consideration continued until August 19, 1946.

Discussion.

The Clerk presented and read communication from the Civil Service Commission, setting forth the Commission's views in regard to

the foregoing proposal. The Commission had been considering the recommending of a charter amendment for submission to the voters, which would take care of the situation now existing, and for that reason had previously requested postponement of consideration. At its meeting during the past week, however, the Commission had decided that submission of such charter amendment at this time was not advisable.

Thereupon, at the request of Supervisor Mancuso, who desired to hear further from the Civil Service Commission, further consideration was temporarily postponed.

Subsequently during the proceedings, Mr. Harry Alberts explained to the Board that the reason for his Commission's request for postponement no longer existed. The Commission, he stated, was not opposed to standardization.

Mr. Jeffreys representing the C. I. O., urged adoption of the proposed resolution. If it were not approved, no adjustment in employees' salaries could be made until 1948. He believed that by the end of the year, the cost of living will be increased 25 per cent, which will require major adjustments in salaries. Also, in the increased salaries given last spring, there were certain inequities which should be corrected.

Mr. Frank Moitoza, representing the Federation of Municipal Employees, supported the views expressed by Mr. Jeffreys. A new survey was necessary in order to avoid discrimination against clerical employees and others who do not have wage agreements.

There being no further discussion, the foregoing proposal was Adopted by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Christopher, Colman—2.

Discussion.

In connection with the foregoing bill, and the two bills immediately following, the Clerk read a communication from his Honor, the Mayor, accompanying said bills, and making explanation thereof.

Mr. George Ososki, speaking more specifically of the bill immediately following, appropriating \$74,000 from Emergency Reserve Fund to cover increased cost of maintenance of children in foster homes and institutions, stated that the work had been carried on previously by private agencies, but inasmuch as it is a public responsibility, it has been recommended to be carried on by the Juvenile Court and his department.

Mr. Adrien Falk, representing the Community Chest, in reply to question by Supervisor MacPhee, agreed that Mr. Ososki had well stated the case. The care of children in foster homes was a public responsibility, and not a private matter. For that reason the responsibility should be met by a public agency.

Thereupon, there being no further discussion desired, the foregoing bill was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Authorizing and Requesting the Library Commission to Make Available Space for the Use of Students of the Hastings College of Law.

Proposal No. 5966, Resolution No. 5771 (Series of 1939), as follows:

Whereas, registration at the Hastings College of Law far exceeds that of past years, particularly by reason of the great number of veterans of World War II who, under the G. I. Bill of Rights, have elected to study law, and it becomes necessary to provide additional space for the College; and

Whereas, Section 4 (1877-8, Statutes 533) provides as follows:

“There shall be set apart for the use of the students of the College some room or suitable hall at the University, and the Board of Supervisors of the City and County of San Francisco is authorized to supply a suitable hall in the City of San Francisco for the students and Directors,” and

Whereas, a resolution was adopted by the Library Commission of the City and County of San Francisco on August 13, 1946, which resolution reads as follows:

“Resolved, That the Exhibit Room or Newspaper Room be made available for the ensuing semester to the Hastings College of the Law, in pursuance of Section 4 of the Act creating the Hastings College of the Law, but subject to the authority to do so by a resolution of the Board of Supervisors. The following, from Finance Committee without recommendation, was taken up:

Creation of Position or Positions of Budget Investigator.

Supervisor McMurray's proposal that a position or positions of investigator be created in the office of the Board of Supervisors, for the purpose of providing members of the board with information relative to budget matters and positions in the municipal service as well as any other matters upon which information is desired by the board.

Discussion.

Supervisor Mancuso explained the reason for reference of Supervisor McMurray's proposal to the Board, without recommendation, was because Supervisor McMurray desired the matter to be heard before the Board of Supervisors, as a body, in order to give them the complete story of what he had in mind.

The Clerk presented and read a communication from the Civil Service Commission outlining the procedure necessary to create a position, or positions as suggested by Supervisor McMurray, but making no recommendations thereon.

Supervisor McMurray explained to the Board his reasons for suggesting the creation of positions requested. He believed the Board should have someone to investigate and report to the Board on the various appropriation items as they appear in the budget. There should be at least two such investigators.

Supervisor MacPhee agreed that there was merit in Supervisor McMurray's suggestion. However, he called attention to staff working under the direction of the Mayor, by whom investigations might be made. The Board, he thought, could have the benefit of those investigations. His Honor, the Mayor, he felt, would be willing to make available the services of his staff, during the Board's consideration of the budget.

Supervisor Lewis stated that for a long time he had advocated a budget committee, such as is set up in Los Angeles. Such committee would not be civil service. It would be an entire department. There are three separate things involved: there is a factual job; there is a question of finance; there is need for study of departments and their needs, as to proper business machines and business administration planning.

The Chair declared that there was nothing before the Board—no resolution or bill. Supervisor McMurray should send the matter to committee or have something drawn up to cover the matter. There must be a formal resolution requesting the desired jobs be set up in the budget.

Supervisor Lewis, seconded by Supervisor Sullivan, moved that the entire matter be referred to Judiciary Committee.

His Honor, the Mayor, addressed the Board briefly, outlining his responsibilities and duties in connection with the budget, before sending it to the Board of Supervisors. He agreed with Supervisor Lewis that there was a great deal in the idea of a budget bureau or committee. However, it seemed to him that inasmuch as both the Mayor and the Board have responsibilities under the charter, of checking the budgets submitted by the various departments, that this job should be done under one head. He was willing to cooperate with the Board, and he was sure that he could obtain any information desired by the Board from Mr. David Lewis and his staff.

Thereupon, no further discussion desired, and no objections being made, the entire matter was *referred to Judiciary Committee.*

Adopted.

Amendment.

Supervisor MacPhee, seconded by Supervisor Sullivan, moved that the last paragraph of the foregoing proposal, as presented and reading as follows:

"Signs shall be erected and maintained to give notice of the provisions of this resolution."

be deleted, and that the following language be substituted therefor:

"This resolution shall not become effective until signs have been erected giving notice of the provisions hereof."

No objection, and amendment approved.

Supervisor Mancuso called attention to the need of a "slow" or "warning" sign at the intersection of Ocean Avenue and Junipero Serra Boulevard.

The Chief Administrative Officer announced that it was the intention of the Police Department to erect signs wherever the department feels them to be necessary. The language just submitted and approved gives the department that authority.

The Clerk presented and read communication from the Parkside District Improvement Club, in favor of prohibiting lefthand turns on Nineteenth Avenue.

Thereupon, no further discussion being desired, the foregoing proposal as amended and reading as above, was *Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Whereas, San Francisco through purchase of bonds contributed \$390,000 toward the purchase of land along the San Francisco-Oakland Bay Bridge approach from Second to Fifth Streets, and between Perry and Stillman Streets, to protect said approach from any immediately adjacent building construction; and

Whereas, the area beneath and along said approach was utilized during the war period for military parking and storage purposes, which use has been discontinued; and

Whereas, the California Toll Bridge Authority has proposed that a large portion of said area—namely, that portion from Second Street to a point two-thirds of the distance from Fifth to Fourth Street and lying between Perry and Stillman Streets—be leased for automobile parking purposes under proper and rigid control; and

Whereas, downtown San Francisco has an urgent need for additional public parking space, and said proposal of the Toll Bridge Authority offers a partial fulfillment of said need, while not interfering with the view of or from the bridge approach; now, therefore, be it

Resolved, That said proposal of the California Toll Bridge Authority be approved for areas and under conditions as follows:

Discussion.

The Chief Administrative Officer explained the foregoing matter. Since the property in question was state property, the approval of the City and County was not necessary, although it was the recommendation of Mr. Purcell that San Francisco be extended the courtesy of being consulted in the matter.

Supervisor Brown outlined the participation of San Francisco in financing the purchase of site for the bridge approach. He felt that inasmuch as San Francisco had contributed so much toward the purchase of the property in question, if any revenues were to be secured from the use of that property San Francisco would have a valid claim to a portion of such revenues.

The Chief Administrative Officer agreed that the history of the purchase of the property in question, as stated by Supervisor Brown, was substantially correct. San Francisco had paid some \$400,000 toward the purchase of the property, but the property no longer belongs to San Francisco. San Francisco has no claim there at all.

Supervisor Mancuso, seconded by Supervisor Brown, moved further consideration be postponed for one week.

Supervisor Brown, in reply to question by Supervisor MacPhee, stated that Alameda County had made a substantial contribution toward the purchase of property for the East Bay approaches to the San Francisco Oakland Bay Bridge. However, he did not believe that contribution was anything like \$400,000.

Thereupon, Supervisor MacPhee commented, saying that San Francisco should be most vigilant in connection with the financing of the second bay crossing.

After brief comment by Supervisor Brown on San Francisco's receipts from the state gasoline tax funds, and the thought expressed by Supervisor Mancuso that San Francisco should receive larger apportionments therefrom, no more discussion being desired, and no objections being made thereto, the Chair declared the motion by Supervisor Mancuso for postponement was *carried* and further consideration was *postponed for one week*.

Adopted.

The following recommendations of Judiciary Committee were taken up:

Present: Supervisors MacPhee, Mancuso.

Requesting City Planning Commission and Public Utilities Commission to Develop Master Airport Plan for San Francisco to Determine Airport Facility Requirements and Economic Methods of Meeting Such Requirements.

Proposal No. 5964, Resolution No. 5777 (Series of 1939), as follows:

Whereas, the City and County of San Francisco does not at present have a Master Airport Plan embracing construction of a sufficient number of airports adequate to meet the present and future needs of San Francisco users of both commercial and private airplanes; and

Whereas, it is desirable at this time to ascertain San Francisco's facility requirements and methods of meeting such requirements; now, therefore, be it

Resolved, That the City Planning Commission and the Public Utilities Commission of the City and County of San Francisco be and they are hereby requested jointly to begin immediately the preparation and completion of said Master Airport Plan for San Francisco, in order to determine the present and future airport needs of both commercial and private users of aircraft and to determine the most practical and economic method of meeting those needs; and, be it

Further Resolved, That the City Planning Commission and the Public Utilities Commission be and they are hereby requested to report their conclusions to this Board of Supervisors, together with report as to possible participation by the City and County of San Francisco in any program for contributions of Federal Government funds to municipal airport projects; and, be it

Further Resolved, That Resolution No. 5738 (Series of 1939) be and it is hereby repealed.

Discussion.

Supervisor MacPhee, in discussing the foregoing proposal, called attention to Proposal 5948, Resolution 5738, adopted on August 12, 1946. Before adopting the foregoing proposal, the resolution heretofore adopted should be repealed, and he would so move.

On it being pointed out by the Clerk that the proposal under consideration, if approved, provided for the repeal of Resolution 5738, Supervisor MacPhee withdrew his motion.

Supervisor Lewis wondered if the City Planning Commission or the Public Utilities Commission were sufficiently well qualified to prepare plans for a master airport for San Francisco, which was a very

technical thing, and suggested that it might be worth while to employ some expert to prepare a master airport plan.

Supervisor MacPhee suggested that the Board hear from Mr. Marshall, of the Chamber of Commerce.

Mr. Marshall, however, who was substituting for Mr. Mills in representing the Chamber of Commerce, stated that he was not familiar with procedure of the Board, or with the aviation industry, and suggested a week's postponement.

After further brief discussion, there being no objection, further consideration was temporarily postponed, awaiting the arrival of Captain Doolin, Manager of the Airport, who, Supervisor MacPhee stated, was in the building, and whose presence was requested.

Subsequently during the proceedings, Captain Doolin being present, consideration of the foregoing proposal was resumed.

Captain Doolin, in reply to questioning by Supervisor Lewis, declared that the best qualified aid in drawing up a master airport plan was right at hand. The first step for such a plan is contained in the legislation before the Board. The best advisors were the C. A. B., and they are available at any time.

Thereupon, there being no further discussion, the foregoing proposal was Adopted by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Christopher, Colman—2.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending section 10 thereof, "Number, Compensation and Meetings of Supervisors."

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco, at an election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by amending section 10 thereof so that the same shall read as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

NUMBER, COMPENSATION AND MEETINGS OF SUPERVISORS

Section 10. The board of supervisors shall consist of eleven members elected at large [provided that for the period January 8, 1932, to January 8, 1934, the board shall consist of fifteen members]. Each member of the board shall be paid a salary of [twenty-four hundred dollars (\$2,400)] *forty-two hundred (\$4,200)* per year, and each shall execute an official bond to the city and county in the sum of five thousand dollars (\$5,000).

At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the City Hall, and thereafter regular meetings shall be held as fixed by resolution. The supervisors constituting the new board shall, on January 8, [1932 and every second year thereafter], *of every even numbered year*, elect one of their number as president of the board for a two-year term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

The meetings of the board shall be held in the City Hall, provided that, in case of emergency, the board, by resolution, may designate some other appropriate place as its temporary meeting place. The board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings. Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting.

Discussion.

Supervisor MacPhee explained the intent of the foregoing proposed charter amendment as well as the amendment immediately following.

The foregoing proposed amendment would provide for compensation of \$4,200 for Supervisors, instead of the \$2,400 now being paid. Alameda County compensation has been \$4,200 for some years. The amendment immediately following would provide that compensation for the Board of Supervisors be fixed by the State Legislature. However, he, Supervisor MacPhee, believed the foregoing amendment should be submitted to the voters.

Supervisor Mancuso stated reasons for approving for submission the amendment immediately following, which, he believed, should also be ordered submitted.

Supervisor Mead doubted if it would be good policy to order both amendments submitted. He felt it would bring about confusion and misunderstanding.

Mr. Alfred Smith, of the Bureau of Governmental Research, announced that he was not objecting to the submission of the first proposed amendment, but he did not think it advisable to submit the second amendment to the voters. Salaries of public officials, generally, are fixed in San Francisco, and the people should have the right to say what they desire to pay their officials. He believed there would be a great deal of opposition to the second amendment.

Thereupon, the roll was called and the foregoing proposed charter amendment was *Ordered Submitted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—9.

Absent: Supervisors Christopher, Colman—2.

Subsequently during the proceedings, Supervisor Mancuso suggested that a motion be made to designate the foregoing proposed charter amendment as No. 2 on the ballot.

Following brief discussion, the Chair suggested that the decision as to numbering the foregoing be made at a later date.

No objection, and suggestion of the Chair *accepted*.

PERMITS AND INSPECTIONS

Section 24. The board of supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this charter; and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the city and county, and for such other matters as the board of supervisors may deem advisable.

Such ordinance shall fix the fees or licenses to be charged, which shall not be less than the cost to the city and county of regulation and inspection; provided, that in so far as the regulation and inspection of foodstuffs or articles of food for human consumption are concerned, the fees or licenses to be charged for such regulation and inspection shall be as determined by the board of supervisors, but the same shall not exceed the cost of said regulation and inspection. Said ordinance shall also specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor. The chief of police in the performance of police duties shall have power to examine at any time the books and premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the board of supervisors, and the tax collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission. If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the board of permit appeals.

[No license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power.]

Notwithstanding any other provision of this section, the board of supervisors shall have full power to impose and provide for license taxes both for revenue and for regulation, or for either revenue or regulation.

BUDGET ESTIMATES

Section 69. The fiscal year for the city and county shall begin on the 1st day of July of each year.

The budget estimate for every department and office of the city and county, whether under an elective or an appointive officer or a board or commission, and separately for each utility under the control of the public utilities commission, shall be filed by the executive of such department with, and shall be acted upon by, such board or commission. All budget estimates shall be compiled in such detail as shall be required on uniform blanks furnished by the controller. The public utilities commission and the board of education must hold public hearings on their respective budget proposals. Each such elective and appointive officer, board or commission shall, not later than the [15th] 1st day of February of each year, file with the controller for check as to form and completeness two copies of the budget estimate as approved.

The chief administrative officer shall obtain in ample time to pass thereon budget estimates from the heads of departments or offices subject to his control, and, after adjusting or revising the same, not later than the [15th] 1st day of February he shall transmit such budget estimates to the controller.

The controller shall check such estimates and shall upon his request, be furnished with any additional data or information. Not later than the [15th] 1st day of March of each year he shall consolidate such budget estimates and transmit the same to the mayor.

He shall at the same time transmit to the mayor a summary and recapitulation of such budget estimates, segregated by separate departments or offices and units thereof, or by purposes for non-departmental expenditures, and arrange according to classification of objects of expenditure, as required by the controller, to show the amount of proposed expenditures and estimated revenues in comparison with the current and previous fiscal year's expenditures and revenues.

He shall submit at the same time (1) statements showing revenues and other receipts, including the estimated unencumbered surplus in any item or fund at the beginning of the ensuing fiscal year, segregated according to specific or general purposes to which such revenues or receipts are legally applicable, for the last complete fiscal year and for the first six months of the current fiscal year, with estimates thereof for the last six months of the current fiscal year, together with estimates of such revenues and receipts for the ensuing fiscal year; (2) statements of the amounts required for interest on, and sinking fund or redemption of, each outstanding bond issue, and for tax judgments and other fixed charges, together with estimates of interest required on bonds proposed to be sold during the ensuing fiscal year, and statements of the city's authorized debt, and judgments outstanding at the time the budget estimates are submitted.

The mayor shall hold such public hearings on these budget estimates as he may deem necessary and may increase, decrease or reject any item contained in the estimates, excepting that he shall not increase any amount nor add any new item for personal services, materials, supplies or contractual services, but may add to the requested appropriations for any public improvement or capital expenditure; provided, however, that the budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the mayor or board of supervisors.

CHARTER AMENDMENT No.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 72 thereof, "Adoption of the Budget and the Appropriation Ordinance."

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the general election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by amending Section 72 thereof, "Adoption of the Budget and the Appropriation Ordinance."

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

ADOPTION OF THE BUDGET AND THE APPROPRIATION ORDINANCE.

Section 72. Not later than the [1st day of May, in 1932, and in each year thereafter] *15th day of April in each year*, the mayor shall transmit to the board of supervisors the consolidated budget estimates for all departments and offices of, and the proposed budget for, the city and county for the ensuing fiscal year, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption and other fixed charges of the city and county, and the revenues applicable thereto. He shall, by message accompanying such proposed budget, comment upon the financial program incorporated therein, the important changes as compared with the previous budget, and bond issues, if any, as recommended by him.

The mayor shall submit to the board of supervisors, at the time that he submits said budget estimates and said proposed budget, a draft of the annual appropriation ordinance for the ensuing fiscal year, which shall be prepared by the controller. This shall be based on the proposed budget and shall be drafted to contain such provisions and detail as to furnish an adequate basis for fiscal and accounting control by the controller of each revenue and expenditure appropriation item for the ensuing fiscal year. Upon submission it shall be deemed to have been regularly introduced, and together with the proposed budget, shall be published as required for ordinances.

The detail of the proposed budget to be published shall be as follows:

1. The total cost for conducting each department, bureau, office, board or commission for the ensuing fiscal year, segregated according to basic objects of expenditure for each.
2. A detail schedule of positions and compensations, showing any increases or decreases in any department or office.
3. A detail schedule of items for capital outlay.

4. The aforementioned consolidated estimates and schedules shall also include by items contained therein the following information:

- (a) Expenditures for the last complete fiscal year.
- (b) Estimated expenditures for the current fiscal year.
- (c) Proposed increases or decreases as compared with the budget allowances for the current fiscal year.

The board of supervisors shall provide printed copies of the mayor's budget message and proposed budget thus prepared, including comparative expenditures and revenues for the current and preceding fiscal years and other information transmitted therewith, for official use and public demand as requested.

The board of supervisors shall fix the date or dates, not less than five days after publication as in this section provided, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance.

The board of supervisors may decrease or reject any item contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements.

After public hearing, and not earlier than the 15th day of May, nor later than the 1st day of June, the board shall adopt the proposed budget as submitted or as amended and shall pass the necessary appropriation ordinance. If the appropriation ordinance as submitted by the mayor is amended by the supervisors, the appropriation ordinance shall be readvertised prior to final reading or passage, in the manner required for ordinances.

Any item in such appropriation ordinance except for bond interest, redemption or other fixed charges, may be vetoed in whole or in part by the mayor within ten days of receipt by him from the clerk of the board of supervisors of the ordinance as passed by the board, and the board of supervisors shall act on such veto not later than the 20th day of June.

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department. The controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to section 86 of this charter, shall consider only the allotted portions of

appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established unless an additional allotment is made, as herein provided.

Subject to the restrictions hereinbefore in this section included, the several amounts of estimated revenue and proposed expenditures contained in the annual appropriation ordinance as adopted by the board of supervisors shall be and become appropriated for the ensuing fiscal year to and for the several departments, bureaus, offices, utilities, boards or commissions, and for the purposes specified, and each department for which an expenditure appropriation has been made shall be authorized to use the money so appropriated for the purposes specified in the appropriation ordinance, and within the limits of the appropriation. The appropriation ordinance shall constitute the authority for the controller to set up the required revenue and expenditure accounts. Appropriation items for bond interest, bond redemption, fixed charges and other purposes not appropriated to a specific department shall be subject to the administration of and expenditure by the chief administrative officer for the respective purposes for which such appropriations are made.

[In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation sum of \$2,800, \$2,900 and \$3,000, respectively, as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.]

[The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 153 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.]

The salary increases herein provided for the respective ranks of the police department shall be effective and shall accrue on the 1st day of January [1946] 1947, notwithstanding any contrary provision of the charter, but the payment thereof may be deferred by the board of supervisors until the beginning of the fiscal year immediately following ratification of this section by the legislature of the State of California.

Section 35.5½ (a) The word "member" or "members" as used in this section shall mean the members of the several ranks in the police department set forth in section 35.5 of this charter.

section. For service performed in excess of the basic week, members shall be compensated on the basis of straight time in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 35.5, or in lieu thereof equivalent time off duty with pay *at the option of the member*.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 151 of this charter, or the normal day off per week; provided, however, that when in the judgment of the police commission public necessity requires the services of any member to serve on his vacation, or part thereof, or normal day off, the said commission may authorize the chief of police to permit said member to serve during said vacation, or part thereof, or normal day off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of straight time in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensations provided therefor in section 35.5.

(f) The police commission is hereby authorized to require a member or members to work more than [**forty-eight (48)**] *forty* (40) hours per week in any week when public necessity requires such services, and the member or members so serving more than [**forty-eight (48)**] *forty* (40) hours shall be granted added compensation or time off with pay for said extra service performed *at the option of the member*.

(g) Nothing in this section shall abridge or limit in any way the provisions of Section 301, Part I, of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leaves and disability leaves for members are concerned.

(h) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen (15) minutes in any one day for said reporting, and the same periods of fifteen (15) minutes need not be compensated for in money or in time off with pay.

[**(i) Notwithstanding the provisions of any of the foregoing subsections, the police commission is empowered to designate certain legal holidays as additional days off with pay for members of the police department and members required to perform police service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay in the judgment of said commission.]**

(i) Notwithstanding the provisions of any other section of this charter, the following days are hereby declared, for the purposes hereof, to be holidays: January 1, February 12, February 22, May 30, July 4, September 9, December 25, but in the event one of these days falls on Sunday, the Monday following shall be a holiday; the first Monday of September; and any day appointed by the President of the United States or the Governor of California as Thanksgiving Day, and shall be allowed as additional days off with pay for members of the police department and members required to perform police service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay, at the option of the member.

Whereas, many agencies throughout this Nation are engaged in the publication and distribution of obscene fiction, disseminating and endeavoring to glorify immorality, filth and degeneracy; and

Whereas, invoking that constitutional freedom designed as a bulwark against tyranny and oppression of decent and recognized rights these literary bacchanalians neither recognize nor exercise any restraint in those endeavors which, prompted by avarice, result in irreparable harm to otherwise normal and healthy intellects; and

Whereas, official histories of delinquencies both juvenile and adult, conclusively demonstrate that innumerable infractions of the law, resulting in particularly reprehensible injury to the peace of mind and body and general welfare of members of our society as well as immeasurable expense to the State, spring from derelictions, the motivating notions for which are drawn and conceived from the stench of these "literary" cesspools; and

Whereas, for its peace, progress and prosperity this Nation has so many unavoidable problems as would make it seem wholly unnecessary to be required to cope with one such as this, which, however lightly considered by some, is a heavily contributing factor to a national immorality such as has resulted in the degeneracy and downfall of other civilizations; now, therefore, be it

Resolved, That this Board of Supervisors officially records its disapproval of the type of "literature" herein referred to; urges the people of the City and County of San Francisco neither to buy nor read it nor, otherwise, to patronize those who publish, keep, display or sell it, and urges its official agencies persistently and relentlessly to invoke and exhaust all such legal processes as, prudently, have been designed to prohibit its publication and distribution; and be it

Further Resolved, That this Board of Supervisors officially commends the Hearst Publications for their praiseworthy endeavors designed for the suppression of the type of literature herein referred to.

Referred to County, State and National Affairs Committee.

Supervisor Lewis, in commenting on the situation, as outlined in the foregoing proposal presented by Supervisor Gallagher, expressed agreement therewith. He suggested, however, that the Board also consider in connection therewith, some of the magazines offered for sale to the public, particularly some of the so-called comic books which so many children read.

Authorizing Chief Administrative Officer to Arrange for San Francisco's Participation in the State of Utah Centennial.

Supervisor Gallagher presented:

Proposal No. 5971, Resolution No. 5774 (Series of 1939), as follows:

Whereas, during the week of July 24, 1947, there will be celebrated the State of Utah Centennial commemorating entrance into the Salt Lake Valley of the first group of Mormon pioneers; and

Whereas, there is a close historical association between the State of Utah and the City and County of San Francisco by reason of the fact that after having made the trip around the Horn, Sam Brannan, a Mormon leader, accompanied by 250 followers, settled in San Francisco and set up the first printing press here, upon which our first paper was printed; and

Whereas, Sam Brannan was one of the first to discover gold in California and was responsible for the establishment of the first school in San Francisco; and

Whereas, there exists in San Francisco fond memories of the revered Sam Brannan as well as a very kindly feeling for the Mormon people, all of which it is desired to make manifest by participation in the State of Utah Centennial; now, therefore, be it

Resolved, That on behalf of the people of the City and County of San Francisco, this Board of Supervisors expresses to the people of

the State of Utah its congratulations, best wishes and the sincere hope that the State of Utah Centennial may culminate in that complete success which is planned for; and be it

Further Resolved, That Mr. Thomas A. Brooks, Chief Administrative Officer for the City and County of San Francisco be and is hereby authorized and requested to arrange for San Francisco's participation in the State of Utah Centennial and for the design of such a suitable float as will properly serve for San Francisco's demonstration therein.

**Recommending Change of Name of Jackson Playground to
Tony Lazzeri Playground.**

Supervisor MacPhee presented:

Proposal No. 5973, Resolution No. 5779 (Series of 1939), as follows:

Whereas, the baseball world was shocked by the unexpected passing of one of baseball's greatest players, Anthony M. Lazzeri; and

Whereas, "Poosh 'Em Up Tony" as he was affectionately dubbed, was born and raised in the Potrero District and acquired his baseball lore on San Francisco's sandlots; and

Whereas, Tony Lazzeri, after playing with Salt Lake of the Pacific Coast League, during which time he hit 60 home runs in one season, was purchased by the New York Yankees of the American League; and

Whereas, during his tenure with the New York club, that magnificent team won eight American League championships and six World Series; and

Whereas, although playing with such outstanding figures as Babe Ruth, Lou Gehrig, Bill Dickey and others, Tony became a standout, a terror at the plate and a cool, brilliant strategist in the field; and

Whereas, just prior to his untimely death, Tony Lazzeri, ever mindful of the tremendous benefits accruing to the youth of America through the medium of baseball and the game's character-building qualities, teamed with Oscar Vitt and Willie Kamm, both former major league players, to conduct the baseball clinic, sponsored by the San Francisco Examiner, at which instructions were imparted to over 3000 youngsters on the fundamentals of America's greatest game; and

Whereas, it is indeed fitting and proper that due recognition be given to "Poosh 'Em Up Tony" for his manifold contributions to baseball in particular and to sports generally; now, therefore, be it

Resolved, That this Board of Supervisors, duly cognizant of the brilliant and outstanding achievements of one of her illustrious sons, does hereby respectfully request the Recreation Commission to give favorable consideration to changing the name of Jackson Playground to Tony Lazzeri Playground, as a means of expressing this City's heartfelt gratitude and admiration for the baseball prowess and manly qualities as exemplified by San Francisco's own "Poosh 'Em Up Tony" Lazzeri.

In Memoriam—Mrs. Anita Rhine Gould.

Supervisor MacPhee presented:

Proposal No. 5974, Resolution No. 5775 (Series of 1939), as follows:

Whereas, The Almighty has summoned to her eternal reward Mrs. Anita Rhine Gould, Commander of the San Francisco Chapter of the American Cancer Society; and

Whereas, Mrs. Anita Rhine Gould was an ardent worker in the fight against cancer, having carried on a campaign against the ravages of the disease for more than twenty-five years, during which time in addition to her leadership of the San Francisco Chapter she was a former Commander of the Northern California Chapter of the American Cancer Society; and

Whereas, in addition to the humane work which was the prime interest in Mrs. Gould's activities, she was also a moving figure in San Francisco women's civic affairs, being a member of the California Club, a member of the Board of Directors of the Western Women's Club, and a member of the Women's Welfare League of San Francisco, of which she was President at the time of her death; and

Whereas, the passing of Mrs. Anita Rhine Gould represents a distinct loss to the civic life of San Francisco, and is a sad bereavement to her grieving family and the countless friends who knew, admired and loved her; now, therefore, be it

Resolved, That this Board of Supervisors, when it adjourns its meeting this day, does so out of respect to the beloved memory of the late Mrs. Anita Rhine Gould; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to forward a suitably engrossed copy of this resolution to each of the six brothers and sisters of Mrs. Anita Rhine Gould as an expression of the deep sympathy and heartfelt condolence felt by the members of the Board of Supervisors at her passing.

Requesting His Honor the Mayor to Proclaim the Period September 29 to October 4, "American Legion Convention Week."

Supervisor Sullivan presented:

Proposal No. 5975, Resolution No. 5776 (Series of 1939), as follows:

Whereas, there will be held in San Francisco from September 29 to October 4, 1946, the first National Convention of the American Legion since the entry of the United States into World War II; and

Whereas, it is confidently expected that during this American Legion Convention, San Francisco will be host to approximately 100,000 Legionnaires from other States, as well as an equal number from the State of California; and

Whereas, the American Legion confers a signal honor upon San Francisco through the selection of this City as the site for its first post-war National Convention and it is fitting and appropriate that every effort should be made to manifest the cordiality and respect which is felt for the Legionnaire veterans of World Wars I and II; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby respectfully requested to proclaim the period September 29 to October 4, "Amer-

ican Legion Convention Week" and to urge all merchants and building owners or operators in the City and County of San Francisco suitably to dress their premises with official Legion emblems and colors in such manner as, objectively, will demonstrate to those in attendance at the Convention, the warm and kindly feeling which is felt toward them by the people of the City and County of San Francisco.

Amending Initiative Ordinance—Garbage Collection.

Supervisor Mancuso presented:

Bill No. 4259, Ordinance No. . . . (Series of 1939), as follows:

Submitting to the electors an amendment of the initiative ordinance adopted by the electors on November 8, 1932, entitled "Providing for the Collection and Disposition of Refuse in the City and County of San Francisco; providing for the licensing of refuse collectors by the Director of Public Health; Fixing the Maximum Rates or Charges for the Collection of Refuse by Licensed Refuse Collectors From Homes, Apartment Houses, Stores, Etc.; Dividing City and County of San Francisco Into Collection Routes; Providing Penalties for the Violation of the Provisions of This Ordinance." and relating to the rates or charges for the collection and disposition of refuse by refuse collectors.

Whereas, on November 8, 1932, the electors of the City and County of San Francisco adopted an initiative ordinance regulating refuse collection and disposal in the City and County of San Francisco and providing for maximum rates or charges for the collection and disposition of refuse by licensed refuse collectors; and

Whereas, the maximum rates or charges fixed in Section 6 of such initiative ordinance were fixed by the electors on the basis of wages, operating costs and other costs which existed in 1932; and

Whereas, since 1932, wages generally and the wages of persons engaged in collection and disposition of garbage and refuse and all other costs and expenses have greatly increased, in many cases the increases being well in excess of 100 per cent since 1932; and

Whereas, this Board, after fully and completely examining the maximum rates fixed in Section 6 of such initiative ordinance of November 8, 1932, has determined that licensed refuse collectors are entitled to a reasonable increase in maximum rates for the collection and disposition of garbage and refuse from householders and that the matter of the amendment of Section 6 and such increase should be submitted to the electors of the City and County of San Francisco at the general election to be held on November 5, 1946; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There shall be submitted to the electors of the City and County of San Francisco at the general election to be held on November 5, 1946, an amendment to Section 6 of the initiative ordinance adopted by the voters on November 8, 1932, entitled "Providing for the collection and disposition of refuse in the City and County of San Francisco; providing for the licensing of refuse collectors by the director of public health; fixing the maximum rates or charges for the collection of refuse by licensed refuse collectors from homes, apartment houses, stores, etc.; dividing City and County of San

Francisco into collection routes; providing penalties for the violation of the provisions of this ordinance.", as follows:

Section 6 of the initiative ordinance of November 8, 1932, is amended to read as follows:

Section 6. The rates or charges for the collection and disposition of refuse as herein defined, by refuse collectors, shall be as follows:

Report on Bay Crossing Hearings.

Supervisor Lewis reported on hearings on additional bay crossings, held during the week just passed. He expressed pride of the fact that San Francisco went before the Board united—labor, improvement clubs, and downtown interests—in the desire to bring trains into San Francisco. He expressed regret that Alameda County took the position it did, opposing San Francisco's wishes in that respect, but he hoped to live to see the day when all the bay area communities should be considered as one and would realize that what is good for one would be good for all. He expressed gratitude to the members of the County, State and National Affairs Committee, to the Chief Administrative Officer for his aid, to the improvement clubs, labor and downtown organizations for their support in presenting San Francisco's case. He wished particularly to thank the Chamber of Commerce for its aid.

Supervisor Mancuso, under his name on Roll Call, called attention to Supervisor Lewis' failure to include reference to himself in connection with the bay crossing hearings. Supervisor Lewis, Supervisor Mancuso continued, put in a great deal of time and work in the case, and he should be commended and congratulated for the way in which he handled the matter.

Senator Knowland and Congressmen Welch and Havenner, as well as a representative of the State Legislature, should also be thanked for their aid.

Commending Board of Education for Its Summer School Program.

Supervisor Lewis, seconded by Supervisor MacPhee, called attention to the summer school program conducted by the Board of Education, which had just ended on Friday, August 16, 1946, and moved that a letter be sent to the Board of Education, commending that board for its successful summer school program.

No objection, and motion carried.

Left Hand Turns at Fifth and Market Streets.

Supervisor Lewis called attention to the situation at the intersection of Fifth and Market Streets, wherein lefthand turns are permitted. The situation was very dangerous. Although there is no pedestrian crossing lane along the projection of the southwesterly side of Fifth Street, people do cross Market Street there instead of crossing from the opposite side of Fifth Street. He suggested that the Streets Committee or the Police Committee give the matter some consideration.

Increasing Traffic Casualties.

Supervisor MacPhee, under his name on Roll Call, called attention to the ever increasing traffic casualties, about which something must be done. Traffic accidents take a larger toll of life than does war, he stated. He had given the matter serious consideration and had some suggestions, although he did not know how effective they would be. He did, however, suggest a more rigorous enforcement of present regulations, especially regulations or prohibitions against speeding.

Whatever is done, leadership is needed. He believed the situation serious enough to warrant the Board's taking part in the matter, or even to assume leadership in an endeavor to improve the situation, by calling in the Police Department heads and judges in a meeting for an open discussion of the matter. He requested an expression of opinion from other members of the Board as to what might be done. He believed it was a Board matter rather than a matter for committee consideration.

Supervisor Brown expressed great interest in the matter. It was a matter of serious concern for the insurance business. The increase in traffic accidents has been very appalling. The increase is largely attributed to increase in driving and to the dilapidated condition of automobiles, but it was mostly to the man behind the wheel. Most of the accidents are caused by people between the ages of 16 and 30. The courts and the police in San Francisco have spent a lot of time and have met with considerable success in their efforts. Their efforts, though, have been punitive rather than educational. He thought the matter might be something for the Board of Education to think about. He suggested that driving schools before an accident might be better than such schooling after an accident.

Supervisor Sullivan called attention to the dangerous situation existing at the crossing of Van Ness Avenue between McAllister and Grove Streets.

Supervisor MacPhee announced that in another week or two he would bring up the matter again under roll call. He again stated that some leadership was needed, and that the Board of Supervisors should provide that leadership.

Supervisor Meyer suggested that the Chief of Police name a thousand or so outstanding citizens as an unofficial committee to report violations of the law, especially violations against traffic signals and "Stop" signs.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:20 p. m., adjourned.

Final Passage.

The following recommendations of Finance Committee, heretofore Passed for Second Reading, were taken up:

Present: Supervisors Mancuso, Lewis.

**Changing Fee for Special Fumigation Permit From \$10 to \$2.20
Per Hour of Inspector's Time.**

Bill No. 4232, Ordinance No. 3999 (Series of 1939), as follows:

Amending Section 701 of Article 12, Chapter V (Health Code), Part II, San Francisco Municipal Code, by changing the fee for a special fumigation permit from Ten (\$10.00) Dollars to Two and 20/100 (\$2.20) Dollars per hour of inspector's time.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 701 of Article 12, Chapter V (Health Code), Part II, San Francisco Municipal Code, is hereby amended to read as follows:

Section 1. Section 701 of Article 12, Chapter V (Health Code), Part II, San Francisco Municipal Code, is hereby amended to read as follows:

Section 701. Permits. (a) **Application, etc.** Any person, firm or corporation engaged in any business or calling, or who may hereafter engage in any business or calling, and who may desire to continue in said business or calling, where hydrocyanic acid gas, cyanogen or chloropicrin or any other poisonous, noxious or dangerous gases or fumes dangerous to the life or health of human beings are used shall make written application to the Director of Public Health;

shall provide and shall set forth the name of the person, firm or corporation engaged in the use of or who is desirous of using said gas; the particular character of gas used or to be used, the purposes and place where the same is used and the probable amount thereof which will be used during the existence of said permit, and the name of the person or persons who will have direct charge of the use of said gas. Before issuing any permit for the use of said gas, the Director of Public Health shall himself or through such person or persons as he may designate for that purpose, inquire into the training, experience, character, reputation and general character of the applicant for said permit and of the person or persons who are to have direct charge of the use of said gas; and for the purpose of ascertaining the training, experience, character, reputation and qualification of either said applicant or said person who has, or is to have, direct charge of the use of said gas, the Director of Public Health, or his representatives, may cause said applicant or said persons to appear before him, or them, and propound to said applicant, or to said persons, such questions as will show the training, experience, qualifications, character and reputation of said applicant, or of said persons, in regard to the use of said gas, and the regulations governing said use. The Director of Public Health shall have full power and authority to refuse to grant any permit for the use of said above-mentioned gas should he ascertain or determine that the manner in which said gas is to be used, or the place where it is to be used, is dangerous to life or health, or the person under whose direction it is to be used has not sufficient training, experience, character and reputation so that the use of said gas can be entrusted to said person without danger, or probability of danger, to the lives of human beings.

Every permit issued under authority of this section shall state the place where said gas is to be used, the character thereof and the probable amount thereof to be used, and the name or names of the person, firm or corporation authorized to use the same, and the name or names of the person or persons in direct charge of said use; provided, however, that when a permit is issued to any person, firm or corporation engaged in the general business of fumigating at places other than a fixed place of business, said permit need not specify the various places where said gas is to be used. Any permit so issued shall remain in force for a period not exceeding one (1) year from the date thereof; provided, however, that the Director of Public Health may issue a permit for a shorter period if the same is requested in said application for said permit.

(b) **Fees for Permits.** Every person, firm or corporation making application for a permit under the provisions of this section shall accompany said application with a fee of Ten (\$10.00) Dollars, and every person, firm or corporation making application for the renewal of any such permit shall accompany said application with a fee of Five (\$5.00) Dollars, which said fees are hereby fixed as the cost of investigating the matter of the issuing or renewing of said permits, and shall not be returnable in the event that said permits are not issued or renewed. All applications for a renewal of any permit shall contain all of the information required for an original permit.

Discussion.

Supervisor Mancuso explained the reason of reference of the foregoing bill to the Board without recommendation, stating that when the matter was heard in Finance Committee, there were but two members present, himself and Supervisor Lewis. Supervisor Lewis was opposed to the matter, while he was in favor of it. For that reason, there could be no committee recommendation.

Supervisor Lewis explained his objection to the bill. He felt that the bill was improperly worded. It should set forth whether the property mentioned was to be sold at public auction, or if sealed bids should be called for. Such change, he said, was to be made by the City Attorney.

Supervisor Mancuso reported that the City Attorney's office had stated that the title insurance companies were satisfied with the procedure as at present followed.

Thereupon, Supervisor Lewis replied that all he was requesting was that the Charter be followed in order that it might be known how property was to be sold. An interested person is entitled to know whether a sale was to be by public auction or by sealed bids. He read Section 2 of the bill, as follows:

Section 2. Said property shall be offered for sale pursuant to the provisions of Section 92 of the Charter of the City and County of San Francisco.

Supervisor Lewis pointed out that Section 92 of the Charter provides for two methods of sale; one by public auction and one by sealed bids. The bill should state by which method the property in question was to be sold. The City Attorney's office has agreed that bills should be drawn that way in the future.

Supervisor MacPhee stated that he had followed the policy of the Real Estate Department as to calling for bids.

Thereupon, Supervisor Lewis suggested amending Section 2 by inserting therein, immediately before the word "pursuant" the words "by public auction."

Supervisor MacPhee announced that he would have no objection to such amendment.

Thereupon, Supervisor MacPhee moved that further consideration be temporarily postponed. Motion seconded by Supervisor McMurray.

No objection, and so ordered.

Subsequently during the proceedings, Mr. Peddicord, from the City Attorney's office, being present, consideration of the foregoing bill was resumed.

Supervisor Lewis again stated that he was not satisfied with the bill. He moved that the words "by auction" be inserted in Section 2 thereof, just before the word "pursuant." He wanted the legislation to specify the manner of sale, whether by public auction or by sealed bids. Motion seconded by Supervisor McMurray.

Mr. Peddicord advised that any change in the manner of handling such matters should be made only after more consideration. The amendment as proposed, he felt, would not, by itself, be sufficient.

Supervisor Lewis again stated that he thought the bill, and all further legislation to provide for the sale of property, should specify whether sale would be by public auction or by sealed bids. It did not matter to him which way property was to be sold; all he was requesting was fairness. It was unfair to prospective purchasers not to be informed as to how a sale was to be made.

Mr. Peddicord suggested that there be inserted in the language of the foregoing bill, or in some other legislation, the words, "subject to confirmation by the Board of Supervisors."

Mr. Joseph J. Phillips, Director of Property, stated that as far as "sealed bids" were concerned, they were out; the City and County could not get the price it could get by public auction sales. However, he saw no objection to the proposed amendment.

Supervisor MacPhee saw no harm in Supervisor Lewis' proposed amendment. However, it might be well to insert the date of proposed sale immediately following the words "by public auction."

Mr. Phillips suggested that the additional words would make the sale final, and the matter would not come back to the Board for approval. He was perfectly willing, and he would, before a sale was consummated, refer the matter to the Board for approval.

Mr. Peddicord agreed with Supervisor MacPhee's suggestion that the date of "public auction" be set forth in such legislation.

Supervisor Mancuso objected to the proposed amendment by Supervisor Lewis. If the amendment were adopted, all attempts to get further offers would be stopped. Under the present method, the City and County was in a better position to get good offers than under the proposed amendment.

Supervisor McMurray stated that he thought property should be sold to the highest bidder.

Mr. Phillips replied, pointing out that was always the case, provided the Board of Supervisors saw nothing wrong with the sale. The title insurance companies, he continued, have passed on the present method of selling City property. They think it is correct.

Supervisor Lewis, in reply to question by Supervisor Mancuso, stated that before holding a public auction, an ordinance calling for such auction must be enacted. During the past fourteen years there have been many auction sales without any ordinance. His amendment would merely provide that the Charter be followed. If a sale is to be by public auction, there should be authorization for such auction by ordinance.

Supervisor Brown, seconded by Supervisor Mead, pursuant to suggestion by Mr. Peddicord, moved that the foregoing bill remain on the Calendar for one week, and that the City Attorney be requested to submit a written opinion as to the proper method of procedure and the proper wording of legislation, with respect to sales of City-owned real property.

No objection, and motion carried.

Discussion.

Mr. Irving Breyer, representing the Board of Education, in explaining the foregoing bill, stating that he understood there was a letter from the City Attorney on file to the effect that the Board of Supervisors had no jurisdiction in the matter. The additional employments are made necessary due to certain counselling services for veterans. There will be no additional cost to the City and County. The Federal government will reimburse the City and County for all money expended.

Thereupon, the Clerk presented and read communication from the City Attorney, advising that the Board of Supervisors have no control over number of non-certificated employees of the Board of Education.

Communication referred to Finance Committee.

Mr. Breyer, in continuing his presentation, stated that due to the system that is in effect in administering the payroll, it was his view that unless the Board of Supervisors approved the foregoing amendment to the Salary Ordinance, the Controller would not issue checks and the employments could not become valid for these additional clerks.

The Controller advised that the City Attorney's opinion was true, but with certain qualifications. His opinion does not apply to the office of the County Board of Education or the County Superintendent of Schools. As far as non-certificated employees of the school district are concerned, the opinion was correct.

Thereupon, on motion by Supervisor MacPhee, seconded by Supervisor Lewis, the foregoing bill was *re-referred to Finance Committee* by the following vote:

Ayes: Supervisors Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer—6.

Absent: Supervisors Brown, Christopher, Colman, Mead, Sullivan—5.

Subsequently during the proceedings, the foregoing action was rescinded, on motion by Supervisor MacPhee.

Thereupon, on motion by Supervisor MacPhee, the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

**Approving Plan of the California Toll Bridge Authority to Lease
The San Francisco-Oakland Bay Bridge Approach for Con-
trolled Parking.**

Proposal No. 5895, Resolution No. 5780 (Series of 1939), as follows:

Whereas, San Francisco through purchase of bonds contributed
\$390,000 toward the purchase of land along the San Francisco-Oak-
land Bay Bridge approach from Second to Fifth Streets, and between
Perry and Stillman Streets, to protect said approach from any im-
mediately adjacent building construction; and

Whereas, the area beneath and along said approach was utilized
during the war period for military parking and storage purposes,
which use has been discontinued; and

Whereas, the California Toll Bridge Authority has proposed that a
large portion of said area—namely, that portion from Second Street
to a point two-thirds of the distance from Fifth to Fourth Street and

lying between Perry and Stillman Streets—be leased for automobile parking purposes under proper and rigid control; and

Whereas, downtown San Francisco has an urgent need for additional public parking space, and said proposal of the Toll Bridge Authority offers a partial fulfillment of said need, while not interfering with the view of or from the bridge approach; now, therefore, be it

Resolved, That said proposal of the California Toll Bridge Authority be approved for areas and under conditions as follows:

Lease Area No. 4—located between Third and Fourth Streets in Block 3762, estimated to accommodate 410 automobiles;

Lease Area No. 5—located between Third and Fourth Streets in Block 3762, estimated to accommodate 400 automobiles;

Lease Area No. 6—located in the easterly third of the block between Fourth and Fifth Streets, Block 3761, estimated to accommodate 160 automobiles.

CONDITIONS

That reservations and restrictions fully protect the approach structure and the best interests and appearance of the surrounding neighborhood;

That any lease be limited to five years' duration;

That no signs be permitted to be attached to the approach structure;

That no gasoline pumps or vending machines be permitted in the areas;

That parking be limited to vehicles in usable condition; and

That no structures be permitted to be built in the areas except necessary small offices for parking attendants.

August 19, 1946—*Consideration continued until Monday, August 26, 1946.*

Discussion.

The Chief Administrative Officer informed the Board that during the past week he had talked with the attorneys of the California Toll Bridge Authority, and had been told that under the terms entered into with the purchasers of the bridge bonds, all revenues of the bridge must be used in paying off bond interest and redemption. Because of that agreement, revenues to be derived from the proposed parking could not be shared with the City and County of San Francisco.

Supervisor Brown then wondered what the situation would be in some six years, when all the bonds will have been paid off.

The Chief Administrative Officer suggested that San Francisco could file notice to the effect that the City and County be given some consideration if and when the bonds are paid off.

Thereupon, Supervisor Brown moved that the Board of Supervisors ask the Chief Administrative Officer to take that step and notify the California Toll Bridge Authority that if and when the bonds are expired that the City and County of San Francisco will approach the Authority on that subject.

No objection, and motion carried.

Whereupon, the roll was called and the foregoing proposal was Adopted by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Recommending Public Utilities Commission to Grant Right-of-way For Trail Purposes, Through Crystal Lakes Property, San Mateo County, California.

Proposal No. 5967, Resolution No. . . . (Series of 1939), as follows:

Whereas, the State of California has, through its Legislature, established the Riding and Hiking Trail System requiring the construction of trails throughout California; and

Whereas, the residents of the City and County of San Francisco will obtain no direct benefits through said Trail System inasmuch as San Francisco already has well developed trails, except through the development of trails in San Mateo County; and

Whereas, the City and County of San Francisco controls an extensive area of land lying immediately across certain possible trails in our neighbor County south from San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors recommends to the Public Utilities Commission that favorable action be taken by it on the granting of a right-of-way for trail purposes through the Crystal Lakes property in San Mateo County, to complete the Master Plan of State Riding and Hiking Trails as developed by the State Park Department.

Disapproving of Obscene Fiction and Commending Hearst Publications for Their Endeavors in Suppressing Such Type of Literature.

Proposal No. 5972, Resolution No. 5782 (Series of 1939), as follows:

Whereas, many agencies throughout this Nation are engaged in the publication and distribution of obscene fiction, disseminating and endeavoring to glorify immorality, filth and degeneracy; and

Whereas, invoking that constitutional freedom designed as a bulwark against tyranny and oppression of decent and recognized rights these literary bacchanalians neither recognize nor exercise any restraint in those endeavors which, prompted by avarice, result in irreparable harm to otherwise normal and healthy intellects; and

Whereas, official histories of delinquencies, both juvenile and adult, conclusively demonstrate that innumerable infractions of the law, resulting in particularly reprehensible injury to the peace of mind and body and general welfare of members of our society as well as immeasurable expense to the State, spring from derelictions, the motivating notions for which are drawn and conceived from the stench of these "literary" cesspools; and

Whereas, for its peace, progress and prosperity this Nation has so many unavoidable problems as would make it seem wholly unnecessary to be required to cope with one such as this, which, however lightly considered by some, is a heavily contributing factor to a national immorality such as has resulted in the degeneracy and downfall of other civilizations; now, therefore, be it

Resolved, That this Board of Supervisors officially records its disapproval of the type of "literature" herein referred to; urges the people of the City and County of San Francisco neither to buy nor read it, and urges its official agencies persistently and relentlessly to invoke and exhaust all such legal processes as, prudently, have been designed to prohibit its publication and distribution; and be it

Further Resolved, That this Board of Supervisors officially commends the Hearst Publications for their praiseworthy endeavors designed for the suppression of the type of literature herein referred to.

[In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation sum of \$2,800, \$2,900 and \$3,000, respectively, as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.]

[The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 153 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.]

The salary increases herein provided for the respective ranks of the police department shall be effective and shall accrue on the 1st day of January [1946] 1947, notwithstanding any contrary provision of the charter, but the payment thereof may be deferred by the board of supervisors until the beginning of the fiscal year immediately following ratification of this section by the legislature of the State of California.

Section 35.5½ (a) The word "member" or "members" as used in this section shall mean the members of the several ranks in the police department set forth in section 35.5 of this charter.

For service performed in excess of the basic week, members shall be compensated on the basis of straight time in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 35.5, or in lieu thereof equivalent time off duty with pay *at the option of the member*.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 151 of this charter, or the normal day off per week; provided, however, that when in the judgment of the police commission public necessity requires the services of any member to serve on his vacation, or part thereof, or normal day off, the said commission may authorize the chief of police to permit said member to serve during said vacation, or part thereof, or normal day off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of straight time in accordance with the ratio which said extra service performed bears to

the basic week of service and the annual compensations provided therefor in section 35.5.

(f) The police commission is hereby authorized to require a member or members to work more than [forty-eight (48)] *forty* (40) hours per week in any week when public necessity requires such services, and the member or members so serving more than [forty-eight (48)] *forty* (40) hours shall be granted added compensation or time off with pay for said extra service performed *at the option of the member*.

(g) Nothing in this section shall abridge or limit in any way the provisions of Section 301, Part I, of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leaves and disability leaves for members are concerned.

(h) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen (15) minutes in any one day for said reporting, and the same periods of fifteen (15) minutes need not be compensated for in money or in time off with pay.

[(i) Notwithstanding the provisions of any of the foregoing subsections, the police commission is empowered to designate certain legal holidays as additional days off with pay for members of the police department and members required to perform police service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay in the judgment of said commission.]

(i) Notwithstanding the provisions of any other section of this charter, the following days are hereby declared, for the purposes hereof, to be holidays: January 1, February 12, February 22, May 30, July 4, September 9, December 25, but in the event one of these days falls on Sunday, the Monday following shall be a holiday; the first Monday of September; and any day appointed by the President of the United States or the Governor of California as Thanksgiving Day, and shall be allowed as additional days off with pay for members of the police department and members required to perform police service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay, at the option of the member.

[Upon the increased compensation in this section provided becoming effective, section 36.2 shall stand repealed.]

The salary increases herein provided for the respective ranks of the fire department shall be effective and shall accrue on the first day of January, [1946] 1947, notwithstanding any contrary provision of the charter, but the payment thereof may be deferred by the board of supervisors until the beginning of the fiscal year immediately following ratification of this section by the legislature of the State of California.

August 19, 1946—Consideration continued until Monday, August 26, 1946.

Discussion.

The Clerk presented and read communications from the Police Commission and from the Fire Commission, requesting that the foregoing proposed charter amendment be re-referred to Judiciary Committee.

Supervisor Mead inquired the reason for the request for re-reference at such a late date. He inquired if the Committee had held hearings, and how many, and if the two Commissions had been invited to be present. If the Commissions had been invited, why had they been unable to attend?

Supervisor MacPhee stated that the Commissions had been consulted, but they felt they were not going to take any part in the matter. However, he thought they should answer Supervisor Mead's questions.

Commissioner Sullivan, President of the Board of Fire Commissioners, declared he did not think the request for re-reference was at all unreasonable. It would not prevent the matter from being put on the ballot. Now his Commission was not advised that the matter was to be presented to the Judiciary Committee. There were many matters which would confront both the Fire Department and the Police Department. The departments both have administrative problems to handle. He did not think the men of either department should tell their respective Commissions as to how they are going to take their time off. There will also be an increased cost to the taxpayers of \$1,750,000 which must be considered; this amount will be for the Fire Department.

Supervisor Mead stated that the policy in the past had always been to give both sides of any question full opportunity to be heard. However, he did not think his questions had been satisfactorily answered other than to the effect that the Commissions were not notified of hearings. However, he understood that both Commissions were invited to appear before the Judiciary Committee, but if they have not had an opportunity to be heard, he desired to give them that opportunity.

The Clerk announced that postcard notices had been sent to both Commissions, giving notice of meetings in which the foregoing charter amendment was to be considered.

Supervisor MacPhee stated that, as Chairman of the Judiciary Committee, he would assure the Board that it was not his intention to bury this proposed charter amendment in committee. With that understanding, he would move re-reference to committee.

Motion seconded by Supervisor Mead, who stated, however, that he was not satisfied with the statement by Commissioner Sullivan. His second did not mean, though, that he would vote in favor of the motion.

Mr. Jerd Sullivan, Police Commissioner, agreed that his Commission might be at fault in not appearing before committee. However, there were certain administrative problems that had come to the attention of the Police Commission and required the Commission's consideration. The Police Commission did not want to bury the matter in committee, or to take too much time in its consideration. It did, however, want to clear up those matters.

Mr. Robert Callahan, speaking on behalf of the firemen, stated that the charter amendment as it affected the Fire Department, had been presented to his Commission on July 17th. On July 22, the matter was submitted to the Board of Supervisors and was set for hearing in Judiciary Committee for July 24th. He had received notices of that committee hearing. No member of the Commission, or the Chief of the Fire Department appeared at that hearing, and they had not since taken any position in regard to the matter. In the meantime, the members of the firemen's organization have appeared practically every week before the Fire Commission and asked if the Commission had taken any position on the amendment. Consideration of the amendment was continued in Judiciary Committee. No opposition has been expressed in Judiciary Committee at any time. Last Monday, the President of the Fire Commission requested a week's postponement. The men had no objection, but they feel if there is any objection, it should be brought out into the open. The men whom he represented were willing to have the words "at the option of the member," which appear in several sections of the Fire Department portion of the proposed amendment, stricken out. The only other criticism has been the cost. In view of the weeks that the proposed amendment has been tossed around, the firemen feel that this request for re-reference to committee is just a stall, and if the matter goes back to committee they will have to fight to get it back to the Board.

Lieutenant James Quigley, of the Police Department, stated that the position of the men in the Police Department was the same as that of the firemen. The members of the Police Department had permission of their Commission to ask that the matter be put on the ballot. They had heard nothing from their Commission until the present time. They would have no objection to amendment of the Police Department portion of the proposed charter amendment similar to that proposed for the Fire Department portion. Lieutenant Quigley continued saying that the Los Angeles and the Oakland Police Department have no additional men because of their 44-hour week. If the proposed amendment is approved it will be possible to secure better men for the department. It is impossible to obtain the best type of men now because of the inadequate compensation. A police officer now gets but \$1.08 per hour. His actual cash is but \$94.50 each pay day. Men will not take the civil service examinations because of the low salary. The members concerned think there has been sufficient time for consideration of this amendment.

Supervisor Mead stated that no one questioned the necessity for increased pay for firemen and policemen. However, there is considerable time on this proposed amendment. There cannot be any misunderstanding between the men and the Commissions. They are not far apart. He felt certain that the matter would be back on the Calendar at the next Board meeting, and he would urge the men to permit the matter to go back to committee for the purpose of one more hearing. If that is done the matter will be back in the Board at its next meeting.

Thereupon, the roll was called and the motion to re-refer to committee *failed* by the following vote:

Ayes: Supervisors Brown, Lewis, MacPhee, Mead—4.

Noes: Supervisors Gallagher, Mancuso, McMurray, Meyer—4.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Commissioner Sullivan, President of the Board of Fire Commissioners, stated that he was not in a position to talk with the members of the Board of Fire Commissioners. That Board has had no hearing on the matter, and has not been able to discuss it as a full body. However, if the Board had discussed the amendment, he was not so sure it could have taken action, one way or the other. There are many things to which the Board objects. That was the only reason for the request for re-reference to committee.

Police Commissioner Jerd Sullivan stated that he could not speak for the Police Commission, either.

Chief of Police Dullea objected to the language, already referred to, "at the option of the member" was improper and should be deleted. He did not believe that the men should dictate as to extra compensation for excess hours off, or when they should take equivalent time off. That was purely an administrative function. Should the amendment be approved and become effective, there would be required approximately 300 additional men for the Police Department. For that reason there should be no reference to but "one police officer for each five hundred inhabitants thereof." The question of salaries and working matters is for the Board to decide. In any case, it would be necessary for members of the Inspection Bureau to work a full 48-hour week. Chief Dullea also called attention to the wording of the proposed amendment, which would give police officers the maximum pay of their grade, immediately upon their entering the department.

Thereupon, Lieutenant Quigley stated that the members of the Police Department would have no objection to giving the Police Commissioners the right to designate the days off for work in excess of 40 hours per week, or whether extra compensation should be given for such work. The deletion of the words "at the option of the member," he stated, would be necessary in only three places.

The Chair suggested that it would be advisable to start at the beginning of the proposed amendment, in the consideration of any amendments to the proposed charter amendment as printed.

Thereupon, Lieutenant Quigley stated that in the opinion of the Chief of Police, the first sentence of Section 35.5, reading "The police force of the city and county shall not exceed one police officer for each five hundred inhabitants thereof," should be deleted. However, the necessity of such deletion was a matter of opinion. The men did not believe it would be necessary.

Supervisor MacPhee, after further brief discussion, moved that the matter remain on the Calendar for one week. Motion seconded by Supervisor Mead.

Supervisor Mancuso stated he would vote for the motion, but he wanted the members of the Board of Supervisors to know that if the reference to "one police officer to five hundred inhabitants" were deleted, he would vote against submission of the charter amendment to the voters. If that were deleted there would be nothing to prevent the Police Department from asking for any number of additional men. It has been a safety valve.

The Chair expressed agreement with Supervisor Mancuso as to the proposed deletion, but he saw no reason for a week's postponement. He believed the matter could be worked out without any delay. There were not many amendments necessary and he felt the two Commissions and the members of the departments could get together on them.

Police Commissioner Sullivan, after brief discussion, stated that he felt additional men could be obtained by cutting down the five hundred to four hundred, or some such figure.

The Chair announced that he would vote against a week's postponement. He then suggested temporary postponement.

Thereupon, Supervisor Meyer, seconded by Supervisor McMurray, moved as a substitute motion, that further consideration be temporarily postponed.

Motion carried by the following vote:

Ayes: Supervisors Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—7.

No: Supervisor Brown—1.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Subsequently during the proceedings, consideration of the foregoing charter amendment was resumed.

Supervisor MacPhee, seconded by Supervisor Lewis, moved that in the first sentence of Section 35.5, the words "four hundred fifty" be substituted in lieu of the words "five hundred," making that sentence read as follows: "The police force of the city and county shall not exceed one police officer for each four hundred fifty inhabitants thereof."

Supervisor Mancuso objected to the motion. He did not think it would be a good amendment. It would provide for additional men in the Police Department. That would be a mistake. San Francisco, he thought, was at its maximum taxrate. Next year's taxrate should be reduced. He would vote against any increase of personnel. He urged the members of the Board to vote down the amendment.

Supervisor MacPhee stated that the proposed amendment had the recommendation of the Police Commission, to which Commissioner Jerd Sullivan agreed, saying that it was approved as a necessity to take care of the additional men required.

Lieutenant Quigley stated that the amendment had the approval of his group, also. He believed the Board of Supervisors would be a check against any unnecessary additional employment. The Board does not have to vote for any additional men if it thinks they are not needed.

Thereupon, the roll was called, and the amendment was *Approved* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, McMurray, Meyer—6.

No: Supervisor Mancuso—1.

Absent: Supervisors Christopher, Colman, Mead, Sullivan—4.

Supervisor MacPhee, seconded by Supervisor Meyer, then moved that the words "at the option of the member" appearing at the end of Subsections d, f and i, be deleted.

Motion carried by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

It having been pointed out that the words and figures "one (1)" in subsection (c) of Section 35.5½ were in error and should be changed to "two (2)", Supervisor MacPhee moved that they be so changed.

Motion carried by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

No further amendments being proposed for that portion of the charter amendment dealing with the Police Department, the portion dealing with the Fire Department was taken up.

Subsection (c) of Section 35.5½, as amended, read as follows:

"(c) Each member shall be entitled to at least two (2) days off during each week, except as hereinafter provided."

Mr. Sullivan, President of the Board of Fire Commissioners, announced that his Commission was willing to have deleted from the sixth paragraph of Section 36, last sentence, everything after the words "for each day worked." That sentence would then read: "Members required to work on any of said days shall be paid extra compensation in the amount of a day's pay for each day worked."

Supervisor Mancuso objected to such change. The conditions, he thought, should be the same as for members of the Police Department. There should be the alternative provision of "a day off," for such extra day worked.

Mr. Callahan pointed out that there might be a difficulty in providing for "a day off," while there would be no question about the extra day's pay. Conditions in the Fire Department were different from those in the Police Department. The men of the department agree to the proposed elimination.

Thereupon, Supervisor MacPhee, seconded by Supervisor Mead, moved approval of the deletion as suggested by the President of the Board of Fire Commissioners.

Motion carried by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Supervisor Mancuso announced that under the circumstances he had no alternative but to vote for submission of the foregoing proposed charter amendment, as amended.

However, he was not in favor of the reduction of the figure of 500 to 450. He believed that was a serious mistake and would eventually result in padding the police force.

Thereupon, the roll was called, and the proposed charter amendment, amending Sections 35.5 and 35.5½ of the Charter of the City and County of San Francisco, relating to the Police Department, and Section 36 thereof, relating to the Fire Department, as amended, and reading as follows, was *Ordered Submitted* by the following vote:

POLICE AND FIRE DEPARTMENTS

CHARTER AMENDMENT NO.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Sections 35.5 and 35.5½ thereof, both relating to the Police Department, and Section 36 thereof, relating to the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by amending Sections 35.5 and 35.5½ thereof, both relating to the Police Department, and Section 36 thereof, relating to the Fire Department, so that the same shall read as follows:

[The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 153 of this charter,

For service performed in excess of the basic week, members shall be compensated on the basis of straight time in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 35.5, or in lieu thereof equivalent time off duty with pay.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 151 of this charter, or the normal day off per week; provided, however, that when in the judgment of the police commission public necessity requires the services of any member to serve on his vacation, or part thereof, or normal day off, the said commission may authorize the chief of police to permit said member to serve during said vacation, or part thereof, or normal day off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of straight time in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensations provided therefor in section 35.5.

(f) The police commission is hereby authorized to require a member or members to work more than [forty-eight (48)] forty (40) hours per week in any week when public necessity requires such services, and the member or members so serving more than [forty-eight (48)] forty (40) hours shall be granted added compensation or time off with pay for said extra service performed.

(i) Notwithstanding the provisions of any other section of this charter, the following days are hereby declared, for the purposes hereof, to be holidays: January 1, February 12, February 22, May 30, July 4, September 9, December 25, but in the event one of these days falls on Sunday, the Monday following shall be a holiday; the first Monday of September; and any day appointed by the President of the United States or the Governor of California as Thanksgiving Day, and shall be allowed as additional days off with pay for members of the police department and members required to perform police service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay.

FIRE DEPARTMENT

Section 36. The fire department shall be under the management of a fire commission, consisting of three members, who shall be appointed by the mayor and each of whom shall receive an annual compensation of twelve hundred dollars (\$1,200). The term of each commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January [1946, 1948, 1949] 1944, 1945, and 1946, respectively.

Except as to members of marine crews of fire boats, each period of twenty-four hours shall be divided into two tours of duty, to-wit: from eight o'clock a. m. to six o'clock p. m., and from six o'clock p. m., to eight o'clock a. m. The uniformed force of the fire department shall be divided into two platoons, the officers and members assigned to which shall alternate on the tours of duty at intervals of not more than one week. *No officer or member, including pilots, marine engineers and stokers of fire boats, shall be required to work more than one hundred and twenty (120) hours in any fifteen day period*, nor shall any officer or member be required to [remain on duty for] work more than fourteen consecutive hours except in case of a conflagration requiring the services of more than one-half of the force of the department. *Each officer and each member shall be entitled to at least one (1) day off duty during each week.*

Notwithstanding the provisions of any other section of this Charter, the following days are hereby declared, for the purposes hereof, to be holidays: January 1, February 12, February 22, May 30, July 4, September 9, December 25, but in the event one of these days falls on Sunday, the Monday following shall be a holiday; the first Monday of September; and any day appointed by the President of the United States or the Governor of California as Thanksgiving day. [In determining years of service necessary for a driver, stoker, tillerman, truckman and hoseman to receive the annual compensation sum of \$2,800, \$2,900 and \$3,000, respectively, as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.]

[The absence of any officer or member of the fire department on military leave of absence, as defined by section 153 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.]

[Upon the increased compensation in this section provided becoming effective, section 36.2 shall stand repealed.]

The salary increases herein provided for the respective ranks of the fire department shall be effective and shall accrue on the first day of January, [1946] 1947, notwithstanding any contrary provision of the charter, but the payment thereof may be deferred by the board of supervisors until the beginning of the fiscal year immediately following ratification of this section by the legislature of the State of California.

Ordered Submitted by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Remarks by Mr. Alfred Smith, of the Bureau of Governmental Research.

Mr. Alfred Smith, on being granted the privilege of the floor, announced that the Bureau of Governmental Research did not think that the change from "one police officer for each five hundred inhabitants" to "one police officer for each four hundred fifty inhabitants" was proper. Such amendment goes a long ways too far. There was no objection to submission of a pay increase proposition. As to hours of work and other administration features, they should be in a separate measure or left out entirely.

Consideration Postponed.

The following recommendations of Judiciary Committee were taken up:

Present: Supervisors MacPhee, Lewis, Mancuso.

Discussion.

Supervisor MacPhee, in explaining the foregoing proposal, called attention to Resolution No. 5427, previously *Adopted* by the Board, which was a declaration of policy. Proposal No. 5949 was but a working document, putting into effect the policy declaration.

The Clerk reported that there were eighteen letters on file, all endorsing and urging adoption of the foregoing proposal.

Communications noted and ordered filed.

Mr. William O'Brien, attorney for the Housing Authority of the City and County of San Francisco, stated that the proposal under consideration was, in reality, an approval of a proposed amendment to an agreement now in effect between the City and County of San Francisco and the Housing Authority of the City and County of San Francisco. The Housing Authority does not want to take any advantage of the City and County, and if it is desired to propose an additional condition, the Housing Authority will not object. This proposal is purely authorizing an amendment to a legal document which will effectuate the Board's wishes.

Mr. O'Brien, pursuant to request for information by Supervisor Mancuso, reported that there were approximately 1200 temporary emergency veterans' housing units. He spoke particularly about the project in Balboa Park, near the Junior College, which the federal government has cancelled, because of anticipated lack of sufficient funds. That has cut the program down. However, Balboa Park project has not definitely been abandoned; it was in a state of suspended animation.

Supervisor Mancuso, after discussing the matter briefly, stated that the proposed amendment to the agreement was equitable and fair to the men who have served in the war, and he would vote for the proposal.

Supervisor McMurray suggested an amendment to give priority to veterans who were San Franciscans. They should have priority over veterans who have moved here since the war. He offered the suggested amendment for consideration by the Board.

Supervisor Mead raised a point of order, calling attention to a lack of a second to the motion to amend.

Whereupon, Supervisor Meyer stated he would second the motion in order to bring it before the Board.

Mr. O'Brien announced that the Housing Authority had no objections to whatever terms the Board might desire.

Supervisor Mead objected to the proposal by Supervisor McMurray. A veteran was a veteran, he claimed, no matter where his home was originally. He was looking forward with a great deal of anticipation to the growth of California, and particularly to San Francisco, and no program should be set up for elimination of people who want to live in San Francisco or in California. He felt that such legislation would be discriminatory.

Supervisor Mancuso stated that he felt such legislation was strictly discriminatory. He did not think it was good legislation.

His Honor, the Mayor, called attention to Resolution No. 5693, adopted July 15, 1946, which simply asked the Housing Authority to adopt a policy of non-discrimination and non-segregation. Before signing that resolution, the Mayor stated, he took the matter up formally with the Housing Authority and they expressed their willingness to do what the Board was requesting. Now the Board is asking for a further amendment to the contract between the City and the Housing Authority. The contract has been amended in accordance with Resolution No. 5693. It would be unfortunate if the Board deviated now from what it has already requested the Housing Authority to do, which he had approved, by signing the resolution.

Thereupon, Supervisor McMurray stated that he had no desire to discriminate against anyone. However, he thought that veterans from San Francisco should have first choice, because this is their home.

Thereupon, the roll was called and the motion *failed* by the following vote:

Ayes: Supervisors McMurray, Meyer—2.

Noes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, Mead—6.

Absent: Supervisors Christopher, Colman, Sullivan—3.

The roll was again called and the foregoing proposal was *Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Christopher, Colman, Sullivan—3.

Adopted.

The following recommendation of his Honor, the Mayor, was taken up:

Leave of Absence—Honorable Roger D. Lapham, Mayor.

Proposal No. 5994, Resolution No. 5794 (Series of 1939), as follows:

Resolved, That the Honorable Roger D. Lapham, Mayor of the City and County of San Francisco, is hereby granted a leave of absence from Friday, August 30, 1946, to Tuesday, September 3, 1946, both dates inclusive, with permission to leave the State.

Adopted by the following vote:

Ayes: Supervisors Brown, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer—7.

Absent: Supervisors Christopher, Colman, Mead, Sullivan—4.

Whereas, the California State Disaster Council on April 4, 1946, adopted rules and regulations establishing classes of disaster service workers, the scope of duties of each class and the manner of registration of such volunteer workers; and

Whereas, the City and County of San Francisco has registered and will hereafter register volunteer Disaster Service Workers; and

S. Highway 101, Oregon State Highway 18 and U. S. Highway 99-W.

3. An application with the Interstate Commerce Commission to operate between these points and all intermediate points in Oregon and California and all points on its transcontinental system; and

Whereas, The American Buslines, Inc., is a transcontinental carrier now operating approximately 16,767 route miles between San Francisco, Los Angeles, San Diego and intermediate points on the Pacific Coast and New York City, Pittsburgh, Baltimore, Washington, D. C., and intermediate points on the Atlantic Coast via Reno, Salt Lake City, Omaha and Chicago and via Yuma, Phoenix, El Paso, Dallas, Fort Worth, Saint Louis, Chicago and territory contiguous to the routes hereinbefore set forth; and

Whereas, there has been a phenomenal increase in population, industry, agriculture, fisheries and commerce along the entire Pacific Coast; and

Whereas, generally, over the lines proposed to be served by American Buslines, Inc., and in particular from Los Angeles, California, to Portland, Oregon, via San Francisco there is but one motor bus passenger carrier, namely the Pacific Greyhound Lines and one railroad passenger carrier, namely the Southern Pacific Railroad System; and

Whereas, it is the conviction of this Board of Supervisors that the service proposed by American Buslines, Inc., would provide that necessary competition and service, which can be rendered by a strong transcontinental carrier, and tend to stimulate and improve service generally, promote tourist and other travel to and from San Francisco, from the entire Nation and assist materially in the developing, publicizing and advertising of the world famed Redwood Empire, thus bringing many additional tourists into the City and County of San Francisco annually; and

Whereas, it has been the policy of the Board of Supervisors to advocate the entry into the City and County of San Francisco of as many necessary transcontinental and coastal carriers as possible; and

Whereas, this Board is of the opinion that because of the recent increase in population of the City and County of San Francisco and the territory tributary to it, that there will be a corresponding increase in necessity for travel and transportation facilities by the people of the City and County of San Francisco and of contiguous and tributary territory and that the best interests of all such people will be served if the proposed service is provided; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby approve and endorse the proposed service of the American Buslines, Inc., and does hereby respectfully urge the Railroad Commission of the State of California and the Interstate Commerce Commission to grant the applications of the American Buslines, Inc., now pending before said Commission.

Referred to Public Utilities Committee.

Request for Reconsideration of Action.

The Clerk presented communication from his Honor, the Mayor, explaining his reasons for returning unsigned, Bill No. 4222, appropriating funds for the Municipal Railway. The act of Final Passage had not been completed, the Mayor stated.

The Chair reviewed the action of the Board, taken on said bill at the meeting of August 19, 1946. He had conferred with the City Attorney, he stated, who also held that action on the bill had not been completed. Although the Chair was not fully in accord with the views of the City Attorney, he was willing, in order to obviate any possibility of doubt as to the validity of the action, to be guided by his opinion. For that reason he believed the Board should rescind the action previously taken and re-refer the entire matter to Finance Committee and allow the City Attorney to bring in four separate bills to cover the four items contained in Bill No. 4222.

Thereupon, Supervisor MacPhee, seconded by Supervisor Meyer, moved that the Board rescind its action taken at the meeting of August 19, 1946.

BUDGET ESTIMATES

Section 69. The fiscal year for the city and county shall begin on the 1st day of July of each year.

The budget estimate for every department and office of the city and county, whether under an elective or an appointive officer or a board or commission, and separately for each utility under the control of the public utilities commission, shall be filed by the executive of such department with, and shall be acted upon by, such board or commission. All budget estimates shall be compiled in such detail as shall be required on uniform blanks furnished by the controller. The public utilities commission and the board of education must hold public hearings on their respective budget proposals. Each such elective and appointive officer,

board or commission shall, not later than the [15th] 1st day of February of each year, file with the controller for check as to form and completeness two copies of the budget estimate as approved.

The chief administrative officer shall obtain in ample time to pass thereon budget estimates from the heads of departments or offices subject to his control and, after adjusting or revising the same, not later than the [15th] 1st day of February he shall transmit such budget estimates to the controller.

The controller shall check such estimates and shall upon his request, be furnished with any additional data or information. Not later than the [15th] 1st day of March of each year he shall consolidate such budget estimates and transmit the same to the mayor.

He shall at the same time transmit to the mayor a summary and recapitulation of such budget estimates, segregated by separate departments or offices and units thereof, or by purposes for non-departmental expenditures, and arrange according to classification of objects of expenditure, as required by the controller, to show the amount of proposed expenditures and estimated revenues in comparison with the current and previous fiscal year's expenditures and revenues.

He shall submit at the same time (1) statements showing revenues and other receipts, including the estimated unencumbered surplus in any item or fund at the beginning of the ensuing fiscal year, segregated according to specific or general purposes to which such revenues or receipts are legally applicable, for the last complete fiscal year and for the first six months of the current fiscal year, with estimates thereof for the last six months of the current fiscal year, together with estimates of such revenues and receipts for the ensuing fiscal year; (2) statements of the amounts required for interest on, and sinking fund or redemption of, each outstanding bond issue, and for tax judgments and other fixed charges, together with estimates of interest required on bonds proposed to be sold during the ensuing fiscal year, and statements of the city's authorized debt, and judgments outstanding at the time the budget estimates are submitted.

The mayor shall hold such public hearings on these budget estimates as he may deem necessary and may increase, decrease or reject any item contained in the estimates, excepting that he shall not increase any amount nor add any new item for personal services, materials, supplies or contractual services, but may add to the requested appropriations for any public improvement or capital expenditure; provided, however, that the budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the mayor or board of supervisors.

ADOPTION OF THE BUDGET AND THE APPROPRIATION ORDINANCE.

Section 72. Not later than the [1st day of May, in 1932, and in each year thereafter] 15th day of April in each year, the mayor shall transmit to the board of supervisors the consolidated budget estimates for all departments and offices of, and the proposed budget for, the city and county for the ensuing fiscal year, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption and other fixed charges of the city and county, and the revenues applicable thereto. He shall, by message accompanying such proposed budget, comment upon the financial program in-

incorporated therein, the important changes as compared with the previous budget, and bond issues, if any, as recommended by him.

The mayor shall submit to the board of supervisors, at the time that he submits said budget estimates and said proposed budget, a draft of the annual appropriation ordinance for the ensuing fiscal year, which shall be prepared by the controller. This shall be based on the proposed budget and shall be drafted to contain such provisions and detail as to furnish an adequate basis for fiscal and accounting control by the controller of each revenue and expenditure appropriation item for the ensuing fiscal year. Upon submission it shall be deemed to have been regularly introduced, and together with the proposed budget, shall be published as required by ordinances.

The detail of the proposed budget to be published shall be as follows:

1. The total cost for conducting each department, bureau, office, board or commission for the ensuing fiscal year, segregated according to basic objects of expenditure for each.

2. A detail schedule of positions and compensations, showing any increases or decreases in any department or office.

3. A detail schedule of items for capital outlay.

4. The aforementioned consolidated estimates and schedules shall also include by items contained therein the following information:

- (a) Expenditures for the last complete fiscal year.

- (b) Estimated expenditures for the current fiscal year.

- (c) Proposed increases or decreases as compared with the budget allowances for the current fiscal year.

The board of supervisors shall provide printed copies of the mayor's budget message and proposed budget thus prepared, including comparative expenditures and revenues for the current and preceding fiscal years and other information transmitted therewith, for official use and public demand as requested.

The board of supervisors shall fix the date or dates, not less than five days after publication as in this section provided, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance.

The board of supervisors may decrease or reject any item contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements.

After public hearing, and not earlier than the 15th day of May, nor later than the 1st day of June, the board shall adopt the proposed budget as submitted or as amended and shall pass the necessary appropriation ordinance. If the appropriation ordinance as submitted by the mayor is amended by the supervisors, the appropriation ordinance shall be readvertised prior to final reading or passage, in the manner required for ordinances.

Any item in such appropriation ordinance except for bond interest, redemption or other fixed charges, may be vetoed in whole or in part by the mayor within ten days of receipt by him from the clerk of the board of supervisors of the ordinance as passed by the board, and the board of supervisors shall act on such veto not later than the 20th day of June.

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department. The controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to section 86 of this charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established unless an additional allotment is made, as herein provided.

Subject to the restrictions hereinbefore in this section included, the several amounts of estimated revenue and proposed expenditures contained in the annual appropriation ordinance as adopted by the board of supervisors shall be and become appropriated for the ensuing fiscal year to and for the several departments, bureaus, offices, utilities, boards or commissions, and for the purposes specified, and each department for which an expenditure appropriation has been made shall be authorized to use the money so appropriated for the purposes specified in the appropriation ordinance, and within the limits of the appropriation. The appropriation ordinance shall constitute the authority for the controller to set up the required revenue and expenditure accounts. Appropriation items for bond interest, bond redemption, fixed charges and other purposes not appropriated to a specific department shall be subject to the administration of and expenditure by the chief administrative officer for the respective purposes for which such appropriations are made.

Ordered Submitted by the following vote:

Ayes: Supervisors Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer—6.

Absent: Supervisors Brown, Christopher, Colman, Mead, Sullivan—5.

Installation in Lobby of City Hall, of Graph Showing Disposition of Tax Dollar.

Supervisor Gallagher, under his name on Roll Call, called attention to the fact that in many cities there are large graphs on display, showing the taxpayers where their tax dollars go. He suggested that the Finance Committee consider a proposal to install such graph in the lobby of the City Hall.

Referred to Finance Committee.

Consideration of Ways and Means to Secure Additional Revenues.

Supervisor Gallagher questioned Supervisor Mancuso about studies being made by the Finance Committee of the problem of securing additional revenues to relieve the taxpayers of their increasingly large tax burden. He suggested that the Chief Administrative Officer and other department heads be consulted on the question of inspection and license fees.

Supervisor Mancuso informed the President that he had been waiting for the Fire Commission to submit to the Finance Committee the question of 25 more inspectors. At that time he would request that the night clubs and other groups pay the cost of the additional inspections. He also invited all members of the Board to be present on Tuesday, when a meeting would be held in the Chambers of the Board to consider the question of other sources of revenue. The question of additional revenues is being studied by the Chief Administrative Officer, and others, Supervisor Mancuso stated.

Transportation Engineer or Separate Commission for Transportation System.

Supervisor Lewis called attention to his prediction, made at the time he had opposed a proposed increase in car fare, that the Public Utilities Commission would not be able to secure new equipment from increased revenues resulting from the increased fares; that sooner or later requests for increased salaries for carmen would have to be granted; and that a bond issue would be proposed. Now, according to the newspapers, the Mayor and the Public Utilities Commission say that they will have to go to the people for approval of a bond issue. The people, Supervisor Lewis did not believe, would approve a bond issue without first knowing how the money was to be expended. San Francisco should have a sensible program for improvement of its transportation facilities. He would suggest the appointment of a citizens' committee, that experts be called in if necessary, and that something be done for a decent transportation plan at the time a bond issue is proposed and money is requested. The members of the Public Utilities Commission are not capable of deciding on a transportation plan for San Francisco. If necessary the Charter should be amended to do away with the Public Utilities Commission and to provide for a transportation engineer, if necessary.

Revenue Bonds Proposed.

Supervisor MacPhee called attention to proposal which he had presented several months ago, to authorize the Public Utilities Commission to issue revenue bonds, up to the amount of \$10,000,000, on the request of the Mayor and the Board of Supervisors. That proposal was turned down. That might have been a good proposal, and it might be well to re-introduce it. It would give the Public Utilities Commission a letter of credit for taking on major improvements. He would introduce it again. He requested that the matter be on the Calendar of the Judiciary Committee on Wednesday, August 28, 1946.

As to street cars on Market Street, he had voted against the appropriation.

Fire Department Additional Inspectors.

Supervisor MacPhee announced that he expected there would be submitted to the Board for action the question of providing for 25 additional inspectors in the Fire Department, to supplement the Division of Fire Prevention. The additional expense, he stated, would be \$173,700. If other miscellaneous expenses are included, the additional cost will be more than \$200,000 per year. The Fire Marshal has advised that some places have not been inspected for more than two years, because of lack of manpower to make the inspections. Supervisor MacPhee believed the inspection should be made to pay its full cost. The additional revenues should be collected from those to whom service is given. Other service is given to hotels, apartment houses, etc., for which but a very small fee is collected. He has asked to make figures as to cost and revenues obtained available. He suggested that the Finance Committee give consideration to the needed \$75,000 appropriation for the 25 firemen, and at the same time give consideration to seeing that this particular department is made to carry its own weight.

Home Building Permits for Veterans.

Supervisor MacPhee suggested that the issuance of permits for home building should be restricted to holders of veterans' priorities.

Referred to Judiciary Committee for consideration on September 4, 1946.

Amendment to Agreement Between City and the Housing Authority.

Supervisor MacPhee suggested that the City and County enter into a contract with the Housing Authority to provide for construction of 289 housing units to be erected in Balboa Park, for which the federal government is supposed to contribute two-thirds of the cost.

Referred to Judiciary Committee for consideration on September 4, 1946.

Tribute to San Francisco Emergency Hospital Service.

Supervisor MacPhee called attention to the September issue of "Coronet," in which a wonderful tribute is paid to San Francisco's emergency hospital service, and moved that the Board of Supervisors officially recognize that article and that a letter of thanks for the article be sent to the editors of "Coronet."

No objection, and so ordered.

Consolidation of Park and Recreation Departments.

Supervisor Mancuso inquired if proposed charter amendment to provide for the consolidation of the Park and Recreation departments, for which he had asked the City Attorney, had been received. Mr. Peddicord, of the City Attorney's office, stated that he had talked with Mr. Dion Holm on the matter, who had suggested that the language of the desired amendment would come from the Mayor's office. A few days ago, stated Mr. Peddicord, he had received partial language, and would receive further language very shortly. He would have a report at the next meeting of the Board if he could get additional language.

Referred to Judiciary Committee.

Question of Policy for Submission to the Voters.

Supervisor Mancuso requested that the City Attorney prepare, for submission to the voters, a question of policy, as follows: "Shall the Board of Supervisors amend all ordinances providing for minimum fines of \$5.00 for certain traffic code violations, to make such fines a minimum of \$2.00?" The matter would not come back to the Board,

inasmuch as enough Supervisors had agreed to request submission of such question to the voters.

Cost of Necessary Inspections Not to Be Additional Burden on the Ad Valorem Taxpayers.

Supervisor Mancuso announced that he had requested Mr. Rosenthal to compute the cost, and also the amount of increase in fees to prevent the cost of necessary inspections from becoming an additional burden on the ad valorem taxpayers.

Uniform Assessments Throughout California.

Supervisor Mancuso announced that the County Supervisors Association has adopted a policy of meeting with the Assessors throughout the State of California, with the end in view that there will be adopted a uniform assessment throughout the State. Los Angeles has increased its assessment roll by some \$300,000,000 by providing additional employments in the Assessor's office, and the roll will be still further increased.

Proposal to Provide for a Change in Management of San Francisco's Transportation System.

Supervisor Mancuso inquired if the City Attorney's office could prepare a question of policy asking the voters whether or not the transportation system of the City and County of San Francisco should be handled and operated by a transportation commission separate and distinct from the Public Utilities Committee.

Mr. Peddicord called attention to provision in Section 119.1 of the Charter which provides that until the Market Street Railway operative properties are fully paid for, the management of the street railway transportation system shall be operated by the Public Utilities Commission.

However, Supervisor Mancuso stated, he would like to have some such question of policy prepared.

ADJOURNMENT.

There being no further business, the Board of Supervisors, at the hour of 5:40 p. m., adjourned.

JOHN R. McGRATH, Acting Clerk.

Action Rescinded.

Supervisor Lewis, seconded by Supervisor McMurray, moved that the Board rescind its action just taken.

No objection and action rescinded.

Thereupon, Supervisor Lewis stated that he had the same objections to the foregoing bill which he had previously raised, and that it was unnecessary to repeat them. The City Attorney was to give an opinion as to why the matter could not be clarified by the insertion of the words "by public auction," or "by sealed bids" in Section 2 of the bill, and he desired to hear from the City Attorney.

Thereupon, Mr. Peddicord, of the City Attorney's office, reported that such request had been received, and had been referred to Mr. Bianchi for report. The opinion would be presented very shortly, he was sure. However, unless the sale was urgent, he would suggest a postponement of two weeks.

Mr. James Turner, Manager of Utilities, stated that the sale was not urgent, and he would have no objection to a two weeks' postponement.

Supervisor Lewis, however, seconded by Supervisor McMurray, moved that further consideration be postponed for one week.

No objection, and so ordered.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$750,000 is hereby appropriated out of the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway—Market Street Extension Fund, to the credit of Appropriation No. 665.925.50, to provide funds for replacements and reconstruction in the Municipal Railway—Market Street Extension.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission.

Approved as to unencumbered balance available by the Controller.

Approved by the Mayor.

Approved as to form by the City Attorney.

Discussion.

The Clerk presented and read communication from the Civic League of Improvement Clubs, endorsing the proposed reconstruction of the inner tracks on Market Street, and urging approval of the foregoing bill.

Supervisor Lewis presented communication from Mr. George Lennon, opposing said appropriation.

Supervisor Colman moved postponement of consideration for two weeks, to enable Supervisors Christopher, Brown and Sullivan to be present, in view of the importance of the matter. Motion seconded by Supervisor MacPhee.

No objection, and consideration postponed until Monday, September 16, 1946.

Re-reference to Committee.

The following recommendation of County, State and National Affairs Committee was taken up:

Present: Supervisors Lewis, Mancuso, McMurray, Sullivan.

**Recommending Public Utilities Commission to Grant Right-of-way
For Trail Purposes, Through Crystal Lakes Property, San Mateo
County, California.**

Proposal No. 5967, Resolution No. . . . (Series of 1939), as follows:

Whereas, the State of California has, through its Legislature, established the Riding and Hiking Trail System requiring the construction of trails throughout California; and

Whereas, the residents of the City and County of San Francisco will obtain no direct benefits through said Trail System inasmuch as San Francisco already has well developed trails, except through the development of trails in San Mateo County; and

Whereas, the City and County of San Francisco controls an extensive area of land lying immediately across certain possible trails in our neighbor County south from San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors recommends to the Public Utilities Commission that favorable action be taken by it on the granting of a right-of-way for trail purposes through the Crystal Lakes property in San Mateo County, to complete the Master Plan of State Riding and Hiking Trails as developed by the State Park Department.

August 19, 1946—To be carried on the Calendar until Mr. J. H. Turner, Manager of Public Utilities, can be present.

August 26, 1946—Consideration postponed until Tuesday, September 3, 1946.

Discussion.

Mr. James Turner, Manager of Utilities, opposed the granting of any right of way for trail purposes through Crystal Lakes property. The Public Utilities Commission, he stated, was opening trails in properties to the use of the public, under Commission's rules and regulations, but, as far as granting rights of way over public trails, he was personally opposed to such granting. Privileges granted before the war will be extended to people. The old practice of granting

permits to some, and denying them to others, will be discontinued. Permits will be granted to any applicant provided he is a substantial citizen and will conform to the rules and regulations to be set up by the Commission. The adoption of the foregoing proposal would open up the property "without control." He was opposed to that.

Thereupon, on motion by Supervisor Colman, seconded by Supervisor Meyer, the foregoing proposal was re-referred to County, State and National Affairs Committee.

Ordered Submitted.

The following recommendation of Judiciary Committee was taken up:

Present: Supervisors MacPhee, Mancuso.

CHARTER AMENDMENT No.

PERMITS AND INSPECTIONS

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending section 24 thereof, "Permits and Inspections."

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the general election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by amending section 24 thereof, "Permits and Inspections," so that the section shall read as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

PERMITS AND INSPECTIONS

Section 24. The board of supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this charter; and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the city and county, and for such other matters as the board of supervisors may deem advisable.

Such ordinance shall fix the fees or licenses to be charged, which shall not be less than the cost to the city and county of regulation and inspection; provided, that in so far as the regulation and inspection of foodstuffs or articles of food for human consumption are concerned, the fees or licenses to be charged for such regulation and inspection shall be as determined by the board of supervisors, but the same shall not exceed the cost of said regulation and inspection. Said ordinance shall also specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor. The chief of police in the performance of police duties shall have power to examine at any time the books and premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the board of supervisors, and the tax collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such

permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission. If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the board of permit appeals.

[No license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power.]

Notwithstanding any other provision of this section, the board of supervisors shall have full power to impose and provide for license taxes both for revenue and for regulation, or for either revenue or regulation.

August 19, 1946—Consideration continued until Tuesday, September 3, 1946.

Discussion.

The Clerk presented and read communication from Eureka District Merchants Association opposing proposed amendment to Section 24 of the Charter.

Supervisor Colman, in discussing the foregoing proposed charter amendment, stated that he thought Supervisor Mancuso had abandoned the idea of imposing license fees that would be permitted by the approval of the charter amendment. Supervisor Colman stated further that he was opposed to such license fees or taxes; he would go along, though, with a sales tax. That, he thought, was very fair, and would not meet with any opposition to speak of. He would vote against submission of the proposed charter amendment.

Supervisor Mancuso announced that he was not referring to the re-enactment of business license taxes. That could be done without amending Section 24 of the Charter. This proposal is merely an enabling act to permit the Board of Supervisors to submit legislation to obtain taxes. It does not mean that the Board is approving any form of taxation by submitting this to the voters.

Mr. Peddicord stated that sometime ago the City Attorney had made a study of this matter and decided that the Retail Sales Tax as it is known here was a form of license tax or permit to do business. A use tax could be enacted but not a sales tax. Under this amendment, if approved, a sales tax could be imposed.

Supervisor Lewis, discussing the proposed amendment, called attention to the prohibition against the imposition of a license tax on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business, which would be removed by the approval of this amendment. The approval of the charter amendment would permit imposing a license tax upon the Emporium, the White House, and similar establishments. No such policy has been decided at the present time. Until there is some ordinance before the Board or some such policy has been decided upon, he would be opposed to any enabling act. He would vote against submission.

Supervisor Colman, following the presentation by Mr. Peddicord, in discussing the proposed charter amendment further, pointed out that until this or similar legislation is passed, San Francisco cannot have a sales tax. Some start has to be made and this amendment seems to be a logical method. He saw nothing wrong with the amendment.

Supervisor Lewis disagreed. The Board, he stated, has been considering the general subject of a sales tax without this amendment. The matter can be considered, legislation passed, and then such amendment proposed.

Supervisor Mancuso believed that any such legislation, unless Section 24 of the Charter were amended, would be invalid. If the State Legislature should pass a sales tax, San Francisco might not be able to get any benefit from such tax. This proposed amendment is a proper step forward.

Mr. Lloyd Taylor opposed submission of the proposed amendment as presented. Either expenses must be reduced or revenues must be increased. An attempt has to

be made in one direction or the other. Finding unlimited sources of revenue has never reduced taxes, he stated. There will be on the ballot in November, many charter amendments, most of which will increase the cost of government. The small business man will have to pay the entire bill. There should be year-around study of departmental expenditures first and then plans for raising needed revenues. This proposed amendment can be amended to permit a sales tax.

Ordered Submitted.

Thereupon, the roll was called and the foregoing proposed charter amendment was *Ordered Submitted* by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Mancuso, McMurray, Meyer—6.

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisors Brown, Christopher, Sullivan—3.

Consideration Postponed.

The following recommendations of Judiciary Committee were taken up:

Present: Supervisors MacPhee, Lewis, Mancuso.

CHARTER AMENDMENT NO.

MISCELLANEOUS OFFICERS AND EMPLOYEES. Adding Charter Section 165.2 prescribing retirement provisions for present and future Miscellaneous Officers and Employees.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding Section 165.2 thereto, relating to present and future Miscellaneous Officers and Employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 5th day of November, 1946, a proposal to amend the Charter of said City and County, by adding thereto a new section to be designated as Section 165.2, as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

DEFINING RETIREMENT PROVISIONS— MISCELLANEOUS OFFICERS AND EMPLOYEES

Section 165.2. Miscellaneous officers and employees, as defined in this section, who are members of the retirement system under section 165 of the charter on the effective date hereof, hereby designated as the first day of July, 1947, and persons who become miscellaneous officers and employees after said effective date, shall be members of the retirement system on and after said date, subject to the following provisions of this section, in addition to the provisions contained in sections 158 to 161, both inclusive, of this charter notwithstanding the provisions of any other section of the charter. Miscellaneous officers and employees of the said departments who are members of the retirement system under section 165 of the charter on said effective date, however, shall have the option to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after the effective date hereof, of being members of the system under section 165 instead of this section, the election under said option to be effective on said effective date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in section 161 of the charter, on the effective date of the amendment shall have the same option of electing to be members under section 165 instead of this section, until ninety days after their return to service. On and after said date, the persons who affirmatively exercise said option, shall continue to be members of the system under section 165 and shall not be subject to any of the provisions of this section.

(A) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

"Retirement allowance", or "allowance", shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation", as distinguished from benefits under the workmen's compensation laws of the State of California, shall mean all remuneration whether in cash or by other allowances made by the city and county, for service qualifying for credit under this section.

"Compensation earnable" shall mean the compensation as determined by the retirement board, which would have been earned by the member had he worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period, and at the rate of pay attached to such positions, it being assumed that during any absence, he was in the position held by him at the beginning of the absence, and that prior to entering city-service he was in the position first held by him in city-service.

"Benefit" shall include "allowance", "retirement allowance", and "death benefit".

"Average final compensation" shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the retirement system in which his average final compensation is the highest.

For the purpose of the retirement system and of this section, the terms "miscellaneous officer or employee", or "member", as used in this section shall mean any officer or employee who is not a member of the fire or police departments as defined in the charter for the purpose of the retirement system, under section 165 of the charter.

"Retirement system" or "system" shall mean San Francisco City and County Employees' Retirement System as created in section 158 of the charter.

"Retirement board" shall mean "retirement board" as created in section 159 of the charter.

"Charter" shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

"Interest" shall mean interest at the rate adopted by the retirement board.

(B) Any member who completes at least twenty years of service in the aggregate credited in the retirement system and attains the age of fifty-five years, or at least ten years of service in the aggregate credited in the retirement system, and attains the age of sixty years, said service to be computed under subsection (G) hercof, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of seventy years during the twelve months ending June 30, 1948; the age of sixty-nine years during the twelve months ending June 30, 1949; the age of sixty-eight years during the twelve months ending June 30, 1950; the age of sixty-seven years during the twelve months ending June 30, 1951; the age of sixty-six years during the twelve months ending June 30, 1952; and thereafter, following the attainment of the age of sixty-five years. A member retired after reaching the age of sixty years shall receive a service retirement allowance at the rate of $1\frac{2}{3}$ per cent of said average final compensation, for each year of service. The service retirement allowance of any member retiring, after rendering twenty years or more of such service and having attained the age of fifty-five years, computed under subsection (G), shall be such as can be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled upon retirement at age sixty and with the service credited at the date of actual retirement. Before the first payment of a retirement allowance is made, a member retired under this subsection or subsection (C) of this section, may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount of such other benefits. The portion of service retirement allowance provided by the city and county's contributions shall be not less than \$50 per month upon retirement after thirty years of service and after attaining the age of sixty years, and provided further that as to any member with fifteen years or more of service at the compulsory retirement age of sixty-five, the portion of the service retirement allowance provided by the city and county's contribution shall be such that the total retirement allowance shall be not less than \$50 per month.

(C) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least ten years of service credited in the retirement system in the aggregate, computed as provided in subsection (G) hereof, shall be retired upon an allowance of one and one-half per cent of the average final compensation of said member, as defined in subsection (4) hereof for each year of credited service, if such retirement allowance exceeds one-third ($\frac{1}{3}$) of his average final compensation; otherwise one and one-half ($1\frac{1}{2}$) per cent of his average final compensation multiplied by the number of years of city-service which would be creditable to him were such city-service to continue until attainment by him of age sixty, but such retirement allowance shall not exceed one-third ($\frac{1}{3}$) of such average final compensation. In the calculation of retirement allowance under this paragraph in the case of a member having credit for more than one (1) class of service, that is service as a teacher in the day schools, as a teacher in the evening schools, or as an employee in any other position, separate retirement allowance shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the five (5) years immediately preceding his retirement. The question of retiring a member under this subsection may be brought before the retirement board on said board's own motion, by recommendation of any commission or board, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to service in the position or classification he occupied at the time of his retirement.

(D) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workmen's compensation laws of the State of California.

(E) If a member shall die, before retirement, regardless of cause, a death benefit shall be paid to his estate or designated beneficiary consisting of the compensation earnable by him during the six months immediately preceding death, plus his contributions and interest credited thereon. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar benefit upon the death of other retired members.

(F) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment of other members of the retirement system, provided that if such member is entitled to be credited with at least ten years of service, he shall have the right to elect within ninety days after said termination of service, without right of revocation, whether to allow his accumulated contributions to remain in the retirement fund. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. Upon the qualification of such member for retirement by reason of service and age, he shall receive a

retirement allowance which shall be the actuarial equivalent of his accumulated contributions and an equal amount of the contributions of the city and county plus $1\frac{2}{3}$ per cent of his final compensation for each year of service credited to him as rendered prior to his first membership in the retirement system. Upon the death of such member prior to retirement, his contributions with interest credited thereon shall be paid his estate or designated beneficiary.

(G) The following time shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement:

- (1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee
- (2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him to membership in the retirement system under this section, provided that the accumulated contribution standing to the credit of such member shall be adjusted by refund to the member or by payment by the member to bring the account at the time of such transfer to the amount which it would have been credited to it had the member been a miscellaneous employee throughout the period of his service in either of such departments at the compensation he received in such department
- (3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not deemed absence from service under the provisions of section 161 of the charter and for which such member is entitled to receive credit as service for the city and county by virtue of contributions made in accordance with the provisions of such section.

(H) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

- (1) The rate of contribution of each member under this section shall be based on his nearest age at the effective date of his membership in the retirement system. The normal rate of contribution of each such member, to be effective from the effective date of membership under this section, shall be such as, on the average for such member, will provide, assuming service without interruption, under subsection (B) of this section, one-half of that portion of the service retirement allowance to which he would be entitled if retired at age sixty or higher age after rendering ten years of service for retirement under that subsection. No adjustment shall be included in said rates because of time during which members have contributed at different rates. Provided further that the member's contribution under this section and the city's contribution on his account shall cease after thirty-six years of credited service. Members' rates of contributions shall be changed only in the manner prescribed by the board of supervisors for changing contribution rates of other members.
- (2) There shall be deducted from each salary payment made to a member under this section, a sum determined by applying the member's rate of

contribution to such salary payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in subsections (E) and (F) of this section, provided that the portion of the salaries of the teachers as provided in Section 165, paragraph (a), as a basis for fixing the contributions to be made, and the benefits to be received, by the teachers under the retirement system shall not be less than eighty per cent of the total salary received by the teachers.

- (3) Contributions based on time included in paragraphs (1) and (3) of subsection (G), and deducted prior to the effective date hereof, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.
- (4) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, on the effective date hereof, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.
- (5) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (H), to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his rate of contribution is determined in paragraph (1), subsection (H), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system as provided by the board of supervisors, of the benefits thereafter to be paid under this section, from contributions of the city

and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system.

- (6) To promote the stability of the retirement system through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligations of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said system by debits against the city and county.

(1) Upon the completion of the years of service set forth in subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (B), and nothing shall deprive said member of said right.

(J) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any such retired person engage in gainful occupation prior to attaining the age of sixty years, the retirement board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed his compensation at the time of his retirement.

(K) Any section or part of any section in this charter, insofar as it should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

This amendment shall take effect on the first day of July, 1947.

Proposed Charter Amendment to Add Section 166.1, Prescribing Salary Base, for Retirement Purposes, of Former Rank of Corporal of Police.

CHARTER AMENDMENT NO.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by adding thereto a new section to be designated Section 166.1, prescribing salary base, for retirement purposes, of former rank of corporal of police.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the general election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by adding thereto a new section to be designated Section 166.1, prescribing salary base, for retirement purposes, of former rank of corporal of police.

*SALARY BASE, FOR RETIREMENT PURPOSES, OF FORMER
RANK OF CORPORAL OF POLICE.*

Section 166.1. For all purposes of the retirement system, and notwithstanding any other provision of the Charter, the monthly salary attached to the former rank of corporal, heretofore held by a member of the Police Department, shall henceforth be deemed to be an amount equal to the maximum monthly salary attached to the rank of police officer, plus three-fourths of the difference between such amount and the monthly salary attached to the rank of sergeant.

Discussion.

Supervisor MacPhee explained the reason for Committee's recommendation that the foregoing proposed charter amendment be Ordered Submitted.

A police officer, representing the San Francisco Police Officers' Association, opposed the submission of the foregoing proposed charter amendment, fearing that its submission might create confusion and injure the chance of approval of charter amendment heretofore Ordered Submitted, and which was vitally important to the active members of the police force. The amendment was unnecessary, he held, because these retired members would benefit by any increases granted to active members of the department.

Supervisor MacPhee thereupon stated that if this proposed amendment would hurt the possibilities of the police and firemen, in their amendment, he would not want to see it submitted at this time. However, the request of the retired corporals has been in for about nine months. He did not think the request was unreasonable. Supervisor MacPhee stated that this matter should be followed by a motion, which he would make, as follows:

Motion.

On June 10, 1946, this Board ordered submitted to the electorate on the ballot for November 5, 1946, a proposal to amend the Charter by adding a new section to be designated Section 166.1, prescribing Salary Base, for Retirement Purposes, of Former Rank of Corporal of Police.

At the time this proposed charter amendment was ordered submitted, no actuarial report had been prepared and I therefore move that the action be rescinded by which the proposal to add Section 166.1, Salary Base, for Retirement Purposes, of Former Rank of Corporal of Police, was, on June 10, 1946, ordered submitted to the electorate.

The necessary actuarial report has now been received and the proposed charter amendment appears on today's Calendar as item No. 38.

Motion referred to Judiciary Committee.

Thereupon, Supervisor MacPhee moved re-reference of the foregoing proposed charter amendment to Judiciary Committee.

No objection and so ordered.

Re-referred to Committee.**Proposed Amendment of Refuse Collection Ordinance.***Order of Submission.*

Bill No. 4259, Ordinance No. . . . (Series of 1939), as follows:

Submitting to the electors an amendment of the initiative ordinance adopted by the electors on November 8, 1932, entitled "Providing for the Collection and Disposition of Refuse in the City and County of San Francisco; Providing for the Licensing of Refuse Collectors by the Director of Public Health; Fixing the Maximum Rates or Charges for the Collection of Refuse by Licensed Refuse Collectors From Homes, Apartment Houses, Stores, etc.; Dividing City and County of San Francisco Into Collection Routes; Providing Penalties for the Violation of the Provisions of This Ordinance." And relating to the rates or charges for the collection and disposition of refuse by refuse collectors and the records to be kept by collectors.

Whereas, on November 3, 1932, the electors of the City and County of San Francisco adopted an initiative ordinance regulating refuse collection and disposal in the City and County of San Francisco and providing maximum rates or charges for the collection and disposition of refuse by licensed refuse collectors; and

Whereas, the maximum rates or charges fixed in Section 6 of such initiative ordinance were fixed by the electors on the basis of wages, operating costs and other costs which existed in 1932; and

Whereas, since 1932, wages generally and the wages of persons engaged in collection and disposition of garbage and refuse and all other costs and expenses have greatly increased, in many cases the increases being well in excess of 100 per cent since 1932; and

Whereas, this Board, after fully and completely examining the maximum rates fixed in Section 6 of such initiative ordinance of November 8, 1932, has determined that licensed refuse collectors are entitled to a reasonable increase in maximum rates for the collection and disposition of garbage and refuse from householders and that the matter of the amendment of Section 6 and such increase should be submitted to the electors of the City and County of San Francisco; and

Whereas, this Board is also desirous of submitting to the electorate an amendment of Section 16 of such initiative ordinance to enable

the Controller of the City and County of San Francisco to examine more fully into the rates to the producer; now, therefore,

It Is Hereby Ordered, That the Board of Supervisors hereby submits to the qualified electors of the City and County of San Francisco, at an election to be held therein November 5, 1946, an ordinance amending the initiative ordinance adopted at an election held in said City and County November 8, 1932, entitled "Providing for the Collection and Disposition of Refuse in the City and County of San Francisco; Providing for the Licensing of Refuse Collectors by the Director of Public Health; Fixing the Maximum Rates or Charges for the Collection of Refuse by Licensed Refuse Collectors From Homes, Apartment Houses, Stores, etc.; Dividing City and County of San Francisco Into Collection Routes; Providing Penalties for the Violation of the Provisions of This Ordinance", by amending Sections 6 and 16 of said ordinance as follows:

"Initiative ordinance amending the initiative ordinance adopted by the electors on November 8, 1932, entitled 'Providing for the Collection and Disposition of Refuse in the City and County of San Francisco; Providing for the Licensing of Refuse Collectors by the Director of Public Health; Fixing the Maximum Rates or Charges for the Collection of Refuse by Licensed Refuse Collectors From Homes, Apartment Houses, Stores, etc.; Dividing City and County of San Francisco Into Collection Routes; Providing Penalties for the Violation of the Provisions of This Ordinance.' And relating to the rates or charges for the collection and disposition of refuse by refuse collectors and the records to be kept by collectors."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 6 of the initiative ordinance of November 8, 1932, entitled as recited above, is amended to read as follows:

Section 6. The rates or charges for the collection and disposition of refuse as herein defined, by refuse collectors, shall be as follows:

The rates for more than 600 rooms in any one apartment house shall be subject to contract between the owner or lessee of the apartment house and a duly licensed refuse collector.

In determining the number of rooms of any household, building or apartment in order to ascertain the rate for the collection and disposition of refuse therefrom, halls, alcoves, storerooms, bathrooms, closets and toilets shall not be considered as rooms, nor shall basements or attics be considered as rooms unless the same be occupied as living quarters.

Any collection and disposition charges not specifically set forth herein shall be subject to contract between the producer and a duly licensed refuse collector.

Section 2. Section 16 of said ordinance is amended to read as follows:

During the month of January each year the Controller of the City and County of San Francisco shall survey and examine into the rates to the producer for the collection and disposition of refuse, with a view to a reduction in such rates, and upon completion thereof shall report his conclusions to the Board of Supervisors. The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may increase said rates, but not to exceed the rates herein set forth. The Board of Supervisors shall have no other right to amend this ordinance. Each collector holding a permit shall keep such records as may be required to produce the information necessary for the purposes of this section. The records shall be made available to the Controller at his request.

Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee explained that although the foregoing was a recommendation of the Judiciary Committee, the committee had now received additional information in relation to the revenues and the question had been raised as to over-all costs, and the amount to be raised by increased revenues. He thought the matter should be returned to committee for further study, and he would so move. Motion seconded by Supervisor Colman.

Supervisor Colman referred to the fourth "Whereas," beginning, "Whereas, this Board, after fully and completely examining the maximum rates fixed in Section 6 of such initiative ordinance . . ." he had not made any such examination, and he hoped the committee would demonstrate the truth of that "Whereas." In a case of this kind the Board sits in a somewhat similar capacity to that of the Railroad Commission, which inquires as to how much money a utility needs and what increase in revenue will be brought about by increased rates. He would like to have that information. He desired

to know, also, why the lowest price service should get the highest percentage of increase. Why should not the same rate of increase apply to all the grades of service the collectors render? The rates for collection from apartment houses have not been changed. He thought the Board was entitled to an explanation as to why those rates have not been increased, while rates for residences have been.

Supervisor Mancuso agreed with Supervisor Colman's remarks about the particular "Whereas." That would mean that the Supervisors were recommending the increase, which might not be the case. The apartment houses take care of the cost of their collections; that is not so in the residence districts. The increased amount of revenues is 17.5 per cent, but the cost of living has increased 44.5 per cent. The increased rates for residences will balance the losses.

Supervisor Colman declared that the same increases in cost applies to handling garbage from the apartment houses as it does to residences.

Thereupon, the roll was called and the foregoing matter was *re-referred to Committee* by the following vote:

Ayes: Supervisors Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—8.

Absent: Supervisors Brown, Christopher, Sullivan—3.

The following recommendation of the Streets Committee was taken up:

Motion seconded by Supervisor McMurray.

No objection, and motion carried.

Thereupon, the following proposed charter amendment was taken up.

CHARTER AMENDMENT No.

NUMBER, COMPENSATION AND MEETINGS OF SUPERVISOR

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending section 10 thereof, "Number, Compensation and Meetings of Supervisors."

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco, at a election to be held on November 5, 1946, a proposal to amend the Charter of said City and County by amending section 10 thereof so that the same shall read as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletion

NUMBER, COMPENSATION AND MEETINGS OF SUPERVISOR

Section 10. The board of supervisors shall consist of eleven members elected at large [provided that for the period January 8, 1932, to January 8, 1933, the board shall consist of fifteen members]. Each member of the board shall be paid a salary of twenty-four hundred dollars (\$2,400) per year, [and] until such time as the same shall be fixed by general law. Thereafter such amount shall be paid as may be so determined. Each member shall execute an official bond to the city and county in the sum of five thousand dollars (\$5,000).

At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the City Hall, and thereafter regular meetings shall be held as fixed by resolution. The supervisors constituting the new board shall, on January 8, [1932, and every second year thereafter,] of every even number of years, elect one of their number as president of the board for a two-year term. The president shall preside at all meetings, shall appoint all standing and special

committees of the board and shall have such other powers and duties as the supervisors may provide.

The meetings of the board shall be held in the City Hall, provided that, in case of emergency, the board, by resolution, may designate some other appropriate place as its temporary meeting place. The board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings. Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting.

Discussion.

Supervisor Mancuso reported that the question of Supervisors' salaries was discussed at a meeting of the County Supervisors Association. The association was of the opinion that the majority members of the Board would be justified in submitting the foregoing proposed charter amendment to the voters. If both charter amendments are approved by the people, the Supervisors will receive an increased salary and in the future salaries will be set by the State Legislature. He urged the members of the Board to vote to submit the proposed amendment.

Supervisor Colman did not think it wise to submit a second amendment. It is unnecessary, he stated, to go to the State. The people of San Francisco do not need the State to tell them how much they should pay their Supervisors. That right should not be taken away from the people and given to the State. Their salaries are in good hands now. The people elect the Supervisors; they should fix their salaries.

Supervisor Mancuso disagreed. If the people approve the foregoing amendment, it will be their wish that the salaries of the Supervisors be fixed by the State Legislature.

Supervisor Colman continued his argument against submission. It is not demanded that the Supervisors devote full time to their office. The people recognize that the Board of Supervisors sits somewhat as a board of directors of a large corporation, and can pursue their ordinary business or profession. The Board cannot consider wages too much. It is an honor to be a member of the Board of Supervisors. Members of the Board are not dependent on their salaries and the public know it. The voters of San Francisco are very intelligent people and they know everything that is going on.

Thereupon, the roll was called and the foregoing proposed charter amendment was *Ordered Submitted* by the following vote:

Ayes: Supervisors Gallagher, Lewis, Mancuso, McMurray, Mead, Meyer—6.

Noes: Supervisors Colman, MacPhee—2.

Absent: Supervisors Brown, Christopher, Sullivan—3.

Acquisition of Land for Sunset Community Center.

The Finance Committee presented, "Off Calendar" Bill No. 5842, authorizing acquisition by eminent domain proceedings, of six blocks of land in the Sunset District, for Sunset Community Center, with recommendation "Do Not Pass," Supervisor Mancuso dissenting.

The Finance Committee presented, also, as a substitute for Bill No. 5842, an additional bill authorizing the acquisition of four blocks of land in the Sunset District, for the same purpose, with recommendation "Do Pass," Supervisor Mancuso dissenting.

Supervisor Mead moved that consideration of the foregoing bills be made a Special Order of Business for Monday, September 16, 1946, at 2:30 p. m.

No objection, and so ordered.

Presentation of Guest.

During the day's proceedings, his Honor, the Mayor, entered the Chambers, accompanied by his Honor, James P. Meeham, Mayor of Lawrence, Massachusetts, who was presented to the Board by the President. His Honor, Mayor Meeham, addressed the Board briefly, expressing his pleasure at again having the opportunity of visiting San Francisco.

Request for Report on Condition of San Francisco's Beaches.

Supervisor Lewis, under his name on Roll Call, called attention to the condition of the beaches, which, he reported, were in a disgraceful condition, and should be cleaned up. He had previously discussed the matter with the Park Department, but without results. There should be more children's equipment in some of the parks and squares in San Francisco, and he would like to question the Park Commission on that matter. He then moved that the Park Commission be invited to appear before the Board, at its next meeting and advise the Board as to why the sands of the beaches have been left in such a disgraceful condition, and to explain why there is not more recreational apparatus for children in public squares. Motion seconded by Supervisor Mead.

Supervisor Colman objected to the wording of the motion. He did not know that the beaches were in a filthy or disgraceful condition as characterized by Supervisor Lewis.

Supervisor Mead agreed with Supervisor Lewis; he visited the beaches about twice a week, he stated, and knew the condition.

Thereupon, there being no objection the Chair declared the motion *carried*.

Housing for Automobiles South of Market Street.

Supervisor MacPhee stated that sometime ago he had suggested that a study be made for a large structure to be erected south of Market Street, between Third and Tenth Streets, to house some 30,000 automobiles. He asked that the City Planning Commission study such program and report to the Board as to the cost of such structure, and its practicability. Consideration might also be given to the possibility of utilizing the roof of such structure as a landing place for aircraft, particularly for helicopters. A freeway might also run through the structure, connecting the Bayshore Freeway and the transbay bridges.

Beautification for San Francisco.

Mr. Norman W. Mohr, on being granted the privilege of the floor, addressed the Board briefly on the subject of trans-bay traffic situation and his plan for a solution of that problem. At the conclusion he presented an outline of his plan.

Referred to Building Committee.

Declaration of Policy—Reduction of Minimum Fines.

Supervisor Mancuso presented a Declaration of Policy, signed by four members of the Board, asking the voters to express their desires on reduction of certain minimum fines for violation of certain sections of the Traffic Code, from \$5.00 to \$2.00.

Declaration of Policy presented for information of the Board only. No Board action required.

Need for Budget Investigators.

Supervisor McMurray called attention to the need for investigators for the Board of Supervisors, which he had previously suggested, so that expenditures by various departments might be investigated, as

well as requests for appropriations during budget hearing and at other times.

Meeting Redwood Empire Association.

Supervisor Gallagher called attention to meeting of Redwood Empire Association, at Hoberg's, October 10, 11 and 12, 1946, to which all Supervisors were invited.

Poll of the Board signified that Supervisors Gallagher, Lewis, Mancuso, McMurray, Mead and Meyer intended to be present. Clerk directed to inquire whether Supervisors Brown, Christopher and Sullivan would attend.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:30 p. m., adjourned.

JOHN R. McGRATH, Acting Clerk.

Approved by the Board of Supervisors October 14, 1946.

I, John R. McGrath, Acting Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Park Commission to Discuss Condition of the Beaches and Need for More Children's Recreational Apparatus in Public Squares.

On motion by Supervisor Lewis, Park Commission invited to appear before the Board and explain the reasons for the condition of San Francisco Beaches, and to discuss also the need for more recreational apparatus for children in public squares.

Discussion.

Supervisor Lewis outlined his reasons for requesting the presence of the Park Commission to discuss the question of children's recreational apparatus in public squares and parks. He then presented to the Board a group of mothers, residents in the vicinity of Lafayette Square, and requested that one of the ladies outline, on behalf of the rest of the group, the conditions prevailing in that Square about which they were complaining.

Mrs. John W. Davis thereupon addressed the Board, stating that the mothers in the district desired at least a couple of slides and some swings for the children who play in the park. She also complained about the filthy condition of the sand in the sand box in Lafayette Square.

Park Commissioner Finn suggested that any complaints about the operation of the parks should be made to the Park Commission. The Commission hears complaints every two weeks, makes investigations, and if complaints are justified, the conditions complained of are corrected. If more apparatus is needed, the Park Commission will request funds for its purchase.

Supervisor Lewis stated that he had spoken about the conditions complained of more than five times, but the situation continues to exist. Citizens look to the Supervisors for correction of conditions, and can't understand why the Supervisors can do nothing about them.

Thereupon, Mr. Finn stated that the Park Commission had received no complaints. Supervisor Lewis had spoken about the sand box, but he had no recollection of any requests for equipment. No money had been allowed in the budget for equipment for the present fiscal year.

Supervisor Lewis then stated that if the Park Commission could not install a few slides and swings in public squares, perhaps the operation of said squares should be turned over to the Recreation Commission.

Thereupon, the entire subject matter was *referred to Finance Committee.*

Supervisor Mancuso then spoke of the matter of condition of the beach, from the Cliff House to Fleishhacker Pool, and stated that this was the third time the question had been brought to the attention of the Park Commission.

Supervisor Lewis stated that he was about to speak on that question.

The Chair then explained that he was referring to the Finance Committee the request that more money be appropriated for equipment in public parks and squares.

Supervisor Mead suggested that the Park Commission could find the small amount of money needed for purchase of necessary equipment.

Supervisor Lewis then took up the matter of the condition of the Beach. The people cannot enjoy the beach because of the dirty, filthy condition of the sand. The Park Commission should obtain a machine to keep the beach in a clean condition.

Mr. Julius Girod informed the Board of the difficulties in keeping the beach in a proper condition. The Park Commission has not a sufficient number of men to keep the beaches as they should be kept. The Commission had looked into the question of machines to keep the sand clean, but no such machines are available. The few machines that are in existence are home-made affairs.

No action taken.

UNFINISHED BUSINESS.

Passed for Second Reading, as Amended.

The following recommendations of Finance Committee, heretofore *Passed for Second Reading*, were taken up:

Discussion.

Supervisor Brown called attention to the language in the foregoing bill, as presented, which would indicate that the City and County was employing children under twelve years of age.

Supervisor Mancuso explained the intent of the proposed legislation. There were only a few families affected by the legislation, he stated.

Thereupon, Supervisor Mancuso, after discussion as to the proper wording to accomplish the desired effect and to make it clear that the children affected were children of employees of the City and County, and not employees themselves, moved that there be inserted in the title of the bill, and in the last paragraph thereof, just before the word "children," the word "employees'", making the title read:

"An amendment to Bill 4101, Ordinance 3882 (Series of 1939), Section 2.8, to provide that employees' children under 12 years of age be charged one-half the rate presently established for meals."

The last paragraph would read:

"And provided further that employees' children under 12 years of age shall be charged for meals one-half the rate applicable for the parents."

Motion seconded by Supervisor Brown.

There being no objection, the Chair declared the motion *carried* and the amendment approved.

Thereupon, the foregoing bill, as amended, and reading as above, was *Passed for Second Reading* by the following vote:

Discussion.

Supervisor MacPhee reported that one of the Auxiliary Police Reserve members had suffered an injury, and he inquired as to where funds would come from to take care of such injury. Does the State make money available, or is hospitalization the only assistance the City and County grants.

Supervisor Lewis also called attention to the injury about which Supervisor MacPhee had spoken. After reporting on the seriousness of the injury, he stated that he understood that the City and County was to take care of such situation.

Thereupon, Supervisor MacPhee, seconded by Supervisor McMurray, moved that further consideration be postponed until Monday, September 16, 1946.

No objection, and so ordered.

The following recommendation of Finance Committee was taken up:

Supervisor Mancuso dissenting.

Appropriating the Sum of \$50,625 Out of the Emergency Reserve Fund to Provide Funds for the Compensation of 25 H2 Firemen at \$225-250 Per Month in the Fire Department, Which Positions Are Created; an Emergency Ordinance.

Bill No. 4295, Ordinance No. (Series of 1939), as follows:

Appropriating the sum of \$50,625 out of the Emergency Reserve Fund to provide funds for the compensation of 25 H2 firemen at \$225-250 per month in the Fire Department, which positions are created: an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$50,625 is hereby appropriated out of the Emergency Reserve Fund, to the credit of Appropriation No. 610.110.01, to provide funds for the compensation of 25 H2 Firemen at \$225-250 per month in the Fire Department, which positions are hereby created.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance being made effective forthwith, the nature of the emergency being: The employment of this additional personnel is necessary to carry out nightly inspections of all night clubs and places of assemblage, as well as for more thorough inspections throughout the city, for the purpose of enforcing strict adherence to the Fire Code and statutes for the protection of persons and property from fire; to carry out a campaign of education through direct contact with owners, lessees, tenants of the property and business establishments for the elimination of conditions which are or may become fire hazards or dangerous.

San Francisco population has increased by approximately 200,000, causing an overcrowded housing condition. To take care of this increase in population, buildings which were erected many years ago for one-family purposes have been converted into multiple family dwellings. Old type residences consisting originally of two or three stories are now converted into housekeeping rooms, and buildings originally constructed as two or three flat dwellings are now converted into apartment houses or rooming houses. These occupancies now contain approximately four times the number of people formerly accommodated, thereby increasing the hazards.

Building construction and alterations have increased considerably and are still rising. Areas within the Sunset, Parkside, Merced, Lakeside, Potrero, Hunters Point and Bay View districts are being rapidly built upon. This large portion of San Francisco is being covered by two inspectors.

Recommended by the Chief Engineer, Fire Department.

Approved as to form by the City Attorney.

Approved by the Board of Fire Commissioners.

Approved by the Civil Service Commission.

Approved as to funds available by the Controller.

Approved by the Mayor.

Discussion.

The Clerk presented and read communication from the San Francisco Bureau of Governmental Research, urging that additional data be obtained in connection with the Fire Department's request for 25 additional men.

Supervisor Mancuso, Chairman of the Finance Committee, stated that the Finance Committee had had no opportunity to have a hearing on this matter. Nothing was presented to show the need for this increased number of Inspectors. No opportunity was given to study this matter at all. He would vote against the bill unless he was given information as to the need. He wanted to know how the additional men would be detailed, how they would be paid, etc.

Thereupon, Supervisor Mancuso moved re-reference to Finance Committee. Motion seconded by Supervisor Brown.

Supervisor Mead announced that the other members of the Finance Committee should be heard from before the motion should be entertained. He did not know what more information Supervisor Mancuso or any other member of the Board needed. All they have to do is to look at the facts in order to learn why the Fire Department needs additional men. There is enough information. These men are for protection of life and limb; of course they will cost money. But the people will be willing to pay that cost. He urged the Board to vote down the motion to re-refer.

Supervisor Lewis joined with Supervisor Mead in his views. He believed that the majority of the Finance Committee were right in

recommending the matter to the Board. There is merely a question of the Chairman of the Finance Committee being outvoted. The Fire Chief and the Fire Commission appeared before the Finance Committee and requested the 25 additional Inspectors. Apparently there is a question of dollars and cents against life and limb.

President Sullivan, of the Fire Commission, addressed the Board. He had received a copy of the letter from the Bureau of Governmental Research. He had explained to Mr. Smith, of that Bureau, that these men were only on a temporary basis, and he had satisfied him as to what he wanted to know. Thereupon, he read a section of the Charter, dealing with the Fire Department, its duties and responsibilities, and pointed out that the Charter superseded any ordinance.

Supervisor Colman remarked that he was under the impression that the additional employees were to be on a permanent basis.

Supervisor Mancuso stated that he, too, thought the same.

Mr. Frank Kelly, Chief of the Division of Fire Prevention and Investigation, explained that the City and County was divided into eleven districts, and during the past five years there have been not more than six men covering those districts. It is planned to reduce the size of these districts. The Commission intends to have 15 additional men appointed on a permanent basis, and needs 10 additional men for inspection of night clubs and places of general assembly. These 10 men, he understood, were to be on a temporary basis, and only until some of the present hazardous conditions can be abated.

Supervisor Colman stated that he believed the Board was entitled to know what the additional men were to be used for. The explanation by the members of the Fire Commission must be satisfactory.

President Sullivan reported that there had been difficulty in getting manpower, but that the Fire Department is now in a position where it can obtain additional men.

Supervisor Mancuso stated that it was only in carrying out the duties of the Finance Committee, as he understood them, that he had questioned the discussed matter. However, there was no Salary Ordinance amendment presented, and the foregoing bill could not become effective until such ordinance was passed.

Thereupon, the roll was called and the motion to re-refer to Finance Committee *failed* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, MacPhee, Mancuso—5.

Noes: Supervisors Gallagher, Lewis, McMurray, Mead, Meyer—5.

Absent: Supervisor Sullivan—1.

Supervisor Colman expressed regret that the motion to re-refer had failed to carry, thus necessitating voting of the appropriation. He had never known of a request by a chairman of a committee for re-reference of a matter to his committee, being denied. There was no desire to block passage of the bill at all.

Supervisor Mead declared that he did not know what more information could be obtained by re-referring the matter to committee. Generally he would be willing to grant such request by the chairman of any committee, but this was an exception.

Supervisor Mancuso held that nothing would be lost by re-reference to committee; there was no salary ordinance amendment before the Board. He did want additional information. He desired to hear from the men who make the inspections; he wanted to find out how they felt about the legislation—what they think about the need for 25 additional men.

Supervisor Lewis reported that there was a full and complete hearing in Finance Committee. Questions were asked and answers were given. Evidence was presented.

Supervisor Brown stated that he felt to return the matter to committee was a courtesy to the chairman of the committee. However, he would vote for the additional firemen. As to the number of additional men, the Fire Department is the best judge as to how many are needed. He believed the Board might well accept the assurance that the permanent employees would be kept to a minimum.

Supervisor MacPhee agreed with Supervisor Brown. Full inspection of these premises is desired. However, if the appropriation were voted nothing could take place unless an accompanying salary ordinance amendment was passed by the Board. If it should be necessary to vote for the appropriation, he would vote for it, of course, and he believed all the members of the Board would so vote.

Supervisor Lewis held that matter should not be sent back to committee unless some benefit is to be gained thereby.

Fire Commissioner Sullivan, in reply to questioning on the matter, stated that he did not believe a week's delay would hinder the matter in any way. He had no objection to such delay. However, the Fire Commission could not present any more evidence than has already been presented.

Thereupon, Supervisor Gallagher announced that if there was no objection by President Sullivan, he would not oppose a week's delay.

Whereupon, Supervisor Colman, seconded by Supervisor Brown, moved for re-reference to Finance Committee.

The Roll was called and the motion to re-refer the matter to Finance Committee was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray—8.

Noes: Supervisors Mead, Meyer—2.

Absent: Supervisor Sullivan—1.

BASIS OF STANDARDIZATION OF COMPENSATIONS OF CERTAIN EMPLOYEES

CHARTER AMENDMENT No. 1

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the charter of said city and county by amending section 151.3 relating to the basis of standardization of compensations of certain employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held therein on November 5, 1946, a proposal to amend the charter of said city and county by amending section 151.3 thereof relating to the basis of standardization of compensations of certain employees, which shall read as follows:

NOTE—*Italics indicates amendments; blackface in brackets [] indicates deletions.*

BASIS OF STANDARDIZATION OF COMPENSATIONS OF CERTAIN EMPLOYEES

Section 151.3. Notwithstanding any of the provisions of section 151 or any other provisions of this charter, whenever any groups or crafts establish a rate of pay for such groups or crafts through collective bargaining agreements with employers employing such groups or crafts and such rate is recognized and paid throughout the industry and the establishments employing such groups or crafts in San Francisco, and the civil service commission shall certify that such rate is generally prevailing for such groups or crafts in private employment in San Francisco pursuant to collective bargaining agreements, the board of supervisors shall have the power and it shall be its duty to fix such rate of pay as the compensations for such groups or crafts engaged in the city and county service. [The rate of pay so fixed by the board of supervisors shall be effective at the beginning of the next succeeding fiscal year providing the civil service commission has so certified such rate of pay to the board of supervisors on or prior to the first day of April preceding.] *The rate of pay so fixed by the board of supervisors shall be determined on the basis of rates of pay certified by the civil service commission on or prior to April 1st of each year and shall be effective July 1st following; provided, that the civil*

service commission shall review all such agreements as of July 1st of each year and certify to the board of supervisors on or before the second Monday of July any modifications in rates of pay established thereunder for such crafts or groups as herein provided. The board of supervisors shall thereupon revise the rates of pay for such crafts or groups accordingly and the said revised rates of pay so fixed shall be effective from July 1st of the fiscal year in which the said revisions are determined.

Notwithstanding the provisions of section 151 or any other provisions of this charter the wages of platform employees and bus operators of the Municipal Railway shall be determined and fixed, annually, as follows:

(A) On or before the second Monday of July of each year the civil service commission shall certify to the board of supervisors the two highest wage schedules in effect on July 1st of that year for platform employees and bus operators of other street railway systems in the State of California;

(B) The board of supervisors shall thereupon fix wage schedules for platform employees and bus operators of the Municipal Railway which shall be the average of the two highest wage schedules so certified by the civil service commission; provided, if the average of the two highest wage schedules shall be less than the rates of pay fixed for such service in the Salary Standardization Ordinance adopted by the board of supervisors on March 18, 1946, the board of supervisors shall fix wage schedules for such service which shall be the same as the rates fixed for such service in the said ordinance;

(C) When, in addition to their usual duties, such employees are assigned duties of instructors of platform employees they shall receive 20c per hour above the rates of pay fixed for platform employees as herein provided;

(D) The rates of pay so fixed for platform employees and bus operators as herein provided shall be effective from July 1st of the fiscal year in which such rates of pay are certified by the civil service commission;

(E) Platform employees and bus operators shall be paid one and one-half times the rate of pay fixed as herein provided for all work performed on six days specified as holidays by ordinance of the board of supervisors for such employees.

Within 30 days after the ratification of this amendment, the board of supervisors shall fix wage schedules for the fiscal year 1946-47 for the crafts and groups subject to the provisions of this section and which wage schedules shall be effective commencing July 1, 1946.

Not later than the 25th day of July in each year the board of supervisors shall have power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the Annual Budget, to amend the Annual Appropriation Ordinance and the Annual Salary Ordinance to include the provisions necessary for paying the rates of compensation fixed by the board of supervisors as in this section provided for the then current fiscal year.

Notwithstanding any other provision of this charter, not later than thirty days after the effective date of this amendment, the board of supervisors shall have power and it shall be its duty, without reference or amendment to the Annual Budget, to amend the Annual Appropriation Ordinance and the Annual Salary Ordinance for the fiscal year 1946-1947 to include the provisions necessary for paying from July 1, 1946, the rates of compensation fixed by the board of supervisors as in this section provided for the fiscal year 1946-1947 out of such funds as the controller certifies are available.

Amended.

Supervisor MacPhee moved that the foregoing proposed charter amendment be amended by inserting in the second line of paragraph (C), immediately following the words "platform employees," the words "or bus operators," and in the same paragraph, in the last line, immediately following the words "platform employees," there be inserted the words "and bus operators," making that paragraph, as amended, read as follows:

"(C) When, in addition to their usual duties, such employees are assigned duties of instructors of platform employees or bus operators they shall receive 20¢ per hour above the rates of pay fixed for platform employees and bus operators, as herein provided;"

Assistant City Attorney, Dion Holm, suggested that in the second paragraph of Subsection (E) the figures "30" be spelled out, and that the figures "1946-1947" be inserted in lieu of the figures "1946-47," as originally written.

Supervisor MacPhee stated that he would include the additional suggested amendments in his motion. Motion seconded by Supervisor Colman.

Motion *carried* and amendments *approved* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer—10.

Absent: Supervisor Sullivan—1.

Thereupon, Mr. Dion Holm announced that the Civil Service Commission had suggested an additional change in Subdivision (E). He did not think the amendment at all necessary, nor could it do any harm.

No motion to so amend was made.

Thereupon, the roll was called and the proposed charter amendment, as amended, and reading as follows, was *Ordered Submitted* by the following vote:

The rates for more than 600 rooms in any one apartment house shall be subject to contract between the owner or lessee of the apartment house and a duly licensed refuse collector.

In determining the number of rooms of any household, building or apartment in order to ascertain the rate for the collection and disposition of refuse therefrom, halls, alcoves, storerooms, bathrooms, closets and toilets shall not be considered as rooms, nor shall basements or attics be considered as rooms unless the same be occupied as living quarters.

Any collection and disposition charges not specifically set forth herein shall be subject to contract between the producer and a duly licensed refuse collector.

Section 2. Section 16 of said ordinance is amended to read as follows:

Section 16. During the month of January each year the Controller of the City and County of San Francisco shall survey and examine into the rates to the producer for the collection and disposition of refuse, with a view to a reduction in such rates, and upon completion thereof shall report his conclusions to the Board of Super-

visors. The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may increase said rates, but not to exceed the rates herein set forth. The Board of Supervisors shall have no other right to amend this ordinance. Each collector holding a permit shall keep such records as may be required to produce the information necessary for the purposes of this section. The records shall be made available to the Controller at his request.

Approved as to form by the City Attorney.

Discussion.

The Clerk presented and read a communication from Mr. L. R. Jackson, protesting certain increases in scavenger rates.

The Clerk presented and read, also, communication from Brobeck, Phleger & Harrison, submitting statement of reasons which impelled the scavenger companies to request revision of rates.

The Clerk presented and read another communication from Joseph S. Connelly, requesting examination of conditions as they exist in local scavengers' companies.

The foregoing communications were *ordered filed*.

The Clerk presented and read a communication from the Controller, calling attention to certain language added to the proposed amendment to the Initiative Refuse Collection Ordinance.

Ordered filed.

Mr. Robert E. Burns, representing two of the scavenger companies, addressed the Board, explaining the need for increased rates for the collection of refuse. Mr. Burns, in reply to request to interpret provision in Section 16, relating to the reduction of rates by the Board of Supervisors, and also to possible increase of rates, stated that he could give his opinion as to the meaning of that particular portion of Section 16, but suggested that such interpretation should come from the City Attorney. The sentence for which interpretation was requested read as follows: "The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may increase said rates, but not to exceed the rates herein set forth."

On again being asked as to his interpretation of that sentence, Mr. Burns stated that he understood it to mean that the Board might, by a two-thirds vote, reduce the rates, but to increase the rates would require only a majority vote. However, he suggested again that the City Attorney's opinion as to the meaning of the sentence should be sought rather than his opinion just stated.

Thereupon, Mr. Walter Peddicord, Assistant City Attorney, on being requested to express his understanding of the sentence, agreed with the interpretation by Mr. Burns. "The two-thirds vote," he stated, referred specifically to the method of reduction of rates.

Thereupon, Supervisor Christopher stated that he felt that increases in rate should be made with the same vote as decreases, and he moved to amend by inserting the words "by a two-thirds vote," just before the words "increase said rates." He also moved to substitute the word "shall" for the word "may" in both places where the word "may" appeared in the sentence quoted.

Supervisor Mancuso was opposed to the proposed amendment. The substitution of the word "shall" for "may" would make the Controller a dictator. However, he would offer as a substitute motion, that the words "by a majority vote" be inserted between the words "may" and "increase," making the sentence read: "The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may, by a majority vote, increase said rates, but not to exceed the rates herein set forth."

No second to the motion.

Supervisor Christopher, seconded by Supervisor Colman, moved re-reference to Committee.

Supervisor Colman announced that if the matter should go back to committee there were some further points that he would like to have brought up. He had noted the estimated amount that the increased charges would give to the scavengers, amounting to \$288,000, or more than one-half the capital invested. This is a large increase for the companies, regardless of the number of men affected.

Mr. Burns, in answer to remarks by Supervisor Colman, that although the increased income for companies he represented would amount to some \$240,000, there would be new employments of 75 men, at a minimum salary of \$200 per month, or \$180,000 per year. In addition to that would be social security payments, overhead charges, and new equipment. The figures of income and outgo would begin to meet each other. As for rates proposed for apartment houses, those collections have really been carrying part of the load for residential districts. Central collections can be performed more efficiently than collections from residences. Forty cents per month does not begin to pay the cost of collection from individual houses.

Supervisor Colman, however, stated that he thought it would be fairer to apply increases all along the line, rather than to residences alone.

Thereupon, the roll was called and the motion to re-refer to committee *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, Mead, Meyer—9.

Absent: Supervisors McMurray, Sullivan—2.

Discussion.

Supervisor Christopher announced that he understood there were citizens interested in the foregoing matter who had additional data to present. Because of that, he would request that the matter be re-referred to committee.

Supervisor Colman, Chairman of the Public Buildings, Lands and City Planning Committee, objected to re-reference to committee. The matter had been heard very thoroughly. He would move that the matter remain on the Calendar for two weeks.

Supervisor Christopher accepted the suggestion, and seconded the motion for two weeks' postponement.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Action in Ordering Submission Rescinded.

Defining Retirement Provisions—Miscellaneous Officers and Employees.

Supervisor MacPhee called attention to an inadvertent omission from the proposed amendment, as ordered submitted. Its inclusion has been recommended by the Actuary for the Retirement Board, and the Municipal Conference, as well as by the employee groups affected. For that reason, the action taken on September 3, 1946, whereby the Board ordered submitted to the electorate on the ballot for November 5, 1946, a proposal to amend the Charter by adding thereto a new section to be designated Section 165.2, "Defining Retirement Provisions—Miscellaneous Officers and Employees," should be rescinded, and he would so move. Motion seconded by Supervisor Lewis.

No objection, and action rescinded.

Thereupon, Supervisor MacPhee stated: "On behalf of the Judiciary Committee, I now move that there be ordered submitted to the

electorate on the ballot for November 5, 1946, a proposal to amend the Charter by adding thereto a new section to be designated Section 165.2, 'Retirement—Miscellaneous Officers and Employees,' copy of which I now hand the Clerk. This document reflects the recommended changes in the proposed charter amendment."

Supervisor MacPhee requested the Board to approve his motion, and to give the proposed amendment the Number 3 position on the ballot.

Supervisor Gallagher announced that he would not agree to Number 3 position on the ballot, and he would object to consideration without reference to committee.

Thereupon, Supervisor Brown moved reference to Judiciary Committee.

Supervisor MacPhee announced that the Judiciary Committee had agreed to the proposed amendment.

However, the roll was called and the motion to refer to Judiciary Committee was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Mancuso, Meyer—6.

Noes: Supervisors Lewis, MacPhee, McMurray, Mead—4.

CHARTER AMENDMENT No.

Supervisor Lewis moved that the Board rescind its action taken on Tuesday, September 3, 1946, whereby it had ordered submitted to the electors of the City and County of San Francisco a proposed amendment to Section No. 24 of the Charter. Motion seconded by Supervisor Brown.

In support of his motion to rescind, Supervisor Lewis stated that the Board had approved submission of the amendment to the electors, believing that it was necessary to pass such amendment in order, some time in the future, to pass a sales tax. He believed that the members of the Board had so voted, convinced that they were correct. However, he did not think they were correct. Section 24 deals only with license taxes, Supervisor Lewis continued. It is very specific.

The framers of the Charter had put in a safeguard in the last paragraph of the Section, in prohibiting the imposing of any license tax "on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power." The Board of Supervisors was induced to take out that safeguard from the Charter and to insert other language.

Supervisor Lewis held that the sales tax was not a license tax and could not possibly be so interpreted. The charter amendment heretofore ordered submitted, if approved by the people, will open the door to license taxes of all kinds for any business. That is all wrong. There is no reason for passing such an enabling provision under the guise that "we may some day pass a sales tax."

Supervisor Brown opposed any license for revenue measure. On several occasions, he stated, we have seen new forms of taxation with the promise of reduction of ad valorem taxes, but there has been further increases of ad valorem taxes. The California Sales Tax was to bring about a reduction in the ad valorem tax; the sales tax has continued, but there has been no benefit to the ad valorem tax payer. Each new form of taxation is simply a means of getting more money, and it does not result in reduction of the ad valorem tax. In his opinion, he stated, it never had and never would. He was opposed to licensing for revenue, and he urged that the Board rescind its previous action.

Supervisor Mancuso urged that the entire matter be postponed until the next meeting of the Board. Mr. Rosenthal was not available, nor was Mr. Ross, the Controller. If the action should be rescinded at this time, the Controller would not be present to hear the entire story. Supervisor Mancuso stated that he was in favor of licensing for revenue, and he had facts to support his views, but he did not have them at the present time. Therefore, he moved that consideration of the motion to rescind be postponed until the next meeting of the Board.

Supervisor Mead announced that he had no objection to postponing the matter for a week, in the event the Board rescinded its action.

Supervisor Lewis declared that when voting for submission of the charter amendment, the only issue was that the Board might want sometime to vote for a sales tax. There was nothing in the amendment that had anything to do with a sales tax. The only argument was on a sales tax.

Supervisor Colman stated that the remarks by Supervisor Lewis were correct, in his own case. He was not altogether in favor of a sales tax. However, he would suggest that the entire matter be put over. If action on the motion to rescind could not be postponed, he would suggest that the motion be withdrawn.

Thereupon, Supervisor Lewis, with the consent of his second, withdrew his motion.

Whereas, it is fitting and proper that these men who made the supreme sacrifice should be paid an official tribute; now, therefore, be it

Resolved, That the City and County of San Francisco pay official tribute to these silent heroes in a manner appropriate to the grandeur of their heroism and the magnitude of their service and thus, in the very fullest measure of our capacity to do so, acknowledge what they have done and what they have sacrificed.

Requesting Navy to Permit Motorists to Use Portion of Yerba Buena Island as an Observation Point.

Supervisor Lewis presented:

Proposal No. 6032, Resolution No. . . . (Series of 1939), as follows:

Whereas, it would be desirable for visitors to San Francisco, as well as residents of both sides of San Francisco Bay, to be able to use a portion of Yerba Buena Island for an observation post for the purpose of viewing the ships entering and leaving the harbor, the San Francisco skyline and the beauty of San Francisco Bay, both by day and night; now, therefore, be it

Resolution Requesting the Abandonment of Industrial Property Used by United States Marine Corps for Storage of War Materials.

Supervisor Mead presented:

Proposal No. 6027, Resolution No. . . . (Series of 1939), as follows:

Whereas, the United States Marine Corps has during the war leased and occupied approximately a 94-acre parcel of land, including street areas within the City and County of San Francisco, which land is situated in the industrial area of the city and used for the storing of ammunition and other war material in the area designated, which constitutes a hazard to life and property; and

Whereas, there are but 2495 acres of land zoned for industrial uses within the City and County and 1503 acres are presently in use by industry and railroads, and the remaining unused acreage is presently needed, and demand has arisen for the remaining acreage to be used by industry; and

Whereas, there is pending in the United States District Court in and for this Northern District of California, Southern Division, an action instituted by the United States to acquire the fee to the land in question but as of the date of the passage of this resolution no declaration of taking the said land has been filed in the action referred to; now, therefore, be it

Havenner, represent the City and County of San Francisco and that they make known the objections the city has to the continued occupancy, of approximately 94 acres, by the United States Marine Corps of the land within the industrial district of the City and County to the Commanding Officer of the United States Marine Corps, the Commandant of the Twelfth Naval District, and to the Secretary of Navy. The committee shall request that the United States Marine Corps abandon the land herein referred to and that no

Declaration of taking of the land in question be filed in the United States District Court proceedings until the city may designate a site outside the industrial area that would be suitable for the uses and purposes of the United States Marine Corps.

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletion

Section 134. All of the public schools of the school district of the city and county shall be under the control and management of a board of education composed of seven commissioners, who shall be nominated by the mayor and be subject to confirmation or rejection by vote of the electors as in this section provided, and who shall be subject to recall, and to suspensions and removal in the same manner as elective officers, as provided by this charter. The term of each member shall be five years, commencing on the 8th day of January following their respective nominations, provided that each such five-year term shall begin at the expiration of the respective terms of members existing at the time this charter shall go into effect. The compensation of each member shall be fifteen dollars (\$15) per day when the board is in session and ten dollars (\$10) per day when engaged in committee work under the direction of the board, provided that the total amount for such session or committee work for the whole board shall not exceed six thousand dollars (\$6,000) for any fiscal year, and that only those actually attending a session or doing such committee work shall be entitled to compensation therefor.

Nominations of members of the board of education shall be made, subject to confirmation by the electors, by the filing by the mayor, with the registrar of voters between the [1st] *first* and the [10th] *tenth* day of September in each year prior to the expiration of the term or terms of members, the name of one qualified citizen, or two, as the case may be, to serve as a member or members, respectively, of said board for the regular term or terms commencing on the 8th day of January in the succeeding year.

The form of ballot shall be as provided in section 184 of this charter and if a majority of the qualified electors voting on said nomination or nominations shall vote in favor thereof, said nomination shall be confirmed and the person or persons named shall take office on the 8th day of January next following. Between the first and tenth day*

September before such general election or general municipal election, the mayor shall nominate, subject to confirmation by the electors at such election, as herein provided, a qualified citizen to serve as a member of the board for the remainder of the five year term for which the nomination first made by the mayor was effected. Vacancies otherwise occurring on said board shall be filled by the mayor for the unexpired terms.

CHARTER AMENDMENT No.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the charter of said city and county by adding Section 168.3 thereto, relating to the members of the Fire and Police Departments, the Salvage Corps and pilots, marine engineers and marine firemen of fireboats.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county, at an election to be held herein on the 5th day of November, 1946, a proposal to amend the charter of said city and county by adding thereto a new section to be designated as Section 168.3, as follows:

SEC. 168.3. If a member of the fire or police departments, as defined in the charter for the purposes of the retirement system, or a member of the salvage corps in the fire department, or any person employed by the city and county to perform duties now performed under the titles of pilot of fireboats, marine engineer of fireboats, or marine firemen of fireboats, all of whom are hereafter designated members, shall die before or after retirement as a result of an injury received, or illness caused by the performance of his duty, a monthly allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, shall be paid, beginning on the date next following the date of death, to his surviving wife throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on the day of death, but such allowance shall not be less than one-half of the average monthly compensation earnable by said member during the three years immediately preceding death, and if he had retired prior to death, the allowance payable shall be equal to the retirement allowance of the member. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by him at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the average monthly compensation he would have received during the three years immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than one-half of such average monthly compensation. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased

member attains the age of eighteen years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving widow otherwise would have received, during such dependency. No allowance, however, shall be paid under this sub-section to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

CHARTER AMENDMENT No.

CONTRACTS—PUBLIC WORKS AND PURCHASING CONTRACTS

Section 95. The construction, reconstruction or [repair] alteration of public buildings, streets utilities or other public works or improvements, and the purchasing of supplies, materials and equipment, when the expenditure involved in each case shall exceed the sum of one thousand dollars (\$1,000), shall be done by contract, except as otherwise provided by this charter. It shall constitute official misconduct to split or divide any public work or improvement or purchase into two or more units for the purpose of evading the contract provisions of this section. In an emergency, provided an actual emergency be declared by the board of supervisors to exist, and when authorized by resolution of said board, any public work or improvement may be executed in the most expeditious manner.

Any public work or improvement estimated to cost less than one thousand dollars (\$1,000) may be performed under contract or written order or by the employment of the necessary labor and purchase of the necessary materials and supplies directly by the city and county. Any public work or improvement executed by the city, other than routine *maintenance* or repair work, shall be authorized by the chief administrative office or by the heads of departments not under the chief administrative officer, only after detailed estimates have been prepared and submitted by the head of the department concerned. There shall be separate accounting for each work or improvement so executed, which accounting shall include all direct, indirect and supervisory elements of cost chargeable to such work or improvement, and each cost accounting shall be reported to the chief administrative officer, or to the mayor when such work shall have been performed by departments not under the chief administrative officer. All such accounts shall be reported to the controller. Any public work or improvement costing less than one thousand dollars (\$1,000) and not performed by the use of city and county labor, materials, and supplies shall, if not performed under contract, be covered by written order or agreement which shall be based on not less than three bids, notice of which shall be given by three days' posting. Records of such bids shall be kept by the department.

When the expenditure for any public work or improvement *other than routine maintenance or repair work* shall exceed the sum of one thousand dollars (\$1,000), the same shall be done by contract, except as otherwise provided in this charter. The head of the department in charge of or responsible for the work or which a contract is to be let, or the purchaser of supplies in the case of purchases of materials, supplies and equipment, shall let such contract to the lowest reliable and responsible bidder not less than ten days after advertising by publication for two consecutive days for sealed proposals for the work, improvement or purchase contemplated. Each such advertisement shall contain the reservation of the right to reject any and all bids. The officer responsible for the awarding of any such contract shall require from all bidders information concerning their experience and financial qualifications, as provided by general law relative to such investigations authorized by departments of public works.

The purchaser of supplies with the approval of the chief administrative officer, or the department head concerned with the approval of the board or commission to which he is responsible, may reject any and all bids and re-advertise for bids.

The department head or the purchaser of supplies, as the case may be, shall have power to sign such contract for the estimated expenditures thereunder not in excess of two thousand dollars (\$2,000). Any contract involving the expenditure of over two thousand dollars (\$2,000), if for the purchase of materials, supplies or equipment, shall require the joint approval of the purchaser of supplies and the chief administrative officer. If such contract is for any public work or improvement, it shall require the joint approval of the department head and the chief administrative officer relative to departments under his jurisdiction, or the signature of the department head and the approval by resolution of the board or commission concerned for departments not under the chief administrative officer.

The board of supervisors, by ordinance, shall establish procedure whereby appropriate city and county departments may file sealed bids for the execution of any work to be performed under contract. If such bid is the lowest, the contract shall be awarded to the department. Accurate unit costs shall be kept of all direct and indirect charges incurred by the department under any such contract, which unit costs shall be reported to and audited by the controller monthly and on the completion of the work.

In any case where the lowest gross price or unit cost bid is not accepted, and a contract is entered into with another bidder, written report shall be made to the chief administrative officer, the mayor and the controller by the officer authorized to execute the contract, with the reasons for failure to accept such lowest bid.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco, at

an election to be held therein November 5, 1946, the following Declaration of Policy and directs that the Registrar of Voters place said Declaration of Policy upon the ballot at said election, so that the electors can express their preference for or against said Declaration voting "Yes" or "No" thereon, to-wit:

Compensation for Members of the Board of Supervisors.

Supervisor Colman discussed briefly the question of compensation for members of the Board of Supervisors. He had heard much criticism, he stated, of the fact that the Board of Supervisors had ordered submitted two proposed charter amendments to provide for increases in their pay. He thought it was a mistake to have ordered submitted the second amendment; it was giving up home rule. In conclusion, he requested the members of the Board to give the matter their serious thought.

Request for Opinion From City Attorney.

Supervisor Mancuso requested that the City Attorney be asked to render an opinion as to the declaration of Flag Day as a holiday, by the Mayor.

No objection, and so ordered.

Suggested Regulation for Night Clubs and Places of Public Congregation.

Supervisor Christopher informed the Board that in New York City almost every club or place of public congregation adheres strictly to the fire laws and has signs posted indicating the maximum number of people who can be accommodated. Regulations and inspections are very strict. He believed San Francisco should consider some such regulation.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:00 p. m., adjourned.

JOHN R. McGRATH, Acting Clerk.

Approved by the Board of Supervisors October 21, 1946.

I, John R. McGrath, Acting Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Resignation of Arthur M. Brown, Jr., as Member of the Board of Supervisors.

The Clerk presented, and read to the Board, communication from Supervisor Brown, notifying the Board of his resignation as Supervisor, to become effective at midnight, September 16, 1946. Ac-

companying the communication to the Board, was copy of letter of resignation, addressed to his Honor the Mayor, stating the reasons for the resignation, and expressing regret that the request of his private business compelled the resignation.

Supervisor Brown addressed the Board briefly, stating that the Mayor had accepted his resignation. His resignation, Supervisor Brown stated, had caused him considerable personal grief. He had enjoyed working with all his colleagues on the Board.

Supervisors Colman, Christopher and Mead all expressed regret at Supervisor Brown's resignation. The City and County will sustain a great loss by his going, Supervisor Colman stated, and the remaining members of the Board will always remember with great pleasure the many happy and constructive years spent with him on the Board.

In closing, Supervisor Colman suggested that the Board adopt, and present to Supervisor Brown, a properly embossed resolution expressing the Board's warmest regards to Supervisor Brown, and regret at his leaving.

Resolution Expressing Regret of Board of Supervisors at Resignation of Supervisor Brown.

Proposal No. 6045, Resolution No. 5841 (Series of 1939) as follows:

Whereas, by reason of the tender and acceptance of his resignation, on Monday, September 16, 1946, the Board of Supervisors witnessed the departure from its midst of Supervisor Arthur M. Brown, Jr.; and

Whereas, on the same day that the new Charter became effective, January 8, 1932, Supervisor Brown was inducted into office and brought with him to make manifest, during his sixteen years of public service, that spirit of progress and that sound business acumen which were necessary to the successful execution of its provisions; and

Whereas, while a member of the Board of Supervisors, for seven years Supervisor Brown also served upon the directorate of the Golden Gate Bridge and Highway District and, in large measure, is responsible for the successful operation of that colossal enterprise; and

Whereas, throughout his long tenure in public office each of the colleagues of Supervisor Brown felt and expressed profound admiration for him and for his courteous but firm perseverance in the attainment of those objectives which his considered judgment decreed necessary and desirable; and

Whereas, the People of the City and County of San Francisco and the members of the Board of Supervisors as well as all others in the official family will sorely miss Supervisor Brown—his gentlemanly mien and his sound guidance in legislative affairs; now, therefore, be it

Resolved, That upon this occasion, the departure of the Honorable Arthur M. Brown, Jr., from the legislative halls of the City and County of San Francisco, the Board of Supervisors makes manifest its sincere regret and expresses the ardent hope that his private life shall be graced, in abundance, with health, happiness and prosperity; and be it

Further Resolved, That an engrossed copy of this resolution be prepared and transmitted to the Honorable Arthur M. Brown, Jr.

Adopted by the following vote:

Ayes: Supervisors Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—10.

Excused: Supervisor Brown—1.

Privilege of the Floor.

Mr. John Brucato, pursuant to written request and in accordance with ruling by the President, made at the meeting of August 19, 1946, was granted the privilege of the floor to reply to statements made by Supervisor Christopher, at the meeting of August 12, 1946.

Mr. Brucato explained at length the receipt by him of War Bonds of the amount of \$800 instead of \$1,000, as mentioned in the Board at the meeting of August 12th. He explained the disposition made of said bonds, which, he pointed out, was a matter of public record.

As to the Farmers Advisory Board, he understood that Supervisor Christopher had stated, at the meeting of August 12, 1946, that there should be an official Farmers Advisory Board, and that the present so-called unofficial advisory board should be done away with. As far as the official Farmers Advisory Board, there may be as many such boards as the City and County sees fit. As to the so-called Farmers Advisory Board, that was organized as a citizens group to protect the interests of the Farmers Market and it would continue to serve in that capacity as long as a Farmers Market existed.

Supervisor Christopher stated that the minutes of the meeting of August 12th, reported in detail what took place at that meeting. No charges were made at that meeting.

Mr. Brucato stated, in reply to questioning by Supervisor McMurray, that he was receiving no compensation for his activities in connection with the Farmers Market. The unofficial advisory board had nothing to do with the running of the market. It is interested only in the welfare of the market, and it will fight the opponents of the market when any opportunity occurs.

Supervisor Christopher reported that the only direct statement made thus far, was the statement entered in the record which states that six members of the Board were influenced by money. At no time has Mr. Brucato been charged with misfeasance or malfeasance. However, the only charge that has been made, was made by those on Mr. Brucato's side of the question.

Thereupon, in closing, Supervisor Christopher thanked Mr. Brucato for being present and stated that his explanation was satisfactory.

Discussion.

Supervisor Mancuso, Chairman of the Finance Committee, explained the reason for the Finance Committee's "Do Not Pass" recommendation. The majority members of the committee desired to reduce the area of the proposed Sunset Community Center from six blocks to four blocks. The City Planning Commission had advised the Finance Committee that the only way the Sunset Community Center could have the cooperation of other departments was the approval of the six-block program as submitted by the other departments. He had disagreed with the recommendation of the

Finance Committee. He had approved the six-block program. He had the names of about fifteen people who desired to speak on the project.

The builders opposed the six-block program. Their opposition was the only opposition voiced. No civic body or organization was opposed. It would be the greatest tragedy to the City and County to accept the recommendation of the majority of the Finance Committee, he felt.

Supervisor Lewis addressed the Board, stating that Supervisor Mancuso was the one member of the Finance Committee who originally voted against any appropriation. Supervisor Mead and he had voted for the appropriation, and the Board voted for the appropriation. Both Supervisor Mead and he were in favor of a community center for the Sunset District, and he did not think there was a man on the Board who was opposed to an area for children to play in. No one is opposed to bigger and better schools, or to the type of plan that has been proposed. He was not opposed himself to that plan. He wanted to see bigger and better community centers for the children of San Francisco, whether in the Sunset District or in any other district. If during the discussion on this matter he was shown that by cutting down from six blocks to four blocks the children of the Sunset District will have a single inch taken away from their recreation grounds, the library or the schools he would vote for the six blocks. That has been his position, and he was still maintaining that position. When the Board of Supervisors originally voted for the appropriation, the Planning Commission had a map which pictured the community center. On the strength of that map the Board voted this appropriation. In Finance Committee another map was presented. Now the Planning Commission has still another map. He wanted to be satisfied that the people of the district are actually going ahead with what they have in mind. He wanted to feel satisfied that the area that is to be used will be used 100 per cent for the purposes for which it is being understood by the Board of Supervisors that the land is to be condemned.

No one is against youth, but he had in mind that San Francisco has not the area of Marin County, or Alameda County, or Los Angeles County. As much area as possible should be devoted to this purpose, but it must be held in mind that San Francisco has only 38 square miles available for building. In the Sunset District, two square blocks will mean housing for 300 families. The children of these 300 families will need facilities; they will also need homes. The builders state that in their plan there will be a baseball field as large as Wrigley Field in Chicago. There will be basketball courts, school buildings, a library, etc. There will be a place for younger children, tennis courts and other facilities in the four-block plan. Two blocks of grass and trees are cut out. That is all. Grass and trees are not organized play in this district. Seven blocks away is Golden Gate Park. Six blocks away is Fleishhacker's. There is also the beach nearby. However, he was not set in this matter. His mind was still wide open.

Committee of the Whole.

Supervisor Mead, seconded by Supervisor Sullivan, moved that the Board of Supervisors sit as a Committee of the Whole.

Before the Chair had put the question, Supervisor Christopher announced that at the very beginning of the discussion he had requested that consideration be postponed for one week. At the present time he felt compelled to follow the wishes of the departments and vote for the six blocks. However, he wanted to do what was practical.

Thereupon, the Chair put the question, and, there being no opposition, declared the motion by Supervisor Mead was *carried*.

Supervisor Mead then moved that the President of the Board act as chairman of the Committee of the Whole.

No objection, and so ordered.

Mr. Rogers Deas, representing the City Planning Commission, addressed the Committee of the Whole at length. In January, 1946, there came to the attention of the City Planning Commission the fact that the Master Plan called for certain facilities in the Sunset District. This plan that is proposed represents the best thinking of the Board of Education, the Recreation Commission, the Library Commission and the City Planning Commission. He reported on the needs of the district in the near future. San Francisco must think in terms of homes, and not in terms of more housing. The question is six blocks or four blocks. There are 58 houses to the block, which means 116 families instead of 300 families as mentioned. These 116 families will be demanding the same type of facilities that are now being presented. The sketch that is being presented was not a final sketch, but rather a sketch developed for presentation. The builders proposed to reduce the area for the elementary school and also for the junior high school. They also propose to reduce the recreational area to below standards. The proposed plan represents the cooperative activities of the City departments affected, and they are proud of it. This program represents good economy; we are taking open land and getting it at the lowest possible price.

Mr. George Johns, member of the Board of Education, addressed the Board, stating that the Board of Education has established standards as to the size of property needed to carry on any type of school. It is absolutely necessary to maintain those standards which have been set up. The Board of Education has taken into consideration the limited space in the City and County of San Francisco. There must be three square blocks of area for school facilities in that district. The Board of Education stands very solidly behind the six-block program.

In reply to question by Supervisor Mancuso, Mr. Johns stated that it was his personal opinion that unless there were six blocks in the Sunset District Community Center, the Board of Education could not take part in the plan. However, that Board had not officially spoken.

Supervisor Lewis questioned Mr. Deas as to whether anything had been taken away from the several facilities, other than grass and trees. After checking of maps of the City Planning Commission and of the interested builders by a technician of the City Planning Commission, it was reported that nothing had actually been taken away from the tennis courts, although, as delineated on the builders' map, they were not usable, since they were faced in the wrong direction. Something had been taken from the small children's area.

Mr. Francis McCarthy, representing the builders, addressed the Board. The only objection made in committee to the plan submitted by his clients was that the baseball field was 10 feet away from the sidewalk instead of 40 feet, as it should have been. The builders now have a plan which eliminates that objection. The small children's playground has been put in the elementary school playground.

Supervisor Lewis stated that he had been told that 20 feet had been taken away from the softball grounds, and 10 feet was taken off the playing area of the baseball field and 30 feet taken from the protective area. Nothing had been taken from the gymnasium or the swimming pool. Fifty-seven thousand square feet had been taken away from the concrete play area of the Junior High School.

Miss Josephine Randall stated that the six-block plan as presented was a very satisfactory preliminary plan. However, there may have to be some adjustments.

Mr. Clark, Librarian, stated that his Commission had approved the six-block plan. The area problem is definitely a problem for the Recreation Commission and the Board of Education. As far as the Library Commission was concerned the question of area was not so important.

Supervisor Mead requested the Board to hear from the attorney representing the builders. He had based his vote on the definite statement that there would not be one single inch taken away from any of the facilities.

Mr. McCarthy objected that the map being displayed to the Board was not the same as that presented in committee. The plan for the builders was drawn up, based on the map previously presented in committee.

Mr. Charles F. Pride, engineer, stated that his dimensions were taken from the map he had received from the City Planning Commission. That map was different from the one presented to the Board.

At the request of Supervisor Mancuso, the following citizens, all endorsing the six-block plan for the Sunset Community Center, were heard: Mr. Jay Minkley, Mr. Elmer Gaetjen, Mr. J. F. Brady, Reverend Mr. Gillespie, Mr. John Titsworth, Mr. Leonard Allen, Mr. Fred Weidemann, Mrs. Wm. Morgan, Mr. Morgan H. Gunst, Dr. C. F. Griffin, Mrs. Thomas R. Best, Mr. Jerome Sapiro and Mr. Lloyd D. McMurray.

Committee of the Whole Arises.

Supervisor Christopher, seconded by Supervisor Colman, moved that the Committee of the Whole rise and report.

No objection, and motion carried.

Thereupon, Supervisor Colman stated that there was no doubt in his mind that the right thing, the wise thing, and the constructive thing to do was to vote for the six-block program.

Supervisor Mancuso thought that the matter had been fully presented and he hoped the Board would vote in favor of the six blocks.

Supervisor Lewis stated that his mind was still in a state of confusion. It was confusing to have an entirely new map presented—one that was not even discussed in committee.

Supervisor Colman held that it had been shown conclusively that it was impossible to change the project from six blocks to four blocks without taking away the equivalent of two blocks.

Supervisor Lewis answered, saying that he thought in committee that the saving to be made by the builders was two square blocks of grass. What really bothered him was that the commissions and departments say that if the Board does not go along with the six-block program, there will be no center at all. He did not want that.

Supervisor Mead, in discussing the matter, declared that certain departments in San Francisco are little governments all by themselves. However, the Board must face the facts. The members of the Board know that six blocks in any city is a lot of land. If San Francisco had the area that is available across the bay, or in Los Angeles County, perhaps the Board could be justified in taking a different position from that which he was taking. He felt that the people in the Sunset District were entitled to as much consideration as possible and practical to give them, taking into consideration the space in San Francisco. Many of the people present have appeared before the Board complaining about expenditures of money and the tax rate proposed. He wondered if these same people would appear

before the Board in behalf of other districts of San Francisco. This was a question of space. He was not taking the builders' part in this matter. He was merely trying to be practical. If these people can be given the facilities they are requesting in a reasonable space, that is the thing to do. Any land, however, not necessary to be used, is waste land. Under the circumstances, he thought, the Board could afford to go along with the four-block proposal. That would give them everything they could reasonably ask for.

Supervisor Brown called attention to the fact that the population in the district was fast increasing. In a few years, Supervisor Brown warned, the space would be gone. He thought the Board would be well advised to take advantage of the opportunity that still remains and take the six blocks while they can get it.

Thereupon, Supervisor Mancuso moved that Proposal No. 5842 be approved.

Motion carried by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Meyer, Sullivan—10.

No: Supervisor Mead—1.

The roll was again called and Proposal No. 5842 was adopted by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Following the foregoing roll call, Supervisor MacPhee addressed a few remarks to the Recreation Commission, the Library Commission, the Board of Education and the City Planning Commission, saying that he thought the Board, by its decision, had established a pattern it desired to see followed in future activities of this kind. City departments should work together for future arrangements of this kind in the different neighborhoods, so facilities can be made available in one unit for people in the districts.

Tabled.

The following recommendation of Finance Committee, as substitute for Proposal No. 5842, was taken up:

Supervisor Mancuso dissenting.

Discussion.

Supervisor Lewis announced that the City Attorney had presented an opinion upholding his position in the foregoing matter. The legislation was still drawn incorrectly, according to the opinion of the City Attorney.

However, in taking tenders, the Board may specify how tenders may be taken. The Charter does not specify as to the making of tenders. The Board may direct the manner in which they shall be taken. If the Board desires to do that in the present instance, it may be done so by amending Section 2 of the foregoing bill.

Appropriating the Sum of \$50,625 Out of the Emergency Reserve Fund to Provide Funds for the Compensation of 25 H2 Firemen at \$225-250 Per Month in the Fire Department, Which Positions Are Created; an Emergency Ordinance.

Bill No. 4295, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$50,625 out of the Emergency Reserve Fund to provide funds for the compensation of 25 H2 firemen at \$225-250 per month in the Fire Department, which positions are created: an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$50,625 is hereby appropriated out of the Emergency Reserve Fund, to the credit of Appropriation No. 610.110.01, to provide funds for the compensation of 25 H2 Firemen at \$225-250 per month in the Fire Department, which positions are hereby created.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates these funds being provided from the Emergency Reserve Fund and this ordinance being made effective forthwith, the nature of the emergency being: The employment of this additional personnel is necessary to carry out nightly inspections of all night clubs and places of assemblage, as well as for more thorough inspections throughout the city, for the purpose of enforcing strict adherence to the Fire Code and statutes for the protection of persons and property from fire; to carry out a campaign of education through direct contact with owners, lessees, tenants of the property and business establishments for the elimination of conditions which are or may become fire hazards or dangerous.

San Francisco population has increased by approximately 200,000, causing an overcrowded housing condition. To take care of this increase in population, buildings which were erected many years ago for one-family purposes have been converted into multiple family

dwellings. Old type residences consisting originally of two or three stories are now converted into housekeeping rooms, and buildings originally constructed as two or three flat dwellings are now converted into apartment houses or rooming houses. These occupancies now contain approximately four times the number of people formerly accommodated, thereby increasing the hazards.

Building construction and alterations have increased considerably and are still rising. Areas within the Sunset, Parkside, Merced, Lakeside, Potrero, Hunters Point and Bay View districts are being rapidly built upon. This large portion of San Francisco is being covered by two inspectors.

Recommended by the Chief Engineer, Fire Department.

Approved as to form by the City Attorney.

Approved by the Board of Fire Commissioners.

Approved by the Civil Service Commission.

Approved as to funds available by the Controller.

Approved by the Mayor.

September 10, 1946—Re-referred to Finance Committee.

Discussion.

Supervisor Mancuso suggested that consideration of the foregoing bill be continued for one week. He desired to have the members of the Board of Fire Commissioners present. He wanted to move to amend by reducing the number of positions to be created from 25 to 15, and he desired to present his reasons for such change. He was convinced, in his own mind, he stated, that 25 men were not necessary.

Supervisor Mead stated that there was no formal request in committee for a continuance. He had told the Chairman of the Finance Committee, though, that he could not go along with any request for continuance, due to the understanding that the matter was to be brought back to the Board.

Supervisor Mancuso then moved that further consideration be postponed for one week. He felt the matter could be properly presented at that time. Motion seconded by Supervisor Colman.

Supervisor Colman announced that he was not taking part in any disagreement. The Chairman of the Finance Committee desires an additional week's consideration because he thinks he can get some information that might save the taxpayers some money. The statement made by Chief Kelley apparently bears him out; he doesn't know whether the men will be permanent or temporary, and he doesn't know how long they will be needed. However, if the Chairman does not get his desired information during the coming week, Supervisor Colman stated, he would not support a further request for delay.

Supervisor Mancuso, in further argument and explanation of the reasons for his request for continuance, stated that under the circumstances he did not think the Finance Committee had had the opportunity to consider the matter as it should have been considered. He was trying to present the case to the Board at its next meeting and to show that only fifteen men were needed.

Supervisor Mead remarked that the Fire Department had stated it needs fifteen permanent men and ten temporary men.

Thereupon, the roll was called and the motion for a week's continuance was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, MacPhee, Mancuso, Sullivan—6.

Noes: Supervisors Gallagher, Lewis, McMurray, Mead, Meyer—5.

Consideration Continued.

Be it ordained by the People of the City and County of San Francisco as follows:

Approved by the Personnel Director and Secretary.

Approved as to form by the City Attorney.

On motion by Supervisor Mancuso, seconded by Supervisor Colman, consideration was *continued until Monday, September 23, 1946.*

Approved as Amended.**Intra-Fund Transfer—Board of Supervisors.**

It is moved that, in accordance with the provisions of the annual appropriation ordinance and the charter, the Board of Supervisors hereby approves the request to the Controller for the intra-fund transfer to \$1,500.00 from Appropriation No. 601.500.00 (Improvements—Board of Supervisors) to Appropriation No. 633.400.01 (Equipment—Board of Supervisors) to provide funds for the purchase of necessary office equipment for use in the office of the Board.

Amendment.

Supervisor Mead moved that the amount as originally requested to be transferred be increased by \$300, making that amount read \$1,500. He had made an investigation and he had found that \$1,200 was not sufficient to secure the necessary equipment to enable the

Clerk's office to function properly. Motion seconded by Supervisor Meyer.

Supervisor Mancuso stated that this was the first time he had heard about the need for more than the \$1,200 originally recommended by the Finance Committee. However, he would not object to the amendment.

Thereupon, the roll was called and the amendment was *approved* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

The roll was again called, and the motion, as amended, and reading as above, was *carried* by the following vote:

Ayes: Supervisors Brown, Christopher, Colman, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Meyer, Sullivan—11.

Passed for Second Reading.

The following from the Finance Committee with recommendation "Do Not Pass," was taken up:

Supervisor Mancuso dissenting.

Appropriating the Sum of \$750,000 Out of the Surplus Existing in the Unappropriated Balance of Funds of the Municipal Railway—Market Street Extension Fund to Provide Funds for Replacements and Reconstruction in the Municipal Railway—Market Street Extension.

Bill No. 4291, Ordinance No. . . . (Series of 1939), as follows:

Appropriating the sum of \$750,000 out of the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway—Market Street Extension Fund, to provide funds for replacements and reconstruction in the Municipal Railway—Market Street Extension.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$750,000 is hereby appropriated out of the surplus existing in the Unappropriated Balance of Funds of the Municipal Railway—Market Street Extension Fund, to the credit of Appropriation No. 665.925,50, to provide funds for replacements and reconstruction in the Municipal Railway—Market Street Extension.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission.

Approved as to unencumbered balance available by the Controller.

Approved by the Mayor.

Approved as to form by the City Attorney.

September 3, 1946—Consideration continued until Monday, September 16, 1946.

Discussion.

Mr. James Turner, Manager of Utilities, repeated briefly his explanation of the need for the foregoing appropriation. Four hundred and ten thousand dollars out of the \$750,000 requested, he pointed out, was for the reconstruction of the inner tracks on Market Street. The rest of the funds were required for many other jobs.

Supervisor Mead announced that he desired to vote for the difference between the entire appropriation of \$750,000 and the \$410,000 requested for the Market Street tracks reconstruction, and would, therefore, ask for a division of the question.

The Chair stated that he did not see how the matter could be divided.

Thereupon, Supervisor Mead moved that the amount of \$410,000 be deleted. Motion seconded by Supervisor MacPhee.

Supervisor Lewis called attention to recommendation made by the Post-War Planning Committee that \$300,000 be appropriated for a study of the Market Street problem. He could see no sense in spending \$300,000 for such purpose if approximately one-half million dollars was to be appropriated at this time. He had been requested to ask for the privilege of the floor by several people. He would suggest postponement of consideration in order to give these men a chance to explain their views. Then too, probably Mr. Brooks' departments might have to go along with the job of street repair in connection with the reconstruction of tracks.

The Chief Administrative Officer stated that the Department of Public Works would have no work to do on Market Street at this time. The department might have to do some resurfacing from the outer tracks to the curbs at a later date.

Mr. Turner stated that the proposed track reconstruction did not involve the Department of Public Works.

Supervisor Mancuso opposed the motion to delete \$410,000. If the survey requested by the Post-War Planning Committee were made, there would still be necessary work which must be done. This work is to correct an evil that exists at the present time. The tracks should be replaced; Mr. Turner's hands should not be tied.

Supervisor Colman agreed that the work was necessary. If the tracks are not replaced, at least the same amount of money must be spent in maintenance of equipment, and the City and County will have nothing to show for it. This is the first step to permit the removal of the outer tracks and the repaving of Market Street.

Supervisor McMurray agreed with the views of Supervisors Lewis and Mead. He was opposed to the appropriation of \$410,000 for replacement of tracks on Market Street.

Supervisor MacPhee called attention to appropriation of \$300,000 made about three years ago for replacement of tracks on Stockton Street.

However, those tracks were still in service. He agreed, though, with Supervisor Mancuso in reference to his remarks about Mr. Turner. He thought Mr. Turner was doing a good job and the Board should not tie his hands. However, he thought emergency repairs should be made. He was not in favor of appropriating \$410,000 to do the whole job.

Mr. Turner reported that he was doing the job that the Public Utilities Commission considered should be done first. The condition on other streets was bad, but the Commission thinks that the condition on Market Street is worse. This job should be done immediately. Specifications are all ready to be issued.

Thereupon, Supervisor Lewis moved that action be postponed for one week. He repeated his statement that there were several gentlemen who desired to speak on the matter. Motion seconded by Supervisor MacPhee.

Supervisor Mancuso opposed the motion. However, he believed the Board should hear from these gentlemen.

Thereupon, the roll was called and the motion to postpone was defeated by the following vote:

Ayes: Supervisors Gallagher, Lewis, MacPhee, Mead, Sullivan—5.

Noes: Supervisors Brown, Christopher, Colman, Mancuso, McMurray, Meyer—6.

The roll was again called and the motion by Supervisor Mead to delete the appropriation of \$410,000 for replacement of tracks on Market Street, was defeated by the following vote:

Ayes: Supervisors Christopher, Lewis, MacPhee, Mead—4.

Noes: Supervisors Brown, Colman, Gallagher, Mancuso, McMurray, Meyer, Sullivan—7.

Supervisor MacPhee declared that by a "Yes" vote now, the Board would be approving what it believes to be a solution of the Market Street problem. That was his understanding of the situation.

The Clerk presented and read communication from the Central Council of Civic Clubs, opposing the proposed expenditure for replacement of tracks on Market Street at the present time. The Clerk also read communication from the Civic League of Improvement Clubs, urging reconstruction of said tracks.

Mr. T. M. Smith, representing Magic Carpet Coach System, read statement proposing a solution of the Market Street problem.

Supervisor Mead rose to a point of order. The operation of streetcars was not before the Board. The only question was an appropriation of \$410,000 for replacement of tracks on Market Street.

The Chair ruled the point of order well taken.

Supervisor Lewis stated that it was obvious that if there are substitutes for streetcars, the Board would not want to spend \$500,000 for tracks. He merely wanted to call attention to the fact that there are other plans than the operation of streetcars on Market Street. This was no time to invest a half million dollars in tracks, because so doing would indicate that there was only one plan, and the Board would have decided that this was the only plan.

Supervisor Meyer held that if there is another plan, it would take from four to six years to get it. The tracks are needed now.

Supervisor McMurray announced that he was going to vote for the requested appropriation, but that would not be a declaration on his part for streetcars on Market Street.

Thereupon, Supervisor Mancuso moved for approval of Bill No. 4291. Motion seconded by Supervisor Colman.

The roll was called and the motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Mancuso, McMurray, Meyer, Sullivan—7.

Noes: Supervisors Christopher, Lewis, MacPhee, Mead—4.

The roll was again called and Bill No. 4291 was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Mancuso, McMurray, Meyer, Sullivan—7.

Noes: Supervisors Christopher, Lewis, MacPhee, Mead—4.

The rates for more than 600 rooms in any one apartment house shall be subject to contract between the owner or lessee of the apartment house and a duly licensed refuse collector.

In determining the number of rooms of any household, building or apartment in order to ascertain the rate for the collection and disposition of refuse therefrom, halls, alcoves, storerooms, bathrooms, closets and toilets shall not be considered as rooms, nor shall basements or attics be considered as rooms unless the same be occupied as living quarters.

Any collection and disposition charges not specifically set forth herein shall be subject to contract between the producer and a duly licensed refuse collector.

Section 2. Section 16 of said ordinance is amended to read as follows:

Section 16. During the month of January each year the Controller of the City and County of San Francisco shall survey and examine into the rates to the producer for the collection and disposition of refuse, with a view to a reduction in such rates, and upon completion thereof shall report his conclusions to the Board of Supervisors. The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may by a two-thirds vote increase said rates, but not to exceed the rates herein set forth. The Board of Supervisors shall have no other right to amend this ordinance. Each collector holding a permit shall keep such records as may be required to produce the information necessary for the purposes of this section. The records shall be made available to the Controller at his request.

Approved as to form by the City Attorney.

September 10, 1946—Re-referred to Judiciary Committee.

Discussion.

Supervisor MacPhee reported on committee hearing of the foregoing proposed amendment to the Initiative Ordinance regulating the collection and disposal of refuse. He reported that Dr. Geiger had suggested the need of an entirely new ordinance.

Dr. Geiger reported that he had such new ordinance prepared. However, it had not yet been presented to the Chief Administrative Officer or to the City Attorney. It would be an idle act for the Board to listen to its reading at the present time.

Thereupon, Supervisor Sullivan moved that the draft of the new legislation take its regular course.

Supervisor MacPhee then moved that the foregoing matter be re-referred to Judiciary Committee. Motion seconded by Supervisor Sullivan.

No objection, and so ordered.

Ordered Submitted.

CHARTER AMENDMENT No.

SALVAGE CORPS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the charter of said city and county by amending Section 38.1 thereof, relating to salvage corps.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco, at

an election to be held therein on November 5, 1946, a proposal to amend the charter of said city and county by amending Section 38.1 thereof, so that the same shall read as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

SALVAGE CORPS.

Section 38.1. There is hereby created in the San Francisco fire department a division to be known as the salvage corps.

The duties of said salvage corps shall be the protection of property, during the period of any fire and immediately after said fire, from damage by smoke, water or flames. Said salvage corps shall be under the jurisdiction of the fire commission of the City and County of San Francisco. The personnel of said salvage corps shall not be transferred to any other branch or division of the fire department but shall at all times be subject to the orders of the chief engineer of the department in so far as actual service is concerned. The personnel of said salvage corps may be increased in accordance with the fiscal and budgetary procedure provided for in the charter, but members of any other branch or division of said fire department shall not be transferred to said salvage corps except after examination and certification as to eligibility by the civil service commission.

All persons employed in the uniformed force of the corporation known as the Underwriters' Fire Patrol of San Francisco, **[on the effective date of this amendment]** *on July 1, 1943,* and who **[have been]** *were* so employed for a period of six months next **[before the effective date of this amendment shall become]** *theretofore, thereupon became* members of said salvage corps and **[shall be]** *were thereupon* deemed appointed as such in accordance with the civil service provisions of the charter and **[shall]** *are* thereafter **[be]** entitled to all of the benefits thereof. Any person **[heretofore]** *employed on July 1, 1943,* in the uniformed force of said Underwriters' Fire Patrol of San Francisco, **[who has been granted a leave of absence for military purposes]** *who was absent from his duties therein on account of military service* and who had been so employed by said Underwriters' Fire Patrol of San Francisco for a period of six (6) months next before **[the granting of said leave of absence, shall on the expiration of his said leave become]** *July 1, 1943, is deemed* a member of said salvage corps *on July 1, 1943, on military leave from his position therein* and **[also shall be]** *is* deemed appointed thereto *on July 1, 1943,* pursuant to the civil service provisions of the charter and entitled *from said date* to all of the benefits **[thereof.]** *of such employment.*

All persons who, on the effective date of this amendment, shall be serving as officers in said uniformed force of said Underwriters' Fire Patrol of San Francisco and who have been so serving for a period of six months prior thereto, shall continue to occupy their respective official positions, with the exception that such persons as may be serving in the position of sergeant shall become lieutenants in said salvage corps and the position of sergeant shall no longer exist.

The officers and members of said salvage corps shall receive respectively the salaries provided for captains, lieutenants and hosemen provided by section 36 of the charter and for the purpose of determining the salaries of said hosemen, service rendered in the uniformed force of said Underwriters' Fire

Patrol of San Francisco shall be deemed as service rendered in the service of the City and County of San Francisco.

Upon the actual taking over of the employees of said Underwriters' Fire Patrol of San Francisco *on July 1, 1943*, the members thereof coming into the employment of the City and County of San Francisco *thereupon [shall become] became* members of the San Francisco City and County Retirement System and *were thereupon and shall thenceforth [and shall]* be entitled to the benefits thereof and subject to the obligations thereof pursuant to the provisions of section [165] 171 of the charter. *Contributions of such members who are members of the retirement system on the effective date of this amendment shall be adjusted accordingly, but no adjustments in benefits or contributions shall be made on account of members who came into the employment of the city and county on the actual taking over of said employees and who are not members of the retirement system on the effective date of this amendment. Each employee shall have the option, to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system prior to July 1, 1947, of being a member of the system under section 165 instead of section 171. Persons who affirmatively exercise said options, shall be members of the system under section 165, effective July 1, 1943, and shall not be subject to any of the provisions of section 171.*

All employees hereafter added to said salvage corps, including officers appointed thereto, other than those who may have been serving in the uniformed forces of said Underwriters' Fire Patrol of San Francisco and continue in the service of the City and County of San Francisco pursuant to the provisions of this section, shall be appointed and hold their positions subject to the civil service provisions of the charter.

The tours of duty of the members of said salvage corps shall be the same as the tours of duty for other members of the uniformed force of the fire department as the same are set forth in section 36 of the charter.

The physical and age requirements for future applicants and members of the salvage corps shall be the same as those applicable to applicants for and regular members of equal rank in the San Francisco fire department.

[This amendment shall become effective when the joint legislative resolution approving such amendment is filed with the secretary of state, and the board of supervisors has appropriated the funds necessary in connection therewith, but not later than July 1, 1943.]

CHARTER AMENDMENT NO.

RETIREMENT—MISCELLANEOUS OFFICERS AND EMPLOYEES

MISCELLANEOUS OFFICERS AND EMPLOYEES. Adding Charter Section 165.2 prescribing retirement provisions for present and future Miscellaneous Officers and Employees.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of

said City and County by adding Section 165.2 thereto, relating to present and future Miscellaneous Officers and Employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 5th day of November, 1946, a proposal to amend the Charter of said City and County, by adding thereto a new section to be designated as Section 165.2, as follows:

NOTE—*Italics* indicates amendments; **blackface** in brackets [] indicates deletions.

RETIREMENT—MISCELLANEOUS OFFICERS AND EMPLOYEES

Section 165.2. Miscellaneous officers and employees, as defined in this section, who are members of the retirement system under section 165 of the charter on the effective date hereof, hereby designated as the first day of July, 1947, and persons who become miscellaneous officers and employees after said effective date, shall be members of the retirement system on and after said date, subject to the following provisions of this section, in addition to the provisions contained in sections 158 to 161, both inclusive, of this charter notwithstanding the provisions of any other section of the charter, provided that the retirement system shall be applied to persons employed on a part-time, temporary or substitute basis only as the board of supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board. Miscellaneous officers and employees of the said departments who are members of the retirement system under section 165 of the charter on said effective date, however, shall have the option to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after the effective date hereof, of being members of the system under section 165 instead of this section, the election under said option to be effective on said effective date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in section 161 of the charter, on the effective date of the amendment shall have the same option of electing to be members under section 165 instead of this section, until ninety days after their return to service. On and after said date, the persons who affirmatively exercise said option, shall continue to be members of the system under section 165 and shall not be subject to any of the provisions of this section.

(A) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

"Retirement allowance", or "allowance", shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation", as distinguished from benefits under the workmen's compensation laws of the State of California, shall mean all remuneration whether in cash or by other allowances made by the city and county, for service qualifying for credit under this section, excluding that part of such remuneration which exceeds \$500.00 per month, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

"Compensation earnable" shall mean the compensation as determined by the retirement board, which would have been earned by the member had he worked,

throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period, and at the rate of pay attached to such positions, it being assumed that during any absence, he was in the position held by him at the beginning of the absence, and that prior to entering city-service he was in the position first held by him in city-service.

"Benefit" shall include "allowance", "retirement allowance", and "death benefit".

"Average final compensation" shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the retirement system in which his average final compensation is the highest, excluding that part of such remuneration which exceeds \$500.00 per month, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

For the purpose of the retirement system and of this section, the terms "miscellaneous officer or employee", or "member", as used in this section shall mean any officer or employee who is not a member of the fire or police departments as defined in the charter for the purpose of the retirement system, under section 165 of the charter.

"Retirement system" or "system" shall mean San Francisco City and County Employees' Retirement System as created in section 158 of the charter.

"Retirement board" shall mean "retirement board" as created in section 159 of the charter.

"Charter" shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

"Interest" shall mean interest at the rate adopted by the retirement board.

(B) Any member who completes at least twenty years of service in the aggregate credited in the retirement system and attains the age of fifty-five years, or at least ten years of service in the aggregate credited in the retirement system, and attains the age of sixty years, said service to be computed under subsection (G) hereof, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of seventy years during the twelve months ending June 30, 1948; the age of sixty-nine years during the twelve months ending June 30, 1949; the age of sixty-eight years during the twelve months ending June 30, 1950; the age of sixty-seven years during the twelve months ending June 30, 1951; the age of sixty-six years during the twelve months ending June 30, 1952; and thereafter, following the attainment of the age of sixty-five years. A member retired after reaching the age of sixty years shall receive a service retirement allowance at the rate of $1\frac{2}{3}$ per cent of said average final compensation, for each year of service. The service retirement allowance of any member retiring, after rendering twenty years or more of such service and having attained the age of fifty-five years, computed under subsection (G), shall be such as can be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled upon retirement at age sixty and with the service credited at the date of actual retirement. Before the first payment of

a retirement allowance is made, a member retired under this subsection or subsection (C) of this section, may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount of such other benefits. The portion of service retirement allowance provided by the city and county's contributions shall be not less than \$50 per month upon retirement after thirty years of service and after attaining the age of sixty years, and provided further that as to any member with fifteen years or more of service at the compulsory retirement age of sixty-five, the portion of the service retirement allowance provided by the city and county's contribution shall be such that the total retirement allowance shall be not less than \$50 per month.

(C) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least ten years of service credited in the retirement system in the aggregate, computed as provided in subsection (G) hereof, shall be retired upon an allowance of one and one-half per cent of the average final compensation of said member, as defined in subsection (A) hereof for each year of credited service, if such retirement allowance exceeds one-third ($\frac{1}{3}$) of his average final compensation; otherwise one and one-half ($1\frac{1}{2}$) per cent of his average final compensation multiplied by the number of years of city-service which would be creditable to him were such city-service to continue until attainment by him of age sixty, but such retirement allowance shall not exceed one-third ($\frac{1}{3}$) of such average final compensation. In the calculation of a retirement allowance under this paragraph in the case of a member having credit for more than one (1) class of service, that is service as a teacher in the day schools, as a teacher in the evening schools, or as an employee in any other position, separate retirement allowance shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the five (5) years immediately preceding his retirement. The question of retiring a member under this subsection may be brought before the retirement board on said board's own motion, by recommendation of any commission or board, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to service in the position or classification he occupied at the time of his retirement.

(D) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workmen's compensation laws of the State of California.

(E) If a member shall die, before retirement, regardless of cause, a death benefit shall be paid to his estate or designated beneficiary consisting of the compensation earnable by him during the six months immediately preceding death, plus his contributions and interest credited thereon. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary in the manner and subject to the

conditions prescribed by the board of supervisors for the payment of a similar benefit upon the death of other retired members.

(F) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment of other members of the retirement system, provided that if such member is entitled to be credited with at least ten years of service, he shall have the right to elect within ninety days after said termination of service, without right of revocation, whether to allow his accumulated contributions to remain in the retirement fund. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. Upon the qualification of such member for retirement by reason of service and age, he shall receive a retirement allowance which shall be the actuarial equivalent of his accumulated contributions and an equal amount of the contributions of the city and county, plus $1\frac{2}{3}$ per cent of his average final compensation for each year of service credited to him as rendered prior to his first membership in the retirement system. Upon the death of such member prior to retirement, his contributions with interest credited thereon shall be paid his estate or designated beneficiary.

(G) The following time shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement:

- (1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.
- (2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him to membership in the retirement system under this section, provided that the accumulated contribution standing to the credit of such member shall be adjusted by refund to the member or by payment by the member to bring the account at the time of such transfer to the amount which it would have been credited to it had the member been a miscellaneous employee throughout the period of his service in either of such departments at the compensation he received in such departments.
- (3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not deemed absence from service under the provisions of section 161 of the charter and for which such member is entitled to receive credit as service for the city and county by virtue of contributions made in accordance with the provisions of such section.

(H) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

- (1) The rate of contribution of each member under this section shall be based on his nearest age at the effective date of his membership in the retirement system. The normal rate of contribution of each such member, to be effective from the effective date of membership under this section, shall be such as, on the average for such member, will provide, assuming service without interruption, under subsection (B) of this

section, one-half of that portion of the service retirement allowance to which he would be entitled if retired at age sixty or higher age after rendering ten years of service for retirement under that subsection. No adjustment shall be included in said rates because of time during which members have contributed at different rates. Provided further that the member's contribution under this section and the city's contribution on his account shall cease after thirty-six years of credited service. Members' rates of contributions shall be changed only in the manner prescribed by the board of supervisors for changing contribution rates of other members.

- (2) There shall be deducted from each salary payment made to a member under this section, a sum determined by applying the member's rate of contribution to such salary payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in subsections (E) and (F) of this section, provided that the portion of the salaries of the teachers as provided in Section 165, paragraph (a), as a basis for fixing the contributions to be made, and the benefits to be received, by the teachers under the retirement system shall be determined by the method provided in section 165 paragraph (a) and shall not be less than eighty per cent of the total salary received by the teachers, excluding that part of such portion which exceeds \$500.00 per month, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.
- (3) Contributions based on time included in paragraphs (1) and (3) of subsection (G), and deducted prior to the effective date hereof, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.
- (4) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, on the effective date hereof, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.
- (5) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (H), to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his rate of contribution is determined in paragraph (1), subsection (H),

shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system as provided by the board of supervisors, of the benefits thereafter to be paid under this section, from contributions of the city and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system.

- (6) To promote the stability of the retirement system through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligations of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said system by debits against the city and county.

(I) Upon the completion of the years of service set forth in subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (B), and nothing shall deprive said member of said right.

(J) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any such retired person engage in gainful occupation prior to attaining the age of sixty years, the retirement board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed his compensation at the time of his retirement.

(K) *Any section or part of any section in this charter, insofar as it should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.*

This amendment shall take effect on the first day of July, 1947.
